Ads Move Used Toys

From now until Christmas many families will be looking for good used toys. Eleanor Pelkner, 375 Sheldonav, found this out when she sold an electric train through the Hartley Classified Ads. Said Mrs. Pelkner: "We were astounded by the number of calls in answer to this ad. The train was sold to the first caller." Try Want Ads yourself. Call BR. 4-1155.

New West Area Elementary Is Proposed

Columbus public school board Tuesday took action to insure an elementary school to house the expected increase in student population in the area west of Westgate Manor.

Twenty acres of vacant land south of Sullivant-av and immediately west of Wastgate Manor was tentatively approved as the school site.

The land, west of Wedgewood-dr, extends eight acres north and 12 acres south of Eakin-rd's dead end, and is part of the 24-acre Harold R. Derrer tract.

The choice will be presented to the City Planning Commission for approval before official board action is taken to acquire the property.

Construction of the building would get underway early in 1960, and be finished by September.

Not In Recent Survey

Although not included in the building survey report finished last summer, recent housing developments in the area have indicated an urgent need for a school by next year.

Rapid population increases in the southwest Hilltop area have resulted in a number of new schools.

Georgian Heights Elementary was opened this past September; and Lindbergh Elementary in September, 1956. A recent addition has also increased the capacity of Binns Elementary.

In other action, the school board announced the sale of $8,000,000 in bonds to finance the huge building program planned during 1960, and a noon, Jan. 12 deadline was set for bids on the sale.

Board members will meet at 4:30 p.m. Jan. 12 to consider the bids and make a decision.

Other Construction Projects Announced

Included in the city-wide building program for next year are, a new high school on Henderson-rd, a junior-senior high on Livingston-av at Lattimer-dr, six new elementary buildings, three additions and remodeling to six existing buildings, purchase of seven new sites, and a board of education warehouse.

The action taken on the new Hilltop school site was one of five locations approved by the board Tuesday.

Three others were on Columbus' south side, and one north.

COOPERATIVE CARRIERS — Picking up their newspapers from the printer in time for delivery are West Side and Hilltop Kiwanians. The two clubs will assist each other in delivering the Christmas Kiwanis editions to all residents of the Hilltop tonight, and to West Siders on Friday evening. From left are Roy Von Ins and Curly LeFever of the Hilltop Club, and Rev. Albert L. Rose, West Side Kiwanian.

Auction Gives Rousing Start To Kiwanis Newspaper Sale

Put together one heaping roomful of distinguished guests, add one well-seasoned auctioneer, and stir in a desire to do something worth while for the community —and that's what is cooking today as the Hilltop Kiwanis club sells its annual Christmas Newspaper.

A record crowd gathered at the Everglades at noon today answering invitations to bid on first editions of the special issues of the Hilltop Record, full proceeds of which will finance Kiwanis community work here for another year.

Returns from the auction were not available at presstime but Chairman C. C. Hartley said the RSVP's indicated the sale would be the most popular yet. Clarence Latham of Hilliard presided at the gavel.

But that was only the beginning. Tonight, soon after 6 p.m. more than 300 business and professional men will try to visit every home on the Hilltop to distribute some 15,000 papers and welcome any contributions.

Others Volunteer Help

The men, many of them from other service clubs and civic groups, will gather at West High School cafeteria. They'll be fed by the Kiwanikwe (women's auxiliary) and get instructions from the sale chairman and his team captains. They hope to get the entire job done in three hours.

Residents are asked to turn on their porchlights as a gesture of welcome. Persons missed will be invited to mail their donations in to 2465 W. Broad-st.

The newspaper itself consists of 16 pages of greetings from area merchants, interesting Christmas stories, recipes, decorating hints, a coloring contest for the kids, and a concise review in world and picture of Kiwanis work of the past year.

No New Bus Line Seen This Month

People along Eakin-rd, who had hoped to catch a city bus to go Christmas shopping apparently will have to find another way.

Although a 430-foot "missing link" of Eakin-rd was paved and opened to traffic 10 days ago, no new bus route over it is planned until "sometime after Jan. 1," said E. A. Pellissier of the City Transit Company.

Pellisier said changing of the Mound-st route into the new area is somewhat complex. "First we have to inspect the road's condition, then get council approval for the change of routes (which may involve alteration in W. Fifth-av runs), set up new schedules and give drivers with seniority time to bid on desired routes."

He added that the company is also busy with changeovers on Livingston-av and other East Side lines.

The proposed W. Mound-st loop, which would open up service to well over a thousand more families, was given special emphasis just before the election. Developer R. R. Lloyd built the needed roadway when urged to do so by council.

F. F. (Jack) Shank

Service Held For Shank, Local Realtor

Funeral servies for Frits F. (Jack) Shank, 67, president of Shank and Saunders Realtors, was held Monday at Schoedinger Chapel.

Mr. Shank, a resident of 45 N. Westgate-av, died Thursday at Grant Hospital after a long illness.

He was a member of The 13 Club, Hilltop Sportsman's Club, Buckeye Lake Civic Association, Columbus Board of Realtors, Knights of Pythias, and Westgate Lodge F&AM.

A retired president of Shank and Saunders Insurance Co., he and the late L. E. Saunders founded the firms 37 years ago.

Surviving are his wife, Mabel; daughter, Mrs. Nina Brenot; grandson, Joe Brenot; great-grandson, Scott Allen Brenot, all of Columbus; sister, Mrs. Ida Knight of Chester; brother, Oscar Shank of Tipton, Ia.

Burial was at Sunset Cemetery.

VOLUNTEERS TO MEET

Volunteer Service Council of Columbus State Hospital will meet at 1:30 p.m. Tuesday, Dec. 15 at the hospital.

Committee reports will be given and memberships reviewed. All persons interested in work of the group are invited.

HBA Changes Are Revealed

Changeover to a new calendar Dec. 31 will also mark a shift in operations of the Hilltop Business Association.

On that date the association's office will be transferred from 3183 W. Broad-st to 2552 W. Broad-st (the Shank & Saunders building).

According to the executive board, the office staff will be reduced and office hours cut to a minimum. Campbell will continue as executive secretary on a part-time basis.

The agency will no longer serve as deputy registrar of motor vehicles. Mrs. Dorothy Hott, who has served the HBA as assistant secretary for the last nine years, has been appointed deputy registrar and will sell tags and drivers' licenses year-round at Westgate Electric Co., 2655 W. Broad-st.

Earlier this fall State Treasurer Joseph Ferguson dropped the HBA's sales tax stamp selling franchise which it held a number of years.

Many of the business services of the organization will continue, however. Campbell will continue to "keep tabs" on things of interest to more than 200 local businesses and represent them at numerous meetings. A telephone-answering service will receive calls.

A renewed program will be announced on Jan. 20 when the HBA installs new officers at a dinner-dance. Roy Von Ins will succeed James Holroyd as president.

Use Of West Side For Civic Center Again Promoted

Does the near West Side offer possibilities in any plan to reshape Columbus for the future?

That question may or may not be answered this Friday as a 12-man Urban Land Institute panel ends a week-long study of downtown planning problems.

The men, all nationally recognized planning experts, are here at the invitation of the Mayor's Committee on Downtown Study —150 civic and business leaders, and John W. Galbreath, Columbus multi-millionaire realtor and ULI member.

Ernest H. Stork, veteran architect of the downtown civic center and present consultant to the Chamber of Commerce, has asked the panel to put its magnifying glass on part of the West Side.

His proposal, given considerable publicity this week, begins where talk of a new state office building left off last summer. Stork long has advocated extending Columbus' civic center to the west across the river.

A map published last Sunday envisioned a mall-type development in a five-by-ten-block area of West Side from Washington-blvd to the Sandusky-st Expressway and from W. Broad-st to Town-st. It "surrounded" Central High School and Mt. Carmel Hospital and was bisected by the railroad.

To present-day planners the project would exceed anything being done in Detroit, Philadelphia and more of the nation's largest cities.

The panel, chairmaned by Boyd T. Barnhard of Philadelphia, has been given extensive information by local groups, including the Development Committee for Greater Columbus, Chamber of Commerce and City Planning Commission. Some reports were submitted in advance of their visit.

Barnhard said presentations from local sources "have been the best we've ever had."

Included with what they may have heard, however, is a report turned in by the Planning Commission just two weeks before the flood struck last January which did not favor a civic center west of the Scioto.

Disadvantages Presented

Several engineers and architects pointed out that the basin is still prone to another "Flood of 1913," already is traffic-bound by the Veterans Memorial and VA and EMC center, is occupied by a big school with athletic fields, and is laced by a railroad, among other things.

Out of five areas given close scrutiny, the group felt that any further civic development should use the statehouse as its core, keeping all public buildings walking-distance apart.

Friday's report from the ULI group is expected to answer 16 pages of questions presented by the mayor's committee. West Side groups, too, will watch with interest.

Prestige of the visiting group alone should rouse enough interest in Columbusites to "get the ball rolling," some observers feel.

Smoke Stuns Two Firemen In $500 Fire

Two city firefighters suffered burns and a third smoke exhaustion Tuesday afternoon when fire caused by a child playing with matches did $500 damage to the home of Arthur Porter, 52 S. Oakley-av.

A son, Earl, driver of the car, is hospitalized in Newark.

Luther Johnson of Zanesville, driver of the truck, was reported to be uninjured.

The Kellys were enroute home from Morgantown, W. Va., at the time of the accident.

Only One Jack Shank

A few minutes ago we paid our last respects to Jack Shank.

We heard Rev. Joe Shellhaas relate how he had lost a friend and we can only reflect that so many people of this community feel the same way.

Jack and his late partner, Lou Saunders came to this community a long time back after having been associated for many years with the Ball Brand footwear people.

They came from down at Middleport on the Ohio River and were proud of it. It was evident that a lot of Jack's homespun philosophies were the result of his early association with the folks from down that way. Maybe one of the reasons I've always cherished the association of these two fellows was because I came to Columbus a few years after they did, and from across the river in West Virginia.

The Shank and Saunders combination in business was a unique one . . . two men . . . quite the opposite in personalities but one of the best combinations in business this community has ever seen.

Jack will be long remembered as an individual who was frank, forthright and able to speak up for what he thought was right. He pulled no punches and was admired for this characteristic. If you didn't agree with him he would still be your friend.

And let's not overlook the many days that have been lightened by a good comic story told by Jack.

There was only one Jack Shank . . . We'll miss him!

Briefly Told:

George Marshall, a former West High boy, who will be remembered for his activity with the stage crew, is the man responsible for the bubbles on the Lawrence Welk Show . . . When the West Side Kiwanis Club saw the first copies of their Christmas paper last Wednesday they held an auction right on the spot at their club meeting which netted them $183.75, with the first paper being purchased for $50 by Steve Long, manager of the Central Point J. C. Penney Store . . . Joseph H. Lang, 3044 Olive-st, of the Ohio Fuel Gas Co., will retire come Jan. 1, after 45 years with the firm . . . Cpl. A. M. Monas of the State Highway Patrol speaking at the West Jefferson Kiwanis Club meeting Monday says a lot of young people as well as adults are getting the wrong impressions of a police officer after seeing so much TV . . . And we can say Amen to a lot of things! . . . One of the best roadside signs we've seen: "Drinking drivers, there's nothing worse, they put the quart before the hearse" . . . Sign in E. Germantown, Ind. "Fleas for Sale" . . . Might make good Christmas presents for someone . . .

HERE ARE TIPS ON APPLIANCE CARE

It takes a lot of knowledge to be the woman of the house today.

Besides taking care of her customary duties, she must also assume responsibility for hundreds of dollars worth of appliances necessary to perform all the housework.

Here are some tips passed on by the Better Business Bureau that may help housewives.

When something goes wrong with your appliance and you find it necessary to make a phone call for a serviceman to come to the house, be sure to ask what the service call will cost.

Even though the appliance may be new or almost new and still under the manufacturer's warranty, there may be things that will happen which are not covered by your guarantee.

It is well to read the warranty policy and see what is warranted and the length of time by the manufacturer.

Some manufacturers will furnish the parts that are proved defective in manufacture, but do not pay for labor to assemble them.

Always remember to have enough cash on hand to pay for a service call as all firms work on a COD basis, and some add 10 per cent carrying charge for a charge account.

Food Market This Week

Consumer Report

by ESTELLE B. FRANKS

THIS WEEK SHOP FOR:

Fruits—apples, grapes, grapefruit, oranges, tangerines.

Vegetables—broccoli, potatoes, sweet potatoes, turnips, dry onions.

Other Foods—pork loins, lamb shoulder, fryers, eggs, ice cream, almonds.

FOOD SHOPPING IN DECEMBER

December has always been a delightful month for food shopping. And this December is no exception. All departments of the store are "spruced up" a bit in anticipation of the coming holiday season. As we go through the markets, here are some tips for your shopping lists:

Grapefruit supplies are back in stride. Sizes are larger and prices moving downward . . . eating quality now excellent. Supplies from Florida and Arizona are good and Texas reports the biggest crop since 1951. The smaller sizes are more economical.

Florida juice oranges are the best buy in oranges—fruit is larger and prices lower. California Navels are now excellent in quality—better than a year ago, and considerably lower in price.

Tangerine supplies are 10% below those of last year, but there'll be plenty of good tangerines around for Christmas.

Tangelo supplies are reported to be 50% larger than last year. Flavor of the tangelo is described as a combination of orange and grapefruit, without the sharpness of grapefruit. These, too, are at their best for Christmas.

Many special fruits have their season in December. This is peak for fresh coconuts, persimmons, pomegranates, kumquats, D'Anjou pears, and California avocados. Enjoy them for their color and unusual flavors.

Apples of many kinds remain in good supply at low prices.

Bananas which have been up in price due to low import supplies, are again down in price.

Vegetables—You many find the green, leafy vegetables a little higher in price, due to adverse weather conditions. However, remember that a little of these goes a long way. And there's still a deluge of homegrown acorn and Hubbard squash, and the season to enjoy parsnips is just beginning. The flavor becomes sweeter after the first freeze. In general, the root vegetables are now better vegetable buys.

Meats—Pork is the economical red meat choice. Loin prices are lower, which will probably mean some good values on pork loin roasts and chops. Little change is expected on beef prices until spring. Watch for special prices on roasts and steaks now that cold weather has increased the demand for the long cooking cuts. You can expect attractive prices on lamb, especially the shoulder cuts, from now until the holidays. Fryers and eggs will continue as two good protein buys.

Tree Nuts—There'll be lots of the four major tree nuts (almonds, filberts, pecans and walnuts) for your fruit cakes and other Christmas baking. The 1959 almond crop is record large—three and a half times the 1958 crop. Almonds are small this year but you'll like their flavor. The filbert crop is up about a fourth, but both the pecan and walnut crops are down a little. Prices on pecans and walnuts have started off at last year's level but may advance as the supply dwindles.

BIBLE COMMENT

Thanksgiving Thoughts Last Through Year

For a Thanksgiving season meditation, as valid now as when it was first spoken, the words of the theologian Henry C. Potter return to us.

As we gather about the family board today, let us remember the houseless and homeless and unbefriended, and be sure that we have done something to make sunshine in their hearts, no matter what gloom may reign outside.

And as we grasp the hand and look into the eyes of friend and kinsman, be this the greeting we give:

"Brother, whatever else our homes provide today of plenty and good cheer, let us provide things honest in the sight of all men."

And then, in the name of that Master whom we serve and great exceeding love: "let all bitterness and wrath and anger and clamor and evil speaking be put away from us with all malice; and let us be kind to one another, tenderhearted, forgiving one another—whatever the old wound that aches and burns today, even as God for Christ's sake hath forgiven us."

MORE ON FOREIGN AID

A $5,000,000,000 foreign-aid program has been drafted tentatively by the State Department for approval by the Budget Bureau.

The sum was expected to be trimmed — perhaps by $1,000,000,000 — during a review by the Budget Bureau in the next three weeks.

A final figure of about $4,000,000,000, covering military, economic and technical assistance for the fiscal year may be submitted to President Eisenhower just before he leaves Dec. 3 on his overseas tour.

A wonderful gift! Especially in color; choice of nine. To order call OHIO BELL.

Or ask the man on the telephone truck.

INCOME TAX FAX

There's Nothing Wrong In Saving On Tax Payments

Editor's Note: This is the first of a series of articles which will appear in this newspaper relating to the filing of income tax returns. These articles are being prepared by the Public Accountants Society of Ohio, an affiliate of the National Society of Public Accountants.

Taxes may seem a long way off right now, but they are not. We have to live with taxes every day of our lives and if we want to pay only our share we must keep accurate records of our finances and so shape our daily lives to produce the lowest tax result.

These columns are intended to help you in a general way: to give you the answers to the most often asked questions about income and deductions and to point out the tax saving possibilities that may be open to you. If you have a specific problem you should consult the accountant of your choice as early as possible.

There may be some things that you should do now, before the end of 1959, that could make a big difference in the tax you will have to pay, or the refund that you will receive, in 1960. Future columns will tell you what these things are. Watch for them.

Sometime you may hear or read that tax savings are morally or legally wrong. That is not so. Judge Learned Hand expressed it so well when he said, "Over and over again courts have said that there is nothing sinister in so arranging one's affairs as to keep taxes as low as possible. Everyone does so, rich or poor; and all do right, for nobody owes any public duty to pay more than the law demands; taxes are enforced exactions, not contributions. To demand more in the name of morals is a mere cant."

Group Sets Final Show

Capital City Gun and Indian Relic Collectors Association will hold its final meeting and show Dec. 5 and at the National Guard Armory, 4094 Sullivant-av.

Members will be assessed no charge this time for their usual quota of exhibition tables. Arthur L. Burgess, Jr., said this is being done to deplete the group's treasury before disbanding.

The exhibitions feature an interesting array of Civil War lore, antiques, guns, knives, Indian relics and western gear. Admission is open to members of gun clubs, their friends and guests. Hours are 8 a.m. to 6 p.m.

Lundstrum Appointed Land Planning Head

Appointment of Allan W. Lundstrum to chair a newly-created Land Use Planning Technical Committee was announced today by Harry M. Miller, chairman of the Board of the Development Committee for Greater Columbus.

Lundstrum, president of the Ohio Fuel Gas Co., will direct the new committee to provide citizen assistance to public officials responsible for formulating and effectuating a comprehensive land use plan to guide the orderly growth of the Greater Columbus area. The committee expects to schedule its first meeting early in December.

Authorities have long considered comprehensive land use planning as the cornerstone on which rests the effectiveness of all other planning functions.

Stemming from population and economic base studies of the urban area, the land use plan is drawn to guide the harmonious and orderly growth of residential, commercial and industrial areas.

With a workable land use plan, the proper placement and timing of construction of transportation and communications facilities, public utilities, schools, fire stations, parks and playgrounds, and numerous other community improvements can be determined. The land use plan thus provides the pattern for the physical elements of the community.

Civic leaders who have accepted membership on the new technical committee include Robin Bell, Surface Combustion Corp.; Preston Cooke, Preston Cooke and Co.; John W. Craig, Westinghouse Electric Corp.; H. James Holroyd, Holroyd and Myers; Fred W. LeVeque, L. L. LeVeque Co.; Robert K. Levy, the Union Co.; James A. Lingo, Lingo and Breen; Robert M. Rex, Columbus Bolt and Forging Co.; Todd Tibbals, River Forest, Inc.; and Richard Tully, Tully and Hobbs.

Refreshing Interlude:

Any chance to take a couple days off for relaxation should be a refreshing interlude but this past Friday and Saturday at French Lick, Ind., was especially nice. We had the good fortune to get acquainted with a number of the youngsters who are members of Obernkirchen, or the Happy Wanderers, the German Children's Choir . . .

Association with such polite and well mannered children causes one to reflect that we Americans may be missing something in parental training. A special curtsey to Peter Oberheide and sister Giesel of Jagerstabe . . . Incidentally, we'd highly recommend viewing the Children's Choir on the Hallmark TV program on Sunday, Dec. 13.

What A Mess We've Made of Mother

"WHAT A MESS WE'VE MADE OF MOTHER" was the theme of an address given recently by Whit Hobbs, vice president of BBD & O., a large advertising agency, before an audience composed of the advertising staff of Hearst Magazines . . . Mr. Hobbs did a bit of lampooning of television commercials . . . here's part of what he said: "A housewife doing the family shopping is a real confused character and she needs help. Consider for a moment the state of her crowded mind as she lugs through the crowded aisles. She is worried about her tired blood . . . and the laxative habit . . . and clogged sinuses . . . and rough, red hands. Her hair is dull . . . her pores are large . . . her skin is dry . . . her scalp is itchy . . . Her stomach valve keeps letting out more A's than B's . . . and her stomach acid keeps burning holes in her handkerchief . . . She's never felt really clean before . . . and even now she only feels half safe . . . Worst of all it turns out that HER bra isn't a LIVING bra for some reason . . . it just lies there . . . advertising did all this . . . what a mess we've made of Mother" . . .

Ohio Deer Kill To Be Lighter This Season, Say Experts

When Gramps Hedges misses his pension he sure gits under tension.
Today's kids ain't roney, they just have inhibitions.
Yep, prices are marked down to make people cough up.

INSIDE ON THE
Outdoors
By ROD COCHRAN

Deer season for gun hunters is just around the corner.

A three-day season this year, it occurs Dec. 10, 11 and 12 from 9 a.m. to 5 p.m. Bow hunters enjoy a 75-day season probably the longest in the United States, which opened Oct. 15, and extends to Dec. 31.

Deer are the only big game Ohioans have, but we hunt them almost in our backyards. To go deer hunting you do not need to travel any farther than to hunt rabbits or grouse. The growth of the Ohio deer herd is one of the hunting milestones of this century. In the early 1900's deer were virtually extinct in our state. Now they are hunted in every county, and more than two-thirds of the state offers good deer hunting.

Season Is Day Shorter

Hunting prospects this year, however, are not as good as last year. Merrill C. Gilfillan, writing in the November issue of The Ohio Conservation Bulletin, says, "The 1959 deer kill will be 1,000 fewer than last year, according to forest game biologist Eugene Knoder if conditions during deer season parallel those during last year's deer season. This year's three-day season will be one day shorter than last year. In addition, Knoder estimates that the deer population is lower than in 1958."

A satisfactory deer population will be found in a wide belt that starts on Lake Erie and curves southeastward to the Ohio River. Carroll County on the North and Athens County on the South mark this belt on the river boundary of the state. To the North, Lorain and Ottawa Counties are the markers, and good deer habitat anywhere between these four counties should produce satisfactory hunting.

The northeastern counties, long the best deer hunting area in the state, have fewer deer than last year according to the biologists. Also, a triangle of counties in southern Ohio has fewer deer. This area has Fairfield County as its top and covers all the counties to the south, including Adams County on the west and Meigs County on the east. The intensively farmed western counties have a generally low deed population.

Road Kill Is Yardstick

Division of Wildlife biologists estimate the size of the deer herd by the number of deer killed on highways throughout the year. Yes, deer are pedestrians and many of them are killed on roads. If the highway kill increases, then it is safe to estimate an increased deer herd. This year the road-kill diminished.

Many factors enter into the deer hunting picture. With such a short season weather is very important. A light snow makes hunting easier and causes a higher harvest. Too much snow, on the other hand, keeps hunters out of the field and reduces the kill significantly.

On a local basis a successful harvest depends on the number of hunters out. If few hunters are in the field, regardless of weather conditions, then deer are not moved much and not many are seen.

More hunters, up to a certain point, improve hunting. Many deer are sighted, for instance, on the opening day of small game season in very unlikely areas. This is because the thousands of opening-day hunters moved them around.

Gilfillan states in his Bulletin article, "There is a certain amount of luck involved in getting a deer. This element is usually overemphasized, however. A hunter's chance of success is materially increased when he knows the country he is hunting and has scouted the area before hunting season."

HOW?

In a small roadside cafe, a tourist ordered from the simple bill of fare, ham, eggs, cornbread and coffee.

An ancient waiter took his order and shuffled off to the kitchen. In a little while he returned.

"Boss," said he, "how do you want dem eggs—blind, or lookin' up at ye?"

From now until Christmas he will be found in the center's "Santa House" and will visit his young friends from 4 until 8:30 p.m. week-days and from 1 until 8:30 p.m. Saturdays.

Military Men To Address West Hi Boys

Uniforms galore will be in the spotlight at West High School assembly next Wednesday morning, Dec. 9 at 8:55, when all boys of the school will learn of the opportunities in military forces of the United States.

Once each year, West High invites a repsesentative from each of the armed forces' organizations, Army, Navy, Marines, Air Force and the Ohio National Guard, to present the various types of experiences open to an 18-year-old boy.

These men explain their particular field of service but do not recruit. The explain what the military obligation is both in the six-month reserve plan for some of the services, and the regular two-to-four year obligation.

Mothers and dads are welcome to attend this assembly as the school feels that parents are also very interested in the topic.

Lt. Col. William F. Richardson, USA, a member of the Selective Service Board, will moderate the panel of service men.

Three cadet officers from Ohio State University conducted a counsellor conference for 12B and 12A boys at West on Nov. 10.

Each explained his respective program — Army ROTC, Navy NROTC, and Air Force AFROTC — and described how boys interested in attending college might also fulfill their military obligations.

The program was held early in the year because the Navy gives an examination to registrants, and boys need time to submit applications.

Public is invited. There is no admission charge.

Western Optimists Sponsor 'Outstrike The Star' Event

Lucille Noe

Don Shafer

"Outstrike The Star" will be the aim of area keglers taking part in the weekend tournament sponsored by the Western Optimist Club and Hillcrest Lanes.

The big pin event, which got underway last weekend, will continue for at least four weeks. Stars bowling this Saturday and Sunday will be Lucille Noe and Don Shafer. Hours are 3-6 p.m. both days, 8-12 p.m. Saturday an 8-12 Sunday.

Each player rolls five balls for his score trying to "outstrike the star." Whether a bowler strikes or not, his total pins count toward the final score. If a person rolls five consecutive strikes, he may roll until he misses.

Awards are $500 in cash for a perfect game (12 consecutive strikes), a trophy each day to the high scorer and an inscribed certificate to each bowler who "outstrikes the star."

Proceeds of the event will be used by the Western Optimist Club to further boys activities, Little League football, baseball, Scout troops and other activities.

Three Falcon Gridders Picked

Three Franklin Heights lads will be singled out for special mention Wednesday night, Dec. 2, when the Rural-Urban News holds its second annual All-Star Football Banquet at Prairie Norton School.

Honored guests at the affair will be the top eleven football players from Dublin, Hilliard, West Jefferson, Pleasant View, Franklin Heights and Grove City High Schools.

Special awards will also be given by the West Franklin Kiwanis Club, Hilliard Junior Chamber of Commerce and West Columbus Civitan Club.

Speaker at the event will be Paul Hoerneman, head football coach at Heidelberg College.

RESERVE YEAR RECAP —

Little Broncs End Season On 'Much Improved' Note

By BOB WILCOX

With only two boys returning from last year and a new coach to boot, the West Reserve football team had themselves a "so-so" season this fall — finishing league play with a 3-4-1 record and an overall 2-5-1. They met Upper Arlington in a non-league 'special' game, under the lights at UA.

They were dumped by Central, 24-6 in their opener and in order . . . downed by East, 36-6, and UA, 44-0, before tripping Marion Franklin, 14-6. Then they were nosed out by Eastmoor, 12-6, but had their heyday against Linden McKinley, knocking them off, 24-0. Aquinas beat them 24-14 and they ended their season on a standoff note (like the Varsity) tying North, 6-6.

Ardle, Morris Return

The two "returnees" were Ed Ardle and Jim Morris. Not quite up to full expectations were Dave Feustel, Dave Gahn, Herb Sharfenaker, George Schmalstig - - but another year may find them finding themselves for good.

Outstanding ground gainers were Jim Brewer, Jerry Ball and Ken Bowman with Jim Cook handling the passing chores quite well. Defensive standouts were Odell Walters, Dwight Newman, Dennis Carpenter, Jerry Gronbach and Dan Snyder. Other preseason "good-bets" that came through were Bob Sego, Paris Martin, Phil Baker - - along with Cook, Brewer, and Carpenter.

Tony Christy, Ronald Volz and Mike Anderson came "out of the blue" as unexpected but highly pleasant surprises by developing quite rapidly during the season. Bowman, Ball, Newman and Ardle, Dave Duerler, Bill Clark and Morris dressed off and on for the varsity games over the duration of the season, also.

Strong linemen proved to be Baker, Carpenter, Gronbach, Sego and Harold Condon. "Swifty" Ball was the team's leading pass receiver. He also handled most of the kick returns. Brewer, Carpenter and Sego developed into the squad's best blockers. Snyder did the punting averaging about 30 yards per kick, with Carpenter and Larry Smith handling the kicking off chores.

Coach Larry Gray, in his first year at the helm of the Junior Cowboys, usually fielded a starting offensive unit of (left to right end on the line) . . . Sego or Newman, Martin, Condon, Paul Thompson, Baker, Carpenter and Rich Colvin or Walters. The backfield consisted of Cook at quarter, Ball or Dick Bardelle at LHB, Bowman or Dave Dittman at RHB and Brewer at full. Gronbach also saw action at offensive center.

Defensively his unit was . . . LE, Newman (or Sego); LT, Ed Shute, LG, Volz (or Dan Heinz); RG, Baker (or Morris); RT, Carpenter (or Ardle); RE, Walters (or Colvin); LLB, Dave Duerler (or Bob Dent); MLB, Gronbach (or Thompson); RFL, Snyder (or Brewer); DLHB Bowman (or Ball), DRHB Smith.

Offensively they used the "T" system employed by the varsity. Their "bread and butter" play was usually an off-tackle with the fullback; but some of their favorites and successful plays were the halfback dives, the optional toss or halfback end sweep or the 5-0 pass. Defensively they employed from time to time a 6-3-2, 5-3 or 5-4 setup.

"Improved 100 Per Cent"

Summing up the season, Gray stated, "The entire squad improved 100 per cent from beginning to end of the season. If we had played the entire season as we played the last four games, we would have won several more ballgames.

The 1959 West Reserve Football Roster: ends—Sego, Newman, Walters, Colvin, Jim Hazelton, Bill Randolph; tackles—Anderson, Carpenter, Shute, Reginald Cummings, Schmalstig, Martin; guards — Christy, Baker, Condon, Volz, Dave Feustel, Heintz, Gahn, Morris; centers—Gronbach, Thompson, Jake Fredendall, Sharfenaker, Frank Tippett; quarterbacks—Cook, Tom Alban, Smith, Dave Nachman, Dent; fullbacks—Brewer, Brian Brock; halfbacks—Ball, Bowman, Bill Gardelle, Dittman, Bill Clark, Karl Tidwell, Mike Dowd, Ronnie McCalla, Dave Hallestine, Snyder, Dick Robinson.

CENTRAL HIGH NEWS . . .

Citizenship Topic Of Study, Essay Writing Project

By Leslie Shelhart

During the last few weeks, "School Citizenship" has been the keyword at Central. A project to make better school citizens of Centralites has been underway.

Each student was asked to write an essay about his views on school citizenship. Private discussions in homerooms were aided by student council members.

Topics of citizenship and the classroom, courtesy, leadership in school activities, and pride of school have been exhausted, and some definite plans for improvement are under way.

Six essays were chosen as winners by Wayne Rittenhouse and Phyllis Hull, guidance supervisors.

Joan Foe, junior, was top place winner, and others were Tom Strauser and Dale Everett, sophomores; Jerry Huber, junior, and Ann Scanlon and Sonja Kovich, seniors.

. . . Speaking Of Bands

There is one facet of the sporting scene we've wanted to mention for several weeks . . . but time and space kept pushing it back. It pertains in particular to marching bands. This seems like a strange topic for this column a closer look will show how important music is in many athletic events . . . and specifically football games.

This is not meant to be a dissertation on marching units but merely some observations (by an 'old' OSUAAMB member) on some groups of local interest. On the Hilltop, of course the unit of most interest is the West High marching band. Jack Dale has been orchesra director at West for several years, but this is the first 'dabble' in the band area at WHS.

His half time shows have been very well received not only for their quality, but also for the many chuckles and laughs provided the fans. As Dale says, most of his shows have been loaded with "gimmicks," but that's what the fans want.

Those early morning (and sometimes long and slightly chilly) practice sessions paid big dividends. They looked good from their first performance, but each succeeding Friday night found them improved. A good sound is especially lacking in many high school marching bands, but the Cowboy band is building itself into one of the better school aggregations on the football turf.

Unfortunately West fans have not seen much band competition as most West rivals have not brought their bands with them this year. However, two weeks ago North did bring a fine one under director Les Susi. They've been in the state finals for concert bands for several years running. In their miniature "battle of bands," the Cowboy and Polar Bear musicians put on two fine displays. The "decision" was a stand-off.

Let's jump for a moment to the famed O.S.U. band. Against "competition" in the Old Horseshoe on recent Saturday afternoons, they have come out so far on top that it would have to be labeled "no contest."

College marching bands are probably better in the Midwest than any other section of the U. S. The pact between the Big Ten and the now defunct Pacific Coast Conference that brought these two areas' bands together both in the Rose Parade and the Rose Bowl demonstrated this.

The Buckeye band has long been referred to as All-American, a term detested and disallowed by director Jack O. Evans. Though the reasons he gave us back in the days when this reporter was under his baton made good sense, our tremendous pride in our group made us a little reckless. We thought we were All-American. But with age comes the light of knowledge and time has shown how true his feelings were.

The term "A-A" is being used much too frequently and without much discretion. At this year's OSU-Purdue game you may have heard the Boilermaker band announcer call his group "A-A" in no uncertain terms.

However, to the observant layman or the trained musician, there's a big difference. No doubt Purdue has a good band, especially when you consider that they have no school of music, and have to depend upon ROTC or Regimental musicians. They even have a band uniform now instead of their individual ROTC uniforms as in past.

But if one wishes a very fundamental measurement, here are four simple tests: When other good bands, particularly in the Big Ten, march and do a show without using their music on the field; can march to the fast tempo set by the Buck band and not run (and there's not another band in the Big Ten that can do this!); keep their lines straight even in difficult drills; show the fine conduct and courtesy displayed by the Buck's band . . . then maybe they could be called "A-A".

Courtesy is drilled into Buck bands by Evans and it shows. But it is also something that became so flagrantly violated by the last two 'foreign' bands to the Horseshoe. Even non-musicians were shocked, when the Michigan State band rudely is-

Butler Grooming Big Squad Of Wrestlers

By Bob Wilcox

West High heads back into its second year of wrestling competition after a lapse of many years from the sport. Last year was spent mainly in orientating the boys, but several meets were held.

Although the Cowboy grapplers won only one, they looked much better than anticipated as the young (mainly sophomore and juniors) squad "built" for the future. One boy, Bill Doughty, even went a couple of rounds in the state tournament while another, Tom Skaar, went undefeated until the state meet.

Rejuvenating the sport at West was the brainchild of its present coach, John Butler, who is also football line and assistant track coach.

Butler's squad received several severe losses—the severest was the return of Skaar to Mississippi.

With 42 men out for wrestling, Butler said he will keep "all who are willing to work." No captain has been elected yet. There were no letters given last year, as it did not become a recognized school sport until this season, but 11 experienced men are back.

They are: Bill Ardle, Doughty, Roger Johnson, Clyde Knisely, Larry McQuerrey and Jim Morris all juniors and Lynn Hegele, John Graham, Irvin Hill, Eric Marlow and Bob Saint, all seniors. There will be no January grads this year.

Promising newcomers are literally "dime a dozen" and include: Don Birie, Dave Duerler, Tom Galloway, Bob Thomas and Ken Roivas, all juniors; and Odel Walters, Ron Volz, Paul Thompson, Karl Tidwell, Bob Stephens, Dan Snyder, Dave Smith, Ed Shute, Dick Robinson, Phil Baker, Jim Brewer, Dan Burdan, Dorus Claytor, Dick Colvin, Jerry Gronbach, Paris Martin, Jerry Maupin, Ron McCalla, Lee McQuerrey, Dick Morgan, Dave Nachman, Everett Phillips and John Richards, all sophomores.

In competitions held over the weekend, the following boys won "starting berths" for West's first meet this week: 103 pound—Doughty; 112—McQuerrey; 120—McCalla; 127—Hill; 133-Saint; 138—Marlow; 145—Graham; 154—Morris; 165—Hegele; 175—Ardle; 185—Clater.

This lineup includes two sophomores, McQuerrey and McCalla; two of his best men, seniors Saint and Marlow; and two of the most improved and powerful boys, Ardle and Morris.

Butler characterizes this year's squad as ". . . great interest, good spirit, and a willingness to work and sacrifice." Besides normal wrestling activities, Butler has an exceptionally fine physical fitness program coordinated with the sport.

Butler requires that to be eligible for wrestling a boy must go out for at least one other of the sports offered at West (cross-country, track, football (with basketball excluded due to time conflict). The boy does not have to make the "other" squad to qualify for wrestling, but he must at least "try out." In this way he believes they are exposed to the full benefits of athletics—competition, character building and to take victory or loss in stride.

This year the Cowboy grapplers have a 13-match schedule plus a tournament and the district meet. This includes the other three city schools with squads—Linden-McKinley, East and Eastmoor (their first year). Marion-Franklin discontinued wrestling this year.

The tourney is an eight-team affair at Franklin Heights. It will run all day with the finals probably in the evening. They will also tangle with the rare, but fine, wrestlers of the Ohio State School of the Blind.

All home meets (except the Groveport one at 4:30) begin at 4 p.m. in the north gym at West. Admission is 25 cents for students and 50 cents for adults. And believe me, it's well worth it—if only to see real wrestling and not the TV "ham" stuff. Butler has a meet on Saturday, Feb. 6 at Fairmont (Dayton) Kettering and hopes for five or six more for his reserve squad of all sophomores.

Final Prize In Contest Goes South

Sometimes you have to go a long way to get a winner.

That was the case this week when Bill Williams, 2306 Greylock-pl, Decatur, Ga., finished atop the final Hartley Newspaper Football Guessing Contest.

Other last week winners are Duke Smith, 644 S. Roys-av; Paul Pontello, 464 N. Brinker-av; and Judy Wright, 449 Hillsonia-av.

They will receive, in the order of their finish, a lady's or man's watchband from Fritch Jewelers (value to $12.95), five dollars worth of dry cleaning from Westgate Carriage Cleaners, five dollars in merchandise from Westgate Manor Drugs and a Revere Ware one and one-half pint double boiler from Gearhart Hardware.

Along with his winning entry, Williams sent a note saying:

"This may not be the most accurate entry, but perhaps it wins the long distance award for the week. We used to be Hilltoppers until we moved away in 1955. We have been in Michigan, St. Louis and now Atlanta, but still follow the good old Hilltop Record.

"Regards to all our friends back in Hilltop USA."

Williams also added that since leaving Ohio, his son, Bruce, has been joined by Beth, Brian and Brent.

By Betty Bell

The memory of a former Hilltopper who was tragically killed in an automobile crash Aug. 6, 1958 in Missouri is still kept alive at his college, Olivet Nazarene College. The homecoming issue of the school's newspaper features a story on Dave Miller and his memorial, the pulpit in Howe chapel on the campus. Dave, son of Mr. and Mrs. Noah Miller of 3156 Whitehead-rd and a 1951 graduate of West, wrote for the Hilltop Record during his high school years. He was graduated from Olivet in June, 1954, and, during his senior year, was named Outstanding Athlete of The Year and elected to Who's Who.

He was a student at Nazarene Theological Seminary in Kansas City, Mo. in preparation for the ministry at the time of the fatal crash. His wife, the former Carolyn Eckley, is now teaching school in Kansas City, Mo.

Mr. and Mrs. Lee (Shirlee) Monty, 3027 Sullivant-av, announce the arrival of a son, Joseph Eugene, born Nov. 19 at Mt. Carmel. Mrs. Monty is a former editorial staff member of Hartley Newspapers . . . Mrs. Chris Warner, 328 S. Central-av, is recovering from surgery at Mt. Carmel Hospital, Room 419 . . . Tommy Weisenbach, 12 of 370 Guernsey-av, a seventh grade student at St Mary Magdalene, broke his leg during a football practice session at school.

Mrs. Virginia Frances Mayfield Garrison, 100 years old yesterday, celebrated her birthday with a party at her home, 313 Dana-av. Four of her five living children and a number of her 48 descendants were among the guests.

Twenty-six members of Boy Scout Troop 45, led by Jim Graham, trekked Friday to Tar Hollow with plans to hike the 20-mile Logan Trail. During the night eight inches of snow fell, completely collapsing one tent and cancelling out the boys' plans. The troop returned home Saturday noon, determined to try another day for the Logan Trail badge . . . GUILD PLANS PARTY

Christmas party of the Light Bearers Guild of the Eastwood Seventh-day Adventist Church will be held Tuesday, Dec. 8, 6:30 p.m. at the Columbus and Southern Ohio Electric Co., Front-st at Spring-st. President is Mrs. L. T. Kagels.

PLACE FOR EVERYTHING—Authentic, right down to the pot-bellied stove and horse blinders, was the early American country store built in miniature by Den 5 of Cub Scout Pack 214 as its November project. Mrs. Donald Fiscus, den mother, admires the handiwork of two of the craftsmen, James Beckwith, left, and Donald Fiscus, her son.

POWWOW KNOW-HOW—Who'd ever guess these splendid Indian blankets once were sheets in mom's linen closet? The Cubs, who designed and colored the resplendent regalia themselves, are, clockwise from far left, Harry Murray, 818 S. Hague-av; John Echenrode, 1065 E. Hague-av; Pat Sheridan, 758 S. Wiltshire-av; Steve Immel, 980 S. Wiltshire-av; Larry Harringer, 907 S. Wiltshire-av; Timothy Cotter, 1025 S. Harris-av; and John Bailey, 767 Binns-blvd.

New Denmother Finds Job Exhausting, But Full Of Fun

Being a den mother for Cub Scouts involves everything from helping the boys turn grape boxes into Indian-decorated den seats to supervising the building of an old-time country store!

So Mrs. Donald Fiscus, 395 S. Harris, has learned in the two months since Den 5 of Pack 214 at St. Mary Magdalene Church was organized.

Perhaps the most ambitious project for Den 5 so far is the miniature country store of early America, reproduced in remarkable detail as the November theme effort. The cardboard-box store was complete, even to a pot-bellied stove and a lean-to for customers horses. On the shelves and counters, the Cubs placed hanks of rope, stick candy, horse collars, shoes and blinders, yard goods, men's cuff protectors . . . all the quaint conglomeration of goods available in the days of the general store.

No less varied is the list of other accomplishments of Mrs. Fiscus' boys. She has kept up with her enthusiastic eight-year-olds in making Cub Scout promise scrolls, whistles, posters, paper planes, Halloween rattles, mobiles, . . . even designing and coloring sheets to be worn as Indian blankets for the Nov. 25 Bobcat ceremony. Mrs. Fiscus joined other den mothers in making special headbands for the event, featuring the Indian Thunderbird emblem for her boys.

Mrs. Fiscus and Den 5 will participate in the "Toys for Tots" campaign this month. Also on the young Scouts schedule for December are Christmas decorations and making that all-important gift for mom.

MOVES AHEAD

Fruit Dealer Takes First 'Bold' Step

Joe Mercurio is a man who thinks for himself.

That's why he recently took the bold business step of moving his Capitol Fruit Co. from the downtown Central Market district to the East Side.

Today Mercurio and his company are at 1900 E. Main-st, miles away from the congested produce district with its parking problems.

Capitol Fruit Co. was established downtown about 60 years ago by Mercurio's father. When the son moved the business, he racked up a "first." His company is the first to move away completely from the market area.

Why did Mercurio divorce his business from the downtown produce section?

Didn't Wait

"Some day the whole area is going out," is the way he explained it. "I decided not to sit and wait for them to build a terminal. Everyone is waiting for the next guy to make a move."

He referred to urban renewal plans and proposals to relocate the produce district that have been talked about for years.

Capitol Fruit Co. serves Columbus, the remainder of Franklin County and surrounding counties. The firm now has 4,400 square feet of refrigeration space; a warming room for tomatoes, sweet potatoes and bananas is being put in and two adjoining buildings permit almost unlimited expansion.

To Add Trucks

"We can grow as fast as we want to grow," says Mercurio, who has plans to add more trucks and a station wagon for special deliveries. He sees East, Southeast and Northeast Columbus as areas that will enjoy the greatest business growth.

His firm handles all fruits and vegetables, in and out of season. There are plans to wholesale canned goods next spring. His customers include individually-owned grocery stores, supermarkets, restaurants, hotels—and individuals.

Individuals can drive in and buy a bag of potatoes or bushel of apples, or anything else that is on hand.

"Our new facilities mean produce is handled less than formerly," Mercurio says. "That means that by the time it reaches the home there is less chance of it being bruised.

A veteran of 25 years in the food business, Mercurio lives at 949 S. Chesterfield. He is a navy veteran.

CHURCH IS CONSECRATED — Special services of consecration were held Sunday at the new Brookshire Methodist Church. Rev. J. R. Wynd, pastor, is shown in the sanctuary of the building. Planned as the first unit of the church, the building will be converted into an educational facility or a personage when the church plant is completed sometime in the future. Dr. E. L. Motter, former pastor of Glenwood Methodist Church, is assistant minister of Brookshire.

Worship Services Held In New Church Building

The newly-completed Brookshire Methodist Church 1097 S. Hague-av was consecrated in special services Sunday.

Dr. Harold M. McAdow, district superintendent, spoke, and Rev. J. R. Wynd, pastor and Dr. E. L. Motter, associate minister, participated in the program.

An open house and reception for members and friends of the church was held from 2:30 to 4:30 p.m.

Construction on the building, first unit of the planned church, was started one year ago.

Future plans call for the construction of another church building on the ten-acre site. At that time the present $33,000 brick colonial structure will be converted into an educational unit or a parsonage.

The main floor sanctuary will seat approximately 200, and the basement, used for social purposes and church school, contains a complete kitchen.

The membership of 175 includes many members of the old Gift Street Methodist Church, who decided to relocate the church when the neighborhood around their Gift-st location changed from residential to mostly commercial.

Members met in Binns Elementary while their church was under construction.

Rev. Wynd was pastor of the Euclid Avenue Methodist Church in Zanesville and conducted a weekly program over WHIZ there for eight years before his retirement in 1955.

A native of England, he will mark the 50th anniversary of his ordination in 1961. He accepted the pastorale of Brookshire last November.

Dr. Motter is a former pastor of Glenwood Methodist Church and district superintendent of the Lima District before his retirement.

He serves as assistant pastor of Brookshire.

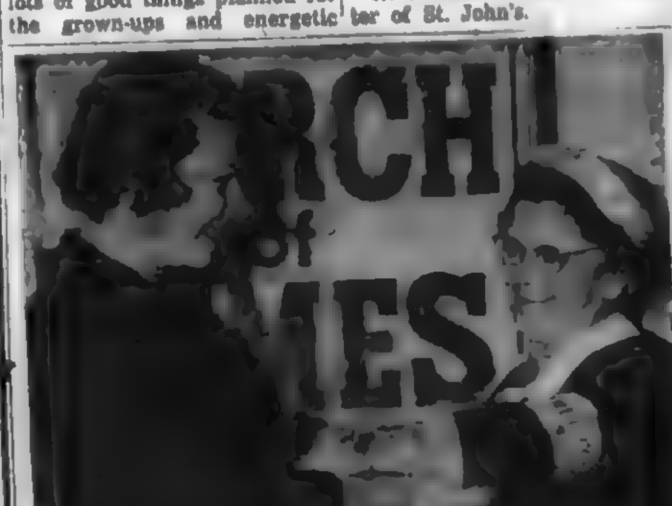
St. John's To Stage Annual All-Day Event Saturday

"Not even Garry Moore could let you in on this secret," was the statement of Jo-Ann Mackie of 811 Chestershire and Mrs. Lucille Beard, 355 Sturbridge-rd, in Lincoln Village, co-chairmen of the annual Bazaar of St. John's Episcopal Church, 1003 W. Town-st, planned all day, Saturday, Dec. 5.

"Our Youth Group decided that this year things had to be different," Miss Mackie advised. "Our teenagers felt that a church bazaar—or any church activity—should have real appeal for all ages, especially the small fry. Adults all too often become overly absorbed in the practical."

"The Youth Group members won't tell us what they are up to," the co-chairmen continued, "except that the kids will love it. They asked us to do only two things: reserve the entire second floor of the Parish Hall for the small fry and, tell everybody to come."

St. John's annual bazaar has lots of good things planned for the grown-ups and energetic teenagers, as well as the toddlers.



Plans have been made for special booths, including baked goods, needlework and white elephant stands.

"We have something really different this year," said a spokesman of the Men of St. John's. "Our musical Christmas cards are—well, hearing is believing."

Refreshments will be available all day, beginning at 11 a.m., cube steak dinner will be served from 5:30 until 7 p.m. Tickets are available without advance reservations.

Booths will be open until 9 p.m.

Rev. Clifford Crook is minister of St. John's.

nored some unwritten laws of conduct.

Specifically, one band should not start to play while another is playing and a band should not play during the actual playing of the game. Both of these were extremely violated by the Spartans to the disgust of many fans.

Evans always cuts his band off immediately upon the ending of a timeout. He was forced to stop his band in the middle of a piece, though they started first, because the Spartans "tried" to drown them out.

The Buck band is to be much congratulated for its outstanding and upright conduct.

Ohio Bearcat Football Association will hold its big annal banquet to wind up 1959 this Saturday, Dec. 5, at 7 p.m. at the Ohio State Fairgrounds Youth Center. The public is invited and tickets are $3 per person. There are several sources for available ducats—one is Mrs. George H. Blackmore at 2741 St. Patrick, phone BR. 9-5955.

West opened its basketball season last Friday evening on the road . . . and on somtwhat of a sour note. Traveling to Newark for their traditional 'day-after-Thanksgiving' contest, the Wildcats had just a little too much polish for the hometown lads—not to mention height and scoring punch. West held their own in the first half, trailing only 24-23 at halftime . . . but oh, that second half. Newark outscored the Cowboys 42 to 12 during that 16 minute period. Final . . . Newark 65, West 34.

Carl Brown showed best all around for the Hilltoppers, finishing high with 10 markers and handling the Bronco rebounding (6). Bill Biggers looked good, especially in the first half as he poured in all 9 of his points. Roger also collected 9, low for the "tall one", and helped off the boards (10).

Wayne Isaacs with 19 and Dave Narbano with 17 paced the victors. West hit on 14 for 23 from the free throw lane for 61 per cent, while the Wildcats were hitting for 8-17-47 per cent. But West's advantage there was more than overcome by the "shots from the field" figures. The Broncos shot 46 times, making 10 for 22 per cent; Newark had a juicy 28-67-42 per cent!

West turned over the ball 19 times while recovering from the 'Cats only 12 times. Newark committed 16 personal fouls to West's 13. It was a rough evening from the floor for the two "oldtimers" of the squad as Street only hit on 1 of 11 and Bill Castle on 0-11.

WEST: Brown, 4-2-10; Barnett, 1-0-2; Biggers, 3-3-9; Street, 1-7-9; Detwiler, 0-1-1; Castle, 0-1-1; Hartranft, 1-0-2. Totals: 11-14-34.

NEWARK: Marzano, 8-1-17; Bibart, 3-1-7; Morgan, 4-2-10; Smucker, 1-0-2; Debevoise, 1-0-2; Judge, 3-2-8; Isaacs, 8-3-19. Totals: 28-8-65.

West travels to Linden McKinley this Friday evening to open up its 1959-1960 City League warring.

The junior Cowboys started their season right where their predecessors left off last year —losing—by one point after blowing a late lead. Bill Hunter paced West with 8 markers. West came from behind in the fourth and took a 27-24 lead and a minute and half remaining . . . only to lose 28-27!

Central opens also this Friday evening at South (loser to Middletown last Saturday evening). We hope to have the "entire scoop" on the Pirate squad this year as soon as their questionnaire is returned.

Holy Family is currently sporting a 1-3 mark. They've scored 162 points to date and permitted their opponents 235. More data on them soon as their questionnaire is returned.

* * *

There has been a change in the Cowboy roster. Bob Pemberton a senior now rounds out the varsity squad instead of Bob Montgomery as listed.

Also all Hilltop fans please note . . . the revised 1959-60 West basketball schedule that appeared with that story last week is the correct one. There have been several changes made since early schedules appeared.

Our heartiest congratulations to Wests' Jim Horn and Bill Biggers and Central's flash, Eddie Parks, in making the 1959 All-City Football Team.

With the company since 1947, he has been underwriting manager for Nationwide General insurance, set up in 1958 to market "merit-rated" auto insurance. He succeeds R. E. Kaiser, recently appointed manager of the company's Metropolitan New York regional office. Siegfried took over his new duties Dec. 1.

Letters to Editor

THE OTHER SIDE OF LIFE

"The writer has passed the 88th milestone along the pathway of life and is well on the way to the 89th.

"In this span, we have made many contacts with personalities in religious, fraternal, educational and political activities, as well as in ordinary social life.

"There are two important principles in life that go a long way in determining the kind of personality that an individual has. These are the God-self, or the spiritual, and the other is man-self, or the material.

"The God-self is what we are as God sees us; the man-self is what man thinks we are. Character is what we are as God interprets our life; reputation is what we are as man sees our life — so what man, says or thinks of us is not important. The important thing in life is, what does God think of our actions?

"One of the most disappointing things in life is when persons in whom you have placed implicit confidence and for whom you have done deeds of kindness, become so possessed of the man-self as to forget the many good things you have done to save them from 'professional death.' Maybe sometime they will find themselves and see the true meaning of the following:

"I dallied with a man-self thought,
'What harm can be' I said
"If I merely think of it,
And then I let it pass by."
"Anon it to a monster grew,
It bound me hand and foot,
And in the kingdom of my mind
Established its command."

"Sometimes such people are given promotions to higher positions and they get the 'swell head', as it is so often expressed.

"Man sees but one side of life, but God sees the other—it may be filled with conceit and self praise.

"Such is life. How easily one can be mistaken in evaluating the life of others. Such incidents admonish us to work slowly in forming friends. A true friend will always stand by when things go wrong."

John A. Downey

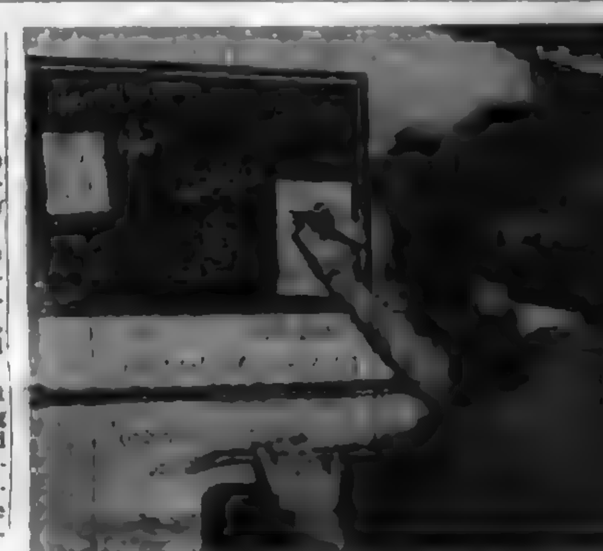
Birds' Wings Are Clipped

Franklin Heights, suffering the effects of having several players transferred to the newly constructed Pleasant View High School, dropped its opening game to Marion-Franklin last Wednesday, 46-33.

The overpowering Red Devils managed a 13-6 first quarter lead, then coasted to victory.

Bop Bapst was the only Falcon to score in the double figures, netting 11 points. Dan Enyart led the Red Devil cagers with 12 counters.

Marion-Franklin also won the reserve game, 38-27.



Party Proceeds To Benefit Kids

A benefit games party, planned to assure a happy Christmas for the children of the Juvenile Diagnostic Center and Retarded Children's Center, will be held at St. Mary Magdalene Church Hall Friday, Dec. 4, 8 p.m. by toy dealers.

Toys will be donated as well as proceeds from the affair.

Committee chairmen are Mrs. Paul Jones, 986 Anthony-dr; Mrs. George Butler, 884 Collingwood-av, and Mrs. Elmer Davis, 3380 Irwin-ct, Grove City.

Tickets are available at the door. Chairmen may be contacted for additional information.

W. BROAD GRA-Y WINS TOP HONOR

PROUD PRESIDENT — Darrel Rohrer, 12, 87 N. Ogden-av, is the proud past-president of the W. Broad Street Elementary Gray-Y Club which has just been named "Hilltop YMCA Gra-Y Club of the Year." To win, club members had to rate highest in a point system based on sportsmanship, activities, and attendance at church and club meetings. Darrel shows the prize to Roy Agin (left) president of the Hilltop Y's Men (sponsors of the award) and Mr. Forest Rader, W. Broad Street School principal.

REALLY HAPPY

"Remember what I told you last Monday, children—that you should all try to make someone happy during the week" asked the teacher. "Well, how many of you did so?"

"I did, teacher," replied one boy brightly. "I went to see my aunt, and she is always happy when I go home."

Your Youth

By Al Hollowell and Bert Korte

The Indian Guide Dance Team of the Hilltop Nation is practicing every Saturday morning from 9:30 to 10:30.

The team is "thriving" on brothers. Jerry Culp, last year's assistant tom-tom beater, retired from active dancing and replaced himself with little brother Jeff who becomes the third Culp to dance on the team. Jerry and Jeff were preceded by Larry. The Culp boys have always served as the chief in the Spirit Dance and already Jeff is being groomed to keep up the tradition.

Attendance at dance practice swelled recently with the addition of three Valentine brothers, twins Jerry and Jeff, and brother Mike. Jerry and Jeff are Mohicans while Mike is a Cayuga. The third brother added was Jeffrey Hollowell, brother of Mark of the Cuyugas. They joined Steve and Tom Redman of the Comanche, Steve and Doug Dodson of the Sioux in making the Dance Team full of brothers.

Rounding out the team are Alex Haines of the Comanche, Gilbert Howell of the Blackfeet, Harold Kounts of the Cheyenne, Jim Zulauf of the Apache, David Senerius of the Fenton.

People driving by the YMCA in the next few days will notice the Christmas spirit is upon us as the Hilltop Y's Men's Club brings in Christmas trees for its annual Christmas Tree Sale. It will start on Monday, Dec. 7 and conclude on Christmas Eve. Victor Karl, chairman, is using the slogan "Buy a tree and build a boy." All types of trees will be available at the "Y"

A new tribe has joined the Hilltop Nation of Indian Guides. As yet unnamed, it is headed by acting Big Chief Jerry Thomas and assistant, Dewey Parris, both members of the old Powhatan Tribe. Complete roster of Big and Little Braves are as follows: Jerry Thomas and Terry Lee; Dewey Parris and David; Al Thatcher and Gary; George Hughes and Jeff; Bob Livingston and Bobby; Paul Kautz and Richard.

Hilltop "Y" craft classes, both boys' and girls', will be emphasizing gifts for members of the family in the coming weeks of craft. The boys' craft class meets Tuesday at 3:15 p.m. and the girls' group on Thursday at 3:15 p.m. Any boy or girl who is a member of the Hilltop Association is eligible.

Nuts Are Scarce Throughout Ohio

It's not too late to take a nut-gathering expedition this fall, say Division of Wildlife fieldmen who are familiar with the outdoor scene throughout the state. While nuts are spotty over the state, they say there are some native species bearing in almost every section.

Hickory nuts, the oldtime favorite, are scarce but many families are still gathering enough for a few hickory nut cakes this fall. Walnuts, one of the richest and most distinctively flavored nuts in the world, are present in sufficient quantities to justify an outing. Buttermuts, also know as white walnuts, are reported to be scarce this year.

Ed Peters says the unexpected is what he always anticipates.

Outerbelt Project May Be Ready By Christmas

The Hilltop Record

ULI Advice Comes Late For Planners

Concrete plans for construction of the proposed outerbelt encircling Columbus will probably be announced within the next few weeks despite advice to the contrary on the project made by the Urban Land Institute.

The institute, a non-profit panel of outside experts, spent last week studying Columbus' growing pains and making planning recommendations. Among these was reconsideration of the proposed outerbelt.

But the new proposal isn't likely to have any effect at all.

That's what Franklin County Regional Planning chief Grover Clements said Tuesday when questioned if any change in plans was contemplated.

Clements, who had conferred earlier in the day with State Highway Department officials, said final plans for the project will probably be announced before Christmas.

Is "Federal Undertaking"

"The outerbelt is part of a federal undertaking," he continued, "and isn't likely to be affected by recommendations made by groups studying Columbus."

Many hearings have been held throughout the county since plans for the outerbelt began taking shape several years ago. Most disputed link of the project was that skirting Worthington.

State Highway officials have already set a definite route for the belt between New Rome and Grove City and between Grove City and Reynoldsburg.

Also important to outerbelt planning are new freeways to expedite travel to downtown Columbus. Engineering funds for simultaneous construction of [illegible] access roads north of [illegible] 40 from West Jefferson to Columbus and also east of the city are included in next year's Capital Improvements Budget. They are, of course, subject to review by the incoming Westlake administration.

Traffic Load Debated

The State Highway Department's chief of planning and survey, Frank J. Murley, took exception to an opinion given last week by ULI's traffic expert, Lloyd B. Reid. Reid, former New York City traffic commissioner, now of Detroit, said it appeared that only 20 percent of the traffic approaching Columbus is passing through the city. Thus, the cost of a $22 [illegible] outerbelt seemed unjustified, he reasoned.

City Buys Final Lots For Center

Only a short length of red tape remains to be snipped before the Columbus Metropolitan Housing Authority takes over construction of an ultra-modern senior citizens apartment and recreation center north of Sunshine Park.

Councilmen Monday night authorized the purchase of the last two of 29 parcels on the 3.5-acre tract at a price of $70,400. This completed the city's 20 percent share of expenditures for the project. Total cost of the land was $261,230. The federal portion has been received.

Necessary rezoning is expected in a week or so, said CMHA coordinator Harry Drake, followed by a 30-day legal waiting period. He said all occupants except the Lorenzo Equipment Co. and a filling station have relocated. Mr. and Mrs. Frank Loyer, 516 Sullivant-av, were the last to sign over their home on Friday.

Drake said first contracts for razing the buildings would probably be let about Mar. 1. The city has yet to decide how it will reroute Sullivant-av to the north of the new center. Drake said the newly appointed service director, Ernest H. Stork, has been a helpful consultant on the new center and probably would have some suggestions on the street re-arrangement after the first of the year.

DiSalle Criticizes Columbus State Hospital Head

Columbus State Hospital head Dr. Lowell Dillon was openly criticized Tuesday by Governor DiSalle for remarks made following an inspection of the institution.

DiSalle, speaking at the annual meeting of the Franklin County Mental Health Association, produced a newspaper clipping which quoted Dillon as accusing the governor of "grandstanding" during his visit to the hospital.

The governor became ill during the inspection and vomited, according to other newspaper [illegible].

Dillon, also present at the meeting, abjectly apologized to DiSalle.

Asked if he intended to fire Dillon, the governor stated that he was powerless since the hospital head was appointed by the Department of Mental Hygiene and Correction.

Thrill Rides Hibernating At New Gooding 'Home'

BEDDED DOWN FOR WINTER — The larger picture shows the sleeping carnival rides, packed on Gooding Amusement Co. trucks. Some of the rides take up three trailers. The last rides checked in recently. In the second picture (left to right) are R. K. Gooding, a painter and decorator; B. S. Roberts of Tampa, Fla., bringing in one of the trucks; and C. W. Clymer, maintenance foreman at Gooding headquarters.

• • •

What happens to the carnival rides after Jack Frost has changed the landscape and the last barker has made his final spiel of the year?

A spanking new building on Valleyview-dr, 780 feet long and 100 feet wide, holds the answer. Bedded down for the winter on 133 semi-trailer units are the complicated thrill and kiddie rides that have completed 12 circuits of the Gooding Amusement Co., Inc.

That company, largest of its kind, has selected the local spot for its new headquarters. Up until now the rides were stored at the Ohio State Fairgrounds.

The new storage building is just part of the new Gooding headquarters at 3178-3260 Valleyview-dr. Another building on the 10-acre site includes 60,000 square feet of factory space housing a carpentry shop, machine shop, paint room, cleaning room and ticket storage room. There rides will be placed in tip-top shape for use at 100 fairs and 100 other events in 12 states next year. The factory will employ 100 persons. Connecting onto the shop building is the office building which includes a conference room.

General contractor for the West area's newest industry is the F&Y Construction Co. Work still is under way and Gooding expects to complete his move in January. His company has been at 1300 Norton-av for 20 years, in Columbus 30 years and has supplied midway entertainment for 41 Ohio State Fairs. The new plant is double the size of the old one.

Kiddies: Reach Santa Through This Paper

Writing a letter is never more important to a youngster than around this time each year. With pen in hand, boys and girls who ordinarily scorn letter writing relate their Christmas wishes to one of their best friends . . . Santa Claus.

To help in transmitting the messages to the North Pole, Hartley Newspapers have agreed to give jolly old Santa a big hand this year.

The seven community newspapers will begin, starting next week, to publish letters from youngsters to Santa Claus.

After they have been printed, the Hartley Newspapers will forward them to the North Pole.

Letters must be no more than 50 words in length and contain the full name and address of each boy and girl. They should be addressed to Santa Claus, 2465 W. Broad-st, Columbus 4.

Watch the next issue of this newspaper for the first Santa Claus letters. To insure printing, all letters should arrive at the Hartley Newspapers office before Dec. 19.

BUC MENTOR IN SEVENTH YEAR

'We'll Be Among Top Three,' Coach Rittenhouse Predicts

By BOB WILCOX

Led by the 'hot hand' of veteran Herman Reeves and his 25 points, Central High opened its 1959-60 basketball campaign last Friday with a 55 to 48 victory over South, on the loser's court. Another vet, Ed Tucker, chipped in with 13 markers for the winners.

Employing an offense of working the ball 'in under', where Reeves had his field day, the Pirates managed to overcome being outshot from the floor by South. Thus their hitting on 15 of 23 foul shoots made the big difference in the final score when compared to South's 4-10 for charity tosses.

CENTRAL — Reeves 8-9-25; Moxley 3-3-9; Tucker 6-1-13; Jewell 1-1-3; Gray 1-0-2; Coffey 1-1-3. Totals: 20-15-55.

SOUTH — Young 4-2-10; Barton 1-0-2; Jagorski 3-0-6; Harper 3-0-6; Gregory 2-0-4; Wilson 6-1-13; Sims 1-1-3; Lee 2-0-4. Totals: 22-4-48.

The Pirates have a busy weekend coming up . . . traveling to West Friday night and then to East on Saturday evening.

* * *

Buc head basketball coach Wayne Rittenhouse, beginning his third year as head mentor and seventh at Central, was supposed to have seven lettermen returning from his City Loop third-place finishers of last season. However, John Hillman is working and thus will not play. Jim Gunnell is ineligible due to grades, but may correct that situation by mid-year.

The Pirates do have back Ed Tucker, a member of last year's All-City squad, and Herman Reeves, an honorable mention on the same honor team. Other lettermen back are Gary Jewell, Fred Gray and Roosevelt Coffey.

Up from last year's Reserve squad which suffered only one loss in taking the City Loop's junior crown are George Moxley, George Chilton, Alvin Foster, Cordell Steward, Charles Glover, Ray Tucker (no relative of Ed) and Alonzo Walker. There are no newcomers.

Guards Will Graduate

Big 'holes' to fill from last year's group are fine "feeder" and outside shot, Wallace Chandler and Hugh Lynch. To be lost midyear just before tourney time, are guards Jewell and Gray. From about 60 who tried out this year, 10 to 12 on the varsity and 15 on the Reserve will be kept. No captain has been elected this year, yet.

Prior to their opening game the starting "five" title was up for grabs among the following: at the guard—Gray 5'8", Coffey, 5'9" or Jewell, 5'7"; Reeves 6'3", Chilton, 6'2" or Moxley 6' at forward; and Tucker, 6'3" at center.

Gray, Steward and Glover came out late due to football. However Rittenhouse also helped with football this fall, so his organization of the "roundballers" was a little slower than usual. Gunnell's hopeful return at midyear will be a big help. Last season the Bucs lost only three games in the City Loop and had an overall 16-6 record. In District Tourney play they dumped Mt. Vernon, Linden McKinley and Newark before losing to champion East in the semi-finals. Rittenhouse predicts that they again will finish in the top three in the City League warring.

Has Impressive Record

And based on his fine coaching, 31-11 at Central, and prior to it at Reynoldsburg where his team won 72 and lost 34 in five years (including two league titles and the Franklin County Tourney crown twice) he knows 'whereof he speaks!'"

Rittenhouse's squads like the fast break and use both the man-to-man and zone defenses. In summing up his squad this year he states, "We should have average speed and shooting ability, but we will be short compared to the other city league teams."

Central's remaining basketball schedule:

Dec. 11—West (at West)
Dec. 12—East (there)
Dec. 18—Aquinas (there)
Jan. 8—Eastmoor (there)
Jan. 12—Marion-Franklin (here)

Holy Family Squad In Rigorous Year

By Bob Wilcox

Since their season's opening basketball win over Delaware St. Marys, Holy Family has taken it on the chin five straight times. The latest came last Friday evening as they were dumped by a strong St. Charles crew at St. Mary's gym in their Central Catholic League opener.

Although Family held an early 7-6 lead, St. Charles finally caught up and went ahead at 12-7 at the end of the first period. From there on the victors were never in trouble. They posted a halftime lead of 38-18 and at the end of three quarters led 53-25. Captain Don Cullen with 11 and Don Kenton with 12 paced the losers.

ST. CHARLES — Iannarion 6-0-12; Litwaitus 1-3-5; Clarke 7-0-14; Brown 5-5-15; P. Bauman 2-0-4; J. Bauman 4-1-9; Moore 0-2-2; Rohenbeck 0-3-3; Dillenschein 0-1-1. Totals — 25-15-65.

HOLY FAMILY — Cullen 4-3-11; Johnston 2-0-4; Daugherty 1-0-2; Brembeck 1-1-3; Lee 0-1-1; Kenton 6-1-13; Covietz 1-2-4. Totals — 15-8-38.

The St. Charles reserve squad had a harder time of it, nipping the H-Family 'juniors' by only 25-23. This week finds H-Family at Hartley Friday. (They played Rosary last Monday evening).

Holy Family's new basketball coach is taking his lumps and gaining his "world of experience" even before he earns his degree — he's a senior at OSU. Ron Weaver, in his first year of coaching is also captain of the OSU fencing team. He has only three lettermen back — captain Don Cullen, Don Kenton and Charles Johnston.

Good prospects up from last year's reserve are Frank Brembeck, Jim Daugherty, Clayborn Gordon and Dominic Nicoloff. The biggest loss from last year's squad was Central Catholic League scoring leader Martin Crawford.

Carrying a 12-man varsity squad and losing no one at midyear, their starting five at the beginning of the season contained Cullen, Kenton, Johnston, Brembeck and Don Lee with Danny Covietz having a good chance of cracking that unit presently. They list their offense and defense as "variable." Covietz is the only newcomer this year via transfer, etc.; he comes from Detroit.

Holy Family lost in the non-county tourney last year to Lancaster St. Mary.

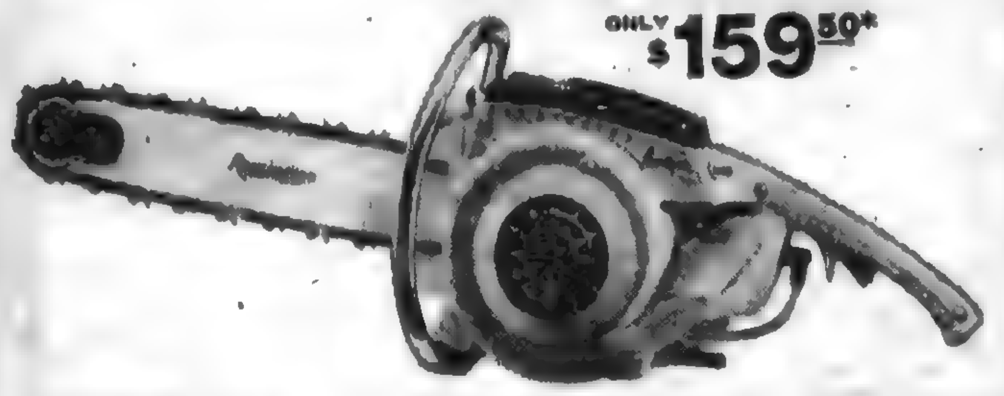
They sum up their 1959-60 squad as "weak in height, shooting ability and experience" and "strong in scrap, good spirit and a desire to win. . ."

Holy Family's roster (includes both varsity and reserves) this year includes: seniors — Brembeck, Cullen, Daugherty, Gordon, Johnston, Kenton and Charles Reichert; juniors — John Bernons, Covietz, Pat Durham and Lee; sophomores — Dan Callahan, Richard Hally, Tom Huntzinger and Nicoloff; freshmen — Gary Crumley, Ed Huntzinger, Dave Lee and Tim Toner.

Jr. Cowboys Finally Win 4 Ball Game

West High Reserve basketball team won its first ball game since the 1957-58 season last Friday as it nipped the Linden Reserves, 25 to 22. It was the team's first league game this year. It was without victory last year.

Bill Hunter and Dwight Newman led the attack scoring-wise. Newman also cleared the boards well. Both are former Hilltonia players.



The Junior Cowboys are hoping to improve their scoring punch at the tail end of a rapidly-improving fast break, according to Coach Dwight Black. Friday night they play Central at West and travel to Upper Arlington Saturday night.

SPORTS of SORTS

Compiled By Bob Wilcox

After West dropped its second straight basketball game of the young season and their first City Loop encounter last Friday night at Linden McKinley, 46-36 I asked Cowboy Coach Fred Heischman, "What seems to be the trouble besides that you're not scoring as many points as they are?"

He answered, "That's it, right there. We just aren't hitting. A good xample is veteran guard Billy Castle (usually a crack outside shot) who to date is shooting 1 for 21! Defensively they're (the Cowbays playing good ball, but they're just not scoring."

Though Linden got more fielders (each got 12 free throws made), West actually had a better percentage from the floor. From the 'field' the Broncos hit on 12-38-31 per cent as compared to the Panthers' 17-57-30 per cent . . . neither one of them good enough to shout about.

From the free throw line West had 12-28-43 per cent (could have capitalized enough to win if they had hit on these) while Linden had 12-24-50 per cent. Linden out-rebounded West 45-32, but a real story lies in these figures . . . Linden had a high 14 turnovers, but the Cowboys had 19.

Roger Street paced West with 11 points followed by Tom Hartranft's 9. Linden was led by John Schuart's 12 and Bill Spank with 11. Ironically, they were all tied up at 21 all at half time . . . and West led 10-8 at end of the first period. However, Linden went ahead 37-36 at the three-quarter mark as West had a bad time of it . . . hitting on only 1-16 and 2-18 in the last two frames. Linden only made two fielders in the fourth period, too.

WEST — Biggers, 3-2-8; Brown, 0-5-5; Street, 4-3-11; Hartranft, 4-1-9; Castle, 1-1-3; Totals, 12-12-36. LINDEN — SPANK, 5-1-11; Zimmer, 0-2-2; Troutman, 3-1-7; Burleson, 1-2-4; Schuart, 4-4-12; Fedise, 2-0-4; Bowman 1-2-4; Mesteson, 1-0-2; Totals; 17-12-46.

West basketeers have their job cut out for them with a busy weekend upcoming. Friday, they play host to what looks like another Central powerhouse that compares favorably with the Pirate crew that finished third in the city race last year. Then on Saturday night the Cowboys travel to Upper Arlington.

THE AREA BASEBALL coaches met at Mohawk Junior High School on Dec. 1 and selected umpires for next spring.

And, in case you haven't already heard there are no more "midweek" (Tuesday eve) basketball games in the City League. In a Board of Education move to eliminate as many week night school activities as possible they eliminated those games in favor of Friday-Saturday evening schedules — two games in two days is a real rough business. Ask the coach who has to try to prepare a new offense or defense between the (two) or both during the week

MR. AND MRS. ROBERT SNEDEGAR
J. Curtis Allen photo

Miss Wanda Roach and Mr. Robert Snedegar exchanged their wedding vows Nov. 14 at Hilltop Christian Church. Rev. George Alexander read the service at 4:30 p.m.

The bride is the daughter of Mr. and Mrs. Forest Roach of Jackson, and her husband's parents are Mrs. and Mrs. Rex Snedegar of 264 S. Eureka-av.

Given in marriage by her father, the former Miss Roach wore a street-length frock of lace over satin with long tapered sleeves, fitted bodice and buoffant skirt.

A coronet of pearls held her fingertip veil and she carried roses and carnations.

Miss Donna Jean Roach served as maid of honor for her sister. She wore a rose gown and a wrist corsage of carnations.

Mr. Kennedy Clapsaddle served as bestman, and ushers were Mr. Steve Snedegar and Mr. Rex Snedegar, brothers of the bridegroom.

Mrs. Roach chose a blue suit with a corsage of carnations for her daughter's wedding, and the bridegroom's mother wore a navy blue gown with carnations.

Hostesses for the reception for 500 guests, held at the church, were Miss Glenna Roach and Miss Donna Roach, sisters of the bride, and Miss Patty Snedegar, sister of the bridegroom.

Mr. Snedegar was graduated from West High School and is associated with his father in business in the Road Oiling Co. Mrs. Snegeder was graduated from Jackson High School and was employed at the Biltmore Restaurant before her marriage.

The couple is at home at 108 S. Warren-av.

Area Designer Markets Her New 'Shood' Creation

"SHOODS" BY THE SCORE—Mrs. Thomas Van Arsdale, designer of a new type of fitted, lined wool hood, is shown modeling and displaying a number of her creations. The name "shood" was chosen because, Mrs. Van Arsdale said, "Every woman 'should' have one."

One woman's ingenious answer to her own problem has been welcomed by many others this winter.

Mrs. Thomas J. Van Arsdale, 467 Demorest-rd, designed a taffeta-lined wool hood for herself last winter, and found her creation so popular with family and friends that she was swamped with requests for copies.

Believing that many others outside her close circle of acquaintances might also approve of the hood, she visited store buyers last summer and with their approval, went into production.

The enthusiastic response to an ad in this week's classified column provided her with a choice from hundreds of women who were eager to sew, in their homes.

A crew of six now make the hoods in their homes and Mrs. Van Arsdale cuts, packages and delivers them to retail stores in the area.

The most satisfying part of the whole project to Mrs. Van Arsdale is the happy discovery that her small enterprise has been so thoroughly encouraged and helped by big business.

"People have been so very helpful, so generous with advice on every phase of this operation from buying to packaging. I had no idea that really big business heads would take the time to share their knowledge.

"It is most gratifying to know that anyone with an original idea and a little initiative can actually market his own product."

Hard-Working Kiwanis Newsboys Peddle Their Papers Well--Exceed Other Years

MIGHTY DETERMINED LOT—Hilltop Kiwanians turned into desperados last Wednesday at the Everglades to corral a food-lot full of bidders on first editions of the Kiwanis Christmas newspaper. They were shooting for high stakes and got 'em—the auction brought $2,725, or nearly $1000 more than last year; in this gun-slingin' committee left to right are [illegible] Miller, Chairman C. C. Hartley, Ed Johnson, C. H. Campbell, Moss Williams, Don Beal, and Bill Jones. Wednesday night street sale of the papers brought $3,671.57 and advertising netted $4,170. The money is to be used to finance all Kiwanis work in the community in the coming year.

DOING THEIR BIT — Nearly everybody got into the act of bidding for the first Hilltop Kiwanis papers this year. Left to right are Hazel Roberts who headed a delegation of women bidders; Mrs. Robert Walter, 334 Josephine-av, with son, Dave, who bid for Westgate Gra-Y; Lt. Paul R. Heller, representing the Fraternal Order of Police; young Mark Hollowell of the Hilltop Indian Guides, and Don Rice, owner of Westgate Electric who bid $70. Top bid ($75) was made by Great Western Shoppers Mart.

Fire Damages Garage

Fire which the Fire Department said was started by children inside a one-story, two-car, frame garage at the rear of the home of William Fraker at 173 S. Richardson-av, Friday afternoon did damage estimated at $75, of which $50 was to the building and $25 to contents.

PENNY BANKS TOO—Residents of the near East Side gave wholeheartedly to the cause of West Side Kiwanis in its neighborhood canvass Friday night. One Bellows-av woman had no extra change but turned in this penny-bank containing $1.79. Surprised banker, Bill Dearth, is shown the donation by Robert Thompson, 827 Sullivant-av, a volunteer "newsboy" on Clarence Scott's team. West Side Kiwanians netted $1224.52 in street sales (more than $200 of it from Central Point); $2,055 in advertising and gave $183.75 in auctioning off first copies to their own membership.

During the last 17 years, agricultural efficiency has improved as much as in the 120 years previous.

Ohio Quail Shooting Can Keep Those Shotgun Barrels Hot!

INSIDE ON THE **Outdoors** By ROB COCHRAN

I was eating a sausage sandwich at the State Fair and talking about quail hunting with Bob Evans, proprietor of the sandwich stand, when he invited me down to his farm near Rio Grande for a quail hunt this fall.

He was then making plans with his neighbors to sign a quail hunting agreement with the Division of Wildlife that would allow quail hunting on a block of more than 1,000 acres of land in Gallia County. I quickly accepted the invitation to hunt.

Bob called recently and asked if I could make it down the following Saturday. The trip to Rio Grande was made in the darkness of early morning, for he wanted to start hunting at 9 a.m.

Stanley, Bob's son, who is in school at Marietta College, was home for the weekend, and we made it a threesome. Two dogs, Tony a pointer and Pete a setter, accompanied us.

We started out in a field where Evans is converting an abandoned area to lespedeza, a legume that does well in southern Ohio and is an excellent quail food. The dogs were not long in acting "birdy," and then they pointed. Stan moved in on the dogs and a rabbit flushed—then a second rabbit ran out.

Dogs will occasionally point rabbits, so Stan relaxed a bit. At this moment the quail flushed, and none of us connected. Our excuse was the rabbits had thrown us off. It sounded good at the time, but experience throughout the day indicated that our shooting was not expert.

We watched where the covey flew, and flushed the main body of the birds again. From this flush we dropped the first quail of the day. We found two more singles from the covey and Bob shot one of them. From here on it was a succession of coveys and singles until noon. Our bag for the morning was nine birds.

After a hearty meal prepared by Mrs. Evans, we were off again. The afternoon was pretty much a repeat of the morning. Plenty of action, but so-so shooting. The dogs were indispensible, both in finding coveys and singles, and finding dead birds. It was a day to remember, and at 5 p.m. came we had 19 birds—one short of the limit.

No. 8 or 9 Shot Advisable

For my first Ohio quail hunt I used the same shotgun I use on other upland game. It is a 12 gauge pump with a modified choke. Brush loads were used with number eight shot. These shells are designed to scatter more quickly than ordinary shells, and I'm certain they improved my score on quail. Much of our shooting was in brushy areas, and at close range when compared to pheasant shooting. The small, number eight shot is also very suitable for quail hunting. I feel that 7½ is absolutely the largest to use when hunting these birds, and eight or nine is more advisable.

Evans said that most all of his friends down that way have young bird dogs they are training, for good dogs are much in demand and those with quail experience are almost impossible to find. John Halliday, Gallipolis, a well-known sportsman in southern Ohio and member of the Ohio Wildlife Council, has a handsome young pointer he is working on quail this year. We saw John at noon, and he was going to hunt on an adjacent "quail leased" area in the afternoon.

Quail Dogs Scarce

The Division of Wildlife has not observed the amount of quail hunting that it expected this year. Part of the reason may be that not many Ohioans have experience in quail hunting and therefore do not realize that it is one of the finest of outdoor sports. Another reason may be the shortage of quail dogs. In any event, "quail fever" has a good start in Gallia county — there's a saying going around down there, "After one quail hunt, you'll divorce your wife and marry a bird dog."

Quail hunting, in some ways, combines the best of pheasant and grouse hunting. These birds give you plenty of action—they keep your gun barrel hot similar to the way pheasants do on opening day. Hunting is done in brushy, remote areas where the hunters are scarce and the shots difficult — almost like grouse hunting.

Jets Shoot For 800 Sales Of Box Seats Before Season

The Columbus Jets, with an $80,000 season box seat sale as their goal, have already received 353 confirmed box seat reservations for the 1960 season.

This figure betters the pre-Thanksgiving sale of a year ago, when 328 season box seats were in the hopper.

Top season sale in the club's previous five years was 747 box seats in 1958. The season box seat sale reached the 723 mark in 1959.

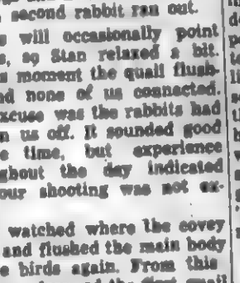
"In view of our second-place finish last year and with a real chance of having a one-two ball club from the outset in 1960, I definitely feel we have an excellent chance of selling 800 season box seats in 1960," said General Manager Harold Cooper.

The seats sell for $100 each on the season, which amounts to a savings of roughly $40. The Jets begin the season with approximately 70 home openings on the schedule, with the box seats selling for $2.00 apiece over the counter.

In addition to the season box seat sale, the Jets are now accepting orders for $10 gift certificates, which when presented at a later date, entitle the holder to a book of 10 general admission tickets to any regularly-scheduled game on the Jets' 1960 home schedule.

LETTERS TO EDITOR

Payola Share Due This Paper



I dunno — maybe you're entitled to some of that payola everybody seems to be getting, for arranging the wonderful community service advertisement plugging our November "Light A Life" campaign.

But seriously, the Council and the children who benefit from the CRC program are deeply indebted to you for your cooperation. The attractive ad was rated one of the finest publicity attractions of our drive.

You should know that you have helped Woody, and the thousands of volunteers who conducted the fund solicitation, to raise $50,000 to educate the mentally retarded youngsters in Franklin County. Many of those we train can now become useful members of society instead of liabilities to their families and community.

Little I can say can express my true gratitude, but I want you to know you have our most sincere and warm appreciation for your very generous help.

Very truly yours,
Joel Snyder
Publicity Chairman

Postmaster Gives Annual Plea For Cooperation—

Postmaster Allen M. Rowe is asking the cooperation of all to assure mail delivery before Christmas Day.

Since Dec. 7, all window service at the main office, stations and branches begins at 7:30 a.m.

Rowe suggests that all mail for distant states should be deposited before Dec. 10 and "local deliveries" sent no later than Dec. 16.

He added the following suggestions:

1. Be sure that mailing addresses are correct.
2. Always write legibly.
3. Use complete addresses, including street, apartment house, rural route and post office box numbers. Avoid abbreviating street or state names. Place your return address on all mail.
4. Use zone numbers in sending and return addresses.
5. Pack and wrap parcels carefully, using quality materials. Parcels should be well cushioned so they don't rattle.
6. Address parcels on one side only, and place a duplicate address within the parcel.
7. Mail holiday greetings with first class postage. They may then be sealed and will be forwarded or returned if undeliverable.
8. Separate your Christmas cards into "local" and "out-of-town" bundles, using the labels distributed by the postmas or station.
9. Greeting cards and written messages may be enclosed in parcels, if so endorsed and given the appropriate postage.
10. Affix the correct amount of postage in the upper right hand corner.

Above all, mail early in the day and often.

DISK JOCKEYS NEXT?

A House subcommittee is ready to sweep its searchlight from the tainted world of TV quiz shows to another phase of show business—disk jockeys and song pluggers.

Charges of skulduggery and bribery in promotion of records, particularly on disk jockey shows on TV and radio, have been received by the House Legislative Oversight subcommittee.

"Certain charges have been made to the subcommittee and we shall look into them," says Robert W. Lishman, subcommittee chief counsel.

Carp Provide Sport For Ohio Anglers

Carp can provide lots of sport for Buckeye anglers, according to John Walker, Wildlife District No. 6, fish management supervisor, Ohio Division of Wildlife.

Walker has proof of his statement. Recently he drained two ponds at the Spring Valley Wildlife Area, Greene County, which had been stocked with carp last March. The carp remaining after a summer of fishing were counted.

In the first pond of less than an acre in area, 209 carp up to several pounds in size had been released to provide bow hunters and others an abundance of opportunity. The carp could be taken by all legal means for rough fish-hook and line angling, snagging, spearing, clubbing and bow hunting.

One-half the carp population was taken during the eight months. This is a high rate of success, according to Walker. Although subject to heavy fishing pressure the carp reproduced well.

The other pond of about one-half acre was stocked with 208 carp of the same size. Here 116 carp, or almost 56 per cent, were harvested by anglers. Carp in this pond also reproduced well.

This experiment indicates that carp are useful in providing sport where fishing pressure is heavy. It tends to prove what some fish experts have always maintained — that carp are important to fishermen.

GIVE A MINUTE BACK!

What America needs is a renaissance of citizenship!

With that remark, Louis B. Seltzer headed into the conclusion of his address at the annual report meeting of Citizens Research held Thursday evening at the Fort Hayes Hotel.

Stunned listeners heard the world famous editor of the Cleveland Press charge that "this generation of Americans is not as staunt as those before."

Admittedly dissatisfied himself, Seltzer said most Americans know something is wrong. They are restless. Symptoms of this are evident in movies, magazines and television.

His words leveled a grave charge at this generation. It comes at a time when America, perhaps more than ever before, must be prepared to withstand determined attacks of conflicting ideologies.

But how many of us are ready to plead guilty to this charge? How many fellow Americans do you know that are unadmittedly or knowingly dissatisfied? What about ourselves?

Have we been willing too long to sit under the tree of democracy "and pluck the ripened fruit while doing nothing to strengthen its roots," as Seltzer pictured?

Being dissatisfied is not a solution. Americans cannot afford to become accustomed to dissatisfaction. We must start now to strengthen our citizenship by actually donating time each week to the American effort.

We must take time to read. We must go out of our way to attend civic meetings. We must make it a point to vote at every election. And we must make ourselves actively interested in the preservation of our American way of life.

As Steltzer put it:

"We must take time to give a minute back to the United States which has given us so much!"

INCOME TAX PAX

Sell Your Stock Losses To Reduce Taxes

Editor's Note: This is the second of a series of articles which will appear in this newspaper relating to the filing of income tax returns. These articles are being prepared by the Public Accountants Society of Ohio, an affiliate of the National Society of Public Accountants.

Do you have stock market losses? If so, then consider selling the stocks now and using the loss to reduce your tax.

Warning! Do not purchase like or similar stock within 30 days before or 30 days after the sale. If you do, the loss is not allowable.

Here is how to figure capital gains and losses. If you have held the asset for more than six months the gain or loss is "Long Term" and if you have held the asset six months or less the gain or loss is "Short Term."

Short term gains are taxed as ordinary income but only fifty per cent of long term gains are taxed. Also, if your taxable income is over $18,000 for a single person or $36,000 for a married couple you should use the alternative tax computation for capital gains and pay only 25 per cent of the total amount of your capital gains as tax.

You add all your long term gains and deduct all your long term losses.

Then add all your short term gains and deduct all your long term losses.

If you have a long term gain and a short term gain, you compute the tax on each separately.

If you have long term gains and short term losses, you deduce the short term losses from the long term gains and compute the tax on the remainder as long term gains.

If you have long term losses and short term gains, you deduct the long term losses from the short term gains and include the remainder as ordinary income.

If you have more losses than gains, or only losses, then you can use the loss to offset ordinary income up to $1,000.

Capital losses, either long or short term, are deductible in full from capital gains. They are deductible up to $1,000 from ordinary income in any one year. If your loss amounts to more than $1,000, it can be carried over and treated as a short term capital loss in succeeding years. You can deduct $1,000 each year for the next five years, if your loss amounts to that much.

Your loss can be deducted in full from capital gains in any year that you have capital gains.

BIBLE COMMENT

Nature Stands Still In Wings For Holiday

Once again we come to that time of year when the trees have lost their foliage, the streams run ice cold and the skies gather overcast.

Color seems to have disappeared from our lives, and the chill seems to crawl into our bones seeking a permanent home until springtime.

Life has subsided to a minimum of necessity. The birds hover in the eaves, dead plants appear as though they never will reawaken.

By the end of December the world of nature we know and enjoy will be almost at a standstill.

What more perfect time of the year could there be to celebrate the birth of the Christ child?

By its very somberness, nature seems to be preparing for the annual visit of this most holy and joyful anniversary.

It is as though the entire world of nature, not wishing to detract from the great event, stands in the wings of the cosmic theater while the greatest of all pageants takes place in the center of the stage for all the peoples of earth to watch with their undivided attention.

The gloom of the season acts almost as a foil to the celebration of the birth. The absence of natural beauty around us appears to emphasize the splendor of the Christmas coming.

The world takes an inferior position, leaving the planet to the world of man that he may sing the praise of the One who devoted His life to him.

Uncle Charley Says:

Many a feller's little cup cake can't bake a biscuit.

Yep, when a kid is bad, take a look at his dad.

VENISON

Deer hunting season in Ohio opened Dec. 16. This year some 40,000 hunters will be combing the Ohio woods and fields for deer. If you are one of the families fortunate enough to get a deer, you will be getting one of Ohio's finest wild grown foods.

Care is Important—If you give your deer the best of care from forest to table, you will have some delicious, appetizing meals for your family. Take care of your deer as quickly as possible to prevent any waste of this valuable wild game.

Seasoned hunters say it's extremely important to keep the carcass cool while taking it home. It's better to put the animal on the top of the car or in the trunk with the lid open than to place it on the fender near a hot motor.

Equally important these veteran hunters say, is to bleed the deer as soon as it has been shot. Blood that remains, lowers the quality of the meat. Meat from a well-bled deer will keep much better.

Aging—Allowing mature carcasses to "age" for several days will improve their edibility. Hanging the carcass in a refrigerated or cold area for at least three to four days is necessary but a week or 10 days may be even better. If the cascass is covered, it helps to keep the meat from dehydrating. The meat may turn dark, but this doesn't hurt the venison a bit.

Venison has a distinctive flavor—Meat from deer as well as from other game has a characteristic flavor. It is not comparable with the meat from any other animal.

If you wish to overcome any gamey flavor, choose a highly seasoned sauce when preparing venison for the table. You may use garlic, onion, tomatoes or spices and herbs such as bay leaves, thyme, and savory during cooking.

Remove Fat for Better Taste—The characteristic venison flavor seems to be concentrated in the fat. So trim the fat completely. Another reason for trimming is that the fat hardens easily, and has a tendency to cling to the roof of the mouth while eating. Like lamb, venison is best when served hot.

General Cooking Methods—A deer gets considerable exercise and the meat is covered with only a little fat. This gives venison a tendency to dry out when cooked. Because the meat is lean and somewhat dry, this can be corrected easily by adding generous amounts of fat. Suet, pork fat, or bacon may be mixed with ground venison, or strips of bacon or salt pork may be placed over the outside of roasts to keep meat from becoming too dry.

Tender cuts of venison, such as rib and loin chops, round steak and leg roast, can be pan—or oven broiled or roasted. The less tender cuts, such as neck, shanks, chuck and breast, should be cooked with moist heat or ground for "deerburgers" or meat loaf.

DEERBURGERS

About a half pound of beef suet, pork fat or bacon ground with five pounds of venison adds juiciness and flavor to deerburgers. A more palatable meat loaf can also be made by using fat in the same proportions.

Snooze In N. Yale-av Home Brings Charges By Police

A snooze in an apartment at 26 N. Yale-av brought charges of malicious destruction of property and intoxication against William H. Jones, 20, of 2168 Harper-rd.

Police said Jones apparently seeking a place to sleep wandered into the David Melfi apartment. Soon after he had entered the home neighbors smelled smoke.

Officers said Jones had fallen asleep on a couch while smoking a cigaret and the couch was set afire.

Neighbors called police who arrested Jones. Firemen who were called added a charge of careless fire. Damage was estimated at $10.

CHECKING RESULTS—Looking over the results of the National Merit Scholarship Examination held recently are two of Franklin Heights top students, Judy Duffey and Mike Hock. With them is their guidance counselor Dean Stoffer.

AT FRANKLIN HEIGHTS

Two Are Rated Tops But Fail To Qualify

How would you like to make an "A" on a final exam but flunk the course? That is comparatively what befell two Franklin Heights High School students who took the National Merit Scholarship Examination last spring.

The two, Judy Duffey, daughter of Rev. and Mrs. John R. Duffey, 67 Lenox-av, and Mike Hock, son of Mr. and Mrs. Daniel H. Hock, 452 Darbyhurst-rd, each passed with flying colors, according to the school guidance counselor, Dean Stoffer.

Out of a total of 180 questions, ranging through such topics as math, history, English and science, Judy answered 128 correctly and Mike 141. Both were ranked in the 99th percentile when the results came in, but it wasn't enough, according to Stoffer.

"In order to compete for the final exam and a scholarship, the youngsters would have had to rank in the 99.5 percentile," he said.

Some 556,000 students from over the country took the exam, he pointed out. In Ohio alone, some 30,000 to 40,000 high school youths tried for the scholarships.

Judy and Mike said that the entire exam was taken over a "two-hour period of time."

Judy, who has maintained a 3.63 average thus far this year, plans to study art at college. At present she is interested in physics and English.

Mike says he plans on "doing something in the sciences."

Their reaction at finding out their results of the exam? Both were surprised they had competed so well, but were a little disappointed when they found out their efforts were not good enough.

From The

Top O' The Hill

By Betty Daft

Fern Sharp entertained her mother, Mrs. C. E. Sharp of 2263 W. Broad-st, on her TV program last week, on the occasion of Mrs. Sharp's 86th birthday. A charter member of Highland Garden Club, she is still active in the organization.

Lt. James F. Lorenz, Jr., son of Rev. and Mrs. James F. Lorenz, 3009 Fremont-st, has returned to active duty with the U.S. Air Force. Jim, his wife, Dolores and son, Mark left for their new home in Plattsburg, N. Y., Nov. 25.

A two-year-old member of the Santa Claus set has come up with a real poser this year. Matt, son of Mr. and Mrs. Jack Sauer, has informed the jolly old gentleman, 'I want 'Flippo' for Christmas."

It won't seem quite the same around the W. Mound-st at Whitethorne-av corner after Thursday. Mr. and Mrs. Roy (Mac) McCarty will leave tomorrow for Ocala, Fla., to operate their newly-purchased motel there. Roy has operated the service station on the corner, and the couple has lived right behind the station for 20 years. Their son, Jim, already in Florida, will help operate the motel.

New man at the service station is Harold Crego, who has been at E. Fifth-av at Summit-st for 19 years.

Mrs. R. A. Beard, 3050 Steele-av, traveled to the Lima suburb of Shawnee to spend Thanksgiving weekend with her daughters and grandchildren. Bettiras is the wife of Rev. Robert Kimes, son of Mr. and Mrs. Ralph Kimes of Highland-av, and pastor of Shawnee Methodist Church. The couple has two children. Lavonne is now Mrs. Robert Holladay. Her husband is a physician in Shawnee and they have two sons.

Several other former Hilltoppers also live in the community. Among them are Harold Beckett, music teacher in Shawnee schools and Shawnee church choir director. He is the son of Mrs. H. I. Beckett of Sullivant-av. His wife is the former Juanita Cannon, daughter of Mr. and Mrs. William Cannon of Chase-av.

Burgess WSCS

WSWS of Burgess Avenue Evangelical United Brethren Church will meet Thursday, Dec. 10, 7:45 p.m.

Murray, however said that as much as 37 percent of inbound travel was "through-traffic." He said the proposed roadway was important for the traffic of the future.

Such federal road projects have also been important in Civilian Defense emergency exodus planning. Construction has been financed 90 percent by federal tax money, and the rest is split by state and local government. Federal cutbacks, however, have jeopardized some of the work.

"Mall" Idea By-Passed

Other items on the Urban Land Institute agenda of interest to West area residents were largely passed over. No comment was given to a suggested "mall" of public buildings extending from the river west to Sandusky-st and from Broad-st south to Town-st.

The plan, presented by veteran civic center architect, Ernest Stork, presumably could have included a new state office building or two. Instead, the panel recommended that they be kept within walking distance of the Capitol—either along Front-st or on N. State-st, between Third and Fourth-sts.

The panel also favored a future sports arena just west of the new Veterans Memorial building on W. Broad-st. The arena was in the original concept of the center but was deleted because of lack of funds.

W. Broad Bus Connections Will Change

West Area Patrons Can Ride To Broad-High Spot After Jan. 4

A change in the W. Broad-st line of the Columbus Transit Co. effective Jan. 4 is designed primarily to take passengers to Broad and High-sts, a company spokesman said Wednesday.

Under the new routing, Hilltop and West Side passengers can ride out to Fairwood and Oak-st, and then to Mt. Vernon-av and Woodland if they wish.

The new route from Southampton and W. Broad will be as follows: East to Broad and Third-sts, south on Third to State-st, then over the Oak-st line to Fairwood. The bus line will next go on Oak-st to Grant-av, south to State-st, north on High-st to Long st, east on Long to Cleveland-av, then to Mt. Vernon and east on Mt. Vernon to Woodland.

The line will then return over the present Mt. Vernon-av line.

CTC President Edward Pellinsier said the changes will mean that passengers who now have to walk to Front-st to catch their Mt. Vernon coaches will be able to get them on the east side of High-st between State and Long-st at all regular bus stops.

Company officials said they feel the changes will result in smoother operations and better service.

Don't Let Your Christmas Spirit Get Out Of Hand

This is the season when we people in the newspaper business begin getting calls asking if we know of a needy family. Generally the person inquiring advises that his or her group has had a fund raising project and now they want to know where to spend the money.

This is also that time of the year when a lot of people who "know the ropes" make their calls and ask for aid. Many of them are not deserving.

It is a fine thing that people get the Christmas spirit and want to help needy families. But it is very important, that their efforts are not misdirected.

We would suggest that if you are interested in aiding a needy family call the United Community Council, CA. 8-3096, and explain what you want to do. They in turn have ways of checking on these needy families.

Even if you have a family in mind why not satisfy yourself by inquiring if they are really deserving. The Community Council reports that last year 390 families in the county were left out while numerous families received duplicate aid.

Wants To Stay East

The newly-appointed Safety Director Albert Giles is a resident of Bexley at 221 N. Ardmore-rd, but around the first of the year when he takes over his new job in Mayor Westlake's cabinet he would like to be a resident of Columbus. He prefers the East Side, somewhere in Eastmoor or Berwick. He is a prospect for a home in that area. Any suggestions?

Nippert Idea Is Good

Nippert Electric Product Co., has mailed out a letter to its suppliers indicating its appreciation for the fine services provided by these suppliers in the past year. In turn they ask that the suppliers refrain from sending gifts at the holiday season to any member of the local manufacturing company staff.

The firm is to be complimented. Dependability, quality products and fair prices are the best gift any firm can expect from its suppliers.

Give a Gift That Will Serve the Community Well

As the first of the year rolls closer and many people are wondering and worrying about departing with their hard-earned money to Uncle Sam in the form of income tax it might be well for those who can afford to do so to give some serious thought to a special Christmas gift.

The YMCA and YWCA are still engaged in their big financial drive to obtain funds for new buildings in Columbus. The entire city will profit by and enjoy these facilities once they are available. A new Hilltop Y is under construction but not enough money is on hand for the swimming pool. The South Side and Spring Street Y's need new buildings. The YW is in serious need of new residence quarters.

Homemakers Column Starts

Starting with this issue our homemaker readers will find a column entitled, "Homemaker's Hints." These are prepared by Mrs. Bertha Everhart, Home Economics Agent.

Mrs. Everhart holds a Bachelors and Masters degree in Home Economics from the Ohio State University. She has served nine years with the Extension Service, an out-of-school educational program, which is a division of the University College of Agriculture and Home Economics. Extension education is free of charge to everyone in Columbus and Franklin County.

Bulb Snatchers On Prowl Again

Bulb snatchers of the meanest variety—the ones who prey on Christmas decorations—are on the prowl again.

Ralph Miesse, resident at the home of invalid Mrs. Grace Reese, 204 S. Harris-av, reported that a dozen of the expensive lights were taken from that address Saturday. They had been up only a day.

In some cases, residents report that the bulbs are smashed on the spot by vandals.

Line Change Requested

Stallman Gear Manufacturing Co., 527 W. Rich-st, has asked for a variance in setback line regulations so that it may build a plant addition.

The item will come before the board of zoning adjustment, City Hall, at 2 p.m., Friday, Dec. 18.

County Cancer Unit Relocates On Hilltop

Franklin County Unit of the American Cancer Society has moved its offices to 2300 W. Mound-st. Need for more space to accomodate its stepped-up county-wide program was cited by president Chaney D. Moss as the reason for the move.

Unit officials now occupy a first floor location of 2,000 square feet at S. Wheatland-av, and W. Mound-st. Since 1954 they have been quartered in the City Health and Safety Building.

Franklin County Unit was formally organized in 1949 by a group of volunteers whose aim was to crusade in the fight against cancer. "At the time one out of every seven patients was being saved," one of the workers said. "Since then progress has been made to the point where the ratio currently stands at one out of every three being saved. And with early detection and present known methods of cure, one out of every two could be saved if diagnosed early enough."

In its new location the Franklin County Unit plans to expand its three-point program of research, education, and service—and conduct the 1960 Cancer Crusade here in April.

In 1959 the unit directly served 47,271 county residents. Physicians, dentists, and nurses as well as the general public were included in a comprehen-

West Side Service Groups Help Down-and-Out Family

At this time of year most people are able to give—but a few suffer quietly and must receive.

Such was the plight of a family at 214 S. Yale-av this past week.

While the West Side Kiwanians were selling their Christmas newspapers door-to-door the evening of Dec. 4 one worker found a completely destitute family.

As Kiwanian Jack Williams described it: "They had absolutely nothing." He found Mrs. Alice Gibson, her four-year-old twin boys, an 11-year-old son, a sister, 18, and her father sitting on wooden boxes or huddled on simple throw rugs. The only other thing in the cold house was a two-burner hot plate. They had no food.

It was learned that the father, Floyd Maynard had once worked at Mt. Carmel Hospital. He moved to Huntington, W. Va., and two weeks ago decided to return to Columbus with his daughter's family. Mrs. Gibson said her husband is dead.

Maynard said he has applied for work at several hospitals but has turned up none.

This week several West Side service and welfare agencies have aided the family.

A stove was donated and the Kiwanians and West Side Boys Club personnel arranged for its

Local Railroad People Honored

FAITHFUL VOLUNTEER—Mrs. Edna Bishop, cited for many hours of volunteer work for the Red Cross, meets Baltimore and Ohio official, C. E. Van Allen.

Three Hilltoppers—two men and a woman—were recognized Dec. 9 for outstanding service to the community.

Honored by the Railroad Community Committee at a luncheon at the Deshler Hilton Hotel were Mrs. Edna A. Bishop, 401 N. Warren-av; John L. Biete, 624 Wedgewood-dr; John G. Davis, 243 N. Harris-av; and two others—Marvin L. Harmon and Herbert J. Hammers, from elsewhere in the city.

Don F. Rehl, chairman of the rail group, said the local winners were selected by a panel of four judges from nominees submitted by the five railroads serving the Columbus area. He said they were picked on the basis of their participation in civic, youth, church, club and business activities, with particular emphasis on leadership qualifications.

Each was presented a gold plated slice of railroad track by Herbert S. Levy, executive vice-president of the Union Co.

Mrs. Bishop is a yard clerk for the Baltimore and Ohio, but much of her extra time is spent in service with the Red Cross. She has donated 21 pints of blood—four times for emergency heart surgery and leukemia. In 1958 she logged 324 hours as driver of Bloodmobile.

Biete, a clerk for the Norfolk and Western, was cited for his activity with St. Paul's Evangelical and Reform Church; Boy Scouts, South Side Kiwanis, Masons, railroad labor and employe organizations and in securing voter registrations on a non-political basis.

Davis is a cashier for the Norfolk and Western. He was singled out for his work with Hoge Memorial Presbyterian Church, Boy Scouts, West High School Band Parents Club and Parent-Teachers Association; Hilltop Kiwanis, Masons and Norfolk and Western Company employe organizations.

Executives who judged the nominations were: Dr. Harold H. Eibling, superintendent of Columbus Public Schools; G. Weir Hartman, Columbus Area Council of Churches; Henry Flaharty, Columbus Coated Fabrics; and Charles Y. Lazarus of F&R Lazarus and Co. Co.

Murray, however said that as much as 37 percent of inbound travel was "through-traffic." He said the proposed roadway was important for the traffic of the future.

Such federal road projects have also been important in Civilian Defense emergency exodus planning. Construction has been financed 90 percent by federal tax money, and the rest is split by state and local government. Federal cutbacks, however, have jeopardized some of the work.

"Mall" Idea By-Passed

Other items on the Urban Land Institute agenda of interest to West area residents were largely passed over. No comment was given to a suggested "mall" of public buildings extending from the river west to Sandusky-st and from Broad-st south to Town-st.

The plan, presented by veteran civic center architect, Ernest Stork, presumably could have included a new state office building or two. Instead, the panel recommended that they be kept within walking distance of the Capitol—either along Front-st or on E. State-st, between Third and Fourth-sts.

The panel also favored a future sports arena just west of the new Veterans Memorial building on W. Broad-st. The arena was in the original concept of the center but was deleted because of lack of funds.

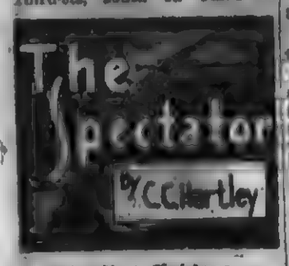
W. Broad Bus Connections Will Change

West Area Patrons Can Ride To Broad-High Spot After Jan. 4

A change in the W. Broad-st line of the Columbus Transit Co. effective Jan. 4 is designed primarily to take passengers to Broad and High-sts, a company spokesman said Wednesday.



Under the new routing, Hilltop and West Side passengers can ride out to Fairwood and Oak-st, and then to Mt. Vernon-av and Woodland if they wish.

The new route from Southampton and W. Broad will be as follows: East to Broad and Third-sts, south on Third to State-st, then over the Oak-st line to Fairwood. The bus line will next go on Oak-st to Grant-av, south to State-st, north on High-st to Long-st, east on Long to Cleveland-av, then to Mt. Vernon and east on Mt. Vernon to Woodland.

The line will then return over the present Mt. Vernon-av line.

CTC President Edward Pallister said the changes will mean that passengers who now have to walk to Front-st to catch their Mt. Vernon coaches will be able to get them on the east side at High-st between State and Long-st at all regular bus stops.

Company officials said they feel the changes will result in smoother operations and better service.

Don't Let Yeary Christmas Spirit Get Out Of Hand

This is the season when we people in the newspaper business begin getting calls asking if we know of a needy family. Generally the person inquiring advises that his or her group has had a fund raising project and now they want to know where to spend the money.

This is also that time of the year when a lot of people who "know the ropes" make their calls and ask for aid. Many of them are not deserving.

It is a fine thing that people get the Christmas spirit and want to help needy families. But it is very important, that their efforts are not misdirected.

We would suggest that if you are interested in aiding a needy family call the United Community Council, CA. 8-3696, and explain what you want to do. They in turn have ways of checking on these needy families.

Even if you have a family in mind why not satisfy yourself by inquiring if they are really deserving. The Community Council reports that last year 390 families in the county were left out while [illegible] families received duplicate aid.

Wants To Stay East

The newly-appointed Safety Director Albert Giles is a resident of Bexley at 221 N. Ardmore-rd, but around the first of the year when he takes over his new job in Mayor Westlake's cabinet he would like to be a resident of Columbus. He prefers the East Side, somewhere in Eastmoor or Berwick. He is a prospect for a home in that area. Any suggestions?

Nippert Idea Is Good

Nippert Electric Product Co., has mailed out a letter to its suppliers indicating its appreciation for the fine services provided by these suppliers in the past year. In turn they ask that the suppliers refrain from sending gifts at the holiday season to any member of the local manufacturing company staff.

The firm is to be complimented. Dependability, quality products and fair prices are the best gift any firm can expect from its suppliers.

Give a Gift That Will Serve the Community Well

As the first of the year rolls closer and many people are wondering and worrying about departing with their hard-earned money to Uncle Sam in the form of income tax it might be well for those who can afford to do so to give some serious thought to a special Christmas gift.

The YMCA and YWCA are still engaged in their big financial drive to obtain funds for new buildings in Columbus. The entire city will profit by and enjoy these facilities once they are available. A new Hilltop Y is under construction but not enough money is on hand for the swimming pool. The South Side and Spring Street Y's need new buildings. The YW is in serious need of new residence quarters.

EVERYBODY HELPS—Moving day of the American Cancer Society's Franklin County Unit to its new location at 2300 W. Mound-st, next to Hilltonia Branch Library, found everyone lending a hand. In the photo lower left, Mrs. Dewey and Dr. Miles, Unit board members, read with approval the newly-installed sign. County Cancer Unit Relocates On Hilltop

Franklin County Unit of the American Cancer Society has moved its offices to 2300 W. Mound-st. Need for more space to accomodate its stepped-up county-wide program was cited by president Chaney D. Moss as the reason for the move.

Unit officials now occupy a first floor location of 2,000 square feet at S. Wheatland-av, and W. Mound-st. Since 1954 they have been quartered in the City Health and Safety Building.

Franklin County Unit was formally organized in 1940 by a group of volunteers whose aim was to crusade in the fight against cancer. "At the time one out of every seven patients was being saved," one of the workers said. "Since then progress has been made to the point where the ratio currently stands at one out of every three being saved. And with early detection and present known methods of cure, one out of every two could be saved if diagnosed early enough."

In its new location the Franklin County Unit plans to expand its three-point program of research, education, and service — and conduct the 1960 Cancer Crusade here in April.

In 1959 the unit directly served 47,271 county residents. Physicians, dentists, and nurses as well as the general public were included in a comprehen-

HOUSE WAS BARE

West Side Service Groups Help Down-and-Out Family

At this time of year most people are able to give—but a few suffer quietly and must receive.

Such was the plight of a family at 214 S. Yale-av this past week.

While the West Side Kiwanians were selling their Christmas newspapers door-to-door the evening of Dec. 4 one worker found a completely destitute family.

As Kiwanian Jack Williams described it: "They had absolutely nothing." He found Mrs. Alice Gibson, her four-year-old twin boys, an 11-year-old son, a sister, 18, and her father sitting on wooden boxes or huddled on simple throw rugs. The only other thing in the cold house was a two-burner hot plate. They had no food.

It was learned that the father, Floyd Maynard had once worked at Mt. Carmel Hospital. He moved to Huntington, W. Va., and two weeks ago decided to return to Columbus with his daughter's family. Mrs. Gibson said her husband is dead.

Maynard said he has applied for work at several hospitals but has turned up none.

This week several West side service and welfare agencies have aided the family.

A stove was donated and the Kiwanians and West Side Boys Club personnel arranged for its

Bulb Snatchers On Prowl Again

Bulb snatchers of the meanest variety—the ones who prey on Christmas decorations—are on the prowl again.

Ralph Miesse, resident at the home of invalid Mrs. Grace Roese, 204 S. Harris-av, reported that a dozen of the expensive lights were taken from that address Saturday. They had been up only a day.

In some cases, residents report that the bulbs are smashed on the spot by vandals.

Line Change Requested

Stallman Gear Manufacturing Co., 827 W. Rich-st, has asked for a variance in setback line regulations so that it may build a plant addition.

The item will come before the board of zoning adjustment, City Hall, at 2 p.m., Friday, Dec. 18.

Service Planned Thursday For Hilltop Murder Victim

Funeral service for Mrs. Roberta Ann Throckmorton, 20 of 501 S. Warren-av, will be held Thursday, 10 a.m. at Woodyard Chapel.

Mrs. Throckmorton was found dead Monday morning in an upstairs bedroom in her home, after her husband walked into Upper Arlington police headquarters and confessed ham[illegible]ing her to death Sunday.

Charles T. Throckmorton, 22, pleaded innocent in Municipal Court Tuesday of second-degree murder and was bound to the grand jury under $10,000 bond.

Dr. Robert A. Evans, coroner, said the victim died of skull fractures and brain d[illegible] from a series of blows about her head and face.

Throckmorton is the son of Upper Arlington Police Lt. John H. Throckmorton. He worked as a lineman for Ohio Bell Telephone Co.

Mrs. Throckmorton worked at Employes Buying Service, 18 E. Chestnut-st.

The couple were the parents of two sons, Charles, Jr., three and Brett who will be one on Dec. 31.

Also surviving are Mrs. Throckmorton's parents, Mr. and Mrs. Lloyd Sheridan of 1920 Jackson-pk; brothers, Tilden, 13 and Lloyd, Jr., a sailor; three sisters, Mrs. Shirley Chesser, Mrs. Laura Hewlett and Georgia Sheridan, all of Columbus.

Mrs. Throckmorton was a member of Thomas Avenue Church of Christ.

Local Railroad People Honored

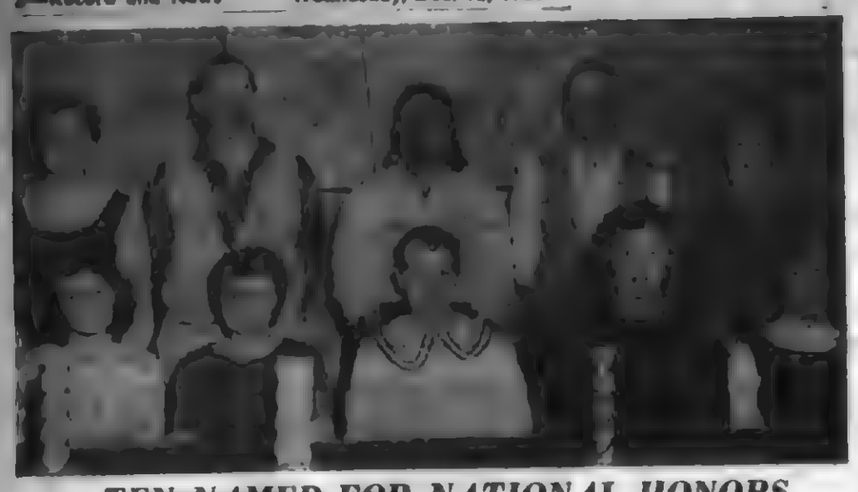
FAITHFUL VOLUNTEER—Mrs. Edna Bishop, cited for many hours of volunteer work for the Red Cross, meets Baltimore and Ohio official, C. S. Van Allen.

Three Hilltoppers—two men and a woman—were recognized Dec. 9 for outstanding service to the community.

Honored by the Railroad Community Committee at a luncheon at the Deshler Hilton Hotel were Mrs. Edna A. Bishop, 401 N. Warren-av; John L. Biete, 524 Wedgewood-dr; John G. Davis, 243 N. Harris-av; and two others—Marvin L. Harmon and Herbert J. Hammers, from elsewhere in the city.

Don F. Rehl, chairman of the rail group, said the local winners were selected by a panel of four judges from nominees submitted by the five railroads serving the Columbus area. He said they were picked on the basis of their participation in civic, youth, church, club and business activities, with particular emphasis on leadership qualifications.

Each was presented a gold plated slice of railroad track by Herbert S. Levy, executive vice-president of the Union Co.



Mrs. Bishop is a yard clerk for the Baltimore and Ohio, but much of her extra time is spent in service with the Red Cross. She has donated 21 pints of blood—four times for emergency heart surgery and leukemia. In 1959 she logged 284 hours as driver of Bloodmobile.

Biete, a clerk for the Norfolk and Western, was cited for his activity with St Paul's Evangelical and Reform Church, Boy Scouts, South Side Kiwanis, Masons, railroad labor and employe organizations and in securing voter registrations on a non-political basis.

Davis is a cashier for the Norfolk and Western. He was singled out for his work with Hoge Memorial Presbyterian Church, Boy Scouts, West High School Band Parents Club and Parent-Teachers Association; Hilltop Kiwanis, Masons and Norfolk and Western Company employe organizations.

Executives who judged the nominations were: Dr. Harold H. Eibling, superintendent of Columbus Public Schools; G. Weir Hartman, Columbus Area Council of Churches; Henry Flaharty, Columbus Coated Fabrics; and Charles Y. Lazarus of F&R Lazarus and Co. Co.

Students Taught Via TV In Education Experiment

by LESLIE SHELHART

A new program of experimental classes is underway this year at Central.

The first, a tenth grade English class, is conducted by Miss Elizabeth Moore. The students in Miss Moore's class watch 20 minutes of English instruction over television.

William Disbro broadcasts each day from WOSU in cooperation with Ohio State University and The Columbus Board of Education. The last part of the period is spent on regular classroom discussion.

Another television experimental class is conducted by Dr. John Baxter of the University of Florida in George Bower's chemistry class.

Half of the period is spent watching television and the other half in spent duplicating the experiment seen. Mr. Bowers says the class is a lot more attentative and that the TV film covers things that can only be done with a camera.

Many experiments and demonstrations that could not normally be conducted because of large classes and poor visibility can now be seen easily on television. Almost any degree of magnification can be seen by the entire class as a whole, instead of crowding the class around two or three microscopes.

Both classes are made possible by the Ford Foundation.

The third class is Physical Science II. The rapid expansion of science and technology now requires boys and girls to finish school and be competent in science.

General Science II is mainly physical rather than biological. It is a general course which cuts across subject matter drawn from chemistry, physics, astronomy, geology, and meteorology.

The course is being offered as an elective course to eleventh and twelfth grade students.

Attends Rotary Lunch

Sonja Kovich and Raymond Kidner, both seniors, were entertained recently at the Rotary Luncheon given by the Columbus businessmen's Rotarian Club.

Meet Walter Evans-New Game Protector

The new game protector for this area is a sportsman who likes to hunt and fish.

Walter Evans, who lives with his wife, Virginia at 577 Harley-dr, has been on the job for less than two weeks although his employment with the Division of Wildlife began last Sept. 15. Evans and 24 other "students" entered Wildlife's training school then, and have seen a good deal of the division's operation in the last three months.

Recently graduated from Ohio State University, Walter Evans holds a degree in wildlife management. He has lived in Columbus for 16 years, and his wife is also from this area. So Evans is no stranger to his new assignment. College was interrupted for a two-year hitch in the Marines, when Evans was with the Second Marine Division. "The only excitement happened just after I was discharged," said Walter, "when my outfit was sent to Lebanon."

Walter Evans

Likes River Fishing

As far as fishing in Franklin County is concerned, Walter's favorite spot is the Scioto River in the northern part of the county. Here he likes to fish for smallmouth bass and catfish. He uses both artificial and live bait—whatever they're hitting on best. Hoover Dam has attracted him for several fishing excursions, as it has most other fishermen in this vicinity. Walter said he has caught quite a few walleyes there, but none of them were very big.

In the gunning department, it is rabbit hunting all the way for our new game protector. He has taken his wife hunting this year in an attempt to convert her to outdoor sports. "And I think she's going to make a hunter," he added. The Evanses expect to move out of the apartment they are now living in sometime next year at which time Walter expects to get a basset hound to help him hunt rabbits.

Are Educators Too

The profession of game protector has come a long way in recent years. There was a day when the popular conception was a man hiding in the bushes waiting for someone to commit a violation. Now game protectors help people obey the laws. They give many talks to sports and farmer groups and also lecture in schools—they show movies and spend a lot of time explaining the fish and game regulations and the reasons back of them.

The phrase for this is "preventive law enforcement," but a simpler explanation is that they help people do the right thing. It is not unusual to find a man with college training or who holds a college degree filling the job of game protector. This is a technical job nowadays, and a basic knowledge of biology and fish and game management principles is needed.

Area Deer Hunters Successful

Reports of successful out-of-state deer hunts are filtering in.

The most unusual comes from Arick Naeder, Lilly Chapel, who was hunting in Pennsylvania. He sighted a buck and shot, and as he rushed up to the deer another hunter met him. It seems that both had shot at the same time, and neither heard the other shot. To solve the problem they divided the venison.

Tom Maggard, of the M and T Sohio station in West Jefferson, brought a deer back from a hunting trip to the Seneca State Forest in West Virginia. Pete Thacker, Darbyrest, hunting near Spruce Knob, W. Va., also returned with a deer.

NEWEST MEMBER OF COUNCIL

Prairie-Lincoln Gra-Y Organized

Newest member of the Hilltop YMCA Gra-Y Council is the Prairie Lincoln Chapter.

The Lincoln Village group recently received its charter at Westmoor High School during induction and installation services.

Jim Smith received the charter on behalf of Troy Mills, principal of Prairie Lincoln.

Each Monday, immediately after school, the Prairie Lincoln club meets under the direction of Bert Korte, member of the Hilltop YMCA staff. Earlier in the year the club held an election to choose the leaders for the coming year.

Chosen were Rick Hunger, president; Richard Clipner, vice-president; Daryel Garnes, secretary; Bill Clark, treasurer; Terry Smith, chaplain; and Louie Boggs, sergeant-at-arms.

Four officers at each of the 10 clubs in the Gra-Y Council meet once a month at the Hilltop YMCA to discuss programs coming up and problems which are of concern to individual groups.

Last year the council set up standards for the selection of a Gra-Y Club-of-the-month. The club with the best regular attendance at meetings and payment of dues, attendance at church or Sunday School, conduct in weekly meetings, participation in all Gra-Y activities is presented a banner for the coming month which names them as the Club-of-the Month. At the end of the year, monthly totals are added up to decide the recipient of the Gra-Y Club-of-the-Year award.

At a recent meeting the club decided to enter the Hilltop Gra-Y basketball league. The club will be divided into two teams, an "A" team for boys 11 and over and a "B" team for boys 8-10. Prairie Lincoln will be a member of the North section which will play its games at West Broad Street school.

Members of the group decided that their team name will be the "Eagles" and their colors will be black and white. This basketball program is aimed at teaching the boys to play ball correctly with emphasis put on good sportsmanship.

All boys desiring to play will play at least one quarter of each regularly scheduled game.

Members of the club are Rick Hunger, Richard Clipner, Daryel and David Garnes, Bill Clark, Terry Smith, Louie Boggs, Ray Stump, Steve Sidle, Norman Hilling, Jim Upson, David Smith, Howard Perkins, James Mitchell, Jim Schwaigert, Mark Keaney, Alvin Mann, Jim Rauberts, Jeff Minnick, Steve Thompson and Don Michalak.

OFFICERS SET SOME ADVICE—Newly-elected officers of the Prairie-Lincoln Gra-Y hear some sage words from Bert Korte of the Hilltop YMCA staff. From left to right, Daryel Garnes, secretary; Richard Clipner, vice-president; Bill Clark, treasurer; Korte, Rick Hunger, president; Louie Boggs, sergeant-at-arms; and Terry Smith, chaplain.

Homemaking Hints

Now Is Good Time To Check On Your Home's Lighting

Bertha B. Everhart

With the advent of shorter daylight hours comes school homework, more reading, sewing and hobbies requiring really good artificial light. Check your home lighting. Does it date back to horse and buggy or Model "T" days?

Recently the Home Demonstration Clubs studied home lighting, after which members made many recommended improvements. Some purchased new swing-arm type of table and floor lamps with diffuser bowls for the maximum amount of comfortable light.

Check your lighting equipment and prepare for the long dark evenings ahead.

- Replace worn, blackened bulbs with new ones for brighter light.
- Perhaps some areas need bulbs of higher wattage for maximum light.
- Check your house wiring for overloading. If your radio sputters, lights dim, or a fuse gives way when another light switch is turned on or a piece of equipment connected, you are not getting the maximum amount of light and power. Besides, there is the fire hazard involved. Ask an electrician to check this.
- Replace worn light cords and, avoid the use of extension cords leading to lamps, for greater efficiency and safety.

TABLE LAMPS

Measure the height and location of your table lamps. Briefly, the base of the lamp should be about opposite the shoulder and in a line 20" to the right or left of the center of the body. The shade of a table lamp should measure 16" in diameter across the top, 16" across the bottom, and six to 10 inches in depth. It may be any color which harmonizes with the room furnishings and is about the same value as the wall coloring, providing it has a white lining. Off-white to beige color shade coverings are generally most comfortable. A "certified lamp makers" shaped diffusing bowl directs more light downward than does the usual "bowl shaped" diffusing bowl.

Bulbs which give the greatest amount of light with a diffuser bowl are combinations of 50-100-150 watt or the new 50-200-250 watt in a table lamp. The latter may also be used without a diffuser bowl. If your lamp has no diffuser bowl the R-40 white indirect bulb in 50-100-150 watts gives more light than a standard three-way bulb. This is a mushroom shaped bulb which requires a "wide harp" (the wire over the bulb which supports the shade). If your lamp does not have a wide harp one may be purchased at the dime store and easily installed to permit the use of the wide R-40 bulb.

The lower end of the lamp socket should be exposed about one to one and one-half inches below the edge of the shade to permit spread of light over a maximum area. If the lower edge of the shade hides the lamp socket or is less than 15 inches from the table, a one or two inch "riser" may be purchased at a dime store and placed on top of the "harp" to raise the shade, thus giving a greater circle of light.

FLOOR LAMPS

The most desirable floor lamps are the tall, straight stemmed or the double swing-arm types. Floor lamps should have a 10" diffuser bowl and carry a 100-200-300 watts bulb for reading and sewing. The lower edge of the shade should be about 47" from the floor. The shade should measure approximately 16" or more in diameter across the top, 18" to 18" across the lower edge and 10" in depth.

Since the lower edge of the shade of a floor lamp is above eye level, the lamp should be placed so that its upright stem is about 10" behind the shoulder, near the rear corner of the chair.

DESK OR STUDY LAMPS

Proper lighting encourages concentration and good posture. You get more light and a more comfortable light with any desk or study lamp if the surrounding wall and the desk are light in color. Dark colors absorb light and create a distracting contrast to reading and writing materials. A large light-colored blotter may be used to cover a dark desk top. Adjacent dark or bright walls may be covered with light colored tackboard or other material to give a light background.

Lamp shades of study lamps should be fairly dense or opaque so that light does not shine through the shade. Like any lamp, the lining of the shade should be pure white. Specifications for a good desk lamp are the same as for a good table lamp. Two pin-up lamps (one over each end of a desk) with six inch plastic diffuser bowls or flat plastic discs below the bulb, give desirable light and free the desk for the work at hand.

Whether studying, reading or watching television, some general lighting in the room is more comfortable and less tiring.

This is a good time of year to check up on your home lighting for a brighter outlook toward the long winter evenings ahead.

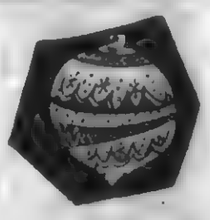
Sir, remember a few years ago, between 9 and 10 p.m. — all Columbus played on record players — "Silent Night?"



I and dozens of others would like that every Christmas Eve, between 9 and 10 — one song.

I know if you run a little item in your paper asking Hilltoppers they would say "Yes."

Will you please? It should happen the 24th of December—just as Christmas is on the 25th. Will be looking. A subscriber and Hilltopper.

'New Hope For Young Hearts' Assured By Volunteer Groups Of Kinder Key Carolers

CHRISTMAS CAROLERS—One of the many groups caroling for Kinder Key, Dec. 15 and 16, is the Hilltop Women's Chorus. The 37 active members, including homemakers, nurses and business women, will be donating their time and voices in the interest of "new hope for young hearts." They will sing through the Hilltop area and accept donations for the Kinder Key Heart Laboratory at Children's Hospital. From left are, back row, Ruth Slaughter, Garnett Keith, Thelma Neal, Ernestine Schomann, Catherine Hughes and, front row, Evelyn Rigler, social chairman; Elizabeth Burch, assistant secretary; Velma Kidwell, president; Bartha Masters, director; Wilma McDonald, vice-president, and Ruth Patterson, chaplain.

The Hilltop Women's Chorus, organized as the John Burroughs School Chorus 20 years ago, has sung for many civic organizations. They now sing mostly for their own enjoyment but will be singing for Kinder Key Heart Laboratory tonight.

After the caroling they will gather at the home of Mrs. Violet Baus, 211 N. Chase, for coffee.

This year will mark Kinder Keys' sixth annual community Christmas caroling program.

It is hoped the caroling will provide enough money to assure the maintenance and expansion of the Kinder Key Heart Laboratory for children for another year.

All funds received by carolers will go directly to the Kinder Key Heart Laboratory.

Other area groups caroling for the cause are Glenwood Methodist Church Junior Youth Fellowship; West High School—ten groups averaging ten students each group; Mound Street School—11 groups averaging ten each group.

Hilltonia Junior High School—two groups, Concordia Lutheran Church—20 to 30 persons on a truck will carol Lincoln Village and Roma, Hillcrest CCL, 16 women.

Tumbleweed and Pioneer CCL groups and St. Brandon's Parish in Hilliard.

Did a green glass plate with three legs become a white elephant? That's not meant to be a riddle. Mrs. Marie Watts is hoping to find a valued cake plate belonging to a West Broad elementary teacher. The plate disappeared during the school's Fun Night Nov. 19, and may have been placed by mistake in the "white elephant" sale. The wayward plate will be returned to its grateful owner if the finder will call Mrs. Watts at BR. 4-8790.

H. H. Herron, 71 Eldon-av, 78 years old today, shot a deer in Potter County, Pa., Tuesday. A deer hunter for 35 years, he is an experienced woodsman and traveled as a gun salesman for Winchester Arms Co. in West Virginia and Western Pennsylvania for 18 years. Tuesday's deer was antierless and weighed about 100 pounds.

SPORTS of SORTS

Compiled By
Bob Wilcox

Athletic injuries have been a very serious problem since the beginning of sports competition affecting whole teams as well as individuals. Especially since the advent of such rough contact sports as football, injuries have become more and more of a problem . . . and sometimes fatal!

However, with the development of better equipment, facilities, training and conditioning, speed (ambulances) and modern medicine these problems, especially fatalities, have become almost nil.

But in this day of such speed and wizardry this reporter recently observed something very alarming.

One of West High's players was injured in the last football game a few weeks back, at Linden-McKinley. Upon taking him off the field it was found that he needed a hospital check. We were shocked to find that no ambulance was on duty at the game!

In my years of coverage this was the first case of no ambulance on call (at the game). It was necessary to call a police emergency cruiser.

The boy had to wait a good 20 to 30 minutes on the field after the game before motorized help arrived. Fortunately, a doctor was with the team. The boy was not too seriously injured in this case—but, as his mother said sobbingly, while she and other relatives stood around helplessly waiting, "He could be dead while they're (ambulance) coming."

This boy was not in that danger, but complications can develop if proper treatment is not there when necessary. Add to this the pained agony of a waiting parent or loved one and it is not a thing to be overlooked!

The need to call for a police ambulance brought about this series of "delays" . . . the policeman calling out had to wait to use a public phone and clear a line away to use it; the cruiser had to be called from another call so couldn't leave immediately; had to fight outgoing game traffic on the way in.

Of the eight City Loop schools I called, all have ambulances on the scene . . . as it should be. However, there is no City League rule from the Board of Education compelling them to do so . . . but maybe there should be. Either that or one from the OHSSA covering the entire state scene.

Schools certainly shouldn't claim finances as a barrier. But money should be no object when human life and suffering is at stake.

I can't imagine some civic or athletic-minded local funeral director that wouldn't 'loan' his vehicle for a free pass or two.

East Outdoes Central Quintet

In a clash of the undefeated and top '59-'60 City Loop powerhouses last Saturday evening at East, East bested Central, 58-47. East controlled both boards (though they had 26 turnovers) and some fair "country" shooting to outdo the Bucs. Central stayed with the Tigers almost to the finish, but trailed from a 21-31 tie late in the second period on.

Ed Tucker with 14 and Roosevelt Coffey with 10 paced the losers' attack, Leroy Anderson, John Clifton and Alfonso Burke with 21, 11, and 14 points, respectively, paced the victors.

Both teams were playing their second game in two nights. In all fairness to the Pirates, East had a much easier time in downing Linden Friday than the great effort that Central was forced to display to nip west.

CENTRAL — Reeves 2-0-6; Moxley 0-0-0; Tucker 6-2-14; Fostur 4-1-9; Atwell 0-0-0; Coffey 5-0-10; Gray 4-0-8. Totals: 22-3-47.

EAST — Winston 2-1-5; Clifton 5-1-11; Burke 6-2-14; Anderson 7-3-17; Jones 3-1-7; Doughty 0-0-0; Shaw 0-0-0. Totals: 25-8-58.

Family' Bumped

After taking it "on the chin" from Rosary early in the week, Holy Family got bumped again Friday night as they lost to Hartley 48-22. They outscored the victors from the field 12-10, but were outscored at the free throw line by 22-3! That makes their record as of press time, 1-7.

Against Rosary, the visitors got off to a fast start. Midway through the second quarter, H-Family started to hit and pulled up fairly decently by halftime. From there on they matched Rosary almost shot for shot, but the winners had too much of a lead piled up.

H-Family reserves have been losing but by much closer scores than the varsity. Losing to the Rosary reserves by two, they were zipped by Hartley's 21-20.

Locals Win One Apiece

After winning their first game in over a year, two weeks ago, the West Reserves looked like they were going to take another last Friday ove at the expense of Central, defending city reserve title holders. The junior Cowboys posted quarter leads of 8-6, 24-16 and 28-26, but then ran into the same fatal fourth quarter rut. The result: Central 39, West 33.

Anderson with 18 and Johnson with 14 paced the victors while Dwight Newman led West with a fine 22 markers. However the junior Broncos set what may prove to be a record (in reverse) for foul shots missed. They made only 1 of 23! Newman misses 13 out of 14.

Saturday evening, though forced into an over time struggle, the junior Cowboys came through with their second victory of the year over Upper Arlington, 36-34. Freethrow hitting was 10-20 for 50%.

Bill Hunter led the victors with 12 points and some fine board work by Newman and floorwork and scoring by the rest of the squad. U-A led at the end of the first period, 11-10, but West led at halftime, 21-20 and 34-26 in the third, before being tied at the end of regulation play, 34-34.

The East reserves had a fairly easy time with the Central reserves, dumping them 40-29.

Starling Loses

A vastly improved Starling Junior High squad was overtaken by Hilltonia in their opening game.

The final was 33-31 after a great comeback by Hilltonia, paced by Neeley's 10 points. Starling's Dick Evans made 12 markers. A fairly comfortable Starling lead with whittled away in the second half with both squads putting on a nip-and-tuck fourth period.

Starling was home to Johnson Park Jr. High last night and will host Linmoor next Tuesday afternoon in their last 1959 encounter.

Pirates Clip West In Go-Go Thriller

By Bob Wilcox

Last Friday night Central and West hooked up in an old fashioned donneybrook on West's floor that would have been worth twice the price of admission to every fan . . . with or without the neighborhood rivalry angle. At the end, most fans were standing rather than sitting, and very few were not at least a little bit hoarse.

On paper and via the pre-season dope sheets, West (coupled with its first two losses) certainly wasn't in a class with the powerful Pirates and probably physically wouldn't be able to "stay" with their tremendous fast break at all. But the Cowboys not only stayed with the Bucs, they dished it out to them!

This reported had a game to officiate at Linden the same evening, but instead of going home to rest like a sensible man after one of these modern "go-go" games, rushed back across town in the pouring rain to see what little he could of the Buc-Cowboy game. He wasn't disappointed—saw one of the most thrilling games in many a moon!

Central usually in top physical shape and noted for their fabulous racehorse style of play, came to the sidelines for a time-out late in the game and literally "dropped" on the floor to rest. The pace even told them!

The Cowboys seemed to hold up somewhat better under the rush all they employed the most gruelling of defenses—a close man-to-man that was one of the slickest we've seen in quite a while.

The final score? I don't think it meant that much to the spectators . . . they had just witnessed one of the most exciting games in a long time. But to those who like the technical aspects, it was 60-58 Central in an overtime.

Central led at the end of the first period, 10-9, but West held the lead at halftime, 32-29 (probably the largest of the evening) and at the three-quarter mark, 46-46.

From the floor West connected on 22 for 55 for 40% while Central was hitting for 26-59—49%. Central's foul shooting found them hitting on 8-17—47%, while the Cowboys were hitting for 14-24—58%.

This was a game that you would have to call a "deserving" contest for both sides. Central stuck in there and never gave up, thereby keeping within shooting range. West deserved it for splendid play and "heart" against a highly favored opponent . . . never giving up themselves. This was quite evident when Central was making its great stretch drive in the final period to overtake West.

Many teams in West's position would have buckled completely . . . but West never did.

Castle's Fall Ignored

Conscience forces me to report one thing that could have changed things in West's behalf. In the "dying" seconds as Bill Castle was bringing the ball up the floor with still a two-point lead he was "spilled" smack on his face on the floor. The stolen ball was then taken in for the equalizer.

There is no assurity that this would have "iced" the game for West. Had the foul been called, a possible 3 to 4 point advantage could have been earned by the Cowboys with only brief seconds remaining. The trailing official seemed to be visually blocked out and the lead man turned his back at that instant (a cardinal sin for BB off.) and it went undetected 'cept by all those on the sidelines.

West's Fred Heischman, a man of very few words, had a "few" words on this matter. One can't blame him when his game was so much at stake.

It was a fine team effort on both fronts. For the Bucs . . . Herman Reeves, a consistent performer all evening, tied for high honors for the evening with 16. Roosevelt Coffey had himself a good night with 13, before running into some "last" foul trouble and being forced to the sidelines in the second half.

Fred Gray came off the bench late in the third period and put in six points in the hectic fourth frame, winging up with 10. Gary Jewell (also off the bench) with a big bucket helped in the Bucs' spurt to eventual victory. Ed Tucker chipped in with 11. Reeves tied it up just prior to the gun and then Al Foster (the winning bucket) and Tucker got fielders in the overtime.

On the West side of the ledger, Roger Street "cleaned" both boards and had one of his best nights, scoring 16 points. His fouling out in the fourth quarter was a big blow to West. Bill Detwiler really went "all out" as his sub and got two important buckets, one in the fourth period and the Cowboys' lone tally in the overtime. At one session he was involved in four consecutive jump balls.

Carl Brown had one of his best evenings also with fine rebounding and nine points, most on beautiful "impossible" under the board shots. Two tries in overtime failed him however. Little Tom Hartranft was all over the floor—chipping in with crucial buckets for a nice 12 point total.

Bill Castle broke out of his slump, hitting for three buckets, and also some very nice floorwork. But the real "cool customer" was Bill Biggers who, in the late furious stages, always managed to get by the Central press and get the ball upcourt. This redhead is a real exception to the quick tempered legend.

Central used eight men while West used seven. West was called for 14 personals to Central's 18.

WEST—Biggers 2-3-7; Brown 4-1-9; Street 6-4-16; Hartranft 5-3-13; Castle 3-3-9; Detwiler 2-0-4; King 0-0-0. Totals: 22-14-58.

CENTRAL — Reeves 7-2-16; Moxley 0-2-2; Clifton 1-0-2; B. Tucker 5-1-11; Foster 1-0-2; Jewell 2-0-4; Gray 5-0-10; Coffey 5-3-13. Totals: 26-8-60.

Halftime score: 32-29 West

PARTY ATTENDED BY 500

GOOD SKATES—More than 500 youngsters from Columbus' seven settlement houses were guests Dec. 12 at the First Annual August Wagner Breweries Kiddies Christmas Party at the Veterans Memorial. Keith Edwards, 113 Meadow, is assisted by Harv Morgan, program director of WTVN-TV, in trying on a pair of roller skates. Twenty pairs of the skates were presented to Gladden Community House, 183 Hawkes-av. The youngsters, ages eight through 12, were treated to a stage show, lunch and rides to and from the settlement houses on police-escorted Columbus Transit Company chartered buses. Of course, Santa Claus was on hand to present a gift to each child.

Area's Best Matmen At Heights Saturday

By Bob Wilcox

Franklin Heights High will sponsor its first Holiday Wrestling Tournament this coming Saturday, Dec. 19, with matches starting at 1 p.m.

Weigh-ins, etc., begin at 10 a.m. West will be one of the eight area schools competing including Circleville, Franklin Heights, Grove City, Groveport, Hilliard, Pleasant View, University and the Cowboys.

This represents four "leagues"—the City, Franklin County, the SCOL, and the Mid-Eight. The tourney manager is Charles Johnson with the "promoter" being Heights wrestling coach and former West student, Don Woodland. Referees for the matches will be Lloyd Rush, Joe Stora and Bob Dehli, all from OSU.

Points will be scored 10-7-4-2 for the first four places with one point each being awarded for falls, defaults, forefeits, and advancements.

Championship final matches will begin at 7:30 Saturday evening. The public is welcome to all sessions. The school is located at 1001 Demorest-rd. Admission price is only 50 cents a head for an excellent show of good wrestling by some of the best in the area.

Not only for the excellent wrestling they demonstrate, but the hard hours of practice they put in, these boys deserve a good crowd.

Three matches will be going at all times except in the finals when there will only be two. An individual trophy will be awarded the winner in each weight class. A team trophy will be given to the winning (pointwise) team.

• • •

West's grapplers traveled to Franklin Heights last Friday evening for a wrestling match and came home on the short end of a 29-9 score. West's only winners were Bill Ardle and Bill Doughty.

Their upcoming schedule includes home to Grove City (yesterday), the Holiday Tourney at Heights this Saturday, and Dec. 23 at Pleasant View. The Cowboy reserve wrestlers also are scheduled for two meets before Christmas—Dec. 16 (today) at home to Pleasant View, and then host Watkins Memorial on Dec. 18.

West vs. Fr. Heights. summary:

Doughty (W) pinned George (F) 5:05; Davis (F) dec. Lee McQuerrey (W) 4-0; Cahill (F) pinned Walters (W) 3:12; Clark (F) pinned Hill (W) 2:59; Travis dec. Marlow (W) 6-3; McCalla (F) pinned Larry McQuerrey (W) 5:11; Distelhorst (F) dec. Graham (W) 4-0; Bellisari (F) pinned Morris (W) 5:17; Holman (F) pinned Birle (W) 2:51; Ardle (W) dec. Larkin (F) and Gabriel (F) pinned Martin (W) 2:12.

Doughty is still undefeated with two straight pins.

Cowboys Squirm Past Upper Arlington, 42-21

A strange big floor and the 'let-down' of their close one the night before against Central almost proved the undoing of the Cowboys last Saturday at Upper Arlington.

U-A jumped out to a small lead and were never able to really increase it. It looked 'larger and larger' as the evening progressed, however the terrific West defense finally paid off in the Cowboys' first victory of the '59-'60 campaign. They came from behind in the final quarter to win 42-41 in another thriller-diller.

U-A held quarter leads of 9-8, 25-18 and 31-29. West scored (trailing 31-22 at the time) seven straight points to end the third quarter. Bill Biggers then pushed in a shot to tie it all up to begin the final period.

Then U-A scored six consecutive points from the free throw lane before West came back with eight straight as the squads traded spurts. U-A scored two more fouls to tie it up at 39-all.

Street Scores Clincher

Then Roger Street pushed in a jump shot from in fret of the free throw line and added the winning foul point a few seconds later. Newlon scored U-A's only field goal of the period as the gun went off.

Street had another fine evening, finishing with 19 points. Carl Brown followed with 10, but U-A's fan-shaped backboards jinxed many of his underneath 'specials.' U-A had some mighty fine sharpshooters in Jack Newlon, Dan Sabastian and Dick Schafer . . . all with 12 points.

From the field West shot 18-66-27% while U-A shot 12-42-30%. From the foul line it was a much better picture for the Cowboys, 15-17-88% and for U-A 6-12-50%.

WEST—Biggers 3-0-6; Brown 4-2-10; Street 8-3-19; Hartranft 3-0-6; Castle 0-1-1. Totals: 18-6-42.

Upper Arlington—Radcliff 6-2-2; Sebastian 6-0-12; Newlon 5-2-12; Young 0-3-3; Schafer 4-4-12. Totals: 12-15-41.

DEVICE REPLACES X-RAYS

SOMETHING NEW — Shoeman Harry Graham, 2364 W. Broad-st at Wayne-av, has found an answer to the banned X-ray machine for fitting children's shoes. He uses this Visumeter, a caliper-like rule with spring-loaded part which fits inside the shoe under consideration and compares its length with the child's foot. Graham said this is the only device giving an accurate indication of fit since X-ray machines went out.

Egg prices during 1960 likely to average about two or three cents above 1959 level. Egg production likely to be less because of four per cent smaller laying flock. Supplies will be divided among a larger population.

Society officials said one-half of all contributions goes for research, and 18 of these projects are under way now in Columbus. An additional project is being conducted at Children's Hospital by Dr. H. William Clatworthy Jr., sponsored entirely by the Franklin County Unit.

The society's participation in the uterine cancer project being conducted in this county by the U.S. Public Health Service, has resulted in more than 100,000 women receiving this examination since 1956.

One of the unit's most active services is that of the Columbus Lost Chord Club. One of 45 in the United States, it is composed of laryngectomees, persons who have lost their normal voices through an operation for cancer of the larynx.

On Friday, Dec. 18, they will sing carols for 30 residents of Shady Lawn Manor Nursing Home, 731 E. Souder-av. Making their third such visit to the home, they will distribute handmade presents. The girls are (left to right, front) Becky Bishop, Kathy McGill, Penny Peet; back row, Dee Stevens, Terry Tripp and Kathy Washburn. The troop also made stuffed toys for the State School and on Nov. 9 hung doorknob reminders for the "Light-A-Life" campaign. These Scouts received their first class rating during a court of awards, Dec. 13 at Bethlehem Lutheran Church.

Guests at the ceremony were Father Lavelle, Sister Marie, Mrs. Tony Vannicelli, Mrs. William Wilmouth, Mrs. Joseph Bedel, Mrs. Marco Aiello, Mrs. Albert Luebbe, Mrs. Richard Wynn, Mrs. Charles Redding, Mrs. Kenneth Kleindorfer and Eldon Collins.

A candlelight ceremony was held for the mothers and Father Lavelle gave his blessing. A social hour was also held.

THE TASK OUR COURT FACES

Municipal Judge Horace Troop was put on the spot last Thursday night when keeping a date to speak at the annual Christmas meeting of the Council of South Side Organizations in Columbus.

Bill Neno, president of the Council, introduced the Jurist by reading an editorial. The article took our courts to task for being too tolerant with repeated violators of motor laws.

The point was driven home by Neno when he referred to the recent catastrophe on S. High-st. A youthful man, convicted of several driving violations in the past, ran down three Scioto Trail School students waiting for the morning bus.

Neno, like a lot of other people, wanted to know how these things were allowed to happen. He especially wanted to know why the courts would permit a potentially dangerous person like this to remain free.

Here's the answer Judge Troop gave:

"I would rather let eight guilty men go free, than mistakenly convict a single innocent person." Judge Troop said this saying was common among the jurists of our country.

"And it represents the spirit of our laws . . . . and I don't think you want it any other way," he continued.

Punishment is no deterrent to crime, the Judge emphasized. The human factor must be considered and if the circumstances point toward a chance for rehabilitation of the offender, the judge may decide to be more lenient than toward the hardened criminal.

That's what is called "judicial discretion." It's the human side of our courts.

But where do you draw the line? That's the big question that everyone wanted answered.

"We all make mistakes," Troop added. "But in this country, the individual is considered the most important and must be given every opportunity for rehabilitation."

Facing the Scioto Trail incident "I don't know which judges had tried this man before . . . nor do I care. squarely, Troop charged:

But I sincerely believe that each must have thought he could be rehabilitated.

"Whenever any judge gives a fellow a break it is with his fingers crossed and saying 'Holy moly, I hope I didn't make a mistake.' "

It is easy to criticize a judge after he has made a mistake. If the mistake was made while keeping in the spirit of American law outlined by Troop, he should be pardoned.

On the other hand, judges should not become so soft-hearted that the lives of others are needlessly jeopardized.

Employed properly and with care, the discretionary power of the court is one of the greatest American assets.

TIEING LOOSE STRINGS

INCOME TAX FILE

Watch Your Medical Bills To Help Reduce Tax Costs

EDITOR'S NOTE: This is the second of a series of articles which will appear in this newspaper relating to the filing of income tax returns. These articles are being prepared by the Public Accountants Society of Ohio, an affiliate of the National Society of Public Accountants.)

Medical expenses present great opportunities for switching expense from one year to another.

Medical expenses are deductible to the extent they exceed three percent of your adjusted gross income, but not more than $2,500 per personal exemption and not more than $5,000 on a separate return or more than $10,000 on a joint or head of household return. Exemptions for old age and blindness do not count.

If you or your spouse are over 65 years old, the three percent provision does not apply to you and if you or your spouse are over 65 years old and disabled, the maximum deduction is increased to $15,000 and if you are both over 65 years old and both disabled, the maximum deduction is increased to $30,000.

Now, suppose you have large unpaid medical expenses this year and will have even more in 1960. Do not pay any of these this year. Wait until 1960 and pay them all in that year. This way you will have the advantage of the full deduction instead of losing three percent of your income this year as well as three percent of your income for 1960. This works the other way, too.

Suppose you have paid medical expense of over three percent of your adjusted gross income and will have a deduction and you still owe medical bills which you plan to pay in 1960. If you pay those bills before the end of the year, they will be a deduction this year. You won't have to use them to make up three percent of your adjusted gross income for 1960 before you can start deducting again. If you do not have funds readily available, it might be wise to borrow the money.

Let's see how that would work. Suppose you borrow $1,000 from a bank and repay in twelve monthly installments. Your cost for such a loan would be about $70. Now, suppose you take this $1,000 and pay deductible bills with it. If you are paying taxes at the lowest rate, you will save $200. Your net profit on the transaction will be about $130.

Remember, too, that any interest paid on borrowed money will become a deduction next year.

BIBLE COMMENT

TV Scandal Is Reflection Of Our Times

Congressmen are grinding their hatchets, we are told, for a renewed assault on the fallen angels of television and radio.

The stinking taint of sub rosa payments for popularizing vulgarity, the manipulation of quiz contestants who relinquish principle for interest, has aroused the great mass of people as few other major scandals have done.

But the chances are that our self-righteous criticism is prompted more by the embarrassment of being cheated than by an honest appreciation of what has happened.

If we can get over the feeling of being cheated and know that these men under investigation are reflections of a great weakness of our society —then we will have proceeded somewhere.

The words to the Romans are recalled:

"Do you who judge them while doing the same things, think you shall escape the judgment of God?"

Thus, perhaps we should turn our eyes inward before we sit in judgment on those who have taken their shoddy fees.

If we can divert our self-righteousness to self-examinations, then the scandal will serve a rewarding purpose.

If the main issue is man's willingness to cheat if the price is right—then have we cheated others when the fee made it seem worth-while?

Have we made a business promise we know we could not keep? Have we, by taking a job, in affect promised to give a day's work for a wage we are willing to take—and cheated the clock in little ways during the day? Have we hired a man to do a piece of work for a certain sum—only to make increasing demands on him because we think he will not risk walking away because he has a family to feed? Or have we kept the extra change from the miscount at the store?

There are a thousand ways to cheat and never be caught.

Before we smugly read the headlines, perhaps we should recall as best we can, everything we did yesterday.

Food Market This Week

by ESTELLE B. FRANKS

THIS WEEK SHOP FOR:

Fruits—Apples, bananas, grapefruit, oranges, tangerines.

Vegetables—Cabbage, celery, potatoes, turnips, canned corn.

Meats and Poultry—Pork loin roasts, pork shoulder roasts, ground beef, stewing chickens, large eggs.

'TIS THE SEASON OF GIVING

The Christmas season is a time of giving —of expressing thoughtfulness. Gifts of food can do this in a more personal way than almost any other gift. Food always makes an appealing gift and it can be so original that it will delight your friends or family on Christmas morning.

SOME SUGGESTIONS

Fruit Gifts—Be it a basket, box, or attractively arranged centerpiece, a gift of fruit is one enjoyed by all. This year a good selection might be: apples of several varieties, both Florida and California oranges, pink and white grapefruit, tangerines, tangelos, a variety of grapes, winter pears and bananas.

Be sure to include some unusual items, too. Avacados are available, as are pomegranates. A fresh cocoanut, package of dried fruit, a persimmon or a few kumquats might be included.

Vegetables—Ohio is the major producing area for greenhouse vegetables, so why not consider a basket or a salad bowl filled with tomatoes, leaf and Bibb lettuce, water cress and a jar of your favorite dressing.

Preserves, Jellies, Pickles—Use an assortment of homemade delicacies that you made last summer in unusual containers. These will please a friend who doesn't belong to the "do-it-yourself" clan.

Fresh jams and jellies can be made from fruits put in the home freezer last summer. Remember to reduce the amount of sugar if sugar has been added to the fruit.

Baked Goods—Breads, fruit cakes, puddings and cookies are traditional in many homes. Many of these items can be packaged and frozen, and delivered Christmas Eve, to be enjoyed by friends on Christmas Day.

Cheeses, Nuts, Candies—An assortment of cheese is a somewhat traditional gift. Ready-packaged ones are available, but a more original package might be made by selecting the varieties yourself. Include hard, soft, and semi-soft cheeses and perhaps a little cheese board and knife.

Fruits and nut candies, candied orange and grapefruit slices, and others made from dried fruits will be a welcome change from the usual sweets. Include nuts—toasted or spiced—or in the shell. Supplies of almonds and filberts are bountiful this year and you'll like their price tags.

Meats—A gift of meat can be the answer for what to give the one who "has everything." Who wouldn't welcome a ham, a turkey, a package of steaks, chops or bacon, or a variety of smoked sausages?

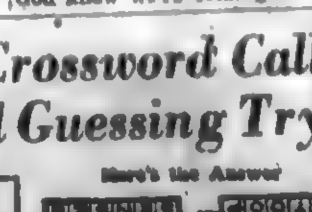
Elbin Seeks Re-election On Record

Pointing out accomplishments of his administration in helping build the Columbus Expressway System and in county road improvements, Franklin County Engineer Guy Elbin has announced his candidacy for re-election.

Declaring his administration will stand on its record of accomplishments, Elbin said, "We are pleased to have been associated with the civic groups, the city, state and federal departments in planning and construction of completed sections of the Columbus Expressway System. . . "

"We are equally pleased with the construction accomplishments on our county road system." He made reference to major improvements on Lane-av, Dublin-rd, Alum Creek-dr, and Sunbury-rd.

He also noted prompt work performed by his maintenance forces in the ice and control removal program during the hazardous winter months.



HOPE SO

A small boy, visiting New York for the first time, went in an elevator to the top of a skyscraper. As he shot past the 62nd floor at breath-taking speed, he gulped, turned to his father, and asked, "Daddy, does God knew we're coming?"

William Pfeiffer Active In Army Scouting Drill

Army PFC William A. Pfeifer, whose wife, Ella, lives at 87 Linda-rd, Hilliard, participated in a recent scouting and patrolling exercise with the 8th Division's 18th Infantry in Germany.

Pfeifer, a rifleman in the company in Sandhofen, arrived overseas last February. He received basic combat training at Fort Riley, Kan.

The 24-year-old soldier, son of Mrs. Alice Shute, 1684 Ramsburg-av, is a 1954 graduate of Central High School. Before entering the Army, he was employed by the U.S. Post Office Department.

His father, Clarence Pfeifer, lives at 2826 Wellesley-rd.

PLEASANT VIEW TWIRLERS TO PERFORM AT FRANKLIN HGTS.

PRACTICING—Pleasant View High School's new Twirlers Club will be featured at half-time Friday night, Dec. 18, when Pleasant View plays Franklin Heights basketball team on the latter's court. The girls, whose instructors are Mrs. Nancy DuRose and Mrs. Barbara Eichenlaub, wear forest green short pleated skirts and vests with white sweaters, school colors. The club made its first appearance Dec. 4, when Pleasant View played Hillsboro. Left to right are Barbara Wallace, Sandra Penner, Pat Holman, Irene Funk, Bonnie Pipes, Sandy Wiseman, Virginia Whalen, Joyce Armentrout, Susan Mitchell, Dorothy Bluhm, Becky Barrer, Shirley Nance, Carolyn Vickers, Wilma Meadows, and center, Betty Grabovich.

"Your name," said Mr. Penney, "is Severt Tindall! I last saw you when you worked in our Cumberland, Wy., store in 1904!"

Believes In Thrift

Equally legendary is Mr. Penney's thrift. Although now a rich man, after poor beginnings, he still lives simply and is personally upset by any type of waste.

On one occasion, Mr. Penney was a guest at a regional meeting of store managers in Chicago. He noticed that the group was eating breakfast in the hotel's main dining room.

Quietly he investigated. He found that the breakfast that cost $1.25 in the main dining room cost only 85 cents in the small dining area in the first basement — and only 65 cents in the coffee shop in the sub-basement, two flights below the main floor!

Mr. Penney invited the entire group to have breakfast with him the next morning.

He met the group in the main lobby at 7:30 a.m. — and promptly headed for the stairs to the sub-basement coffee shop, which many of them had not even known existed.

"We all understood!" said a manager who was there. "We were very amused! But more than that, we respected what he did. We ate breakfast there from then on."

People Are Called Associates

All persons who work for the firm are called associates.

"An associate in a store," says Mr. Penney, "knows more about what his customers and his town need than I do."

Now a member of Penney's board of directors, he was chairman until he stepped down at 69. During 1956 he attended 68 store openings in 22 states, gave 104 major addresses in 23 states, participated in 27 major radio and TV programs, clocked 87,000 miles of traveling during 200 days out of his New York office.

Moose To Hold Yule Party On December 17

Columbus Moose Lodge No. 11 will hold its annual Chapter Christmas party on Thursday, Dec. 17, at 8 p.m. General chairman of the event is Jr. Regent Marilyn Young.

This year in lieu of a gift exchange, members are asked to bring an item of food for baskets for needy families.

J. C. Penney, At 84 Has Keen Memory For Names And Places

He rarely forgets a name, a face, an encounter. People who have not seen him for 25 or 30 years are often dumbfounded when he reminds them of some small incident of their last meeting.

And people remember *him*, too. A man of simple but firm beliefs, who loves people, he has a way of saying and doing things that is hard to forget.

James Cash Penney, founded his first store in the mining town of Kemmerer, Wyoming in 1902. He seems to remember every customer he has ever waited on and every Penney associate he has ever met.

At 84, he not only puts in long days at his New York office at a pace that wears out associates two generations younger, but he travels more than 50,000 miles a year through the length and breadth of the retailing organization that indelibly bears the mark of his personality and beliefs.

J. C. Penney

Penney stores are well-known for their friendly, respectful relations with their customers. The founder insisted on this. He called his first store "The Golden Rule," and notes that nothing has yet come along to convince him that the Rule ought to be repealed.

Mr. Penney Still Fits Shoes

Mr. Penney, a devout and plain man, has had a career more colorful than any merchant of Baghdad. He has become a legend in his lifetime—and much of the legend is built on the stories of people who know him. They include the world's great — and people whose shoes he has fitted.

He still fits shoes. In a Midwestern store a man and his wife and several children came in and asked for the shoe department. They were led by a salesman who took great pains to provide them with the proper fit in a moderate-priced line.

The couple told the salesman how much they enjoyed buying at Penney stores and said that Mr. Penney must be a wonderful person. "I'd sure like to meet him someday," said the man as the fitting was finished. The salesman stood up, extended his hand, said simply, "I am Mr. Penney."

V. M. Fay, manager of the Penney store in Long Beach, Calif., says that Mr. Penney visited the sparkling-new store two years ago.

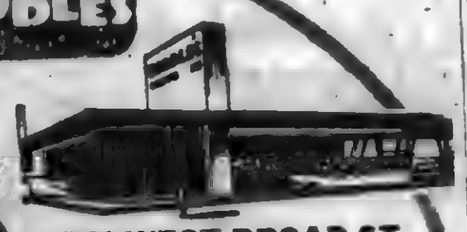
"I was hoping," says Mr. Fay, "that Mr. Penney was impressed by the beauty of the displays, the bright lights and the glamorous setting. But on the way down the escalator Mr. Penney said, 'Vern, see those two customers over there. No one is waiting on them—I'll take one — you take the other'."

Other Penney associates find that certain incidents involving "the boss" are equally memorable.

Retired Manager James Dougherty, who managed the downtown Penny store in Milwaukee, remembers what happned when Mr. Penney visited his store during Dougherty's first year with the company in 1913.

Mr. Penney came to the store strolled along the counters, came to a display of men's corduroy pants marked $3.98, called the manager over.

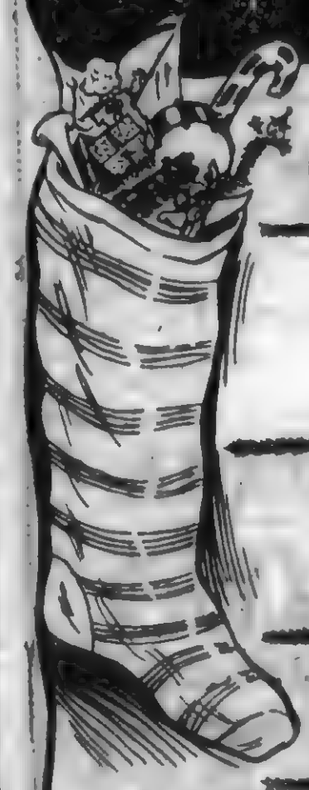
"These pants," said Mr. Penney, "can be sold for $2.98. I know their wholesale cost."



"You are violating one of the fundamental principles of this company. You are not giving the customers all the value you can while still making a reasonable profit."

Mr. Penney remembers people as a matter of course. Few are prepared for the incidents of memory that crop up during his visits and travels.

This year at the opening of a new Penney store in Minneapolis an old man moved past the throng of celebrities before anyone could stop him, and placed himself before Mr. Penney.



"Do you remember me, Mr. Penney?" he asked.

HILLTOP'S "13 CLUB" STILL GOING STRONG

READY FOR 1960—Hilltop's famous "13 Club," a group of jolly good fellows who have gotten together regularly in rooms over the Economy Variety store since 1936, elected officers at a Christmas party Dec. 13. Membership has jumped from an original 13 to about 75. This year they donated $323 in proceeds from a stag picnic at Beulah Park to the Charity Newsies. The new officers are, front, left to right, Robert Lee, president; Henry Krebs, vice-president; Chan Gibson, secretary; Leroy Weigand, treasurer. Back row, Robert Elliott, past president; board members Ray Percy, Sr., William Krause, Homer Hagans, Don Burgoon, Harry Eaton and Dewey Stout; Floyd Hall, alternate, and Elza Miles, alternate, was not present.

MAKE MINE MUSIC—Mrs. Kay Smith, 1566 Sullivant-av, is in her 25th year of charity work in Columbus. Talent scouting and music have been her ambitions since she was a girl. Here is an action photo as she played for a local show in Columbus.

Hilltop Soldier Member Of Top Pistol Team

Army PFC Claude E. Kearney, son of Mr. and Mrs. Charles E. Kearney, 172 S. Harris-av, was a member of the 19th Infantry team which placed first in the recent 8th Infantry Division rifle and pistol matches in Germany.

Kearney, a gunner in the infantry's Company C in Sandhofen, entered the Army in August 1958, completed basic training at Fort Riley, Kan., and arrived overseas last February.

The 24-year-old soldier was graduated from West High School in 1954 and was employed by Westinghouse Electric Corporation.

Timken Promotes Two Area Men

Timken Roller Bearing Company's local plant has announced the promotion of Richard King, 291 N. Brinker-av and Clifford Thatcher, 82 N. Princeton-av to grinding room foremen.

King has worked for Timken for 14 years. He is a graduate of West High School and resides with his wife, Betty and two sons, Tommy and Richard.

Thatcher has 18 years service with the company. He attended Central High School, is a 32nd degree Mason of West Gate Lodge and belongs to the Scottish Rite.

Thatcher's family includes his wife, Jeanette and son, Daniel.

Charity Plays Part For Talent Scout

"I love it and live it," that is the answer when asked Kay Smith, local talent scout, if she would do the same thing over again. Kay Smith, 1566 Sullivant-av, has been supplying talent for charity shows and community affairs for over 25 years.

She started in music, as a small girl, taking the talents from her mother who was an organist and who also had her own orchestra. Since then talent has flowed from generation to generation in the family. Mrs. Smith's daughter, Marjorie, has accomplished the art of the organ and leading on to the fourth generation Marjorie's six-week-old baby has already adopted an ear for music.

Kay Smith has supplied music throughout the year for many and varied fraternal organizations, state schools, fund raising campaigns and a host of other charity shows. She has also on several occasions sponsored her own Cancer and Cerebral Palsy Charity Shows.

She recalls also the days of the Nickerbocker Theatre where she played, and the Seventh War Bond Drive shows that she had charge of. Mrs. Smith said that she has sponsored shows all over Ohio.

In addition to her abilities for seeking talent she also teaches singing, plays organ and piano, knits and makes music her hobby. She works six and seven days a week. She said that she was going to carry on and live it until she gets too old to work.

On Mrs. Smith's stardom list is Mitzi Joyce, Betty Swartz, now Linda Lombard, and Phillis Rawlins who is now Judy Manners. She prides herself on the many talented people that she has sent on their way to show business.

Valleyview Council Acts On Two Bills

Valleyview Council at its Dec. 7 meeting gave first reading to an ordinance which would approve a rate increase asked by the Columbus and Southern Ohio Electric Co.

Council also enacted two ordinances, one on methods of selecting deputy marshals and one to prohibit the burying of dead animals in the village's corporation limits.

Mayor Norris Boothe said council welcomed three new councilmen — Adelsberger, Umberger and Dumm—at December session. The mayor said he attended the Law and Laymen's meeting in the Youth Building at the Ohio State Fairgrounds on Dec. 8.

The mayor said the importance of the public taking more interest in operation of traffic courts was emphasized at the meeting which featured address by Gov. Michael DiSalle and other state officials.

New Hilltop School Site Is Approved

Columbus School Board Tuesday officially designated a 20-acre site in the southwestern Hilltop area as the location of a new elementary school.

City Planning Commission on Dec. 9 okayed the board's tentative selection of the tract, located eight acres north and 12 acres south of Eakin-rd's dead end, immediately west of Westgate Manor.

Construction will get under way after the first of the year and the building will be ready for occupancy in September.

The board also heard a report by Cleo Dumaree, assistant superintendent, on the school policy on compulsory immunization.

State legislature last summer passed a compulsory immunization law requiring that all students be immunized against smallpox, diphtheria, whooping cough, tetanus, and polio.

The law also provides that those who fail to comply may be excluded from school.

Cites 90 Per Cent Compliance

Dumaree said on the subject, "We have just completed a comprehensive check of all schools and find that approximately 90 per cent of the enrollment of 80,000 have either completed or are in the process of receiving injections required by law.

"Principals, teachers and school nurses have been instructed to counsel with the remaining ten per cent of pupils and their parents and establish a deadline for each. Pupils who fail to comply or who aren't progressing toward the goal by the date set will be excluded from school."

Westway Offers Slide Program On Korean War

As part of its anti-Communism effort, Westway Post 3441, Veterans of Foreign Wars, will present a narrated showing of color slides on the Korean Conflict to interested groups.

Commander Otis R. Lowe, Korean veteran of the 17th (Buffaloes) regiment, Seventh Division, will make the presentations. He may be contacted at his home, 2981 Westmoor-dr. (BR. 4-1507).

The post has learned that its material on recent Loyalty Day activities has been accepted for consideration in the Freedoms Foundation awards judging next February. Westway has captured first place Department of Ohio "community service" awards for the last two years.

Sows farrowing this coming spring may be down. Early indications in 10 Corn Belt States point to four per cent decline in first three months of spring season (last year early spring farrowings were quite high). Watch for fall pig crop survey for intentions for the whole spring season. This will be reported this month.

Coffman's Story For The Week

Two retired spinsters who decided to buy a poultry farm went to a dealer and explained their situation. They said they wanted to buy 300 hens and 300 roosters. The poultry dealer smiled a little and said, "Two hundred hens is O.K., but you really won't need 300 roosters."
"We realize that," one of them said, "but we know what it is to be lonely."

How Much Would "No Advertising" Cost Your Business?

Some businessmen look upon advertising as an expense. When expenses must be cut, the advertising budget is first to come under the knife.

The trouble with that method is—it just won't work. The fact overlooked is that newspaper advertising represents only a fractional part of the cost of goods sold.

Advertising is the instrument which brings the greatest returns when it is intelligently planned.

Advertising becomes expensive when you don't use enough.

It's like failing to lubricate a piece of valuable machinery. You save the cost of the lubricant, but eventually you have to pay the big repair bill—and production losses while the machinery is idle.

Birds Dealt Double Loss

Falcon basketeers were dealt double defeats over the weekend losing to South-Central Ohio opponent Hillsboro, 71-66, and dropping a non-league decision to Grandview, 66-50.

The Falcons, five points behind at the end of the first period, couldn't keep pace with the rapid-firing host Hillsboro Friday in the second stanza being outscored, 19-8.

Bob Bapst was the top scorer for Franklin Heights, sinking 18 points while teammate Jim Levering added a lot of support with 14. John Martin was tops for Hillsboro with 22.

A rough second period also plagued the Black Birds while playing host to Grandview Saturday.

Hinton, (right) 603 Woodbury-av, who has spent 400 hours cleaning, repairing and dressing dozens of dolls that have been collected by the Volunteers. She started doing the work for her own grandchildren—then expanded her efforts to help others less fortunate. Lt. Col. Harriett McDonald, Volunteers' executive officer, (left) said the dolls will be on display in the front window of the center until Dec. 24, when they will be distributed. Persons interested in continuing this project through 1960 are invited to call CA. 4-8650.

Vol. XLIII, No. 36 — The Hilltop, Columbus 4, Ohio, Wednesday, Dec. 23, 1959 — Total No. 2700

'Twas the night before Christmas when all through the house
Not a creature was stirring, not even a mouse.
The stockings were hung by the chimney with care,
In hopes that St. Nicholas soon would be there.
The children were nestled all snug in their beds,
While visions of sugarplums danced in their heads.

And Mamma in her kerchief and I in my cap
Had just settled down for a long winter's nap,
When out on the lawn there arose such a clatter,
I sprang from my bed to see what was the matter.
Away to the window I flew like a flash,
Tore open the shutters and threw up the sash.

The moon on the breast of the new-fallen snow
Gave a luster of midday to objects below.
When, what to my wondering eye should appear,
But a miniature sleigh and eight tiny reindeer,
With a little old driver so lively and quick,
I knew in a moment it must be Saint Nick.

More rapid than eagles his coursers they came,
And he whistled and shouted and called them by name:
"Now, Dasher! Now, Dancer! Now, Prancer and Vixen!
On, Comet! On, Cupid! On, Donner and Blitzen!
To the top of the porch, to the top of the wall!
Now, dash away! Dash away! Dash away, all!"

As dry leaves that before the wild hurricane fly,
When they meet with an obstacle, mount to the sky,
So up to the housetop the coursers they flew
With a sleigh full of toys and St. Nicholas too.
And then in a twinkling I heard on the roof
The prancing and pawing of each little hoof.

As I drew in my head and was turning around,
Down the chimney Saint Nickolas came with a bound.
He was dressed all in furs from his head to his foot,
And his clothes were all tarnished with ashes and soot.
A bundle of toys he had flung on his back,
And he looked like a peddler just opening his pack.

His eyes—how they twinkled! His dimples—how merry!
His cheeks were like roses, his nose like a cherry.
His droll little mouth was drawn up like a bow,
And the beard on his chin was as white as the snow.
The stump of a pipe he held tight in his teeth,
And the smoke it encircled his head like a wreath.

He had a broad face and a round little belly
That shook when he laughed like a bowl full of jelly.
He was chubby and plump, a right jolly old elf.
And I laughed when I saw him in spite of myself.
A wink of his eye and a twist of his head
Soon gave me to know I had nothing to dread.

He spoke not a word but went straight to his work,
And filled all the stockings; then turned with a jerk,
And laying his finger aside of his nose,
And giving a nod, up the chimney he rose.
He sprang to his sleigh, to his team gave a whistle,
And away they all flew like the down of a thistle.
But I heard him exclaim ere he drove out of sight,
"Happy Christmas to all and to all a good night!"

We hope this brightest, warmest time of all the year fills your heart and home with its old-fashioned happiness!

Coffman's Story For The Week

Two retired spinsters who decided to buy a poultry farm went in a deal and explained their situation. They said they wanted to buy 200 hens and 200 roosters. The poultry dealer smiled a little and said, "Two hundred hens is O.K., but you really won't need 200 roosters." "We realize that," one of them said, "but we know what it is to be lonely."

If you had difficulty reading the story — it's time to have your glasses changed.

Entertainers Greet 400 At Sunshine

About 400 children, 12 years old and under crowded the auditorium at Sunshine Recreation Center Sunday for the annual pre-teen Christmas party.

The program got underway with the showing of movies about Santa and the night before Christmas. Buddy Clark took over the stage as MC for a sparkling stage show. The well-known accordionist from the Neil House, Mitzi Joyce highlighted the show. Vocalists, tap-dancers and clowns all did their stuff to the music of a lively combo. Santa Claus' arrival polished off the program. He had candy and a greeting for all.

From The Top O' The Hill

By Betty Daft

The Gene Stinsons, now residents of 1035 Hart-rd, have erected another of their fabulous Christmas trees. For the past six years the family, with an enthusiastic assist from the members of Stinson's Scout troop, choose a dead tree and glorify it with ingenuity and ornaments. This year's tree, a dead wild cherry trimmed with cotton, tinsel and decorations, is the result of three week's work. Interested friends are invited to stop in.

Gene did it again! Hilltop's amiable electric dealer, Gene Wolfe could well be known also as the music man.

He again has donated a stack of phonograph records for patients at the State Hospital. He turned over 250 to Bob Cramer, who is chairman of the Hilltop Kiwanis committee that held a gala party for 200 cottage patients the evening of Dec. 21. Also on the program was Santa who distributed gifts, a song fest and refreshments and entertainment by Lee Koontz, Robert Johnson, Bill Grace, and others.

Tom W. Crum, jr., son of Mr. and Mrs. Thomas W. Crum, 310 S. Hague-av, left last week by plane for Tehran, Iran, accompanied by his friend, Ralph Pfeifer.

The two have made their home in Livorno, Italy for several years and are now taking new positions as US Army civilian employes in Iran. Tom visited with his family for ten days, and was joined by Pfeifer during the last few days of his stay on the Hilltop.

Many friends of the late Ray White, unaware of his death last June are shocked and saddened to learn the fact when they call at his home, 397 Ryan-av, with holiday greetings.

Mrs. Maude Hyer, housekeeper for Mr. White before his death still lives at the residence. Mr. White died June 17 at age 73 . . . Woodrow W. Owen, 288 S. Sylvan-av, won a portable television set and $538.08 as third prize in an employe-suggestion plan at General Motors Ternstedt Division. One hundred fourteen other employes received suggestion awards during the four-month contest . . . Photos of babies born during the last year at Mt. Carmel hang from the snowy-white boughs of the decorated Christmas tree in Mt. Carmel's maternity ward.

Another Year Draws To A Close For Social Club Formed For 'Fun And Friendship' Back In 1928

LONG-TIME FRIENDS—The four surviving members of a social club formed 31 years ago, met recently at the home of Mrs. Bertha Rader, 40 S. Terrace-av. From left are, Mrs. Grace Wassmuth, 196 N. Warren-av; Mrs. Bertie McKinley, 130 Belvidere-av; Mrs. Rader, and Mrs. Mabel Mider, 135 Letchworth-av.

It was much the same and yet quite different from their first potluck luncheon 31 years ago for the four friends who met at the home of Mrs. Bertha Rader recently.

The changes within their group, brought about by the passing years, have only strengthened the bonds of friendship that first prompted them to organize an informal social club back in 1928.

"It was depression years," they recall. Nobody had a great deal of money but 10 of us—all friends—decided we could meet regularly for potluck and fun and take our children along.

The meetings changed as their families grew, from potlucks to family picnics along the river and, still later, to evening euchre parties. But the group's original plan of fun and friendship remained the same.

They speak gaily of the rollicking good times their families shared through the years and, more quietly, of each other's sorrows, also equally borne.

One describes their closeness, their easy familiarity with the others' lives with, "Why, we raised our children together and now three of us are great-grandmothers!"

Treasured anecdotes of their close companionship for so many years is the chief topic of [illegible] when the friends meet, and their experiences are re-lived and enjoyed again.

"Do you remember how we all enjoyed the picnics? Our husbands and kids played ball and looked forward to them as much as we — we always had the same shelter house.

"The fun that week at the lake was! Most of the mattresses were terrible, and those of us who had good beds complained loudest so the others wouldn't take them.

"And one of the club members was home from a vacation in California, where she had learned to smoke. We were so impressed because it was an unheard of practice then — but not really shocked."

Although others have joined the group through the years, the four last surviving members of the original 10 have remained most constant. Meetings of the group are more infrequent now, and to insure their continued unity, members all joined the Great Western Grandmothers Club two years ago.

When they do meet they chat happily of their well-remembered gay times, and pass wistfully over the sad.

The six deceased members of the group were Mrs. Mary Alice Addis, Mrs. Jessie Hughes, Mrs. Vernor Osborn, Mrs. Ethel Seipel, Mrs. Maude Akin and Mrs. Irene Quigg.

Mrs. Rader, hostess at this most recent club meeting, also entertained at the first meeting so long ago, and was first president of the group.

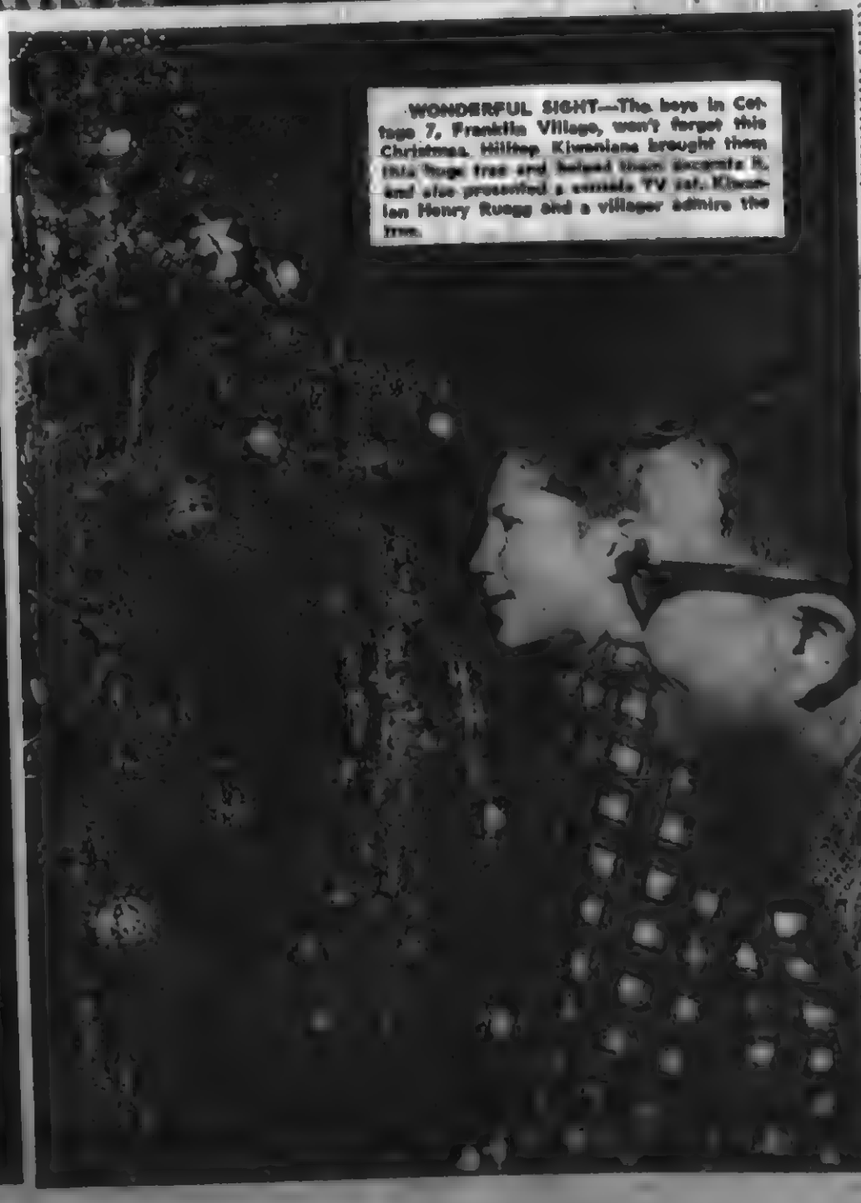
Let's face it . . .

Christmas charms the kids!

TIMELY TALK — No doubt about it—Santa is the man of the hour! He's been around a lot the last few days and has plenty of remembering to do until Christmas. Here he gets the word from six-year-old Sue Hoke, 100 N. Burske-av. Retired railroader William Davis, 2024 Steel-av, saw to it that Santa made the rounds at several Hilltop stores to greet the kiddies.

GREAT EXPECTATION—Fairly bursting with anticipation, these youngsters guard Santa's royal throne just before his appearance at the annual Christmas party of Monterwood Franklin Lodge No. 5, Knights of Pythias. Financed by sales tax stamps, the party was held Friday at Burgess and Broadway for 75 kiddies. Robert McKenzie, 805 Josephine-av, is chancellor; Charles Taylor, 61 Wisconsin-av, was chairman.

CRIPPLED ENTERTAINED — Here are two glimpses of the happy times last Saturday at Smith-Barratt Post 249, American Legion, 2222 Sullivant-av, when 22 crippled children were partied. It was the seventh such event staged by the Legionnaires. At right, newscaster Chet Long meets a young fan, Mary LeDiard of 317 N. Ogden-av. Below clowns Bob Price and Allen Beehm are buddies to Stephen Stirling, 9 (left), of 437 Briggs-rd, and Roxie Malinowski, 8, 399 W. Richet. Alex MacDonald, 249 S. Chase-av, was chairman.



BOY, OH BOY!—A veritable boys' paradise—this "cookie village" was the gift of roommothers to Mr. Dale Brush's sixth grade at Chicago Avenue School. Bill Nickell, 185 N. Central-av (left), and Walter Wise, 76 N. Princeton-av, look over their mothers' handiwork. It includes a frosted cookie dough church and farmhouse, pen with animals, a fence of candy and miniature Santa, sleigh and reindeer.

BRIGHTEN CITY HALL — Determined voices of these youngsters from Sunshine, Sullivant Gardens and East Columbus Recreation Centers fill a marbled corridor of City Hall. Recreation Leader Jane Davisson directs while Mrs. Ruth Burke, 610 VanBuren-dr, plays. Youngsters from all over the city have been giving the concerts daily at 4:30 p.m.

WONDERFUL SIGHT—The boys in Cottage 7, Franklin Village, won't forget this Christmas. Hilltop Kiwanians brought them this huge tree and helped them decorate it, and also presented a console TV set. Kiwanian Henry Ruegg and a villager admire the tree.

SPORTS of SORTS

West took another basketball loss on the chin last Saturday evening in one of those "almost, but not quite" contests. At Chillicothe they ran out of gas in the final lap. The outcome . . . a 44-42 nipper for Chillicothe.

West was leading by five points going into the final four minutes. However three Chillicothe boys came down court and put in three successive buckets to go ahead.

From there on it was nip and tuck—the Cowboys fouling in trying to get the ball. Chillicothe sank both foul shots for a four-point lead. Bill Biggers came down and put in the final two points, for West, but Chillicothe never even had to pass the ball inbounds before the whistle sounded.

Roger Streaf, continued his rapid rise of the last few games — popping in a brilliant 29 points. But, unfortunately he didn't get any offensive support from the rest of the lineup and that about spelled the difference. Carl Brown pulled in 13 rebounds, but had a rough evening scoringwise.

Things were just about as close as the score would indicate —from the field West had 18-48-.333 while Chillicothe had 16-47-.340. From the free throw lane West had 12-22-.545 to their 12-20-.600. West outrebounded Chillicothe 28-21, but turned the ball over 15 times to only 7 for the locals. Chillicothe committed 17 personals to West's 15, while the Cowboy's only made 8 recoveries to their 8.

Next Wednesday evening at West, the Cowboys tangle with one of the state's best high school quintets in recent years, the Zanesville Blue Devils. More on them next week . . .

WEST—Hartranft 2-1-7; Castle 0-0-0; Streaf 18-9-29; Brown 1-0-2; Biggers 1-2-4. Totals: 18-12-42.

Pirates Victorious

Central wound up the 1959 half of their basketball season last Friday evening as they pumped Aquinas with ease, 85-64. This got them back on the winning trail after their lone loss of the campaign to East last week.

The Pirates had four men hit for double figures, paced by Ed Tucker with 18, Al Foster and Roosevelt Coffey each with 15 and Herman Reeves with 14. The Buc second string played about half the game. Otherwise they might have reached the century mark . . .

The Bucs, once they got rolling, led most of the way by 15-20 point spreads. Aquinas scored the first two, then the Pirates bounced back to tie it up. The Terriers went ahead 4-2 and then Central scored two quick buckets for a 6-4 lead and they were off to the races, never to be headed or threatened.

Reeves handled the boards pretty well as the Bucs held a 50-32 halftime lead. Central's reserves also won by a 48-28 margin.

CENTRAL — Reeves 5-4-14; Moxley 1-0-2; Chilton 2-2-6; Tucker 7-4-18; Foster 6-3-15; Jewell 1-4-6; Gray 2-0-4; Coffey 5-3-13; Walker 1-1-3. Totals: 31-23-85.

AQUINAS — Ditteo 8-1-17; Keef 4-3-11; Moriarty 0-0-0; Grote 2-0-4; Rhodes 5-2-12; Burke 4-3-19; Pellegrino 0-1-1. Totals: 27-10-64.

Central is already making plans to begin baseball drills at the turn of the semester, come the last of Jan. and first of Feb.

Doughty Still Up

Bill Doughty of West remained undefeated in the 103 lb. class last week as the Cowboy grapplers lost to Grove City at West, 24-17. West's lone pin of the night was hung up by 138 lb. Larry McQuerrey.

In the first annual Holiday Tournament sponsored by Franklin Heights, Heights walked off with their own trophy with a grand total of 103 points. West finished sixth in the eight-team field with 22.

Holy Family Wins

Holy Family batted .500 in basketball warfare last week as they racked up their second victory of the season. A week ago Tuesday evening they dumped the Ohio School for the Deaf, 57-53 in an overtime affair on the St. Mary's gym floor. Holy Family led almost the entire way, posting quarter leads of 12-11, 21-15, and 32-30. Ohio Deaf started to close the gap, trailing only by two at the three quarter mark and kept right on whittling till at the final whistle things were all even at 45-45.

It was strictly a team win for HF as all the starting five had a good night. Individually Don Kenton with 22 points (he hit on 80% of his shots from the floor) and Don Gullen with 12 paced the attack. Charlie Johnston was the big gun for the victors in the overtime as he collected four of his nine points.

The overtime period found first one team and then another taking the lead until Johnston's four shot HF out for good — otherwise it looked like a situation of the winner being whoever scored last (thus going ahead) before the final gun. A lot of scoring in an overtime!

STOPPED BY WATTERSON

On Friday night, also at St. Marys, however HF took a hard knock to the chin, dished out by Watterson, 76-47. Cullen had 13 and Kenton 12 in the losing cause as Watterson posted quarter leads of 20-7, 39-22, and 63-35. The Eagles had four men hitting for double figures . . . two of them for 18 points apiece.

Last night HF played Somerset (Ohio), there, and next Tuesday eve they travel for a league fray at Delaware St. Mary's . . . HF's first victim of the season in their season's opener a few weeks back.

OHIO DEAF—Maxwell 8-1-17; Carpenter 1-1-3; Bickhom 5-1-11; Larson 2-8-12; Archie 3-2-8; Wilson 1-0-2; Reppart 0-0-0. Totals: 20-13-53.

WATTERSON — Malin 5-3-13; Dunn 2-0-4; Pond 8-1-1; Lyons 5-8-18; Mermile 1-0-2; Craig 4-2-10; Severance 5-8-18; Weaver 1-2-4; Eglehoff 1-0-2-4; Buttress 1-3-4; Roche 0-0-0; Kelly 0-0-0; Totals: 35-26-76.

HOLY FAMILY — Cullen 5-7-13; Johnston 1-3-5; Bromback 4-0-8; Kenton 5-2-12; Lee 2-0-4; Daugherty 0-3-3; Gordon 1-0-2; Coviotz 0-0-0. Totals: 16-15-47.

The Holy Family Reserves dropped another one of their squeakers to the Ohio Deaf, 38-34, in a contest that wasn't decided until the final moments, but then got drubbed Friday eve by the Watterson juniors, 51-10.

Merry Christmas to all good sports everywhere! !

As you observe Christmas with those dear and near to you, rejoice anew at the eternal glory and beauty of His birth and all it means to men everywhere.

Your Youth

By Al Hollowell and Bert Kerls

The Indian Guide Dance Team ended its sessions for 1959 with a little informal party at the "Y" on Saturday morning. The next practice will be Saturday, Jan. 9.

Regularly scheduled "Y" classes will continue through Wednesday of this week and will resume meetings on Monday, Jan. 4, starting with "Y" movies.

Most of the Indian Guide tribes on the Hilltop have enjoyed Christmas parties in this last week. An outstanding one was held by the Shoshone Tribe at the Westgate shelter house last Wednesday evening. The party featured movies, singing, gift exchange and goodies. The Blackfeet Tribe held a similar affair at the Hilltop YMCA Friday evening. All chiefs are reminded that area and national registration fees are due in the "Y" office prior to Jan. 1.

At the December meeting of the Hilltop YMCA Gra-Y Council, the Westgate Club was named "outstanding Gra-Y Club for November." Football trophies were awarded. The championship cup went to Highland and the sportsmanship trophy to West Mound. Final arrangements for the basketball program were discussed. Last week all schools began practicing for the beginning of the season when school resumes.

Merry Christmas and a Happy New Year from the entire "Y" staff.

May the age-old but very new story of Christmas recapture your spirit and inspire you anew with all the joy and wonder of the Day.

TIMELY TALK — No doubt about it—Santa is the man of the hour! He's been around a lot the last few days and has plenty of remembering to do until Christmas. Here he gets the word from six-year-old Sue Hoke, 160 N. Eureka-av. Retired railroader William Davis, 3094 Steel-av, saw to it that Santa made the rounds at several Hilltop stores to greet the kiddies.

GREAT EXPECTATION—Fairly bursting with anticipation, these youngsters guard Santa's royal throne just before his appearance at the annual Christmas party of Montenwood Franklin Lodge No. 5, Knights of Pythias. Financed by sales tax stamps, the party was held Friday at Burgess and Broadnax for 75 kiddies. Robert McKenzie, 805 Josephine-av, is shown at cellar; Charles Taylor, 61 Wisconsin-av, was chairman.

CRIPPLED ENTERTAINED — Here are two glimpses of the happy times last Saturday at Smith-Barratt Post 249, American Legion, 2222 Sullivant-av, when 32 crippled children were partied. It was the seventh such event staged by the Legionnaires. At right, newscaster Chet Long meets a young fan, Mary LeDiard of 317 N. Ogden-av. Below clowns Bob Price and Allen Beehm are buddies to Stephen Stirling, 9 (left), of 637 Briggs-rd, and Roxie Malinowski, 8, 399 W. Rich-st. Alex MacDonald, 349 S. Chase-av, was chairman.

BOY, OH BOY!—A veritable boys' paradise—this "cookie village" was the gift of roommothers to Mr. Dale Brush's sixth grade at Chicago Avenue School. Bill Nickell, 185 N. Central-av (left), and Walter Wise, 76 N. Princeton-av, look over their mothers' handiwork. It includes a frosted cookie dough church and farmhouse, pen with animals, a fence of candy and miniature Santa, sleigh and reindeer.

WONDERFUL SIGHT—The boys in Cottage 7, Franklin Village, won't forget this Christmas. Hilltop Kiwanians brought them this huge tree and helped them decorate it, and also presented a console TV set. Kiwanian Henry Ruegg and a villager admire the trim.

BRIGHTEN CITY HALL — Determined voices of these youngsters from Sunshine, Sullivant Gardens and East Columbus Recreation Centers fill a marbled corridor of City Hall. Recreation Leader Jane Davisson directs while Mrs. Ruth Burke, 610 VanBuren-dr, plays. Youngsters from all over the city have been giving the concerts daily at 4:30 p.m.

SPORTS of SORTS

Compiled By Bob Wilcox

West took another basketball loss on the chin last Saturday evening in one of those "almost, but not quite" contests. At Chillicothe they ran out of gas in the final lap. The outcome . . . a 44-43 nipper for Chillicothe.

West was leading by five points going into the final four minutes. However three Chillicothe boys came down court and put in three successive buckets to go ahead.

From there on it was nip and tuck—the Cowboys fouling in trying to get the ball. Chillicothe sank both foul shots for a four-point lead. Bill Biggers came down and put in the final two points, for West, but Chillicothe never even had to pass the ball inbounds before the whistle sounded.

Roger Street, continued his rapid rise of the last few games — popping in a brilliant 29 points. But, unfortunately he didn't get any offensive support from the rest of the line-up and that about spelled the difference. Carl Brown pulled in 13 rebounds, but had a rough evening scoringwise.

Things were just about as close as the score would indicate —from the field West had 15-45-.333 while Chillicothe had 16-47-.340. From the free throw lane West had 12-22-.545 to their 12-20-.600. West outrebounded Chillicothe 28-21, but turned the ball over 16 times to only 7 for the locals. Chillicothe committed 17 personals to West's 15, while the Cowboy's only made 6 recoveries to their 8.

Next Wednesday evening at West, the Cowboys tangle with one of the state's best high school quintets in recent years, the Zanesville Blue Devils. More on them next week . . .

WEST—Hartranft 3-1-7; Castle 0-0-0; Street 10-9-29; Brown 1-0-2; Biggers 1-2-4. Totals: 15-12-44.

Pirates Victorious

Central wound up the 1959 half of their basketball season last Friday evening as they pumped Aquinas with ease, 85-64. This got them back on the winning trail after their lone loss of the campaign to East last week.

The Pirates had four men hit for double figures, paced by Ed Tucker with 18, Al Foster and Roosevelt Coffey each with 15 and Herman Reeves with 14. The Buc second string played about half the game. Otherwise they might have reached the century mark . . .

The Bucs, once they got rolling, led most of the way by 15-20 point spreads. Aquinas scored the first two, then the Pirates bounced back to tie it up. The Terriers went ahead 4-2 and then Central scored two quick buckets for a 6-4 lead and they were off to the races, never to be headed or threatened.

Reeves handled the boards pretty well as the Bucs held a 50-32 halftime lead. Central's reserves also won by a 46-29 margin.

CENTRAL — Reeves 5-4-14; Mosley 1-0-2; Chilton 2-2-6; Tucker 7-4-18; Foster 6-3-15; Jewell 1-4-6; Grey 3-0-6; Coffey 5-5-15; Walker 1-1-3. Totals: 31-23-85.

AQUINAS — Dittee 8-1-17; Keat 4-3-11; Moriarty 0-0-0; Grata 2-0-4; Rhodes 5-2-12; Burke 3-3-19; Pollsano 0-1-1. Totals: 27-10-64.

Central is already making plans to begin baseball drills at the turn of the semester, some the last of Jan. and first of Feb.

Doughty Still Up

Bill Doughty of West remained undefeated in the 103 lb. class last week as the Cowboy grapplers lost to Grove City at West, 24-17. West's lone pin of the night was hung up by 138 lb. Larry McQuerrey.

In the first annual Holiday Tournament sponsored by Franklin Heights, Heights walked off with their own trophy with a grand total of 108 points. West finished sixth in the eight-team field with 28.

Holy Family Wins

Holy Family batted .500 in basketball warfare last week as they racked up their second victory of the season. A week ago Tuesday evening they dumped the Ohio School for the Deaf, 57-53 in an overtime affair on the St. Mary's gym floor. Holy Family led almost the entire way, posting quarter leads of 12-11, 21-15, and 32-30. Ohio Deaf started to close the gap, trailing only by two at the three quarter mark ,and kept right on whittling till at the final whistle things were all even at 48-48.

It was strictly a team win for HF as all the starting five had a good night. Individually Don Kenton with 22 points (he hit on 80% of his shots from the floor) and Don Gullen with 12 paced the attack. Charlie Johnston was the big gun for the victors in the overtime as he collected four of his nine points.

The overtime period found first one team and then another taking the lead until Johnston's four shot HF out for good — otherwise it looked like a situation of the winner being whoever scored last (thus going ahead) before the final gun. A lot of scoring in an overtime!

STOPPED BY WATTERSON

On Friday night, also at St. Marys, however HF took a hard knock to the chin, dished out by Watterson, 76-47. Cullen had 13 and Kenton 12 in the losing cause as Watterson posted quarter leads of 20-7, 39-22, and 62-35. The Eagles had four men hitting for double figures . . . two of them for 18 points apiece.

Last night HF played Somerset (Ohio), there, and next Tuesday eve they travel for a league fray at Delaware St. Mary's, . . . HF's first victim of the season in their season's opener a few weeks back.

OHIO DEAF—Maxwell 8-1-17; Carpenter 1-1-3; Bickham 5-1-11; Larson 2-8-12; Archie 3-2-8; Wilson 1-0-2; Reppart 0-0-0. Totals: 20-12-53.

The Holy Family Reserves dropped another one of their squeakers to the Ohio Deaf, 38-34, in a contest that wasn't decided until the final moments, but then got drubbed Friday eve by the Watterson Juniors, 51-10.

Merry Christmas to all good sports everywhere!

Your Youth

By Al Hollowell and Bert Korte

The Indian Guide Dance Team ended its sessions for 1959 with a little informal party at the "Y" on Saturday morning." The next practice will be Saturday, Jan. 9.

Regularly scheduled "Y" classes will continue through Wednesday of this week and will resume meetings on Monday, Jan. 4, starting with "Y" movies.

Most of the Indian Guide tribes on the Hilltop have enjoyed Christmas parties in this last week. An outstanding one was held by the Shoshone Tribe at the Westgate shelter house last Wednesday evening. The party featured movies, singing, gift exchange and goodies. The Blackfeet Tribe held a similar affair at the Hilltop YMCA Friday evening. All chiefs are reminded that area and national registration fees are due in the "Y" office prior to Jan. 1.

At the December meeting of the Hilltop YMCA Gra-Y Council, the Westgate Club was named "outstanding Gra-Y Club for November." Football trophies were awarded. The championship cup went to Highland and the sportsmanship trophy to West Mound. Final arrangements for the basketball program were discussed. Last week all schools began practicing for the beginning of the season when school resumes.

Merry Christmas and a Happy New Year from the entire "Y" staff!

May the age-old but very new story of Christmas recapture your spirit and inspire you anew with all the joy and wonder of the Day.

Best wishes for a Happy Christmas and the best of everything to all during the New Year!

At this time throughout the world there is gladness and sadness—but we must remember to be glad in our hearts for the Christ whose birthday we are celebrating.

Midland Avenue Baptist and the Whitethorne Christian Union Churches held Christmas programs last Sunday evening.

Mr. and Mrs Donie Lykins of Whitehead-rd visited Sunday with Russell Borders, who is ill in University Hospital.

Mrs. James Martin of Clarendon-av, entered six of her own oil paintings in the art show held Monday evening in the Perez Beauty Shop, West Broad-st.

Mrs. Minnie McGrew of Shawnee visited several days this week with Mr. and Mrs. Ralph Barnette and family on Vadis-st.

Mrs. Ruth Hicks of San Diego is visiting through Christmas with Noah Dollinger of Whitethorne-av.

TREE SERVES DOUBLE DUTY

ON THE WAY—Fifth graders of West Broad Street Elementary School, will send this tree, loaded with candy canes, to the Children's Hospital. Sparking the project were Mark Hobbs of 2542 Steele-av, and Joe Casterino of 146 Eldon-av, who raked leaves to acquire the money for a "present for teacher," Grant Broomall. But since school closes Wednesday, the youngsters wanted to find an appropriate new home for the tree.

W. Park Methodist Windows Are Broken

West Park Methodist Church, corner of W. Park and W. Stategate, took a bit of a bruising last weekend when five stained glass windows were broken by pelleted rocks.

Rev. L. L. Young said that he was unable to estimate the loss at this time. He also stated that some of the rocks hit partitions, bending them.

THIS IS FOR MY BROTHER . . .

In many countries across the world, the poorest children get CARE food at school — often, the first and only meal they have all day. At a school in Colombia, a CARE representative saw several youngsters placing their CARE roll in their pockets. Why? One little boy explained: "This is for my brother. He's too young to come to school."

Not all the lavish gifts Americans will exchange this Christmas can match the gift of that hungry child who shared his lunch with the brother who had none.

By joining the annual holiday-season CARE Food Crusade, you can share our plenty with the hungry in 15 countries of Asia, Europe, the Middle East and Latin America.

The foods are mainly commodities donated by the U.S. Government from our farm abundance—flour to bake into bread and rolls, powdered milk, corn meal.

Every one dollar you give sends one package of life-giving food, delivered with your name and address to make it a personal act of sharing.

Mail your dollars to CARE Food Crusade, 8 Chestnut-st, Columbus 15. Your gifts will reach destitute refugees, orphans, disaster vivctims, undernourished children at school and in their homes. Those who get the food will know that in well-fed America another human being said: "This is for my brother . . ."

"Women will be the last thing civilized by man."—George Meredith.

560 Acres Of Timber Are Marked For Sale

Foresters are marking 560 acres of timber for sale to lumbermen, reports W. E. Houf, forester for the Southern Ohio region.

The Ohio Division of Forestry employe estimates that more than 500,000 board feet of lumber will be cut from this acreage on the four state forests where the marking is being done. The state forests involved are Brush Creek, Shawnee, Pike and Richland Furnace.

BIBLE COMMENT

All Should Seek Peace At Christmas

The sound of autos, buses and trucks blend into a din along the main street. The snow falls on the holiday shoppers rushing through the slush.

From the store fronts, recorded Christmas carols blend harshly with the busy sound of traffic.

The scene is anything but peace on earth, that great promise of the scriptures to all men on this most joyous Christmas celebration.

It seems there is less and less time to consider that phrase: "peace on earth." There is so much to do.

Yet, this is a holiday devoted to the Prince of Peace. In His name men have retreated into lives of religious contemplation.

Others have cheerfully met violent death. Still others have endured great personal tragedy, with His name on their lips—an assurance of peace in time of agony.

Even more than the absence of war and civil disorder, the peace of Christmas has come to mean a peace of the soul.

This single word, "peace," is more often being interpreted as international truce, and the uneasy stillness of former battle zones.

Yet the peace we should be seeking is a reflection of the peace that comes eventually to all men when they have crossed the borders into God's kingdom.

Peace within ourselves is not achieved by defeating another man. It comes when we subdue the personal enemies of greed, lust, slander and selfishness that can become so instinctive in our personalities.

Find this peace here, fight for it with ourselves as we would an inhuman enemy, and international peace must follow as logically as summer follows winter.

This Christmas, take a moment to find peace.

Food Market This Week

by ESTELLE B. FRANKS

THIS WEEK SHOP FOR:

Fruits — Oranges, grapefruit, tangerines, apples, cranberries, frozen orange juice.

Vegetables — Brussels sprouts, broccoli, lettuce, sweet potatoes, celery.

Other Foods — Ham, pork loins, bacon, sausage, large eggs, cheese, ice cream.

FOOD FOR THE HOLIDAYS

By the time you read this newspaper, shopping for your Christmas dinner is probably completed. But there is the long stretch of meals ahead during the holidays that may call for bigger bags of groceries than usual. Here are some tips that may help you as you plan and shop:

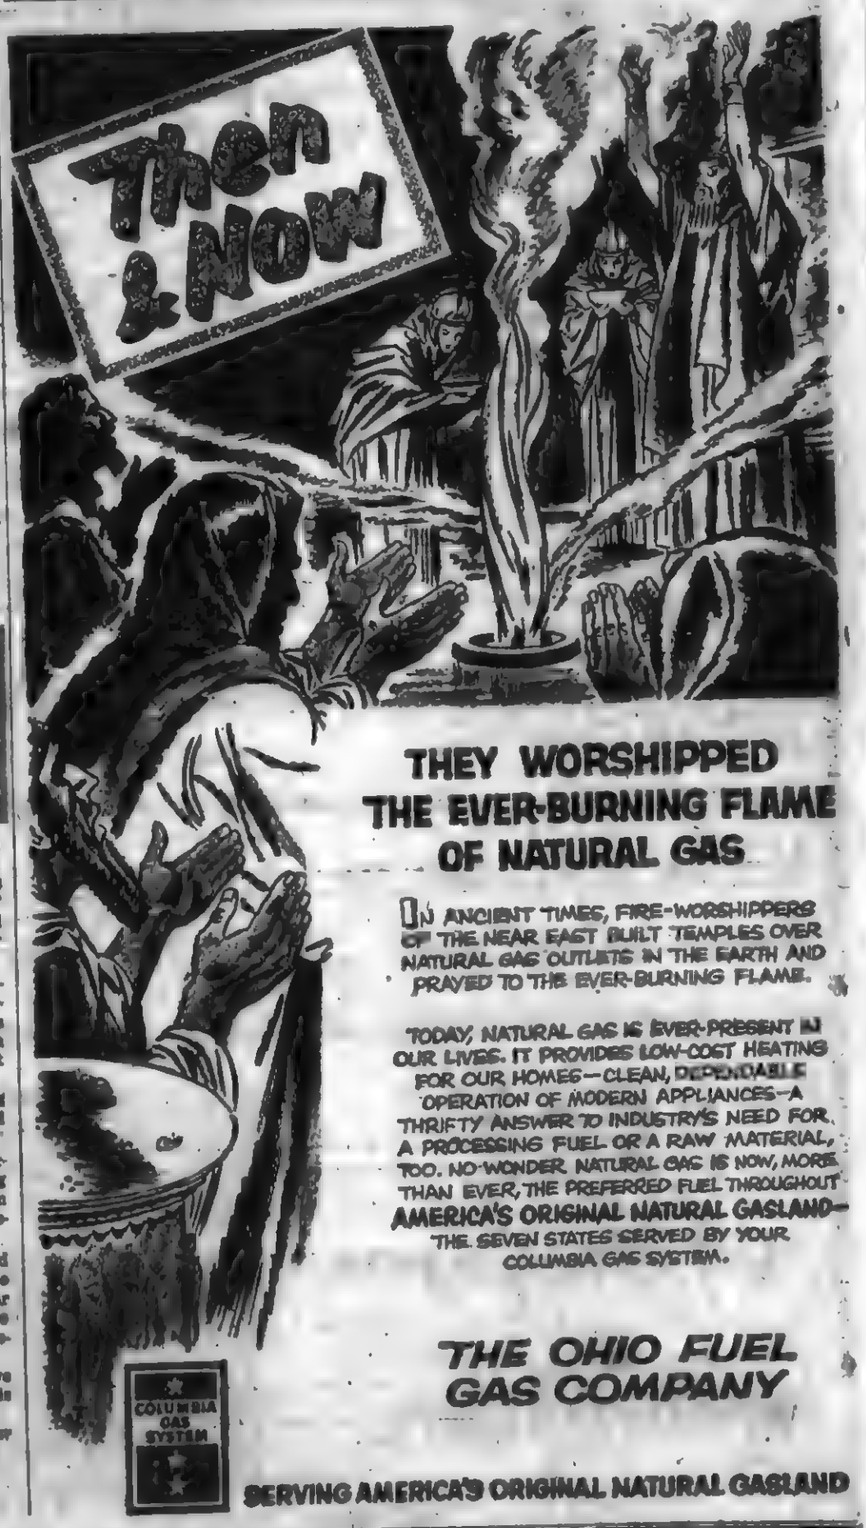
All cuts of pork — fresh or cured are usually good values. Loin roasts and chops, or spareribs, are often a welcome change after the Christmas turkey or ham is eaten. All sizes of canned hams are especially priced this week and are so quick and easy to prepare. And don't forget bacon, sausage or ham for special holiday breakfasts. Economical beef choices this week are chuck roasts and ground beef.

There's a wider selection than usual at the dairy counter to help you plan healthful meals and snacks. Have plenty of milk, assorted cheeses, ice cream and eggnog on hand while the children are home from school. Eggs make good protein dishes for any meal of the day. Eggs are of excellent quality at this time of year when low temperatures help to retain their freshness.

Citrus fruits, rich in vitamin C, are seasonally at their best and prices stay low in spite of holiday demands. Apples are still available and generally carry good quality this year. Keep the fruit bowl well filled. "Cleared" cranberries are back in heavy supply to add their color and popular flavor to holiday meals.

Heavy inventories of canned and frozen orange juice and citrus blends, when the industry is entering a new packing season, means lower prices on all of these items. The frozen orange juice is 24 cents less per can in most markets than it was a month ago.

Canned fruits to look for include cling peaches, fruit cocktail, applesauce, and red sour cherries.



While some vegetables may be higher priced now than they were during the growing season locally, there are many which are in good winter supply—rutabagas, turnips, parsnips, potatoes, carrots and cauliflower.

This country is blessed with plenty of good nutritious food. Our farmers have seen to that. Our food processing industry and our transportation system make food accessible to every corner of the nation, and even the remotest dwelling in the land.

This is something to remember as we enjoy the fellowship of family and friends during the holidays.

Merry Christmas and a Happy New Year to you and your family.

THEY WORSHIPPED THE EVER-BURNING FLAME OF NATURAL GAS

IN ANCIENT TIMES, FIRE-WORSHIPPERS OF THE NEAR EAST BUILT TEMPLES OVER NATURAL GAS OUTLETS IN THE EARTH AND PRAYED TO THE EVER-BURNING FLAME.

TODAY, NATURAL GAS IS EVER-PRESENT IN OUR LIVES. IT PROVIDES LOW-COST HEATING FOR OUR HOMES—CLEAN, DEPENDABLE OPERATION OF MODERN APPLIANCES—A THRIFTY ANSWER TO INDUSTRY'S NEED FOR A PROCESSING FUEL OR A RAW MATERIAL, TOO. LOST MONEY

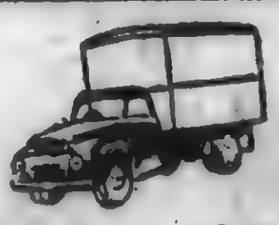
Three years was the prison term handed to a man in Montreal, Canada, for possessing fake money. Police found 10 bogus $10 bills hidden in a hotplate in the man's house.

Weather Blamed For Small Kill Of Ohio Deer

Weather during the three-day shotgun hunting season, which closed Dec. 12, favored the deer more than the hunters, according to reports from district offices of the Ohio Division of Wildlife. Personnel checked 784 deer in the field and at nine checking stations.



The deer kill reported by the six districts does not represent the total for the state. Final figures will await the processing of deer-hunting report cards which all permit buyers are required to submit at the close of the season.

Last year almost 43,000 hunters bagged about 4,000 deer during a four-day season.

FAYETTE COUNTY FIRST

Fayette County led Wildlife District No. 5 in arrests in November, according to T. W. Overholser, the law enforcement supervisor for the south-central area. Ninety-two were made in this county during the month compared to 71 for the remainder of the 15-county district.

Oh, come all ye Faithful....

"AND when they were come into the house, they saw the young Child with Mary His mother, and fell down, and worshipped Him; and when they had opened their treasures, they presented unto Him gifts, gold, and frankincense, and myrrh." As on the night when the Wise Men found the place where He was, may the story of the first Christmas bring to us wonder and joy ever new. And may His message, heard again in song and story, give to all of us the great gifts of spiritual joy, eternal hope and promise.

SEIFERTS' SLEIGHS—Enjoying the jingle bell season in an old-fashioned way are Andy Hoover, son of Mr. and Mrs. Wendell W. Hoover, Jr., of 34 S. Westgate-av, left, and his mother, and Gregg Essig, son of Mr. and Mrs. Roger Essig, of 51 S. Westgate-av, and his mother. The sleighs, a push-type one in which Andy is sitting, and a cutter-type, are owned by Mr. and Mrs. Myron T. Seifert of 46 S. Westgate-av, who watch the "get-going" procedures from their porch.

Thrill's Still There In Seiferts' 110-Year Old Miniature Sleighs

Time changes things — including the looks of children's sleighs—but the 100-year-old ones are just as much fun to ride as the new ones.

Neighbor children of the Myron T. Seiferts, 46 S. Westgate-av, have learned this from privileged rides in two prized antiques.

One is a cutter-type, the other a "pusher."

The Seiferts don't use the sleighs in the ordinary way—they store Christmas presents in them. At times, however, children are able to take a ride in the snow.

The cutter was bought from Mrs. Peggy Fisher, a descendant of the Dr. B. Boyle family and is of 1849 vintage.

It has its original finish of red and black, trimmed with a gold molding. Carved wooden runner eagle heads finish off the runners.

The push-type is a child's copy of those used by adults at skating ponds pictured in Currier and Ives prints. It is a faded barn red, trimmed in black and is a keepsake from Mrs. Seifert's home.

More recently, it was used as a dog bed at their summer cottage at Lancaster Methodist Camp Ground.

"QUIET, UNASSUMING FELLOW"

Maj. Rogers, Speed Record Holder, Is West High Grad

Major Joseph W. Rogers, who on Dec. 15 set a new official world speed record by flying an F106 "Delta Dart" interceptor 1520.9 miles-per-hour was graduated from West High School in June, 1942.

While attending West, he lived with his parents at 4155 Sullivant-av. The major, described by friends as a "quiet, unassuming fellow," comes from a military family.

His sister, Mrs. Elizabeth Loeffler, is the wife of Air Force Major "Rick" Loeffler, who is stationed in Spain. His brother, Air Force Sgt. Robert Rogers is stationed in Japan.

Elizabeth and Robert are graduates of Worthington High School.

Maj. Roger's mother, Mrs. Albert A. French, resides at 6610 Worthington-Galena-rd.

When told her son had set the new record, Mrs. French was delighted, but not particularly surprised.

Called "Whistlin' Joe"

He picked up the nickname "Whistlin' Joe" during the Korean War. He acquired this name by attaching pipes to the bottom of fighter planes. The eerie sound which resulted "gave the North Koreans fits," friends disclosed Wednesday.

Major "Joe" doesn't get home too often to visit, but when he does it is on short notice. He's likely to call his mother from Dayton to ask her to meet him at Lockbourne Air Force Base in a half hour or so. More often than not he is at the base waiting before she can get there.

Major Rogers was a pre-medical student at Ohio State before enlisting in the Air Force in 1943. He lives with his wife, the former Charis Tate of Ardmore, Okla., and their three children at Colorado Springs, Colo.

A drinking driver was involved in at least 30 per cent of all fatal traffic accidents in 1957.

Unique Center For The Aged May Join Skyline Next Year

Older folks are not being forgotten by planners for the future . . . at least in the Columbus Metropolitan area.

Probably one of the most spectacular constructions in the county in 1960 will be the Senior Citizens center at the eastern extreme of Sullivant-av. Its combined housing and recreation facilities will be open to the elderly on a county-wide basis.

The $2.5 million project will rise on a 5.7-acre plot already purchased. It will be cleared of houses in the next few months. If all goes well, the center could be ready for use by autumn, 1961.

Planners have not veered much from their orginal concept of a year ago. They contemplate a park-like layout surrounding two buildings—one a 10-story apartment with 176 low-cost dwellings, the other a sleek one-floor recreation building.

Merger Of Ideas

The center is a merger of ideas which stemmed from a meeting in Mayor Sensenbrenner's office about 18 months ago. The mayor had been impressed with what he had seen in the way of apartments for the elderly on the West Coast. He asked Russell Taylor, of the Columbus Metropolitan Housing about the possibility of building something like it here.

N. J. Barack of the city recreation department was also present and told about the need for new quarters for some 700 Golden Agers who look to the city for help in whittling down their lonely hours. They now meet in the basement of Old Memorial Hall which is cramped, in need of repairs and is costly to maintain.

Barack suggested that the site north of Sunshine Park be expanded to accommodate a combination of the two needs. In the intervening month the last of 27 old properties has been appropriated and demolition bids will probably be advertised by Mar. 1.

According to MHA Director Tayler the new center will offer the following: In the high-rise building, 176 apartments for persons of low income, 65 years of age or older. Selection of residents would be on the basis of greatest need. Rentals would possibly run from $30 to $62 a month, including utilities. Half of the units would consist of living room, kitchen and one bedroom; the remainder would be divided between efficiency

AWAITS FIRST CHARTER

Board Of Trade In Rebuild Move

About 125 West Side businessmen are making a New Year's resolution—to do things in a more business-like manner.

They're re-organizing the West Side Board of Trade, oldest group of its kind in the city. It was started in 1904.

The let's-start-all-over idea came about recently when someone made a startling discovery—the board was never incorporated. An application has been filed with the state and in a week or so the WSBT should be entitled to add "Inc." after its name.

The 55-year-old default was brought to light recently when the United Businessmen's association asked for some annual credentials. Research by Sam Alford and Leroy Marx showed that a non-profit charter had never been granted the local group.

Before disbanding, the former directors appointed Alford, Al Linimon, and Bob Miller as trustees to reform the group under its first charter. In the meantime, Lowell Shroyer and his committee are getting up nominations for new officers. Many of the members are being asked to take a more active role in running the board.

Meeting Set Jan. 20

These names will be presented at a Jan. 20 meeting at Sunshine Recreation Center. At the same time, new by-laws will be put up to a vote. Election and installation of officers will take place at Sunshine on Feb. 10.

A committee, consisting of Joe Davis, Jr., Shroyer, Vernon Creasap and Tom Timlin (immediate-past president) is suggesting the following changes in the by-laws:

1. Election of nine directors instead of the present 12. The first ones would be given terms of three, two and one years until the end of 1962. Thereafter three would be elected annually to three-year tearms.
2. The president, vice-president and treasurer would serve for one year instead of the present two. At the end of his office he would become an additional director for one year.
3. Boundaries for membership would be extended to: Scioto River on the east, Dublin-rd on the north, state hospital and school lands and Ryan-av on the West, and Route 3 to Frank-rd on the south.
4. Associate members (those who have terminated business or moved away, and some professional members, would not be eligible to hold office.
5. Life memberships would be issued to members of 25 years' standing or longer.
6. The vice-president would be delegated the job of chairman of the Jubilee and of the ways-and-means committee. He could then be a nominee for president the following year.

Dues would remain at $12 a year (regular) and $6 (associate). Ownership of Christmas street lights and several hundred dollars in the treasury is being transferred to the new incorporation. Gene Roach is continuing as secretary.

Mayor's Oath Is Repeated By Westlake

Mayor-Elect Westlake

Inauguration of Columbus' new Republican mayor, W. Ralston Westlake, was to be held Wednesday afternoon at City Hall.

An inaugural luncheon honoring Westlake, a resident of 3294 W. Broad-st, who succeeds another Hilltopper in Mayor Sensenbrenner, will officially take over the duties of the city's chief executive Friday, Jan. 1. Rev. C. T. Langholz, of St. John's Lutheran Church, gave the invocation at the event.

An inaugural luncheon honoring the new mayor was held at noon just before the official ceremonies.

Councilmen-elect William M. Hicks, William P. Hoarmle, Sr., Mrs. Golda Mae Edmunston and Ronald E. Devore along with appointed cabinet members were also sworn in at the ceremony.

Funeral Planned For Mrs. Hessler

Funeral for Mrs. Mary Evelyn Hessler, 48, of 208 S. Burgess-av, found dead in bed Monday at a Winston-Salem motel where she had stopped enroute to a Florida vacation, will be held Thursday, 2:30 p.m. at Jerry Spears Funeral Home.

Mrs. Hessler's death was apparently caused by an accidental overdose of sedatives, self-administered, according to Dr. D. C. Speas, acting Forsyth County coroner.

Her husband, Harold J., well-known sportsman and manager of the sporting goods department of Frank P. Hall Hardware, Inc., said his wife's physician had prescribed the sedatives for relief of pain.

She had been under doctor's care since she received back injuries and a broken pelvis last summer, and was to have an operation when she returned.

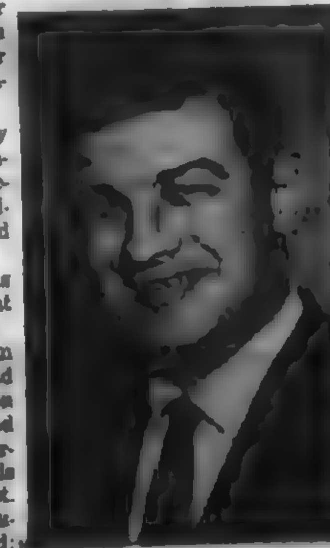
McCann Named Sunshine Director; Reveals Changes



Sunshine Recreation Center has a new director. He is Don McCann, 29, a former director at the East Columbus Recreation Center.

McCann was also formerly associated with Linden Recreation Center and Sullivant Gardens and had been athletic director at Sunshine in 1956 and '57.

For the past year he was youth activities director at Lockbourne Air Force Base.

McCann was graduated from Central High School in 1949 and attended Ohio State and Oregon State Universities. He majored in physical education, is married and has a son. He and his family reside at 953 E. 12th-st.

Upon beginning his new duties this week, McCann stated:

apartments and two bedroom units. Large parking lots would supply 80 percent off-street parking. The innerbelt runs nearby.

City To Staff Recreation

Director Barack said the recreation building is to be built with funds supplied from the MHA housing formula and $220,000 already alloted by the city.

It would feature an auditorium seating 500 to 600; a kitchen and adjacent area to feed 80, expandable to 400 in the auditorium. Basement rooms would be designed for games, TV, music, etc.

Use of the facilities would not be restricted to Golden Age clubs alone but would be open to all individuals. Recreation department personnel would staff the building.

One official summarized: "It won't solve all our problems but we think it is a step in the right direction. And other communities around the nation are bound to study it."

Use the gear shift as a parking brake in freezing wet weather, says the Columbus Automobile Club. The hand brake can freeze when it's wet and cannot be released.

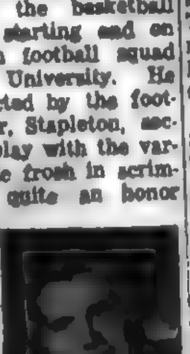
West High's wrestling squad wound up the 1959 half of its 1959-60 schedule without a win, but they keep getting closer. In their last outing of '59 they came within a whisker of that first win as they were nipped by only one point, 24-23 by Pleasantview.

First home match of 1960 will be next Monday (Jan. 4) at 4 p.m. in the north gym at West against Groveport. The reserve squad had a match at Whitehall last Tuesday afternoon and the varsity squad had a practice meet at Worthington this morning.

Although he was beaten for the first time in the recent Holiday Tourney at Franklin Heights, Bill Doughty lost his first dual meet competition as he was forced to wrestle out of his weight and lost via a decision. Eric Marlow although decisioned his last time out, has been demonstrating some fine wrestling in the 180 pound class.



West-Pleasantview summary

Hurdjan (P) 4-2; 138—Good (P) dec. Marlow (W) 3-2; 145—Roupes (P) dec. McQuerrey (W) 10-0; 154—Morris (W) pinned Barrett (P) 2:51; 165—Birle (W) pinned McKinzie (P) 2:45; 175—Hegele (W) pinned Kury (P) 3:20; 185—[illegible] (P) pinned Martin (W) 1:53.

The four West pins above (Walters, Morris, Birle and Hegele) record a new season high for the Cowboys in that department.

Ex-Locals Report

One Hilltop lad, a former West athlete had himself quite a good fall in his freshman year in college. Ray Horky, 288 S. Sylvan-av, 1958 co-captain of the Cowboy football team and a member of the basketball squad, was a starting end on the 1959 frosh football squad at Iowa State University. He was even selected by the foot-football mentor, Stapleton, several times to play with the varsity against the frosh in scrimmage. That's quite an honor and a good yardstick of his accomplishments.

Ray Horky

Ray says that when the football fever hits high pitch out there it is almost like being back in Columbus. His grades have been quite good, especially when considering that it is his first quarter of college — plus the rugged schedule of playing football.

He, like all other college freshmen, quickly found out it's nothing like "easy" high school and that one has to really work, budget his time and "bone" for those grades in college—nothing is "given" away. Iowa State is quite a stickler along these lines too.

It's only in recent years, under a prexy who thinks that a school can be strong both academically and athletically, that Iowa's athletic program has picked up.

Ray's mother laughingly stated that Ray is learning much more than just textbook material. "He found out that you could wear the same pair of pants for at least three days and keep the crease in them, if they were properly hung up each night. He's also becoming quite a 'washing and ironing' expert (pay heed gals!)"

Ray is at home for the holidays.

• • •

Also home for the holidays is Don Uldricks, a former three-sport man at West. Now attending Ohio U (also with pretty good freshman grades), he was out for football at an end slot, but through a weird blocking accident in scrimmage, he injured both knees, so sat out the rest of the season. He's looking forward to baseball try-outs this spring.

A third member of [illegible] 1958 West football team, and co-captain with Horky, is Dave Francis now at OSU. He had himself a pretty good year with the Buck frosh squad, playing in the annual Frosh-Jay-Vee game that climaxes every Buckeye football season. He has his work cut out for him in spring drills and next fall, he with at least four other good prospects will be trying to fill the "big" shoes of all-American Bob White.

Pop Injured Wrestling Son

A little holiday horseplay ended in a big fracture for Lewis Conkey last week.

He and his son, Lewis, Jr., a West High School junior, engaged in a little bit of wrestling that ended with the senior Conkey in Mt. Carmel with a dual leg fracture.

West Meeting Zanesville

Most of the local squads are relaxing until the new year, but a couple of them have games. No local squads are in any of the many holiday tournaments.

West plays host tonight (Wednesday, Dec. 30) to one of the state's annual stronger quintets in recent years — Zanesville. Operating under a new coach for the past couple of seasons hasn't seemed to have impaired its quality. The Blue Streaks usually play a tight zone defense, an all-court press and a rapid-fire fastbreak—a horrible pace at times, but a successful combination for them in the past. They have twice in recent years gone into the state semi-finals here in Columbus. So they should be rough again, with a couple of boys with fair height, not something that Zanesville has had, even in their more successful years.

Holy Family took its ninth loss against only two wins last Tuesday at Somerset (Ohio). Holy Trinity with a score of 75-46. (Meeting Somerset earlier in the year, the local lads lost by 24 points, this one by 30.) Trinity now possesses a 10-2 mark. The non-league fray saw Pat Snider with 18 and Dan Cullen with 14 pace the losers.

Holy Family plays host to Springfield St. Marys next Tuesday (Jan. 5) in St. Mary's gym, and then travels to St. Charles on Jan. 15. They played Delaware St. Mary's last night.

Looking at how the local quintets fared in the 1959 half of their 59-60 season . . . in the area standings Central is eighth with a 3-1 mark, scoring 247 points to their opponents' 228. Holy Family, 2-9, 412-612; and West 1-4, 212-256, are much farther down the listings. However, Don Cullen of H-F with 48 fielders, 21 foul shots for 117 points, is fourth in the county area scoring. Teammate Don Deaton is ninth with 34-29-97.

In City League warring Central is tied with North for second with 3-1 marks, trailing East (Central's only loss of the campaign). West is 0-2 in the league, scoring 94 to 106 for the foe. In individual scoring Central has several in the top 11 . . . third and fourth respectively are Herman Reeves (23-15-61) and Ed Tucker (24-8-56) and eleventh is Roosevelt Coffey (16-9-41).

Holy Family is sixth in its loop with an 0-3 mark, and scoring 107 to 181 for the opposition. Individually, Cullen is fourth (11-10-32) while Kenton is seventh (12-3-29).

Happy New Year to all—and my deepest thanks to all who have helped this column during the past year . . . correspondents, coaches, players, publicity directors, and all.

Pistons Take Sunshine Title

Climaxed by a three-way tie for first place, the Sunshine Pre-Season Junior Basketball League came to a close last week.

The Pistons, Royals and Raiders battled it out for the top honors. A loss to the Celtics knocked the Royals out of the race. In the playoff the Pistons held off the Raiders to emerge as victors, finishing with a 5-3 record for the season. The season ended as follows:

Pistons	5	3
Raiders	4	4
Royals	4	4
Celtics	3	5

Cowboy Reserve Prospects Look Brighter This Year

By Bob Wilcox

Just before Christmas vacation a very unusual ceremony took place in West High's front lobby.

As the bell rang for a class change the air was also pierced by two trumpet fanfares. Then above the hub-bub, the strains of the "Cowboy Fight Song" rang through the halls, played by the Pep Band.

The occasion . . . a special surprise presentation to reserve basketball coach Dwight Black. As principal Robert Darrow stated later, "It's the first time in West's history that such an award has been made; namely of designating someone as "coach" . . . and like the Kentucky Colonels, all honor and no more pay."

Head track coach Rufus Glass handed Black a beautifully turned out homemade plaque which read: "... affectionately presented to Coach Dwight Black in recognition of his tenacity and in celebration of his first basketball victory in 17 games" — 1958-59.

Glass then outlined that Black's reserves had failed to win a single game in the entire 1958-59 campaign; and after losing their first one this year finally eked one against Linden-McKinley.

The plaque itself was the handiwork of drawing teacher Art Miller. Made of shiny maple, it also carried Black's portrait inside a gold horseshoe which the coach had received from Glass the night of the jinx-breaking victory.

The closely guarded gift caught Black quite by surprise.

When called upon for a speech, his flustered remark was, "It's dinnertime . . ." and off he trotted to lunch.

The only returning letterman from last year's Reserve squad is guard Gary Weigand. He and forward Richard Smith, both juniors, are playing with them, tho listed on the varsity roster. Everyone else is brand spanking new. Incidentally, Bill Detwiler is the lad from last year's reserve squad now playing varsity ball.

WEST HIGH RESERVES—Here is the 1959-60 reserve Cowboy basketball team: left to right, front—Glen Rohrer, Bill Hunter, Rick Meyer, Dwight Newman, Earl Newman; back row, left to right—Bill Gardner, Garry Weigand, Dick Smith, Bill Bell, Bill Karns, Jerry Ball and the manager, unidentified. —Photo by Del Moore

Black is carrying a 13-man squad from an original 45 that tried out this fall. He loses no one at midyear, at least not via graduation, tho he may have to "share" a couple with the varsity after midyear.

Black varies his starters so as to give as many of the squad a chance to improve as possible; using the same unit for perhaps two consecutive games and then inserting two new "faces" for the next two. To date eight boys have answered the starting "call", Weigand, Smith, Bill Gardner, Bill Karns, Bill Bell, Bill Hunter, Dwight Newman and Rick Meyer.

Rebounding, Height Promising

Rebounding and the height situation are the brightest spots right now with Newman 6'3", Meyer 6'2" and Hunter 5'11" leading the way. Newman has been especially effective in this category and varsity coach Fred Heischman is eager to use him, maybe even after the midyear. He can also score, but the ace to date has been Hunter.

He's a deadly two-hand set shot artist. Something that seems taboo to most young players today (everyone, but everyone shoots one handed shots), but it can be pure murder to the opposition, especially in "going over" a zone defense to riddle it.

Black also observed: "there are 12 more games on the schedule so we can redeem our early losses."

To date they have lost to Newark, Central and Chillicothe, while beating Linden and Upper Arlington. They showed real fortitude to take U-A in an overtime. They were taken by Central through their own shortcomings, at the foul line (only 1 for 23), and lost to Chillicothe when they arrived late for the game and had no warmup.

• • •

The Reserves play the same schedule as the varsity (city loop games starting at 6:45 up till tournament time. The team captaincy is passed around game by game.

The reserves of course teach the same offenses and defenses as the varsity employs — namely a double pivot and a single pivot pass and cut and a man-to-man defense. They also teach the 2-1-2, 1-3-1 and 2-3 zones and especially those zone offenses. Many fundamentals are taught along with these expressly so the boys can gain valuable experience.

This year's reserve roster and their heights are — Weigand 5'8", Smith 5'10", Gardner 5'4", Karns 5'7", Bell 5'9", Glenn Rohrer 5'9", Hunter 5'11", Jerry Ball 5'6", Meyer 6'2", Earl Newman 5'10" and Dwight Newman 6'3".

'Thugs' Leading In Girls' Loop

Bev. Gills' Thugs have maintained the lead in the Senior Girls' Basketball League at Glenwood Recreation Center with a record of three wins and no losses.

The Knights are second with a 2-1; Netwits, 1-1; the Basketeens and the Senior Stars finish out the league standings with an 0-2 and an 0-3 respectively.

The Pre-Season League ends Dec. 30. Regular season starts on Jan. 13. Girls 18 years of age or younger who wish to play should contact Ann Calland at the center any day between 2 and 10 p.m.

Shooters Lead Intermediates

The Hilltop Shooters are in first place in the Intermediate Girls' Basketball League at Glenwood Recreation Center with three wins and no losses.

Tina Valentine and Nancy Kern lead the league with 20 points each. Other high scorers are Delores Butler with 16 points and Betsy Prout with 14.

The regular basketball season will start Jan. 11. Interested girls between the ages of 13 and 15 may contact Ann Calland at the center between 2 and 10 p.m.

Sunshine Center Forming Classes In Weightlifting

A weight-lifting club is being organized at Sunshine Recreation Center.

Activity will begin the second week in January. Because of the large number wishing to participate the club will be divided into two groups, beginners and advanced. Membership is limited to teenagers between the ages of 15 and 18 years.

Those interested in joining should contact Mel Slott at Sunshine no later than Jan. 8. The club will meet on Monday, Wednesday and Friday, from 7 to 8:30 p.m.

HOLIDAY HOURS

Sunshine Recreation Center will close at 5 p.m. Thursday, Dec. 31, and remain closed all day Saturday for the New Year holiday. The center will open at the regular hour of 2 p.m. on Monday, Jan. 4.

Red Delicious apples are especially good for eating fresh for salads and for baking, says OSU extension specialists.

Pre-Season Title Shared At Sunshine

In the Young Adult pre-season loop the West Side Aces and the Protecrs ended as co-champions.

The regular season starts Jan. 5 and will include the following teams and the schedule for the opening series of games:

Holiday Inn vs. Red team, 6 p.m.; Protecrs vs. Spartans, 7:15 p.m.; Navy Reserve vs. West Siders, 8:30 p.m.; Moose vs. Bye.

Everyone is invited to attend the opening games at Sunshine Jan. 5.

COUNTY KIDS GET GIANT GIFT

100-POUND CANDY BAR—Youthful eyes were bright last week at Franklin Village as an East Side merchant presented a 100-pound Baby Ruth candy bar to the county children's home. The candy bar was a gift of the Super Duper Store at 923 S. James rd. Left to right are three young residents of the village, Don Dodsworth, Franklin Village program director; James Sharp, cutting the huge bar with a saw, is manager of the store, and Robert L. Jones, Jr., Curtiss Candy representative.

Pre-Teens Enjoy Mexican Type Christmas Party

On Dec. 22 the "nachachos and muchachos" of Sunshine Recreation Center gathered for a fiesta-type party. The evening was started with LaRaspa, a Mexican dance. The group teased after hearing the cry, "The Bull is Loose." Immediately the bull (a staff member) charged in. After a rousing bull fight, refreshments were served. Highlight of the party was the pinata, a papier mache head full of candy and bubble gum. Each person was blindfolded and in turn tried his luck at breaking the pinata and turning the candy loose over the auditorium floor. After the planned program, a few stayed to do some more dancing in the form of LaRaspa and the Mexican Hat Dance.

Courage Inc. Annual Yule Party Is Over

Courage Inc. held its annual Christmas party at Sunshine Park Dec. 16; attendance totaled over 125 persons.

A nativity scene was presented. A huge screen faced the audience, behind which, adept lighting effects created a scene in silhouette. The audience sang appropriate carols.

Sally Morgan Wears Crown At West's Christmas Dance

By Jeanne Williams

Sally Morgan, gowned in a blue satin brocade semi-formal, reigned over the annual Y-Teen Christmas dance held in West High gym on Dec. 18 from 9-12.

A huge snowman, made by Sherry Alban and her father, stood in the center of the floor as couples danced to the music of Ziggy Coyle and his band.

Tom Hartranft opened intermission ceremonies and introduced the candidates, girls from the senior classes.

They were Lydia Key, escorted by Gary Cook; Carole Jansen, escorted by John Harold; Karen Ruegg escorted by Dick Glass; Sally Morgan, escorted by Tom McGill, and Ellen Smith, escorted by Joe Ditrick.

Entertainment was provided by Sue Porter, who sang "A Christmas Song," and an ensemble consisting of Mike Heil, Sally Janssen, Lydia Key, and Gary Cook, who presented "White Christmas."

Judie Newkirk, president of Y-Teens, announced that the student body had chosen Sally Morgan as queen, and Tom Martranft crowned Sally.

Ceremonies were concluded by a special dance for the queen and her court only.

CITY HALL ROUND-UP

Ruling Denies Terminal Pay Mayor Sought

Columbus will be left $1,698 richer when Mayor M. E. Sensenbrenner leaves office.

That amount was requested in leave pay by Sensenbrenner to cover unused vacation time and compensatory days for unused sick leave. City Council already has approved $14,893 in terminal pay for appointed members of his cabinet.

City Attorney Russell Leach ruled Thursday, however, that since Sensenbrenner holds an elective post, City Council has no authority to pay "terminal leave pay to the mayor either accrued in his first term or second."

• • •

Mayor-elect W. Ralston Westlake has appointed architect Raymond D. Goller, 62, 464 Richards-av, as the new chief of the city Department of Building Regulation.

Goller, who helped in designing various city civic buildings, will take over full time duties in February. He has been operating his own firm at 2851 N. High-st.

• • •

Permission to quarry 27 acres of a 65-acre tract along the Olentangy River near Worthington was granted by a split vote at Monday's meeting of the Columbus City Council. The site will revert to city ownership for parks and recreation purposes in ten years.

The deciding vote was cast by outgoing Republican Dewey Garner who sided with the three Democratic councilmen.

• • •

Mayor-elect W. Ralton Westlake has appointed Frank D. Smith, 47, 2464 Shrewsbury-rd, Upper Arlington, as assistant safety director.

Smith, currently associated with the Columbus Auto Club, is a former Franklin County [illegible].

An interim budget will be submitted to the newly-organized City Council at its meeting Monday night. Department heads have requested more than $21 million while income estimates place expected receipts around $16.2 million. "We'll just have to cut," Mayor-elect W. Ralston Westlake said.

Three promotions were made in the Police Department Tuesday. Lt. Martin A. Winters, 193 Clinton Heights-av, was elevated to captain, Sgt. Sanford R. Lee, 1809 Menlo-pl, to lieutenant, and Patrolman Ralph E. Drown, 611 Southwood-av, to sergeant. The promotions were made by Safety Director Leo Phillips.

Hilltop Woman Helps Capture Attack Suspect

Showing quick thinking, Mrs. Cyrus W. Young, 3217 Fisher-rd, helped capture Richard E. Rayford, Jr., 17, 606 Dexter-rd, suspected in the slugging of Larry Clark, 38, 2979 Azelda-av, in the grocery at 3446 Sullivant-av.

Mrs. Young, who was selling Christmas trees in a parking lot at Derrer-rd and Sullivant-av, called on passing motorists to help apprehend the youth who admitted the attack to police.

Clark was struck on the head twice with a rock.

Ohio Fishing Records Announced By Writers

Not long ago the Outdoor Writers of Ohio sent me a list of the state record fish. These are all-time records, and it is seldom that one is broken.

Surprisingly, there is no record for black crappie, so the first entry submitted would hold the state record for a time.

INSIDE ON THE **Outdoors** By ROB COCHRAN

Here's the list:

Brook Trout—2 lbs., 11 oz., 18½ inches. Taken by Stan Grabowshek, of Willoughby. Taken in 1955 from the east branch of Chagrin River.

Brown Trout—13¼ pounds, 32 inches. Taken by J. Harris from Cold Creek, Erie County. Date unknown.

Rainbow Trout—10½ pounds, 30 inches. Taken by Hohn Fedlam, Sandusky, from Pickerel Creek, 1951.

Muskellunge—30 pounds, 47½ inches. Taken by Medard Cronin, Cleveland, from Wills Creek. Date unknown.

Blue Catfish—92 pounds. Taken by Harry Brookbank and Charles Glaze from the Ohio River near Higginsport. Caught shortly before 1911.

Channel Catfish—25 pounds, 3 ounces, 35 inches. Taken by Al Root, Cleveland, from Lake Erie in 1955.

Shovelhead Catfish—32 pounds, 36 inches. Taken by Tom and Hiram Gordon, Logan, from the Muskingum River five miles south of Malta in 1957. This fish has been disputed and the record is now being investigated.

Yellow Perch—3 pounds, 8 ounces, 15¾ inches. Taken by J. H. Clasky, Cleveland, from Lake Erie in 1954.

Walleye — 15 pounds, 32 inches. Taken by William Heathman, Warren, from Pymatuning Lake in 1951.

White Bass—3 pounds, 6 ounces, 16 inches. Taken by Julia Morrison, Lakewood, near Kelley's Island in Lake Erie in 1954.

Sucker—9 pounds, 11ounces, 27 inches. Taken by Milan Kutner, Fairview Park from Rocky River in 1954.

Carp—69 pounds, 5 feet, 2 inches. Taken by Hudson and Garber Morrow, from Little Miami River in 1947. This record has been disputed and is being investigated.

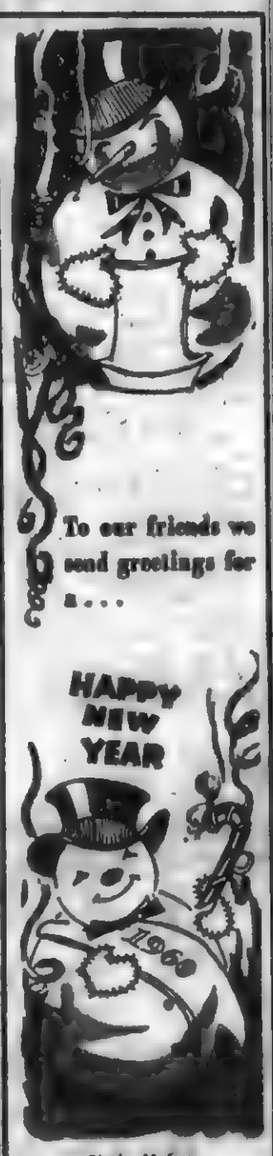
Black Crappie—Open.

Kentucky Spotted Bass—3 pounds, 17¾ inches. Taken by Robert Reiman, Cincinnati, from Cowan Lake. Date unknown.

Largemouth Bass—9 pounds, 28 inches. Taken by William Hemmerle, Silverton, from a gravel pit at Rimington in 1955.

Smallmouth Bass—7 pounds, 8 ounces, 24½ inches. Taken by James Bayless, Dayton, from Mad River in 1941.

Bluegill—2 pounds, 10 ounces, 11½ inches. Taken by Doris Starr, Lynchburg, from a Highland County farm pond in 1952.



Look For Shorter Pay Checks In '60

Pay checks will be shorter in 1960.

Persons working as employees or in self-employment covered by social security have to contend with an increased rate starting in January. First pay envelopes of the new year will have had three percent deducted instead of the present 2½ per cent.

When self-employed persons file their 1960 tax returns, early in 1961, they must pay 4½ percent instead of 3⅝ per cent social security tax.

The increased social security taxes were enacted by Congress to assure the continuing self-supporting nature of the old-age and survivors insurance trust fund and the disability trust fund.

Charitable Gifts Deductible From Income Tax Payments

Editor's Note: This is the fourth of a series of articles which will appear in this newspaper relating to the filing of income tax returns. These articles are being prepared by the Public Accountants Society of Ohio, an affiliate of the National Society of Public Accountants.

Now is the time to decide when to pay your charitable contributions.

Contributions, to be deductible for 1959, must have been paid in 1959. It is not enough to have pledged to contribute at a later date. Payment must have been made in 1959.

Your charitable contributions are deductible up to 30 per cent of your adjusted gross income, provided that at least 20 per cent is to churches, educational institutions or tax exempt hospitals. Otherwise your contributions are deductible up to 20 per cent of your adjusted gross income.

Payments in money or property are equally deductible. If a contribution was made in property, the amount of the deduction is the fair market value of the property at the time the contribution was made. This has interesting possibilities.

Assume that you purchased a piece of real estate for $5,000 in 1940 and that you made a contribution of this piece of real estate in 1959 at its fair market value at the time of the contribution was $10,000. You receive credit for the contribution of $10,000 but you do not pay tax on your gain of $5,000.

It does not matter if the recipient of the contribution immediately sells the property. All forms of property may be contributed—stocks and bonds, automobiles, furniture, fixtures, equipment, clothing, etc.

Merchants can contribute items from their stock in trade and the deduction is the fair market value of the merchandise contributed. Merchants also are required to adjust their cost of goods sold to eliminate the cost of the merchandise contributed, so that they do not get a double deduction.

To be deductible, your contributions must be to a religious, charitable, educational, scientific or literary organization; or an organization for the prevention of cruelty to children or animals, except when such organization is operated for personal profit or to conduct propaganda or attempt to influence legislation.

BIBLE COMMENT

Words, Faith Supply Proof Over Years

For unto you is born this day in the city of David a Saviour, which is Christ the Lord.

With these 19 simple words, according to St. Luke, the birth of the Christ Child was announced to the world.

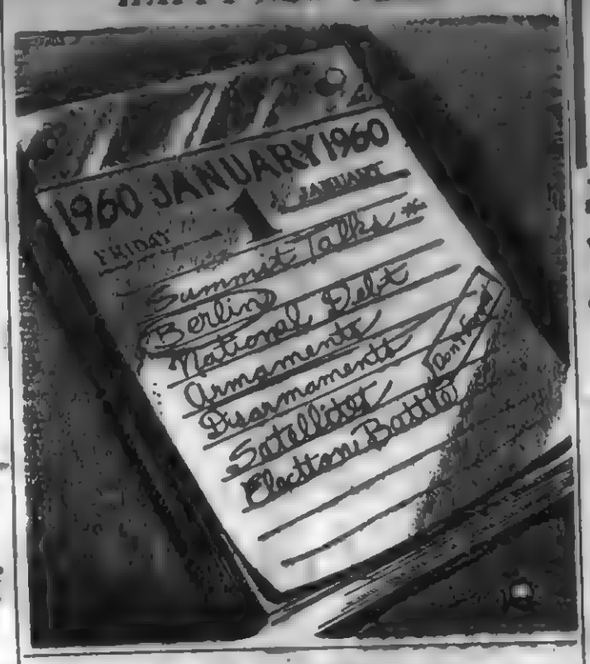
Now, almost two thousand years later, humanity still turns to those words for a promise of peace on earth.

Though billions of words have been written on the welfare of man, none stand out as vividly as this simple announcement.

This was a child that, in truth, has led men toward a goal of personal and universal happiness for centuries.

The happening defies logical explanation. Those who doubt or do not believe in the birth of such a child are quick to point out that it cannot be proven.

Can it be that millions of people have rallied to His name throughout history for nothing?



The miracle of His coming can be documented only to a point. After that, another supernatural phenomenon must take place—faith.

Faith is the cornerstone from which our belief must spring.

If in our vanity we must feel the need to call upon the divine for continuous proof, we are sadly misled.

The proof, if it can be called that, comes annually— at Christmas, when all Christian peoples recall the birth of that Child in the city of David.

LETTER TO THE EDITOR:

There Is No Duplication In Leukemia Research Work

Dear Sir:

A "letter to the editor" over the signature of Chancy D. Ross, President of the Franklin County Unit, American Cancer Society, published in the November 24, 1959 edition of the "Hilltop Record," has come to our attention. Because it contains statements deprecatory to the work of the Leukemia Society, Inc., I fell impelled to set the record straight.

The Leukemia Society, Inc. has been in existence since 1949. Its purpose is to support research looking toward the cause and cure of leukemia. It works through groups of volunteers organized as chapters of the Society in their communities. In addition to providing funds for research the Society, through its volunteers, provides medical help and counseling and guidance for the families and patients with leukemia.

Every responsible organization concerned with the fight against leukemia, including the American Cancer Society, recognizes that there is not enough basic medical research. As Mr. Ross must certainly know, the American Cancer Society spends less than 1 percent of its gross income for direct leukemia research. In contrast with this, the Leukemia Society allocated 68 percent of its income in 1958 for leukemia research. We welcome support for leukemia research from whatever source and in whatever amounts it is available. Mr. Ross should know, or could easily find out, that both the American Cancer Society and the Leukemia Society Inc. screen all applications for research support in order to assure that there is no duplication in research efforts.

The national Medical Advisory Committee of the Leukemia Society, which reviews and passes upon all applications for research project support, is composed of eminently respected hematologists who are completely familiar with research activities not only in this country, but abroad, and are conversant with the work of the National Cancer Institute and the American Cancer Society.

It seems to me regrettable when any organization as well motivated as the American Cancer Society develops a proprietary stance about a disease and resents the interest and contribution of others.

If Mr. Ross will take the time to check with national office of the American Cancer Society, I am certain that they will reassure him that there is no duplication of leukemia research between the projects supported by the American Cancer Society and those supported by the Leukemia Society, Inc.

Finally, may I say that the Leukemia Society, Inc. and the National Cancer Institute together are devoting more dollars for leukemia research than all other organizations combined.

I enclose a copy of the Society's Annual Report for 1958 and other literature for your further information and would greatly appreciate your publishing this letter.

Sincerely,
Richard Mitchell

Consumer Report

Food Market This Week

by ESTELLE B. FRANKS

THIS WEEK SHOP FOR:
Fruits—Grapefruit, oranges, tangerines, apples, cranberries, frozen orange juice.
Vegetables—Sweet potatoes, celery, lettuce, Brussels sprouts, new cabbage, frozen broccoli.
Other Foods—Pork loin roasts, sausage, bacon, ground beef, eggnog, large eggs, cheese, ice cream.

FOOD IN 1960

Fortunately, we Americans always seem to have enough to eat. Our bountiful harvests continue to keep us among the best fed peoples of the world. And 1960 will be another year of abundance. In fact, supplies of foods should be about the same as we have enjoyed this year when crop production equalled that for the record year of 1958.

Your food bills may be a little less in 1960 than they were in 1959. Why? Because several important food commodities will be in greater supply. However, slightly increased processing and marketing costs will partially offset predicted reductions in farm prices. Most of us will probably continue to spend about the same per cent of our incomes for food as we did in 1959—a little more than one-fifth after taxes. Here is what the marketing specialists have to say about the 1960 outlook for some of the principal food groups:

Meat—The average retail prices of meat will be a little lower in 1960. This means we will eat more meat. The increase will be concentrated on pork in the first half of the year, and on beef in the last half.

Poultry and egg supplies are not expected to change much from 1959. Prices will be held down by increased supplies of red meats and by the opportunity of broiler production to increase rapidly if prices rise. Egg prices are not expected to drop again to the 1959 low.

Milk and dairy products are expected to increase slightly, but with the population increases the capita consumption will be about the same as this past year. Retail prices for milk and dairy products are not expected to change much, if any.

Moderate increases of processed fruits are expected and about the same quantity of processed vegetables. Supplies of dried fruits will be larger next year, particularly raisins and prunes. Major changes in fresh fruits are more oranges and less apples and tangerines. Grapefruit supplies will be about the same.

Fresh vegetable outlook is most difficult to anticipate because weather is the determining factor. Demand will be strong, so it is expected that about as much acreage as last year will be planted.

RECIPE FOR A HAPPY NEW YEAR

1. Select 12 full months of time—1960 variety. (Be sure they are absolutely free from last year's personal defects—such as pettiness or bitterness.)
2. Cut into 30 or 31 equal parts.*
3. Each day add a generous sprinkling of faith, courage, patience, work and love.
4. Leaven with good spirits.
5. Blend well to insure best results.
6. Cook with sincerity.
7. Garnish with smiles.

Yield: A HAPPY NEW YEAR!

*Do not attempt to make up the entire batch at one time. (As with so many recipes, folks tend to spoil the results this way. Prepare only one day at a time.)

Reduced Fire Insurance Rates To Benefit Schools

Franklin County schools will be saved hundreds of dollars as a result of a reduction in school fire insurance rates as result of new rate schedules effective Dec. 21.

Donald G. Simmons, president of the Ohio School Boards Association estimates $640,000 will be saved by the state's schools in 1960 as result of the reductions which range between 25 and 30 percent.

The reduced rates apply to fire resistant and brick institutional buildings, such as schools, hospitals, libraries, etc. The reduction was brought about by the low fire loss experience in this classification of buildings according to the State Department of Insurance which announced the lower charges.

In a letter to school officials, Mr. Timmons stated that the Association had been working for two years gathering information on school insurance expenditures and fire loss in an effort to effect the rate change. The study was conducted for the Association by Dr. Kenneth Crim, assistant superintendent of Montgomery County schools.

ON PARADE ROUTE — Tournament of Roses Parade will pass directly in front of the Pasadena home of Mr. and Mrs. Jack W. Thomas on Jan. 1. The Thomases are former residents of the Hilltop.

Rose Fete, Tourists Delight Ex-Localites

TO RIDE IN PARADE — Kathrine Marie Thomas, daughter of a West High School graduate, will ride on one of the floats in the New Year's Day Roses Parade.

Former Hilltoppers Mr. and Mrs. Jack W. Thomas and their guests will watch the Tournament of Roses Parade from their front-porch vantage point at 197 N. Sierra Madre-blvd., Pasadena, this New Year's Day with even more than their usual interest.

The Thomases' granddaughter, eight-year-old Katherine Marie, will ride on See's Candy Float as the "The Little Dutch Girl."

She is the daughter of John W. (Bill) Thomas, a 1941 graduate of West High School, and the former Esther Davis of 19th-av. The child also plays a two-keyboard concert organ.

The younger Thomases live at 14243 Oxnard-st, Van Nuys, Cal.

Mr. and Mrs. Emmett L. Young, used car dealer in West Jefferson, were to leave by plane for Pasadena and the festivities on Dec. 27.

The Jack Thomases invited old friends in the community to "come out and see for yourself," the big New Year's Day show.

"The floats pass within 12 feet of our lawn, and grandstand seats right next door sell for $5.50 each. Last year the sidewalk in front of our place was full of cots, chairs and sleeping bags two days before the parade.

"We put up a big high wire fence the day before New Year's to keep the crowds from tearing our place to pieces.

"The floats are left right down below our house for three days so tourists may take pictures. There are so many people around the floats they get in each other's snapshots. Come out and see for yourself."

Planned Parenthood Drive Slated

Jan. 18 marks the beginning of the annual drive of the Planned Parenthood Association, during which workers will seek to raise $50,000 to meet the budget requirements of the Center at 206 E. State-st.

Directing the campaign for the Men's division are Robert C. Bohannan and Robert B. Green who will contract professional and businessmen.

Mrs. Howard P. Stallman and Mrs. W. H. Pitner are co-chairmen of the Women's division.

As Planned Parenthood does not conduct a door-to-door campaign, possible contributors might be missed. Anyone wishing to make a donation who has not been contacted during the drive may call the chairman or the Center.

Theater Group To Hold General Meeting, Jan. 6

Members of The Columbus Community Theater will hold a general meeting in the club rooms, 169½ N. High-st, on Wednesday evening, Jan. 6.

Anyone planning to participate in any of the workshops in the coming year should be present. New workshops will open about the middle of January.

Mrs. Jo Gehl, chairman of the Suitcase Theater, announces she is now booking performances of one-act plays and a variety show of music and dancing.

Appearing in "Fumed Oak," a one-act play by Noel Coward, are Jo and Dee Dee Gehl, Viola Gertler and William Mulpas, while Evelyn Sardesell and Ray Creighton will present Dorothy Parker's "Here We Are."

Any service or charity organization, or any group wishing to book entertainment may call Mrs. Gehl at HI. 4-0534.

FLOOD IS YEAR'S BIGGEST WESTSIDE NEWS STORY

FLOOD MADE HEADLINES—January's flood, and the untold damages and suffering it left in its wake will place 1959 firmly in the memory of everyone who lived in its path. The elderly woman, above, being rescued by National Guardsmen after being marooned three days in the dark and heatless home of Thomas Alfen, 1134 Thomas-av, was an all too common scene on the West Side.

Bandits Rob Supermarket

Moving in a quiet manner, two men held up the manager of the A&P Supermarket at 2872 W. Broad-st, while eight employes and some customers failed to notice what was going on.

George Karch said one pointed an automatic and ordered him to open a safe. The other thug, pointing with his hand in his pocket, ordered meat manager, Stanley Smith, not to interfer. The pair then fled with an undisclosed amount of cash.

BOARD'S MONEY RETURNED

Council recently ordered a refund of $75 to the West Side Board of Trade, representing a surety check which was cashed in error.

The amount was put up to insure that premises of Sunshine Park would be left in good condition after the June Jubilee.

If you do bottle your wrath, don't put the cork on.

When some fellers do go off the deep end they're sunk.

Some fellers can do good feats with just their hands.

Local Patrol Apprehends Pilferers

Early Dec. 18, Carl Noble of the West Side special police apprehended two Hilltop youths in the act of burglarizing Miles' West Broad Drive-In theatre.

He first saw the boys' shadows through a glass, then radioed the sheriff. After a few moments the intruders fled from the office, and halted only after Noble fired over their heads.

Noble held them at gunpoint until deputies arrived.

The boys, questioned, admitted to 30 burglaries in Franklin, Pickaway and Fairfield Counties in the last three months, including the recent Hoover Sweeper Co. safe job, on W. Broad-st.

John Jordan, 19, 249 S. Yale-av, and Ronald Louden, 18, 158 N. Burgess-av, have been bound over to the grand jury under $10,000 each, Noble said.

Slayer Sent To Lima

Charles T. Throckmorton, 301 S. Warren-av, has been sent to Lima State Hospital for a mental check as an aftermath of his admitted hammer killing of Mrs. Throckmorton here Dec. 13.

Judge Dana F. Reynolds has ordered a 30-day observation of the Hilltopper.

Myers Selected Heart Chairman

Glenn L. Myers, president of Glenn L. Meyers, Inc., Funeral Homes, has been named general chairman of the Franklin County 1960 Heart Fund Drive, which will be held here throughout the month of February.

The annual drive, which is conducted by the Franklin County Heart Council, will open Feb. 1 and reach its climax on Heart Sunday, Feb. 28, when local volunteers will make door-to-door collections along with more than 1,500,000 volunteers in thousands of communities across the country.

Westinghouse Manager Sees Continued Progress In 1960

The year 1959 was an important one in the six year history of the Columbus plant of Westinghouse Electric Corp.

In a year-end statement, E. L. Smith, works manager pointed out that in February, the company announced that production of three new appliances — room air conditioners, water coolers and dehumidifiers — would be started in the Columbus Plant. These products joined refrigerators, freezers, dishwashers, water heaters and combination clothes washers and dryers as appliances made here.

In the Spring it was announced that a new 400,000 square foot Supply Depot would be constructed on the plant site. This warehouse, which is scheduled to go into operation in January, will stock and distribute Westinghouse consumer products for dealers located from the Rocky Mountains to the Atlantic Coast.

For 1960, the major appliance business should show continued growth in sales. Refrigerators, a product made in the Columbus Plant, remain the most important single major appliance product and represent one fourth to one third of the major appliance dollar volume.

Prices will generally remain steady or rising slightly. There is no likelihood of a decrease since the industry's product pricing already is the most depressed on the American scene. Negotiations pending in steel and other basic industries could result in increases if the basic material prices increase.

All indications for the appliance business in 1960 point to steady business with steady employment as the result.

ACCOMMODATING!

A harried city editor once sat down at his battered Remington and composed the following explanation for his old nemesis, the typographical error:

"In case you find any mistakes in this paper, please remember that they were put there for a purpose. We try to get something in the paper for everybody, and some people are always looking for mistakes."

Can Spring Be Far Behind?

More snow, slush, winter . . . but Saturday's mail brings the brightest ray of hope . . . my annual colorful Burpee seed catalogue.

Out where the snow is now piled two feet high will be transformed with those very brilliant giant zinnias, "all colors in a lovely blend." And what finer tonic than a salad plucked right from the back cover . . . greenhart lettuce, big juicy tomatoes, and a nine inch cucumber!

The beauty of a winter wonderland such as we experienced on the first day of the new year is exceeded only by the reawakening of spring.

Organizations Unhappy With State Tax Department

A number of organizations that have collected sales tax stamps for redemption by the state have recently become quite perturbed at the fact that they are notified the state has refused to give them credit for certain stamps.

Local clubs have received a letter stating it something like this: "we find that stamps in the amount of $1105.00 are not redeemable."

Groups receiving such letters have later followed up to ask about the stamps in question only to find that the department claims the stamps have since been destroyed and there is nothing the group can do but accept the word of the department.

This is a pill that's hard to take! If the state is going to reject certain stamps it would appear they should have the decency to retain the rejected stamps as proof that they did not comply with the law.

Be Americans In '61

Somewhere in my rounds I picked up the following, author unknown, but feel it could well serve as a creed for good Americans everywhere as the new year starts:

My Creed

"I do not choose to be a common man or woman. It is my right to be uncommon if I can. I seek opportunity —not security. I do not wish to be a kept citizen, humbled and dulled by having the state look after me. I want to take the calculated risk; to dream and to build, to fail and to succeed. I refuse to barter incentive for a dole; I prefer the challenge of life to the guaranteed existence; the thrill of fulfillment to the stale calm of Utopia. I will not trade freedom for beneficence nor my dignity for a handout. I will never cower before any master nor bend to any threat. It is my heritage to stand erect, proud and unafraid; to think and act for myself, enjoying the benefit of my creations and to face the world boldly and say: this, with God's help, I have done. All this is what it means to be an American."

Briefly Told: Hilltopper Andrew Vawters, Columbus' eldest postal clerk who retired last month at age 70, has a certificate of merit signed by Postmaster General Arthur E. Summerfield. It was handed to him in a little ceremony last Friday afternoon in Postmaster Allen Rowe's office. Vawters also received gifts of cash and a wrist watch from his fellow workers . . . Henry Jones back home from Mt. Carmel and recovering nicely . . . We hear of a woman who steamed the labels off the jelly jars and presented them as gifts as her own "homemade" delicacies . . . Two of the biggest smiles I've seen in a long time: Lee Henry and Marilyn Mansfield as the bride came down the aisle last Saturday . . . A pat on the back and a good word to Elmer Hegenberger on the nice job he did in 1960 as president of the Hilltop Kiwanis Club. We'll miss his "thoughts for the day."

Sales Forge Ahead When You Advertise

You can turn most anything into ready cash by selling it through a Hartley Newspaper Want Ad. S. H. Farney, 167 Dering-av, used this method to sell a blacksmith's all-metal forge. Got $10 for it.

Major Projects Readied For Use; Third Starting

Three big construction projects, widely differing in purpose, yet all devoted to public service will enter the limelight here in coming weeks.

One, a $3 million center for delinquent youth soon will be occupied on a 21-acre site at the rear of the Columbus State Hospital. It is nicknamed TICO, abbreviation for Training Institution of Central Ohio.

The other, a $2.3 million 10-story apartment and separate recreation center for the elderly will be under contract "probably by March 1," said Metropolitan Housing Director Russell Taylor.

The third project is a $1,923,386 development for the State Highway Department, occupying 22-acres of former Columbus State Hospital farm land at 1980 W. Broad-st. Some of the state's operations are being phased into the new central garage, laboratory and administrative buildings now. Completion dates are in February.

For 'Difficult' Youth

TICO is described by the Ohio Department of Mental Hygiene and Correction as typical of the constant effort being made to provide the proper facilities for different types of youth who have run afoul of the law and have become charges of the state.

The new training school is designed for the rehabilitation of nearly 200 of the most hostile, aggressive 16 and 17-year-old boys in the state. The first residents will arrive in March.

While it is basically a cottage-type institution, no move of individuals is required outdoors. Four cottages, housing 24 boys each, are located on each side of a core services building. Free movement is possible through connected enclosed walkways.

Besides the cottage and office section, there is also a 15-room school, a gymnasium and recreation unit, a vocational shop and later there will be a small hospital.

There is only one button-controlled entrance to the institution and lighting will be clock operated.

William M. Balson, superintendent, indicated that the first boys will come from Boys' Industrial School, which is greatly overcrowded now. At time, the Juvenile Diagnostic Center, nearby, on Broad-st, will make direct referrals.

'Pride Of State'

The Senior Citizens center, to be erected where 27 buildings recently were razed on four acres just north of Sunshine Park, seems destined to become the pride of the city and state.

A model of it will be taken Saturday to Washington D.C.

THE CHAMP—Little Mark Edward, son of Mr. and Mrs. David Arndt, 5181/2 W. Walnut-st, winner of the 1961 Stork Derby, made his debut at 4:46 a.m. New Year's Day at Mt. Carmel Hospital.

Mark Edward Arndt Declared Winner Of 1961 Stork Derby

The winner of Hartley Newspapers' 1961 Stork Derby started life with a whole list of advantages . . . merchants in the area welcomed the year's first new citizen in the community with an impressive array of gifts for baby and his family.

Mark Edward Arndt's arrival at Mt. Carmel Hospital on New Year's Day at 4:46 a.m., was the first in the community, eligible to win under Derby rules.

Tipping the scales at a husky nine pounds, one ounce, and stretching the measuring tape to his length of 21½ inches, Mark surprised everyone with his early arrival.

Expected on his parents' 14th wedding anniversary, Jan. 8, his earlier birthdate surprised even the doctor.

Dr. Albert Kostoff was out of town last week-end and Dr. William Wilson, in whose care Dr. Kostoff had left his patients, delivered the baby.

Nurses at Mt. Carmel delightedly counted all three winners of Hartley Newspapers' Stork Derbies among their patients.

Mrs. David Arndt, winner of The Hilltop Record and West Side News Derby and Mrs. Richard Gale, winner of the one sponsored by the Eastern Review, actually shared the same room.

Mrs. Albert Dennison, mother of the first baby born in the city on New Year's Day and the winner of South Side Leader Derby, was in a nearby room.

Arndt is a construction worker for Gibson and Stewart Construction Co., 2120 Valleyview-dr.

A five-year-old sister, Terilou, also welcomed the new addition to the Arndt family, and shared with them, the prizes offered by area merchants.

Ex-Mayor Has Eye On City Job Again

Hilltopper M. E. Sensenbrenner has until the first week of February to decide whether or not to file as a candidate for City Council in the non-partisan May 7 primaries.

The former Columbus mayor of six-years standing said he is seriously considering the move . . . and in any event he expects to run for mayor of Columbus in 1963.

Three council positions will be determined by the Nov. 7 general election. All are held by majority party Democrats — Robert Van Heyde, Robert H. Smith and Russell M. Jones — who will seek reelection.

Indicating that he did not wish to upstage any of these men, Sensenbrenner said: "They're all good men, me included. But it looks like there will be a number of Democrats running, and if so I could be one of them."

"It's Tremendous City. . ."

"It's a personal thing with me," he said. "I love Columbus . . . it's a tremendous city and I'll always be interested in the way it's run."

Sensenbrenner now is a coordinator of traffic services with the State Highway Department, a Civil Service job he would have to give up if he re-enters active politics. He took the job last year after being defeated by about 5,000 votes in the mayor's race with W. Ralston Westlake.

The council jobs are not awarded in party voting but are granted to the top seven vote getters in the election. The ex-mayor said he has not discussed his plans with the Democratic councilmen or Walter F. Heer, county party chairman.

There was some speculation that Sensenbrenner's head on City Hall is prompted by a party fear that Jones could not win in the next election, causing the Democrats to lose council majority. Sensenbrenner denied this. He stated that he thinks the council path would be an excellent route back to

City Nixes Left Turn Onto Broad

The city has taken a step to reduce the high accident rate in the Broad-Sandusky-st area.

Safety Director Albert Giles has ordered the prohibition of all left turns onto Broad-st from the southbound ramp leading off the expressway.

City crews soon will channel one continuous westbound lane over the bridge, alongside two lanes leading to the right from the ramp.

This will also make that a traffic light no longer will be

Kiwanians Install Hartley

At a formal banquet attended by nearly 400 persons in Youngstown Monday night, C. Carlton Hartley was installed as lieutenant governor of the Kiwanis Tenth Division. Hartley is publisher of Hartley Newspapers.

The new lieutenant governor thus became administrative head of the largest Kiwanis division in the state, comprised of 18 Central Ohio service clubs. Twenty-three other division heads also took office.

Representing Hartley's own club at the meeting was Phil Stout, past Ohio District governor.

Eastern Kiwanians who held an inter-club meeting at the event saw one of their members, Evan Williams, take office as Ohio district chairman of boys and girls work. Williams also was named general chairman of the Ohio convention to be held in Columbus next Oct. 1 through 4. Stout was named honorary chairman.

Earl Brooks of Poland, O., is the 1961 Ohio district governor.

New Officers Assume Kiwanis Club Posts

Two local Kiwanis clubs have important functions on their agendas in the next two weeks.

West Side club members and their wives will hold a party Wednesday, Jan. 11 at Lincoln Lodge to honor officers who will be inducted that evening. Carlton Hartley will be installing officer.

Jack G. Williams will take over the president's office, succeeding Frank Watts. A smorgasbord will be served, starting at 7 p.m.

Hilltop Kiwanis Club will hold its President's Party Thursday, Jan. 19 at Nationwide Inn. Incoming president Bill Jones, his predecessor Elmer Hegenberger and other past-presidents will be honored.

The party will start at 6:45 p.m. Sally Jones Sexton, humorist and owner of Granville Inn, will be the speaker. Phil Stout is chairman, and tickets are in the charge of James Miles and Harold Fox.

Hilltop officers actually took office Dec. 29 at Barry's Restaurant. C. C. Hartley was in charge.

Retiring president Hegenberger before turning over the gavel to Jones, gave to members and guests a report of the

Corner Of City Is Brightened As Between-Holidays Project

NEW STREET LIGHTS — Between mid-December and New Year's Day the City Division of Electricity put up more than 20 new street lights in the main arteries of Westgate Manor and along Sullivant-av from Wedgewood-dr to Derrer-rd. The project illuminated the far western extremes of Eakin and Briggs-rds. This scene is looking north along Wedgewood-dr, just south of Westgate Manor Shopping Center.

West Side Council Start Dated Jan. 12

Thursday, Jan. 12, is an important date for those who hope to form a West Side Neighborhood Council.

The general public and representatives of 56 organizations are invited to have a hand in adopting a constitution and picking the first officers of the community group.

Rev. Al Ross, chairman protem, will preside at the meeting, set to begin at 7:30 p.m. at Gladden Community House.

First, a committee chaired by Marvin Wright will present a constitution for approval. If it is agreed upon, the balloting will proceed. Two candidates each will be advanced to fill four offices and six members-at-large slots. The ten selected will make up an executive committee.

Said Al Wilder, field worker in the project: "All who live, work, or serve in the West Side have an obligation to help the Neighborhood Council off to a good start. It's something we have looked forward to for a long time."

Facts Hunted On Civil War

The nation's Civil War Centennial will begin officially at 11 a.m., Jan. 8, as a television and radio broadcast will be made of a proclamation by President Eisenhower.

The war saw many men from this area take part and play roles in the struggle.

Probably more words have been and are still being written about this conflict than any other.

All the history of this war has not been written. Not only the sweep of armies and the work of statesmen were important, but the daily activities of the men in the ranks, the farm and city boys from Franklin County were also a part of that history.

They too played their parts on the stage of the times; but as individuals most of them are remembered only by their relatives.

Hartley Newspapers invite their readers to take part in the fascinating game of history. Now is the time to search the attics and the old and forgotten diaries of Civil War days.

The primary sources of history are the original documents: grandfather's letters, diaries of soldiers, pamphlets and newspapers of the '60's. Many of these have never been published and some are intensely interesting.

We will publish sections of the most interesting original source documents reported by our readers. An open invitation is extended to all our readers to join in the treasure hunt.

About 340,000 Ohio citizens served in the Civil War. Without doubt many valuable historical records

PREVENT RATHER THAN CURE

In our day-to-day fight against illness we seek to cure. But an even greater victory is to be won on the day when medical science can actually prevent disease.

Every January that day of ultimate victory is brought closer as The National Foundation calls upon us to "Prevent Crippling Diseases by giving to the New March of Dimes.

As a banner for The National Foundation, "Prevent Crippling Diseases" must not be regarded as an empty slogan or vague promise.

Who can ever forget through this, the world's largest voluntary health organization, we have found the means of preventing paralytic polio with the Salk vaccine?

Who can doubt that with the support of the public this same organization will guide the way to a preventive for crippling birth defects and arthritis?

But the support of the public is vital, because The National Foundation derives all its funds and all its volunteer workers from a direct appeal to the American people.

Therefore, all of us help prevent crippling diseases when we say YES to the New March of Dimes.

DUBLIN SCHOOLS AND TV

Sometime after the first of the year, a unique innovation in both television and in education is to be attempted in the Dublin Schools.

Airborne TV, whereby students will glean knowledge via a series of relays from broadcasting station to airplane to the classroom, is cheduled to get under way.

Dublin School were one of only two in the Franklin County area to be selected for this "high-flying" type of education. Executive Head Wendell K. Love has rightly stated that he feels it "to be an honor."

Purposes of the program are to broaden the range of education offerings available to schools, to increase the quality of offerings, and to do these things at a cost that is less than that for a comparable increase in quality achieved by other means.

Love has stated the cost of the program will run in the neighborhood of $2,000 with matching funds being used to finance the program.

Television represents a powerful new tool which can help the schools. It can lift many burdens from the classroom teacher and allow the teacher to work more intimately in individual and group learning situations with students, according to a report by officials of the Midwest Program On Airborne Television Instuction.

Dublin Schools are to be applauded on gaining such an honor.

Pirates' General Manager To Speak At Jaycee Banquet

Joe L. Brown, general manager of the 1960 world champion Pittsburgh Pirates, will be the speaker at the 1960 Distinguished Service Award banquet of the Columbus Junior Chamber of Commerce to be held Jan. 26, in the Nell House.

Brown has enjoyed considerable success as a young man, having held the post of president of the Waterloo Baseball Club in the class B, Three I League at age 22, and working his way up the baseball ladder to the general managership of the Pittsburgh Pirates on Nov 1, 1955, at the age of 37.

The banquet will honor ten young men of the greater Columbus area, one of whom will be named the "Outstanding Young Man." Nominations which can be made by the general public, for the award will be accepted by the Junior Chamber until Jan. 9.

Nominees must be between the ages of 21 and 35. Selection will be on a basis of achievements in business or profession and contributions to the community. Nominations can be made by letter, listing the candidates' qualifications, to the Jaycee Office, 30 E. Broad-st.

Hugh DeMoss, WLWC-TV news director, will be master of ceremonies and Max F. Miller, 2172 Jervis-rd, Upper Arlington, is general project chairman.

Agriculture offers young men a greater variety of jobs than nearly any other industry.

Attempts To Secure A-Bomb Model For Auto Show Fails

Congressman Samuel L. Devine has announced that his efforts to obtain replicas of the Nagasaki "A" bombs for display at the 1961 Columbus Auto Show here next month have hit a snag.

Devine said, "There is only one replica in existence and that is in the possession of the Atomic Energy Commission. The bombs are still classified material and can not be released for use."

Devine had been asked by John Barton, executive secretary of the Columbus Automobile Dealers Association and 1961 Auto Show manager, to obtain the "Little Boy" and "Fat Man" bomb replicas for use as an added attraction at the show.

"We are disappointed, naturally, that we can not use the replicas; however, there will be many other interesting exhibits at the 1961 Auto Show to attract the public," Barton said.

"Many of these exhibits were shown for the first time at the National Auto Show in Cobo Hall, Detroit, this fall. The various manufacturers have assured the local auto show committee that these will be available for our use."

More than 40 local auto dealers will participate in the 1961 Auto Show to be held in the Buckeye Building on the Ohio State Fairgrounds, Jan. 14-22. The complete lines of all 1961 models as well as foreign and sport cars will be on display.

Red Cross Post Goes To Dugger

Dean A. Dugger has been named director of public information of the Franklin County Chapter of the American Red Cross.

Dugger succeeds Mrs. Helen D. Evans who will continue with the chapter as public information consultant.

In winter weather, says the Columbus Auto Club, always turn on your headlights early — especially when it's snowing or foggy. Snow might cause a pedestrian to become careless in looking both ways for traffic, and parking lights are difficult to see.

Badger Turns Up In Trapline; Animals Seem To Be Migrating

INSIDE ON THE **Outdoors** By ROD COCHRAN

Harry R. McClary, who lives near West Jefferson, brought in an unusual catch from his trapline — a badger. These large and powerful animals have been invading central Ohio for some years, and nearly every season one or two are reported taken in this area.

R. W. Recob, of Recob's Supplies, said, "Boy, was he a big one! First badger I'd seen out of captivity, and its size was really surprising."

Badgers usually range from 24 to 30 inches in length, and weigh from 12 to 24 pounds. If a shaving brush is the only contact you've had with these animals, then a mature male badger would indeed be large.

If beavers are the builders of the animal world, then badgers are the excavators. They are usually associated with sandy soil where the digging is easy. There they can dig out mice, rabbits, woodchucks, skunks and almost every other ground-dwelling creature.

Naturalists here in Ohio consider badgers uncommon in northwestern counties and something of a rarity here. If they keep moving into these parts, the scientists will have to revise their books — I would call them uncommon here at the present time. The invasion of badgers seems to be following the movement of 13-lined ground squirrels into central Ohio, one of the mainstays of the badger's diet. Both are historically prairie-type animals, but with man altering the landscape who knows where they will end up?

Can Become Scrappy

The fighting ability of badgers is well known. The scrappy personality is not surprising when you look at the badger's family tree, for it's a member of the weasel family. This group of flesh-eaters includes the wolverine, fisher, marten, mink and weasel — a family that is notorious ferocious. All members are equipped with musk glands, and the skunk has relied almost entirely on these for protection. Through the ages the skunk has lost its fleet foot and fighting form to become the family's slow-poke. The otter is extremely wary and his brain-power seems to keep him out of fighting situations, although he will fight if forced to.

When cornered, a badger will make a good account of himself. Many a crippled dog will attest to this. When all seems to be lost, however, the badger will dig in. In sand-dung country, where he thrives, he will flatten out like a saucer and start digging with all feet and his mouth. Sand comes up around him and he begins to sink from sight. All this happens in a few seconds, and his tail is the last to go under.

Soils Limiting Factor

In our heavy soils badgers cannot resort to this last-ditch tactic for self-preservation. This could be a limiting factor here, and badgers may never be numerous. Most of them that are taken are cornered by coon dogs, and then shot by hunters.

A couple of years or so ago one was killed south of here by an automobile. McClary's badger is the first to be trapped nearby that I've heard about. If Ohio fur bearers become valuable again and large numbers of trappers take to the fields, they may turn up quite a few of these interesting animals.

One thing is certain, the big silver-tipped badger that Harry McClary brought in will keep the hot-stove-league at Recob's burning for some time to come.

LETTER TO EDITOR:

'Toys For Tots' Workers Praised

To The Editor:

A great many children enjoyed a Merry Christmas this year, complete with dolls, games and other toys, because of the generosity of the warmhearted people in the Franklin county area. The success of the "Toys for Tots" campaign certainly reflects the friendly spirit of our community.

Those of us in the 88th Rifle Company, U.S. Marine Corps Reserve, would like to take this means to thank everyone who donated toys to "Toys for Tots." We wish we could thank everyone personally; we do extend a standing invitation to visit us at any time at our Training Center, 240 N. Sandusky-st.

We also would like to thank all the public-spirited organizations for their wonderful cooperation.

Our deep appreciation is expressed to the Hartley Publications and all the people on your staff. Your support was a most important factor in the success of the 1960 "Toys for Tots" campaign.

People In Mood Now For Summer Vacations

Regardless of the season and cold weather, people all over the state now are planning summer vacations, according to V. W. Flickinger, chief of the Division of Parks.

"The reason for this early activity," said Flickinger, "is that state park vacation cabins will be available for reservations on a first come-first served basis after Jan. 1. The public drawings for cabins will not be held as has been the case formerly, and reservations by telephone, mail or in person will be accepted just as any other vacation accommodations are obtained."

There are 131 state cabins available, and here are the names and addresses of parks with number of cabins: Lake Hope, Zaleski, 44; Pymatuning, Route 1, Andover, 35; Hueston Woods, 6850 Brown Road, Oxford, 34; Pike Lake, Route 2, Bainbridge, 15, and South Bass Island, Route 1, Port Clinton, Ohio, three group cabins.

The Manor House, Punderson State Park, Geauga County, also offers lodging, but has been operated similar to a hotel since its opening. The group camp at Tar Hollow has 28 cabins along with a recreation and dining hall, but the whole facility is rented to organizations by the week, on a three-year basis. The maximum number of persons permitted is 200. Rooms in Laurel Lodge, Lake Hope, are rented by the night to tourists traveling through, and are not available for advance reservation.

The maximum rental period on vacation cabins is two weeks, and charges vary from $45 to $60 a week for the housekeeping units. Some of these can sleep up to eight persons. Sleeping cabins, with no cooking facilities, range in price from $8 to $20 a day depending on size.

There is one group cabin at Pike Lake, and the cabins at South Bass Island are usually rented by two or more families that want to spend vacations together.

"To avoid possible disappointment next vacation season, it will be important for persons to get their reservations in as soon as possible," Flickinger advised. "A $10 deposit will be required for each reservation."

New Air Force Reserve Unit Is Announced

Former Air Force men who are experienced in several career fields such as personnel, administration, air operations supply, education, air police, radio operation, communications, crypto, cooks and bakers, have an opportunity to join a new reserve unit.

Known as the 840st Base Support Group, its mission is to assist Wright Patterson AF Base, Dayton, in case of emergency.

Meetings will be held the first weekend of each month, and a two-week active duty tour will be held each year.

Capt. Jim Hackett will be at Bldg. T-124, Ft. Hayes, between 9 a.m. and 2 p.m. Saturday, Jan. 7 to give details.

New Offices For Navy

The Officer in Charge of the U. S. Navy Recruiting Station in Columbus has announced that the Main Office and the Naval Officer Procurement Section has moved to a new location at the Internal Revenue Service Bldg., 110 W. Long-st.

Applicants desiring information on various Naval Officer programs (OCS, NROTC, NAVCAD, NAVAL ACADEMY, etc) may contact LTJG William Westphal in Room 407 (Phone CA 1-6411, Ext. 553).

Also moving to the new location is the Navy Nurse Corps Procurement Officer, Lt. Ruth Pampush, Room 407 (Phone CA. 1-6411, Ext. 552). The enlisted Recruiting Station will remain at its former address in the New Post Office Bldg. at Gay and Marconi-sts.

The Columbus Auto Club warns drivers to be alert for slippery spots throughout the winter. Tests have proved that the braking distance on glare ice is twice as long at 30 degrees as at zero. The greatest skidding dangers exist when it's just cold enough for water to freeze.

Between Two Thieves Is OSU Project

The Ohio State University Theater will present on its major bill, Feb. 15, and 16, Experiment '61. This year Experiment '61 will be Warner Lercy's passionate retelling of the trial of Christ, "Between Two Thieves."

A truly experimental production "Between Two Thieves" plays on a bare stage, the actors talk directly to the audience, and in the second part the audience is allowed to express itself along with the actors.

All religious groups interested in securing tickets should write the OSU Theatre, 154 N. Oval-dr, or phone CY. 8-3261 between 8 a.m. and 5 p.m., Monday through Friday. Other groups who are interested in tickets should write or phone the above address.

Consumer Report
Food Market This Week
by ESTELLE B. FRANKS

THIS WEEK LOOK FOR:

Fruit—Citrus fruit, Winesap apples, bananas, cranberries.

Vegetables—Celery, cabbage, potatoes, dry onions, turnips, tomato juice.

Meats and Poultry — Fryers, Boston butts, smoked and fresh hams, chuck roasts, ground beef.

Neither cold nor snow nor winter winds can keep us from having plenty of food. There'll be no cause for any after-holiday "let-down feeling" as you do your food shopping this week.

Some of the plentiful items represent crops actually harvested several weeks ago, while others represent production that goes on despite cold weather. Fryer chickens, for example, are raised indoors the year 'round in a system that resembles the production line for automobiles. In fact, 10 to 12 per cent more are coming to market than at this same period last year; so you'll find prices are attractive. Borrow a trick from last summer—barbecue a chicken with your favorite sauce—if the family is growing tired of fried and roasted chicken.

Fresh and smoked hams are good buys and you'll want to watch for specials on fresh pork loin cuts and Boston butts to serve with crisp new cabbage or sauerkraut.

Beef and lamb prices are up a little. But cold weather always means higher demand for beef roasts, so you may find steaks a reasonably priced choice.

At the produce counter the sight of new potatoes will give you a lift—and their price tags are down a little since they first appeared two weeks ago. And, of course, you'll want to add celery to your shopping cart. Celery is in mass production now—quality wonderful and prices low.

New cabbage is coming from several production areas so supplies are heavy. You can tell the new by the dark green color, and remember, it's richer in vitamins than the white winter cabbage. Lettuce may go up some in price unless the weather improves in the west. Greenhouse tomatoes and leaf lettuce are about finished.

Cold weather vegetables offer economical choices. The root family—parsnips, rutabas and turnips—add variety and flavor to wintertime menus. So do broccoli, Brussels sprouts and cauliflower.

Citrus eating quality continually improves as the season progresses and sugar content increases. Grapefruit prices hold steady, oranges are a little higher, and tangerines lower. Your best apple choices now are Winesaps and Romes. Bananas remain abundant at attractive prices.

Marilyn Mansfield, Leland Henry Exchange Marriage Vows Saturday

Miss Marilyn Jean Mansfield became the bride Saturday afternoon, at 1:30 of Mr. Leland W. Henry.

The double-ring ceremony was read at St. Paul Lutheran Church, New Rome, by Rev. Theodore C. Partridge, before an altar decorated with white roses and greenery.

She is the daughter of Mr. and Mrs. L. G. Mansfield, 4823 Amesbury-wy, and he is the son of Mr. and Mrs. Loren M. Berry of Dayton.

The bride, given in marriage by her father, chose a white satin ballerina-length gown with re-embroidered chantilly lace bodice and three-quarter length sleeves.

Her bouffant, waist-length veil was held by a tiara of seed pearls and crystals. She carried a cascade bouquet of delicate pink sweetheart rosebuds, intertwined with ivy and centered by two pink camellias.

Mrs. William Mansfield, of Manteno, Ill., sister-in-law of the bride, was matron-of-honor, and wore a ballerina-length gown of leaf green velvet, with a princess panel of satin in a lighter tone. She also carried a bouquet of rosebuds, with a bandeau of ivy and rosebuds as the headdress.

Mr. William Sapp of Columbus served as best man and Mr. William Mansfield, of Manteno, Ill., brother of the bride, and Mr. Robert Shitzer of Columbus were ushers.

A reception for the immediate families of the newlyweds and those of the wedding party was held afterward at Lincoln Lodge.

Mrs. Henry's going-away costume was a toast-color two-piece wool sheath dress with mink collar and accessories to match.

The bride is a 1953 graduate of Manteno (Illinois) High School, attended Macmurray College for Women, Jacksonville, Ill., for two years and received a B.A. degree at Ohio University in June.

Central Basketball Squad Ends First Half On Sour Note

Central's basketballers wound up the 1960 half of their 60-61 campaign on a slightly sour note last Friday evening at Newark as the host team took the measure of their fourth City League foe this season, 51-34. This kept Newark's mark at 3-0 and put Central's at 3-3.

Central never relinquished the lead in a low scoring first half but couldn't maintain the pace in the second half. By the three-quarter mark, Newark had taken command of the situation.

The Bucs led 11-7, at the end of the first quarter and held a 19-13 halftime lead. At the end of the third period Newark led 36-28 . . . having not only overcome a 6 point halftime deficit but stretched ther margin to 10 points.

Newarks Gordon Johnson pushed in 9 of 9 free throw attempts as the Bears hit for 10 straight points to begin the third frame and never gave up their newfound lead.

The low scoring first half and the Bucs failure to hold their lead is witnessed by the boxscore . . . which shows only a single Pirate in double figures for the contest . . . Roosevelt Coffey with only 12.

CENTRAL . . . Foster 2-0-4, Taylor 1-0-2, Stewart 1-4-6, Randall 2-2-6, Toland 1-0-2, Coffey 6-0-12. Totals: 14-6-34.

NEWARK . . . Pyle 3-2-8, Smucker 1-1-3, Kramer 0-2-2, Morgan 3-0-6, Corder 1-4-6, Johnson 3-9-15, Shonebarger 0-1-1, Judge 3-4-10. Totals: 14-25-51.

HOLY FAMILY

Three Lexington St. Aloysius players poured in a total of 56 points among them as they and their teammates romped over Holy Family at New Lexington last Friday evening, 72-30.

The winners held quarter leads of 14-7, 34-10, 52-20. No Holy Family player was able to hit for double figures.

HOLY FAMILY . . . Durham 2-1-5, Lee 2-0-4, Coviets 1-4-6, Nicoloff 0-1-1, Bohiken 3-2-8, Nash 3-0-6, Totals: 11-8-30.

ST LEX. ALOYSIUS . . . Trapp 10-4-24, Stroh 6-4-16, Paxton 1-0-2, O'Hare 7-1-15, Metzger 0 2-2, Smith 4-0-8, Ferguson 2-1-5. Totals: 29-14-72.

WEST SPLITS

West's roundballers split in two outings over the recent holidays . . . taking it on the chin from Zanesville, 72-58, and then bounced Bexley, 42-40. However, due to space and time limitations caused by the holidays and early preseason, we'll have a summation of these two encounters in next week's column.

WEST WRESTLERS

As reported just prior to Christmas in this column, the West High wrestling squad . . . and particularly three members of it, had extremely good luck in this year's Franklin Heights Holiday Invitational Tournament.

Last Period Rally Brings Schulze Title

Julian Brophy sank a free throw in the last 30 seconds and Denny Gallucci and Gary Jewel added clinching buckets last week as the William Schulze Marketmen downed Save Foods 51-46 in the preseason league showdown at the West Side Boys' Club.

The win was the fifth in a row for the Marketmen and the setback was the first for Save Foods.

Until Brophy sank the free throw, the Schulze five was never in the lead. Gallucci was high man for the winners with 22 points.

Red Bandits Win Crown At Glenwood

In this week's action the Red Bandits beat the Night Riders 47-42 to win the pre-intermediate championship at Glenwood. In other games, the Eagles beat the Raiders 42-32, and Emersonians lost to the Yankees 49-34.

In adult action this week, Kenney's Loans won the pre-season championship trophy with a 7-0 record after beating the Hawks 66-28 to win the title. Big Blue won 2-0 when the Big Blue Angels failed to show up, and Sun Set and Johnny's Market won 2-0 over Byers Auto Parts when they failed to appear. Their regular season starts Jan. 6.

However the teams as a whole has taken their "knocks" in the 1960 half of their season . . . losing both of their dual matches (and weather forced postponement of another just prior to the holidays).

They lost to Grove City, 25-20 (though winning 6 of 11 matches) on Dec. 9 and also to Whitehall on Dec. 14, 28-18. West's Bill Ardle won by pins in both meets. Two of Whitehall's lads are defending District champions.

She is Mrs. Eileen Metz, 668 Wedgewood-dr. Bond was set at $2000 and her case [redacted] until Friday.

Mrs. Metz will be arraigned Saturday in the same court on charges brought by private detectives alleging that she has written $400 worth of bad checks in recent weeks.

Police say that Fairfield County authorities have also filed similar charges.

Mrs. Metz confessed to setting the fires claiming that she thought they might help convince the Navy that she was in trouble and they in turn would send her husband home.

She said she got the idea from the fire in her neighborhood which claimed the life of a baby a few days before Christmas.

Basketball Takes The Lead In Network Sports Events

By Charles Rampp

King Basketball not only rules the local hardwoods at this season, but also gets a king's share of TV time.

Beginning Saturday, Jan. 7, at 2 p.m. Channel 6 will telecast an afternoon of basketball, with a weekly doubleheader scheduled each Saturday through March 11.

Leading off the parade will be games between Georgia Tech and Kentucky at 2 p.m., and Minnesota and Iowa at 4:30.

Ten of the teams to be featured on this series are now ranked in the top 20 in the nation. NCAA Champion, Ohio State, will make three appearances, Jan. 28, hosting Purdue; Feb. 4 at Michigan; and March 12, at Illinois.

State's home game with Illinois will be telecast by Channel 4, on Saturday, Jan. 7 at 8:30 p.m. This will be the National Champs' Big Ten opener. They will be meeting a sophomore-loaded team, with little experience, but a lot of hustle.

The twelfth annual Senior Bowl game will be picked up by Channel 4 at 3:15 p.m., Sat., Jan. 7. Football will bow out on the networks with this game and the Pro-Runner-Up game on Channel 10 the same day at 2 p.m.

The Senior Bowl is played at Mobile, Ala., each year and brings together some of the top graduating college stars of the North and South. The pro game is a new idea, pitting the second-place clubs of Eastern and Western Conferences against each other at the Orange Bowl in Miami.

The Westinghouse Playhouse, starring Nanette Fabray and Wendell Corey premieres on Channel 4, Friday, Jan. 6 at 8:30 p.m. This is billed as a situation comedy series about a widower with small children, who marries a Broadway star.

Jose Iturbi, Renata Tebaldi, Shirley Jones, Maria Tallchief and Erik Bruhn will headline the Bell Telephone Hour at 9 p.m. Friday, Jan. 6 on Channel 4. Miss Tebaldi, one of the world's greatest and most temperamental sopranos will appear in two scenes from the opera "Madam Butterfly."

The problems of citizens over 65 will be discussed on Probe, Saturday, Jan. 7 at 10 p.m. on Channel 4. Titled "A Beginning," the show will deal with problems of the aged and retired in Columbus.

This growing segment of the area's population will be studied, with the problems of the maintenance of income, medical care and recreation coming in for most intensive study. This is a locally produced, written and photographed program.

"Roundup USA" is a new weekly series of ABC news and Channel 6. Premiering Sunday, Jan. 8, the new show will try to keep pace with fast breaking international and domestic developments.

ABC news reporters in key centers across the nation will cover and report the major news developments of the week on a region-by-region basis. The news series is designed as successor to the network's "Campaign Roundup" seen last fall.

Utilizing a flexible format, the program is designed to allow reports of separate regional stories or present nation-wide reactions, on a regional basis, to individual major developments.

Channel 10's Twentieth Century Program will feature Korea Saturday, Jan. 7 at 5:30. This is the first of a special two-part report on American prisoners of war in Korea and a current Air Force training program designed to help U.S. military personnel overcome "coercive persuasion" by any future enemy.

Fight of the Week is seen at 10 p.m. on Saturdays. This week's card on Channel 6 will feature Carmen Basilio's attempt to win his way back to a title shot. He takes on veteran Ringman Gaspar Ortega at Madison Square Garden in a ten-rounder.

Weekend afternoon programming on Channel 10 takes on a new look with "Sports Spectacular" the biggest news.

Seen on Sunday, Jan. 8 for the first time, the program will present exciting athletic events seldom seen on TV. Time is 2:30 to 4 p.m. and commentary will be done by Bud Palmer.

Richard Boone will read to his son Peter, the Bret Harte short story "How Santa Claus Came to Simpson's Bar" on Sunday, Jan. 8 at 9:30 a.m. on Channel 10. This is the latest of the Reading Out Loud Series, prepared by the Westinghouse Broadcasting Co.

John Browning, young American pianist will appear in concert as the opening event of the New Year at Mershon Auditorium, Thursday, Jan. 12 at 8 p.m. He has recently won three of the highest honors the international music world can bestow.

Mr. Magoo is the near-sighted hero of Channel 10's new "Comedy Spot," seen Monday, Wednesday and Friday, at 6 p.m.

Magoo, who is a little old man with a laugh like a strangled turkey, his nephew Waldo and many of his odd friends bring their own particular and quite funny brand of idiocy to local screens.

Old-time movies featuring some of the classic film clowns of the past will be seen on Tuesdays and Thursdays at 6 p.m. on Channel 10. Cliff Norton will host the show, and has promised to create no less than 130 different comic roles as he plays host on the show.

Channel 4 has received many notices of praise and letters of commendation both from reviewers and from state officials on its recent half-hour documentary on Christmas inside the Ohio Penitentiary.

A former UCLA football star, now in motion pictures, Woody Strode, plays an Army corporal in a special guest appearance on Rawhide, seen Friday, Jan. 6 at 7:30 p.m. on Channel 10. Title of the episode is "The Incident of the Buffalo Soldier."

Beginning Jan. 2 at noon, "Jungle Theatre," featuring Tarzan films and "Shirley Temple Theatre" will be seen on alternate weeks on Channel 10.

Film funnymen Abbott and Costello will appear each Saturday on Channel 10 at 3:30 p.m., followed by "Championship Bowling" matches.

Cold weather definitely is with us, says the Columbus Auto Club, and drivers should not be fooled by brief periods of warm sunshine. Frost can cause a slippery glaze on streets and highways, especially at night and during early morning hours. Special caution is urged when driving on bridges and overpasses, where frost is likely to accumulate at this time of year.

Headless Fish Being Studied By Wildlife Men

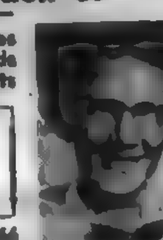
Headless fish are coming under scrutiny of Division of Wildlife law enforcement men, according to Harold Green, supervisor.

"A study is being conducted whereby the live length of beheaded fish may be determined," said Green. "This technique will facilitate regular commercial fishing investigations.

Often, dressed or partially dressed fish must be inspected, and it is difficult to judge if the live fish met commercial length requirements. The present study will remedy this."

Species under study are catfish, bullheads, walleyes, yellow perch, blue pike and saugers.

LINE CRASHER



Officials in Mobile, Ala., administered first aid to a woman who fainted while standing in a long line to buy her 1961 auto license plates. Her first question when she recovered was "Did I lose my place in line?" She didn't.

Failure is what a fellow faces when success turns his head.

BUSINESS REVIEW

Joe Cox Joins WVKO Staff; More Newscasts Organized

Newest addition to the announcing staff of WVKO radio is Joe Cox, who began his DJ duties Monday, Dec. 5.

Joe will cover the station's newscasts on Saturday afternoons as well as filling the disc jockey spot from 9 to 11 a.m. and 12:15 to 1 p.m., Monday through Friday.

A veteran of 12 years in broadcasting media, Joe comes to Columbus from Louisville, Ky., where he has been with WVKN radio for the past five years.

Married, with three daughters, the 33 year-old radioman has worked at stations in Hollywood and in Chime, Quebec.

With the arrival of Joe Cox, and the moving of Al Morris to the news department as assistant News Director, WVKO will go into a concentrated drive for bigger and better news coverage.

Telephone tape-recorders, direct one-the-air phones and other facilities will be put to use by "Operation Newscasts," with the intent of bringing Columbus and vicinity the latest on-the-spot news in addition to the national and international news through the wire services.

News director Bob Howick will continue to do his regular newscasts throughout the day, while Al Morris will do additional five-minute newscasts at 10 and 11 a.m. as well as at 1, 2 and 5 p.m.

In addition, Bob Howick and Al Morris will team up for a two-man newscast at noon, Monday through Friday. This program will be interspersed with tape-recorded interviews of people involved in news items when possible.

Throughout the day attempts will be made to cover on-the-spot news through the use of direct on-the-air telephones and there will be newsmen to cover the newscasts, every hour, on the hour, Saturdays and Sundays.

Mike Roberts, a member of the editorial staff of the Ohio State University newspaper, the Lantern, will continue to gather and write local news for the station.

X-Ray Cruiser Visits Scheduled

Tuberculosis Society's X-ray cruiser will end its first week of industrial X-rays for the 1961 season Friday at David Davies Packing Co., 616 W. Mound-st, as it offers free chest-checks to Davies' 360 employes.

Monday the Christmas seal cruiser will serve 350 workers at Joyce, Inc., 1160 Alum Creek-dr.

More than 90 businesses already are scheduled for chest-check programs through the 1961 season, according to the TB Society.

Industrial X-rays are offered free of charge to any Franklin county firm requesting the service.

Stone Piano Co. Wins Prize Trip

John Stone, manager of The Stone Piano Co., 751 N. High-st, has received a wire from the Kinsman Electronic Organ Co., announcing that he won an all-expense trip to Nassau, in the Bahamas, Jan. 12 to 17.

He was among winning dealers in a National Sales derby.

Holding exclusive dealership here since 1957, the firm has opened a new showroom at 755 N. High-st.

Assisting Stone are his wife, Doris, bookkeeper; Tom Perone, store manager; and Don Weese, sales.

Rose Declares Self Innocent

Edgar G. Rose, 20, 357 S. Wheatland-av, has been bound to the grand jury under $2000 bond after pleading innocent to a first degree manslaughter charge. He was heard in Municipal Court Dec. 27.

He was present at the street corner (W. Broad-st and Wheatland-av) stabbing of James Edwards, Jr., 20, of 53 S. Wheatland-av.

Police said Rose told them he thought Edwards was about to spring on him from behind. He apparently slashed backward with a sharp object and Edwards was stabbed in the chest, police said.

Driver's License Is Suspended

Juvenile court suspended the driver's license of Daniel Bolognone, 17, 2363 Clime-rd, last week after finding him guilty of reckless driving.

Police had charged him with hitting a fire truck on an emergency run Dec. 24 on W. Broad-st at Whitethorne-av and fleeing. The suspension applies until May 1.

FOR CUSTOMER CONVENIENCE—View of the popular coal and charcoal dispensing machine at Burns Coal Co., 365 W. Town-st.

Catchy Slogan Distinguishes Coal Firm For Half Century

For 49 years the slogan "Burns Coal Burns Best" has been maintained by the Burns Coal Co., 365 W. Town-st.

Although several others have managed the business since it was founded, the name of the original owner still sticks because it seems appropriate for a coal company.

Burns Coal supplies many customers in Columbus and Central Ohio with a careful selection of finest West Virginia and Kentucky coals. Types to meet any heating requirement are carried at the yard for customer pickup or for quick delivery by the company's fleet of trucks, six days a week.

Fireplaces On Increase

According to James P. Ellinger, general manager, the ever-increasing popularity of the fireplace to add comfort and cheer to the home, has prompted the installation of a coal vending machine, opposite the Burns office and yard. It dispenses high-grade Eastern Kentucky coal, ideally suited for use in fireplaces, in convenient paper sacks.

More than 40,000 bags are sold each heating season. The machine will take any combination of nickles, dimes and quarters to total 50 cents. In the summer, when the cook-out is so popular, the machine is used to dispense charcoal.

Charcoal also is available in various packages up to 40 pound-lots. Many trucking firms buy it for cargo heaters, Ellinger said, and roofers use it for their metal working heaters.

Ellinger lives at 1171 Kingsley-rd. His office manager, R. D. Brown, lives at 1298 Studer-av.

CARRIER OF THE WEEK

Larry Law Makes Good Use Of Money Saved From Route

One hundred twenty-five paid subscribers and 25 business places on Broad-st have learned to depend on Larry Law for faithful delivery of the Hilltop Record every week.

Larry, 13, is the son of Mr. and Mrs. Worthy Law, 242 Powhatan-av. He is in the eighth grade at Westmoor Junior High.

Now in his second territory after carrying the Record for nearly four years, our Carrier-of-the-Week has earned many friends. At first he delivered south of Sullivant-av to Eakin-rd, between Sylvan and Brinker-av. Now he services from Broad and Palmetto on Powhatan, Algonquin, Brinker, Ellis and parts of Sylvan and Westgate. Often he is helped by his sister Linda, 11.

Larry Law

"I especially like carrying a weekly paper because it doesn't interfere with my studies," Larry smiled. "And I have a nice bunch of regular-paying customers."

Larry is methodical about using his route earnings. He already has $250 banked toward college and also pays for his own bowling and other incidentals. He bowls Saturday mornings in the Junior League at Hillcrest Lanes and his highest game so far is 187. He also likes to assemble model cars.

In other activities he belongs to the Hilltop YMCA, the Westmoor Science club and Chi Rho at Hilltop Church of Christ.

What's in his future? A liking for math, science and history could be the foundation for a career in architecture, he thinks.

IS ENGINEER

WITH GAS CO.—George D. Eichenberger, Jr., 202 S. Sylvan-av, has been assigned to the engineering and planning section of the Ohio Fuel Gas Co. here. Eichenberger, 23, has completed a company training course. He was graduated from Ohio State University last June with a Bachelor's degree in welding engineering. A West High graduate of 1955, he is a member of the Bethlehem Lutheran Church and of the American Welding Society. He and his wife, Ruth, have a two-month-old daughter, Heidi Lynne.

Motion Picture Operators Elect Dave Cornwell

Members of the Moving Picture Machine Operators Union Local 386 last week elected Dave Cornwell, 74 S. Richardson-av, as the organization's new president.

Cornwell, who served as secretary-treasurer last year, was succeeded by another Hilltop resident, Jerry Marple, 1050 Wiltshire-av.

Other officers are Robert W. Greer, vice-president; Bill Welz, recording secretary; Orland Frank, financial secretary; Don Mack, sergeant-at-arms; and Ned R. Welch, business agent.

BIBLE COMMENT:

Christians Face Idea Of Afterlife

Belief in a future life, in survival after death, has not been confined to those of any one race or religion. On the contrary, it may be said to have been almost universal, witnessed by various beliefs and practices, emphasized by ancestor worship, the notion of the souls of the departed living in various animals, and the well-known practice of burying with the dead food and the utensils of this earthly life.

But with Christians, life after death has had a very different conception and significance. The conception of death itself is lost in the larger conception of eternal life.

"The gift of God is eternal life through Jesus Christ our Lord." (Romans 6:23). It is the undying nature of the soul through the experience of the new life in Christ.

But this fact and experience has its definite foundation in history in the life, death, and Resurrection of Jesus of Nazareth. The foundation of the experience is in the divine, eternal life of Jesus Himself, and His words to His disciples, "Because I live, ye shall live also." (John 14:19.)

of these men, their service, their ambitions, their lives and for some, their deaths.

Not only those in the regular forces left records, but also the militia, the "squirrel hunters" and irregulars, whose stories have not even been touched in the regular histories.

Another area seldom touched in history is that of the Northern opponents of the war. Ohio was one of the leading states in opposition to active war against the "Confederate States." Most of the information concernng the "Copperheads" and their followers has apparently disappeared. Campaign and propaganda literature of this kind would be of wide interest.

Throughout the nation, ceremonies will be held Jan. 8, as the nation remembers the sacrifices and actions of its ancestors in the Civil War.

The firing on the Star of the West at Charleston, South Carolina will be re-enacted on its 100th anniversary, Jan. 9.

With the interest of the nation aroused in commemorating the Civil War, now is the time to again bring to memory the lives and sacrifices of the men in the ranks who fought and won the war.

club's extensive activities of the year just ending.

The club started the year with a membership of 114, added 12 new members and lost 9.

Twenty-one committees each functioned in some particular area of community service and operated on a budget based on past experience.

"Few club members and certainly no one outside the club has full conception of the magnitude of the services performed by this group of dedicated men nor of the number of persons who benefit from these services" Hegenberger said. A sum in excess of $5500 had been spent and members devoted more than 6,000 man hours of service benefiting approximately 25,000 persons, he pointed out.

Among the more important projects were:

1) Providing college scholarships to high school graduates and music scholarships to students in high school and junior high school.

2) Assisting West High School in conducting a Career Day program to help students find suitable vocations.

3) Providing incentive awards to Future Farmers and 4-H club members.

4) Sponsoring a Boy Scout troop and supporting Scouting and Camp Fire projects.

5) Providing facilities and entertainment for children in Franklin Village.

6) Helping patients in Columbus State Hospital and Columbus State School.

7) Medical treatment for underprivileged and handicapped children.

8) Sending to summer camp many children otherwise unable to enjoy such benefits.

9) Sponsoring many youth activities like Little League baseball, and providing equipment for same.

10) Leadership for many community activities of civic and religious natures.

Money to finance these activities comes mainly from two major fund raising projects — redemption of sales tax stamps and the Annual Christmas Newspaper sale and auction.

for display at the White House Conference on Aging, Jan. 9-12. It is to be the only exhibit from Ohio, Director Taylor said.

The center is unique in that the city and the MHA together have financed its construction to provide a residence for low-income elderly persons and provide them a related recreation center, open to all.

Included will be a complete kitchen, craft rooms, auditorium, meeting rooms and chapel.

The three State Highway buildings some day are expected to become part of a complex that will house all of the department's Columbus operations.

The buildings are laid out to make use of Grandview-av if it is extended to the south.

The central garage of nearly 100,000 square feet includes a place to service 15 vehicles at one time. There will also be areas for testing vehicles, a warehouse, offices and a gasoline service building.

An outside parking lot will serve as a motor pool for more than 500 state cars and test vehicles.

Carl Bentz said the site in the future also will accomodate a sign shop and a communications center.

The new $775,000 testing laboratory will combine operations now being done in three spots over the city. The new center will be used for testing of all types of road and construction materials used by the state.

Other expenditures include a $116,928 administrative building and $253,813 for site improvements and utilities.

Some distance in the future, perhaps, but nonetheless in the realm of possibility is a main department headquarters building. The legislature has set aside $6 million for the project, and many officials think the W. Broad-st site is the place for it.

'Best Year Yet' Recorded By Local Golden Age Club

Prominent speakers spoke on health, Social Security, Aid for Aged, beauty and personality. There were musical programs, and authentic Hawaiian dances were given by a couple who learned them while in Honolulu. The members claim that the club has finished its most successful year yet. Children Shown The Dangers of Smoking

Striking back at a 950 per cent increase in deaths from lung cancer in the past 30 years, the American Cancer Society is in the midst of an educational program among the junior high schools in Franklin County.

Thirty-one of the junior highs in Columbus, its suburbs, and the county have already seen a program entitled "To Smoke or Not to Smoke" which is being offered by the American Cancer Society — with a physician-member of the Columbus Academy of Medicine on hand to answer questions.

"The recent upsurge in smoking among the 12-, 13-, and 14- year old youth of our neighborhoods is appalling," says Dr. William B. Schwartz, president of the Society's Franklin County Unit.

"Children have access to cigarets almost everywhere they go by virtue of coin-operated machines. Thirty years ago it was impossible for a child to purchase cigarets over the counter — but today there is no trouble at all in buying a pack of cigarets," Dr. Schwartz says.

"That's why we are stressing our program in the junior high schools. Teachers and parents are enthused.

"The first junior high to present the program last fall was Crestview — and Principal Don Thatcher wrote us a note saying he had many parents telephone and thank him for telling their children the facts about smoking and lung cancer.

"The message is for everybody, but we hope to get to the children before they become confirmed smokers," Dr. Schwartz says.

He is backed up in his approach to the problem by Dr. John Gallen, a member of the Society's Board. "Up until now," Dr. Gallen points out, "the only thing children knew about smoking is what they heard and saw in the TV commercials. It's time somebody tells them the facts."

The program, prepared by the American Cancer Society resulted after 25 long-term studies in eight countries.

The program includes a kit with a filmstrip and accompanying commentary, plus study guild materials for teachers as well as students. After a school has seen and heard the program, the materials are left at the school for use in the future as teachers see the need.

Physicians who have handled questions by students following the showing of the film have been impressed by the eagerness of the youngsters to get the facts. Many of the doctors report students asking them for the best way to quit smoking.

One principal said she did not feel the need for such a program until she polled her 7th and 8th graders and learned that 62 per cent admitted they were smoking. She immediately telephoned and arranged for the program.

While the Society is aiming primarily at the children, Dr. Schwartz points out the value adults seeing it also gain. "This gives parents the answers and may make it easier for them to handle the problem when it arises in their own families," he says, and then he adds, "it also tells the facts to adults and maybe we can encourage them to give up the habit."

Dr. Schwartz points out that the American Cancer Society feels an obligation to call attention to the facts to everyone in the county. "After all, each April when we ask residents of Franklin County to contribute to our 3-fold program, they do — generously.

"The facts as we present them in this film, as in all of our films and literature, are what we've learned through Research. By disseminating them to the people we are carrying on a part of our Educational Program.

"Our overall purpose is to

CHARTER, OFFICER SLATE READY

Resident Council Up For Approval At Open Meeting

The committees have done their work. Now it's up to the people to bring the West Side Neighborhood Council into existence if they want it.

All persons interested in the council and the community it would serve are invited to meet at 7:30 p.m. Thursday, Jan. 13 at Gladden Community House.

A complete slate of officers and a constitution have been readied for public vote that evening.

The constitution outlines the following council purposes: "To study the social and civic need to promote a program designed to strengthen the general welfare and unity of the area. This organization shall be non-partisan, non-sectarian, and inter-racial. Political interests, commercial interests, and sectarian doctrines shall not be advanced or promoted."

Nominations for the Executive Committee are: (one to be elected to each office). President—Sam Alford, 1246 W. Broad-st and Dan Kelch, 156 Avondale-av.

Vice-President—Walter Cunningham, 148 Hayden-av, and Homer Johnson, 316 S. Cypress-av.

Secretary — Mrs. Donald Doust, 143 Avondale-av, and Mrs. Phyllis Redden, 150 N. Hayden-av.

Treasurer—John Eidenmiller, 697 Schreyer-pl and Al Linkman, 649 W. Broad-st.

Members-At-Large — Avondale area: Joseph Pinto, 257 Hawkes-av, and Fred Staley, 263 Martin-av; Bellows area: Don McCann, 667 Sullivant-av, and Earl Snider, 931 Bellows-av. All executive committee officials will be filled for one-year terms. The member-at-large will represent areas roughly the same as the six elementary school districts in the West Side.

Ratification of the constitution must, of course, precede the election. Rev. Al Rose, chairman pro-tem, will preside Thursday night.

EX-MAYOR WON'T RUN

Former City Clerk Trying For Council

Another Hilltopper is testing his popularity, via petitions, in hopes of qualifying as a candidate in the non-partisan race for City Councilman.

Russell D. Drake, 104 N. Chase-av, former city clerk, said he has about 80 people working in his behalf and he hopes to have 2,000 signatures before the Feb. 3 filing deadline.

Meanwhile his former boss, ex-mayor M. E. Sensenbrenner has decided not to run for council, saying he did not want to get mixed up in a party fight Last week Sensenbrenner said he might run for council nominations, with hopes of 'working his way' back to the mayor's race in 1963.

Drake, a printer by trade, was an appointee to the city clerk's post in 1956 by a Democrat-ruled council He served until Feb 15, 1960 when the patronage job was involved in a 'deal' breaking a deadlock in Council The death of Council President W. Wesley Llewelyn had left three Democrats and three Republicans on council. Republicans were given the council presidency and city clerk's and treasurer's offices in exchange for the admission of Russell Jones as councilman giving the Democrats a majority.

Drake said he is getting "a lot of support—some from unexpected sections, including many Republicans." He said he believes the Hilltop and West Side need a stronger voice in council and he hopes to supply it.

Businessmen Organize For 1961

Two West Side business groups are holding important meetings this week.

Last Tuesday night, the Hilltop Business Association installed officers at a dinner dance at Lincoln Lodge. Harold Slyh, owner of the Slyh Roofing Co., 2343 Valleyview-dr, succeeded Jack Merriman, of Seiler's, as president.

Others installed by Judge William C. Bryant were Nelson Greene, first vice-president; James F. Goudy, second vice-president; Harold Fox, treasurer; and trustees John Holmapfel, George Matson and John Reece.

Tonight at Sunshine Recreation Center, the West Side Board of Trade will hold an election. Robert Morton and William Moler are candidates for the presidency, succeeding Vernon Creasap.

Local Streets Included In Snow-Clearing Law

Four lengthy stretches of local streets are among those in the city which are to be closed to parking during heavy snowstorms.

City Council this week approved part of the ordinance to keep streets clear but did not agree on the fines to be levied on violators. Discussion on that is to be resumed next week.

The local streets are Broad, from Wilson-rd to Napoleon-av; Sullivant-av, from Demorest-rd to Green-st; Central-av, from Broad to Mound-st; and Town-st, from Central-av to Washington-blvd.

Under the plan, police would be notified when a severe snowstorm is expected. They would then post "no parking" tags along heavily traveled routes. Many cars were caught by drifts this winter and have been obstacles to traffic and cleaning crews.

Suggested fine for motorists who won't move their cars is $15 and a possible impounding charge of $10.

Dance Date Set By Hilltop Parish

St. Mary Magdalene Athletic Association will hold a round and square dance Saturday, Jan. 14, 9 p.m.

Iggy Stabile and his orchestra will play for round and square dancing. Mr. and Mrs. Thomas Timlin will be host and hostess.

Refreshments will be furnished by the association.

Voting Machine Storage Building Is Considered

County-owned land at McKinley-av and Rodgers-av has been suggested as a good site for a warehouse for storing voting machines.

County commissioners cited the need for such a building when it was pointed out that the county now pays out $850 monthly in three warehousing companies for storage of the machines.

Commissioner Glenn L. Myers said a spacious Quonset hut or cement block building could in time pay its way in rentals saved.

Seated (from left) are Fred Van Order, second vice-president; George Weber first vice-president; Jack C. Williams, president; Ted Klentz, president-elect; and Frank Wolfe, past president and director. of these men, their service, their ambitions, their lives and for some, their deaths.

Not only those in the regular forces left records, but also the militia, the "squirrel hunters" and irregulars, whose stories have not even been touched in the regular histories.

Another area seldom touched in history is that of the Northern opponents of the war. Ohio was one of the leading states in opposition to active war against the "Confederate States." Most of the information concerning the "Copperheads" and their followers has apparently disappeared. Campaign and propaganda literature of this kind would be of wide interest.

Throughout the nation, ceremonies will be held Jan. 8, as the nation remembers the sacrifices and actions of its ancestors in the Civil War.

The firing on the Star of the West at Charleston, South Carolina will be re-enacted on its 100th anniversary, Jan. 9.

With the interest of the nation aroused in commemorating the Civil War, now is the time to again bring to memory the lives and sacrifices of the men in the ranks who fought and won the war.

Standing are directors Phil Stout, Dr. Fred Marsch, Gerald Koster, Howard Lloyd, Milo Alford, Paul Rausch and Roger Strauss. The club's President's Party will be held Thursday, Jan. 19 at Nationwide Inn.

'Housing' Topic Of Fellowship's Meeting Jan. 25

The meeting will be held at 8 p.m. Sunday, Jan. 8 at the Columbus YWCA, 65 S. Fourth-st. A question and answer period will follow his presentation.

A tea and social hour also is included. According to Frank Watanabe, chairman of Columbus Fellowship, the talk is an informative one that should be of general interest. The public is invited.

Filing for the city primaries must be done by the first of February.

Sensenbrenner said he has been urged by many friends to enter city politics again. Treating the issue seriously, he said he expects to feel out public opinion carefully in the next few days, before making a move that will affect his present job.

"And, health permitting, I'd like to be mayor again in 1963" he said.

club's extensive activities of the year just ending.

The club started the year with a membership of 114, added 12 new members and lost 8.

Twenty-one committees each functioned in some particular area of community service and operated on a budget based on past experience.

"Few club members and certainly no one outside the club has full conception of the magnitude of the services performed by this group of dedicated men nor of the number of persons who benefit from these services" Hegenberger said. A sum in excess of $5500 had been spent and members devoted more than 5,000 man hours of service benefiting approximately 35,000 persons, he pointed out.

Among the more important projects were:

1) Providing college scholarships to high school graduates and music scholarships to students in high school and junior high school.

2) Assisting West High School in conducting a Career Day program to help students find suitable vocations.

3) Providing incentive awards to Future Farmers and 4-H club members.

4) Sponsoring a Boy Scout troop and supporting Scouting and Camp Fire projects.

5) Providing facilities and entertainment for children in Franklin Village.

6) Helping patients in Columbus State Hospital and Columbus State School.

7) Medical treatment for underprivileged and handicapped children.

8) Sending to summer camp many children otherwise unable to enjoy such benefits.

9) Sponsoring many youth activities like Little League baseball, and providing equipment for same.

10) Leadership for many community activities of civic and religious natures.

Money to finance these activities comes mainly from two major fund raising projects — redemption of sales tax stamps and the Annual Christmas Newspaper bale and auction.

First World War Vets To Elect

Officers will be elected when Capitol City Barracks 461, Veterans of World War I, hold its next regular meeting at 1:30 p.m. Sunday, Jan. 8, in Room 204 of the new Veterans Memorial Building, 250 W. Broad-st.

Auxiliary members will also elect officers in Room 203 and a joint installation will be held.

for display at the White House Conference on Aging, Jan. 9-12. It is to be the only exhibit from Ohio, Director Taylor said.

The center is unique in that the city and the MHA together have financed its construction to provide a residence for low-income elderly persons and provide them a related recreation center, open to all.

Included will be a complete kitchen, craft rooms, auditorium, meeting rooms and chapel.

The three State Highway buildings some day are expected to become part of a complex that will house all of the department's Columbus operations.

The buildings are laid out to make use of Grandview-av if it is extended to the south.

The central garage of nearly 160,000 square feet includes a place to service 15 vehicles at one time. There will also be areas for testing vehicles, a warehouse, offices and a gasoline service building.

An outside parking lot will serve as a motor pool for more than 500 state cars and test vehicles.

Carl Bentz said the site in the future also will accomodate a sign shop and a communications center.

The new $775,000 testing laboratory will combine operations now being done in three spots over the city. The new center will be used for testing of all types of road and construction materials used by the state.

Other expenditures include a $116,928 administrative building and $253,813 for site improvements and utilities.

Some distance in the future, perhaps, but nonetheless in the realm of possibility is a main department headquarters building. The legislature has set aside $6 million for the project, and many officials think the W. Broad-st site is the place for it.

'Best Year Yet' Recorded By Local Golden Age Club

Golden Age Club of Sunshine Recreation Center will see a movie Tuesday, Jan. 10. All members are welcome.

Throughout the past year the club has enjoyed a varied program, monthly potluck luncheons, parties on St .Valentine's Day, St. Patrick's Day, May Day, July 4th, Hallowen, a Thanksgiving dinner party, Christmas party, and the annual Golden Age dinner.

Prominent speakers spoke on health, Social Security, Aid for Aged, beauty and personality. There were musical programs, and authentic Hawaiian dances were given by a couple who learned them while in Honolulu. The members claim that the club has finished its most successful year yet. They extend an invitation to all those 60 years old or older to join in its program. For details call CA. 4-9560.

Children Being Shown The Dangers of Smoking

Striking back at a 950 per cent increase in deaths from lung cancer in the past 30 years, the American Cancer Society is in the midst of an educational program among the junior high schools in Franklin County.

Thirty-one of the junior highs in Columbus, its suburbs, and the county have already seen a program entitled "To Smoke or Not to Smoke" which is being offered by the American Cancer Society — with a physician-member of the Columbus Academy of Medicine on hand to answer questions.

"The recent upsurge in smoking among the 12-, 13-, and 14- year old youth of our neighborhoods is appalling," says Dr. William B. Schwartz, president of the Society's Franklin County Unit.

"Children have access to cigarets almost everywhere they go by virtue of coin-operated machines. Thirty years ago it was impossible for a child to purchase cigarets over the counter — but today there is no trouble at all in buying a pack of cigarets," Dr. Schwartz says.

"That's why we are stressing our program in the junior high schools. Teachers and parents are enthused.

"The first junior high to present the program last fall was Crestview — and Principal Don Thatcher wrote us a note saying he had many parents telephone and thank him for telling their children the facts about smoking and lung cancer.

"The message is for everybody, but we hope to get to the children before they become confirmed smokers," Dr. Schwartz says.

He is backed up in his approach to the problem by Dr. John Gallen, a member of the Society's Board. "Up until now," Dr. Gallen points out, "the only thing children knew about smoking is what they heard and saw in the TV commercials. It's time somebody tells them the facts."

The program, prepared by the American Cancer Society resulted after 26 long-term studies in eight countries.

The program includes a kit with a filmstrip and accompanying commentary, plus study guild materials for teachers as well as students. After a school has seen and heard the program, the materials are left at the school for use in the future as teachers see the need.

Physicians who have handled questions by students following the showing of the film have been impressed by the eagerness of the youngsters to get the facts. Many of the doctors report students asking them for the best way to quit smoking.

One principal said she did not feel the need for such a program until she polled her 7th and 8th graders and learned that 63 per cent admitted they were smoking. She immediately telephoned and arranged for the program.

While the Society is aiming primarily at the children, Dr. Schwartz points out the value adults seeing it also gain. "This gives parents the answers and may make it easier for them to handle the problem when it arises in their own families," he says, and then he adds, "It also tells the facts to adults and maybe we can encourage them to give up the habit."

Dr. Schwartz points out that the American Cancer Society feels an obligation to call attention to the facts to everyone in the county. "After all, each April when we ask residents of Franklin County to contribute to our 3-fold program, they do — generously.

"The facts as we present them in this film, as in all of our films and literature, are what we've learned through Research. By disseminating them to the people we are carrying on a part of our Educational Program.

"Our overall purpose is to

Ratification of the constitution must, of course, precede the election. Rev. Al Rose, chairman pro-tem, will preside Thursday night.

EX-MAYOR WON'T RUN

Former City Clerk Trying For Council

Another Hilltopper is testing his popularity, via petitions, in hopes of qualifying as a candidate in the non-partisan race for City Councilman.

Russell D. Drake, 104 N. Chase-av, former city clerk, said he has about 30 people working in his behalf and he hopes to have 2,000 signatures before the Feb. 2 filing deadline.

Meanwhile his former boss, ex-mayor M. E. Sensenbrenner has decided not to run for council, saying he did not want to get mixed up in a party fight Last week Sensenbrenner said he might run for council nominations, with hopes of 'working his way' back to the mayor's race in 1963

Drake, a printer by trade, was an appointee to the city clerk's post in 1956 by a Democrat-ruled council He served until Feb 15, 1960 when the patronage job was involved in a 'deal' breaking a deadlock in Council The death of Council President W. Wesley Llewelyn had left three Democrats and three Republicans on council. Republicans were given the council presidency and city [illegible] offices in exchange for the admission of Russell Jones as councilman giving the Democrats a majority.

Drake said he is getting "a lot of support—some from unexpected sections, including many Republicans." He said he believes the Hilltop and West Side need a stronger voice in council and he hopes to supply it.

'Woody' Will Carry The Ball At Hilltop 'Y' Annual Meeting

Tickets will be limited to 400 persons on a "first come, first served" basis. They will be available at the YMCA or from any board or advisory council member. Reservations may be made at the "Y" at any time.

Businessmen Organize For 1961

Two West Side business groups are holding important meetings this week.

Last Tuesday night, the Hilltop Business Association installed officers at a dinner dance at Lincoln Lodge. Harold Slyh, owner of the Slyh Roofing Co., 2343 Valleyview-dr, succeeded Jack Merriman, of Seiller's, as president.

Tonight at Sunshine Recreation Center, the West Side Board of Trade will hold an election. Robert Morton and William Moler are candidates for the presidency, succeeding Vernon Creasap.

Local Streets Included In Snow-Clearing Law

Four lengthy stretches of local streets are among those in the city which are to be closed to parking during heavy [illegible]

City Council this week approved part of the ordinance to keep streets clear but did not agree on the fines to be levied on violators. Discussion on that is to be resumed next week.

The local streets are Broad, from Wilson-rd to Napoleon-av; Sullivant-av, from Demorest-rd to Green-st; Central-av, from Broad to Mound-st; and Town-st, from Central-av to Washington-blvd.

Under the plan, police would be notified when a severe snowstorm is expected. They would then post "no parking" tags along heavily traveled routes. Many cars were caught by drifts this winter and have been obstacles to traffic and cleaning crews.

Suggested fine for motorists who won't move their cars is $15 and a possible impounding charge of $10.

Voting Machine Storage Building Is Considered

County-owned land at McKinley-av and Rodgers-av has been suggested as a good site for a warehouse for storing voting machines.

County commissioners cited the need for such a building when it was pointed out that the county now pays out $650 monthly to three warehousing companies for storage of the machines.

Commissioner Glenn L. Myers said a spacious Quonset hut or cement block building could in time pay its way in rentals saved.

TIME FOR A FRESH START

January traditionally is a month of beginnings.

It's the clean slate, the new leaf, the fresh sheet of paper that inspires us all to start again and do a better job in the months ahead.

The month of Janus may bring the start of a new semester to the student, a new fiscal year to the businessman, or a new president to the Ladies Aid Society.

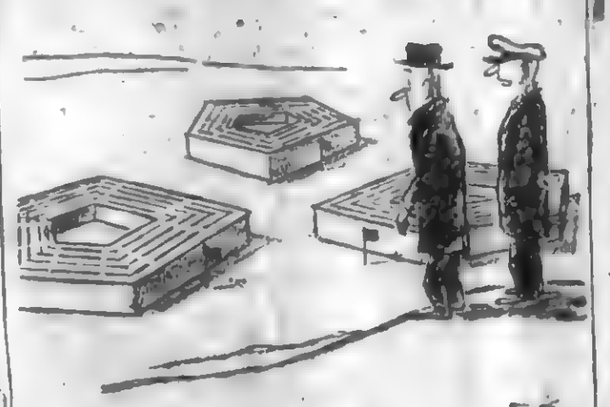
At this time of year the editor's copybasket is filled with notices of club elections and installations. Community councils, service clubs, church and school groups are placing new people in new places of responsibility.

Many of these people already have shown their colleagues that they have a sense of direction, of competence, and the desire for accomplishment.

To those who hold the key for better community service; for better home, school, church relationships; for sound guidance of our youth; for better government and better business practices, we extend our congratulations and every wish for success in 1961.

BIG BROTHERS SEEKING HELP

Columbus' Big Brothers are asking for help.



During the national observance of Big Brother Week, the local organization is making an appeal for more volunteer Big Brothers to work with the approximately 276 fatherless boys in Columbus on the immediate waiting list.

A Big Brother is a volunteer who, under the guidance of a trained social worker, accepts the responsibility of looking after a boy who is fatherless or who lacks adult male companionship and guidance.

The Big Brother Association of Columbus, Inc., a United Appeal Agency, provides this opportunity. It only takes a little of a man's time, the sharing of his talents and experiences and the lending of a guiding hand to be so meaningful to a boy who has a need for affection from a understanding adult.

Big Brothers need help. Information may be obtained by writing The Big Brother Association of Columbus, 137 East State-st, Zone 15, If you can, lend a hand.

Jesus Did Not Originate Word 'Truth'

BIBLE COMMENT:

These two commandments: to love God with all the heart and soul and mind, and to love one's neighbor as one's self, it should never be forgotten, are not peculiar to Christianity.

They were not inventions, or originations, of the Master, but a part, the great basic part, of the Jewish religion of the law and the prophets that Jesus said He had come to fulfill, not to destroy.

In one sense, Jesus was the founder of Christianity. But He was not a founder in the sense that others have been founders of cults or systems of religion.

If one looks earnestly into the life, teaching, and mission of Jesus, the outstanding fact is that what the Gospels reveal is not a religion, but religion in all its essence and basis in God's relation to man, and man's relation to God, and the relations of men to one another.

The religious world of Jesus, like the world of the universe in which we live, is a world of spiritual facts and laws. It is not a world in which there is anything artificial, or invented.

In a sense, it could be said that Jesus did not originate truth; His significance was that all He said and did was in the very world of truth.

He laid emphasis on that. He called Himself "the Way, the Truth and the Life" (John 14:6); "Ye shall know the truth, and the truth shall make you free."

Consumer Report

Food Market This Week

by ESTELLE B. FRANKS

THIS WEEK LOOK FOR:
Vegetables—Brussels sprouts, cabbage, carrots, lettuce, potatoes, parsnips.
Fruits — Grapefruit, bananas, tangerines, apples.
Meats and Poultry—Fryers, pork loin roasts, Boston butts, chuck roasts, ground beef.

Vegetable counters this week have a "fresh-from-the-garden" look because of the large shipments now arriving from Florida. Beans, sweet corn, beets are among the many vegetables you'll see.

Even the fresh tomato situation looks better. Some very good quality tomatoes are now coming from Florida and other areas. And do look over the salad items from Florida and western states. They're crisp and fresh and offer much variety. Only green peppers are unusually high. If you're watching food costs, use these sparingly. Their short supply keeps the price high.

Potato prices are holding steady on most varieties. Note the first of the California white potatoes have appeared—excellent in quality, but high prices as you'd expect.

Fruits—White citrus fruit takes the spotlight at the fruit counter, don't be surprised if you find oranges wearing higher price tags. Frozen concentrate and single strength juice packers are paying premium prices, consequently fresh market oranges are high, too.

You'll likely find increased prices for frozen orange juice in the weeks ahead. Prices have gone to 50 to 55 cents per dozen cans since November, 1960. Any current specials are exceptional buys.

Grapefruit and tangerines are of good eating quality and prices are reasonable. More Temple oranges are making their appearance and should be in volume in another 10 days.

Meats—January is the month of pork, and the time you pay the lowest prices of the winter for your roasts and chops. You can expect various fresh cuts to be specialed. To receive the most enjoyment from pork is to serve it with a flair . . . roast it and serve it attractively with candied, colored apples; or with broiled fresh pears. Try a special dressed-up recipe for pork shoulder or loin chops.

Beef prices are about the same as for the past weeks. Again, look for specials.

Fryers and more fryers. This will continue to be the story for some weeks to come. Watch for store specials for the most economical time to buy, as the price varies greatly. Keep in mind that there is usually a five to six cents higher charge on the cut-up birds than the whole ones, for the service of cutting them up in the markets.

'Go Sit On A Lantern' Is Sound Advice From The Ice Fishermen

INSIDE ON THE **Outdoors**
By ROD COCHRAN

Sportsmen — those of us who pursue or talk about pursuing fur, fin and feather — find ourselves at times in peculiar positions. Newest of the fads is the practice of sitting on a gasoline lantern.

Only an ice fisherman, of course, would realize the potential of this activity and it would be well-nigh impossible to explain it away to a non-sportsman. (We'll encourage them to keep diligently at their saner sports, such as rolling a ball at wooden pins or putting a little ball on a big ball and trying to hit the little ball without hitting the big ball). But to any Jack Frost angler who has ever felt as numb as a frozen bluegill must feel, then the possibility of carrying along a small, portable stove becomes delightful.

Nothing, they say, is really new under the sun, and the origin of the practice probably goes back many years. But, sittink on a Coleman has become lately widespread as the sport of ice fishing has mushroomed.

The trick is to put a lantern under a large bucket or a specially-made wooden box, and then sitting on same. Holes must be bored in either seat to permit an easy exchange of air — this admits oxygen that is needed for combustion and keeps the outfit from over heating. Some fishermen install a little grill over the lantern on which they toast cheese sandwiches and warm coffee, sweet-rolls, etc. Come to think of it, sitting on your cooking lunch is a bit more peculiar than sitting on a lantern.

This is just another example showing that sportsmen are adaptable and will overcome any hindrance in the way of fishing pleasure. And make no mistake that ice fishing is not a pleasure. With the proper clothing and tackle, winter fishing is fun.

The ice has been safe for almost a month now, and ice fishermen from this area have been congregating at Buckeye Lake (near Avondale), Hoover Reservoir, (Lake-of-the-Woods area), and a few have been going to Madison Lake. Farm ponds in the area offer perhaps the best opportunity for a mess of winter-caught bluegills.

Bluegill Catches Likely

A few bass will be taken through the ice at ponds, but the bulk of your catch will be tasty bluegills. On larger waters these and other species will be taken, including crappies, perch and perhaps walleyes if they are present.

Most popular ice fishing baits in central Ohio are grubs, meaning meal worms, maggots and larvae from goldenrod galls, minnows and the old standby fishin' worms. A few anglers use small artificial lures for ice fishing such as flies and spinners. By and large, however live bait rules supreme here during the winter.

Now that hunting season is over, except for grouse, don't waste time by champing your bit until the first fishable day next April. Gather up all the warm clothes you own, collect your ice fishing gear and lantern and go sit on it — the lantern, that is.

Council Of Churches Plans Annual School Of Religion

Stroke Patient Families Offered Free Programs

Dr. Thomas H. Williams, chairman of the Nursing Education Committee of the Central Ohio Heart Association, will preside at the meeting.

'Outstrike The Star' Is Aim At Western Optimist Event

Many of Columbus' top bowling stars will appear during the six remaining sessions of the Second Annual "Outstrike the Star" bowling contest sponsored by the Optimist Club of Western Columbus at Hillcrest Bowling Lanes, 3440 W. Broad-st.

The remaining sessions are slated Jan. 14-15, 21-22 and 28-29 from 2 pm. to 6 p.m. and 8 p.m. to 12 midnight.

Each bowler rolls a minimum of five balls counting the total pin count as his score. If from the beginning, a bowler has scored five consecutive strikes, he may roll until a miss and include total pins on his last ball.

Each bowler who outscores the star will receive an inscribed certificate.

In addition, there will be daily door prizes, trophies for daily high score, and a trophy for the high score during the five weekends.

Vendors Required To File Tax Returns

All persons having Ohio Vendors' licenses are required to file their next semi-annual sales tax returns by Jan. 31, for the period July 1 to Dec. 31, 1960, according to an announcement by the Department of Taxation, Division of Sales, Excise and Highway Use Taxes.

Returns mailed to the Treasurer of State should be postmarked not later than Jan. 31, to avoid a $1 a day charge for delinquent filing.

To assist vendors with these returns, the Department of Taxation has arranged to have an examiner stationed as follows:

Examiners will be available at the First District Office, 240 Parsons-av. Telephone CA. 1-1265, Ext. 242, and the Central Office, 68 E. Gay-st, Third Floor, to assist vendors from Jan. 3 through Jan 31. Daily 8 a.m. to 5 p.m. Saturday hours (at 240 Parsons-av only) 8 a.m. to noon.

Vendors seeking assistance from examiners will be required to present all receipts necessary to substantiate the figures, such as a copy of their return for the previous period, a record of gross and exempt sales and a record of taxable sales of 21 cents or over for the period of July 1 to Dec. 31, 1960.

Vendors will also be required to bring copies of their purchase orders showing the amounts of stamps purchased during the last half of 1960.

Vendors are no longer required to have sales tax returns sworn to before a notary public or a representative of the Department of Taxation. The vendor, however, is required to sign the declaration on the return that the information given is true.

When completed, all returns must be filed with or mailed to the Treasurer of State, P.O. Box 1799, Columbus, Ohio. If a deficiency is shown on the vendor's return, remittance either by check, draft or money order, made payable to the Treasurer of State in the amount of tax due, should accompany the return.

Schulze Five Wins First Loop Game

Denny Gallucci and Gary Jewell dumped in 14 points apiece Friday to spark William Schulze Marketeers to a hair-raising 44-42 win over a determined Capital City A. C. five at the West Side Boys Club.

The win was the sixth in a row and the first of the regular season for the marketmen.

Sharp-shooting by John Gill and Don Devraun boosted the Capitalmen into an eight-point lead late in the third quarter, but the Marketmen bounced back with the aid of Gallucci to snare a two point lead they never relinquished.

In other games Exact Weight Scales outscored Connie's Place 38-34; Gift Street Lutheran picked up another easy 2-0 forfeit win over nea appearing Bellows Nazarene. Lenny's Pizza drew a bye

Bucs Score Important Win Over South Pups Last Week

Key cage contest of the season thus far looms this weekend when Central plays at West Friday evening.

Here's what the local clubs have done this past week:

Last Friday evening, the Central Pirates upped their City League mark to 4-1 (and broke over the .500 point overall . . . 4-3) as they stopped a die-hard South quintet, 63-49.

Shattering the Bulldogs faintly flickering title hopes by jumping out to a quick 18-9 lead and merely coasting in, the Bucs moved into undisputed second spot in the City Loop race.

Cordell Stewart paced the victors with 17, followed by George Gilchrist and Roosevelt Coffey with 12 apiece.

The Central Reserves, however, took it on the chin from the junior Bulldogs, 44-29.

Central — Foster, 2-2-8; Gilchrist, 6-0-12; Stewart, 7-3-17; Randall, 1-0-2; Coffey 4-4-12; Toland, 3-1-7; Johnson 1-3-5. Totals: 25-13-63.

South—Harper, 8-1-17; Noble 2-0-4; Swain, 2-2-8; Wilson, 5-1-11; Gaulke, 2-0-4; Brandon, 0-0-0; Lee, 1-3-5. Totals: 21-7-49.

* * * *

Holy Family lost two games over the past weekend, being clipped by host St. Charles Friday evening, 58-41, and then getting taken to the proverbial showers by Springfield Catholic Saturday night, 66-18.

They were hotter'n a two-dollar pistol at St. Charles but just didn't shoot enough to win. They hit for 33 per cent of their shots from the floor, but still lost by a 12 point margin.

Don Lee with 13 and Dom Nicoloff's 12 paced the losers.

Though St. Charles is one of the area's remaining undefeated quintets and annually a powerhouse in the Central Catholic League, they have little more height this year than does Holy Family, which is just about as bad off in that department as a team can get, and is giving head coach Jack Ryan "fits" with their poor shooting.

But Holy Family still couldn't end their jinx against St. Charles with all those things "going" for 'em.

Holy Family with a 3-8 overall mark this year has already won one more game than they did the entire season last year.

Saturday night Holy Family was as cold as they had been hot the evening before. Though getting off enough shots to make the final result slightly more respectable, they couldn't hit the broad side of a barn door.

No Red Raider even got into double figures as Lee led them with only 8 points. The Raiders slowed things down playing "deliberate" ball in both games with slightly different results.

Friday evening they stayed close to St. Charles for a while trailing only 8-6 at the end of the first period, but Saturday evening their slowdown did nothing more than give them less shots.

While splitting up both boards reboundwise pretty evenly Friday night, Springfield completely dominated both Saturday evening. Holy Family Reserves also took it on the chin twice: 45-23 Friday and 25-17 Saturday.

Holy Family — Durham, 1-2-4; Coviotz, 1-1-3; F. Lee, 5-3-13, Bohiken, 2-5-9; Nicoloff, 5-2-12 Totals: 14-13-41.

St. Charles — Blackburn, 8-0-16; J. Bauman, 3-1-7; F. Bauman, 7-3-17, Rohyans, 3-0-6; Foley, 0-0-0; Rohrenbeck, 0-7-7; Gugle, 1-0-2. Totals: 21-11-58.

Holy Family — Durham, 2-1-5; Lee, 1-0-2; Nicoloff, 3-0-4; Nash, 1-1-3; Frank, 1-0-2; Coviotz, 0-1-1; Martin, 0-1-1. Totals: 7-4-18.

On the local junior high roundball scene last week, two of the West Side clan ushered in the 1961 half of the season by meeting.

Starling came out on top in a come from behinder to nip Hilltonia 32-30. Jim Reveis paced the winners with nine while Bill Newman hit the same total for the losers.

Meanwhile Westmoor was losing another tight one to Champion 31-28.

Quarter score in both contests found it nip and tuck as the lead changed hands frequently, Hilltonia went out to a 9-4 lead, then it was 21-18 (Hawks) and then 28-26 still with the Hawks leading.

At Westmoor, the homers Galley Two Buce Score .... dropped 7-6 at the first quarter mark, halftime was tied 18-18 but the three-quarter mark saw Champion take a 29-23 lead.

Friday evening also saw West travel to meet undefeated powerhouse Linden McKinley, and though coming away with a 72-52 loss, the 20 point final margin was no indication of the closeness of the game.

It was quite evident that the "game" Cowboys, though young but coming fast, had their own ideas about who should win the game, no matter what the records would seem to indicate.

Dwight Newman paced the Broncos as he has done with regularity this year with 12 points. Charlie Castle was close behind with 11.

Some of the statistics show how much pressure the Broncos put on the Panthers, though West was outrebounded 36-17. On the turnovers it was a different story. West 18, Linden 26.

Shootingwise it was a little different story, West 17-67 for a very poor 25 per cent to Linden's excellent 36-66-58 per cent.

At the free throw line the Panthers again hit a sizzling 54 per cent (18-33) to West's even better 18-33-56 per cent.

West — Coles, 2-4-8; Cram, 2-0-4; McDaniel, 0-1-1; Bell, 0-1-1; Newman, 5-2-12; Neely 4-0-8; Barnett, 0-7-7, Castle, 4-3-11. Totals: 17-18-53.

Hilltop Lions Roar For Founders At Annual Rededication Program

More than 80 members and guests attended the annual Founders and Rededication program of the Hilltop Lions Club last Thursday evening at the Berry Restaurant.

Featured speaker was Clarence Radcliffe, governor of District 13-B of Lions International, of which the Hilltop Lions Club is a part. Radcliffe delivered an inspirational address on the meaning of Lionism comparing the entire movement to the work of the Good Samaritan of the New Testament.

Accompanying the governor were members of his cabinet, R. E. Nau, a councilor, and Wes Edstrom, secretary-treasurer.

A portion of the program was devoted to honoring the efforts of the 47 men who were members when the Hilltop Lions club was founded as the fourth Lions club in Columbus in October 1949. Galvy Gordon, second vice-president, delivered the tribute to these members.

Charter members present included William McCarrick, Sam Taylor, George Schaaf, H. E. Fosnaugh, Jrt. Ronald Jones, Francis Higgins and Rev. Raymond Bauschard.

1960 CULMINATES DECADE OF GROWTH IN COLUMBUS AREA

Chamber Of Commerce Anticipates Busy Year In 1961

By John J. Mackin
Columbus Area Chamber Of Commerce

The year 1960 has been the culmination of a decade of growth in many facets of the local economy.

There has been growth in business and industry, employment, size of the city, population and all of the factors which go toward the make-up of a well-balanced community.

Looking back in retrospect, these facts are truly remarkable. A few increases in Franklin County since 1950 are: bank debits, up 93.1 per cent; total retail sales, up 61.8 per cent; total employment, up 25.7 per cent; births, up 54.4 per cent and total population, up 35.9 per cent.

These are all indications of greatly expanded economy and foretell great things for the future.

But looking at current statistics, we note that with only one exception, the over-all level of business activity has remained above that in 1959 every month during the first 10 months of 1960. Both bank clearings and debits were well above last year's totals and commercial and industrial electric power companies has risen four per cent over 1959's consumption.

New passenger car sales are up from last year by a 5.7 per cent increase with an 8.8 per cent improvement in the sale of used cars. Rail shipments have increased during 1960 to a point 4.6 per cent over a year ago.

It would appear that some business factors are moving along a conservative path of improvement, while others are marking time, for the moment.

The coming year should see the beginnings of many building projects that have already been announced and planned.

For instance, the Kingsdale Shopping Center is to be expanded with a $1.5 million investment. Several existing stores are to be enlarged and a new Kresge Store is to be built.

Many new hamburger drive-ins are to be built. Burger Boy is to have four new ones to cost $125,000, and McDonald Drive-In is investing $11,250,000 in Ohio, $1,875,000 of which will be spent in Columbus for 15 drive-ins.

The F.&R. Lazarus and Company is planning to spend $1.5 million more for its expansion program. A $750,000 air-conditioning distribution system will be installed; a 100-car parking garage will be built, and the second floor remodeling will be completed.

Two $1.5 million Roman Catholic high schools are in process. One is to be on the west side and one will be on the north side. The Ohio Bar Association is building a $650,000 Ohio Legal Center on the Ohio State University campus.

Ohio State University itself is continuing its building program of dormitories and classroom buildings.

The M&R Dietetic Laboratories, Inc., is greatly enlarging its facilities. An addition to its offices will be added and a new production facility will be constructed for a total of $492,000.

The Columbus Coated Fabrics Corp. has recently acquired a 24.7 acre site in Worthington for an 80,000 square foot warehouse.

Hospitals and churches continue to grow. Ground has been broken for a 50-office physicians building at Riverside Memorial Hospital to cost $2,000,000. Children's Hospital has just gotten its $600,000 Research Center under way.

Linden Church of Christ is building a two-story church for $300,000; Dublin Church is adding on to its existing church for $112,466, and Brookwood Presbyterian Church has started its $400,000 main sanctuary.

More luxury motels are springing up on all sides of Columbus. F&Y Construction Company is building one in the immediate vicinity of Ohio State University to be called the Ohio Stater. It is to have 108 units and will cost $700,000.

Other motels are to be the Clarmont by Frank Kondos in the south end; the Travel Lodge on the near northwest side; the Scioto Downs on S. High-st at the new Scioto Downs Race Track; the Country Inn on N. High-st by the Nationwide Insurance Companies, and others.

Regardless of the fact that residential building has been slow, builders are still planning more new houses. The biggest project is by Huber Homes which has announced plans to spend from $5 million to $10 million within the next 10 years. It is planning to build about 2,900 houses northeast of Routes 3 and 161 on

(Continued on Page 13)

NEW LOOK—Continuing with the newness factor at the Franklin County Regional Planning Commission, Harmon Merwin, left, looks over the new remodeling plans. At right is S. Thyagarajan, an Ohio State University draftsman, who did the remodeling design. Leonard Yarimovic, center, is working on the construction.

'Newness' Is The Key Word In County Regional Planning

By John Auble, Jr.

N[illegible] — in ideas, in developments and in projects—was the key word of 1960 at the Franklin County Regional Planning Commission, and it looks as if it'll be the by-word in 1961.

Looking back, Harmon Marwin, director, stated that 1960 may be characterized in the main as one of clean-up, reorganization and much preparation for planning.

Many of the Commission's plans for the new year fall under the heading of "office management."

Merwin pointed out that office remodeling now underway will be a major step toward a more efficiently operating organization.

The Commission is currently striving to coordinate activities between city and regional staffs to prevent overlapping of work, Merwin added.

This will be much of the work done in 1961.

The Commission moved into their building at 514 S. High-st on Feb. 12, 1952. The Commission itself was organized in 1960 to coordinate planning of the county and various municipalities on a metropolitan basis.

"The outlook for 1961 seems brighter than ever," Merwin said, and listed the following reasons:

1. We now, or will have in the next month, better working conditions when the remodeling is completed.
2. We are set up to do regional planning.
3. We will work with municipalities, and
4. We expect to hire a larger staff.

Five new employees were recently added to the Commission staff, including Chief Planner Bob Wilson, Planners Jerry Dasso and James Schrader and part-time planner John Popst.

The new additions step up the staff to ten full time employes and two part-time helpers.

CHURCHES GAIN STRENGTH

New Lutheran Church Formation Big Event

By Dr. G. Weir Hartman,
Executive Director Columbus Area Council of Churches

In this special year-end edition of Hartley Newspapers, it is my privilege to report for the Protestant Churches of the community.

Events of the past year have affected the churches. Churches have passed some milestones and made history of their own.

The year of 1960 completed the first decade and a half of their services to the community through their cooperative organization, The Columbus Area Council of Churches.

It was in the last year of World War II, 1945, just a few months before VE Day, that the churches formed their council. The 15th anniversary will be celebrated in a series of events that will continue throughout the present year.

Lutheran Merger

One major event of the year was the formation of the new American Lutheran Church, of which the former American Lutheran Church with national headquarters in Columbus, was one of three uniting denominations.

This merger effected 30 churches in Franklin County and moved the headquarters from Columbus. The 35 general officers and their families moved from our community to the new national center at Minneapolis.

Another significant advance was made in the religious life of the community by the erection and dedication of the new Methodist Theological Seminary at Delaware.

While this is of particular concern to the 70 Methodist Churches in Franklin County and the others of the State, it is an event of interest to all Churches. It gives us a second first-rate theological training center for the Columbus area.

The past year was also significant in new services instituted by the churches. A new full-time chaplaincy was begun

Westlake Adopts 'Ambitious' As Key Word For New Year

1961: Year Of Expectations

AN EDITORIAL

1961 is a year of great expectation.

In the wake of a population boom accompanied by an unprecedented era of rapid development, Central Ohioans anxiously await the fruits of the new year heralded to bring a new high in progressiveness.

Initiated in previous years, the freeway system ringing Columbus and Franklin County will begin to take a more formidable pattern. Plans for the construction of the long awaited outerbelt were announced last week.

Columbus will take big steps forward in launching the construction of a new sewerage treatment plant. In addition, key storm and sanitary sewers are on the docket for completion.

The Stelzer-rd water line which will carry water from Hoover Dam to the South-East sector of the city will reach completion in mid-1961.

The Columbus Area Council of Churches will observe its 15th anniversary of service to Franklin Countians with many special events throughout the year.

A new Riverside Methodist Hospital on Olentangy River-rd will replace White Cross. A modern rebuilt Grant Hospital will revitalize its importance in the community. The old White Cross Hospital will be remodeled and put back into use as a general hospital.

The Columbus Public Schools will undertake a large building program which includes construction of two new high schools. Other districts throughout the county will also be adding classrooms to absorb the wave of population gains.

With a decade of progressive development experience in the past, new ideas being born for the future and many willing hands contributing to the continued development of Central Ohio, it is no wonder that great things are expected in 1961.

Sewers, Highways, Parks Receive Major Attention

By Bill Rush

"A" will stand for ambitious in Columbus during 1961.

That was the word from Mayor W. Ralston Westlake last week when he reviewed the progress of the city during the past year and flipped the pages of time ahead to scan his program for the new year.

"We've got quite an ambitious program lined up for the city," the Mayor surmised. "It has to be."

Centered mainly around a proposed $8,061,200 capital improvements budget, Westlake hopes to enrich Columbus' climate for progress which he already terms "perfect."

"People from all over the nation admire Columbus," he boasted. "Industry is just finding the city. We have the water, available labor and plant sites. The climate for continued development is perfect."

A major step that will enhance the city's position will be the completion of the Stelzer-rd water line from Hoover Dam to the East Side.

A pet project of the Mayor, the new main will supply ample water to Columbus' far East and South-East sections. The first leg is almost complete now and the Mayor has set early summer as his target date for completion.

An interchange and a storm sewer project which will cost $1 million apiece are the major items on the budget.

The city will pay that amount as its share in the federally participated construction of the Fort Hayes Interchange of the innerbelt. This interchange will connect with the North-South Freeway which spreads northward to Medina.

The other big item is the construction of the Fairwood-Frebis storm sewer which will relieve basement and street flooding in the South Side.

sewer line projects on the slate are the main Scioto Trunk Sanitary sewer to the treatment plant on Jackson-pk estimated to cost $750,000; two phases of the Big Run trunk line, on the West Side $385,000; the East Columbus sanitary relief sewer, $500,000; and the Bliss Run storm sewer, $610,000.

An additional $200,000 is allocated for the purchase of a sewerage plant site south of Lockbourne along Big Walnut Creek near its confluence with the Scioto River.

Criticism was heaped on Columbus several years ago for lagging behind in the construction of sewer lines. Westlake points out that isn't the case anymore.

"We're proceeding on the sewer construction program as fast as possible. The only thing slowing us down is the lack of availability of contractors and concrete pipe. We have the money."

Two parks and a recreation center will also be built. Scheduled for development are the Clime Road Park ($570,000) and Alum Creek Park ($440,000). Professional engineers will be hired to survey the southeast sector of the city to determine where a $350,000 recreation center should be constructed.

Seven highway projects including $139,000 for the lighting of the north freeway take up a major share of the appropriations.

East side improvements will include the relocation of E[illegible]pring-st from Grant av to Ham-

Hospital Program Nears End

By Grant A. Drennen
Director of Public Relations Columbus Hospital Federation

1961 will witness the completion of the multi-million dollar Hospital Expansion Program in Franklin County.

The dedication of Riverside Methodist Hospital Mar. 19 and Grant Hospital in early July will formally complete the eight projects of a carefully-planned program begun in 1956 under the leadership of The Columbus Hospital Federation.

Designed to meet the demands of a population estimated to increase to 700,000 by this year, this gigantic undertaking has been cited as one of the outstanding community development projects in the United States.

One of the unique features is the combination of public and private funds to finance construction of facilities at the eight private, non-profit general hospitals.

In addition to the $15 million provided by taxpayers through the bond issue of 1956, more than $8 million has been contributed by corporations and individuals.

With all construction costs allocated, less than $300,000, for equipment and furnishings remains to be raised. A local committee of community leaders is working on this last phase of the project.

In addition to the eight non-governmental hospitals, University Hospital, which is operated by the State of Ohio, and Alum Crest and Ben. Franklin Hospitals operated by the county, participate in the 'centralized planning of facilities.

Projects have been completed at Children's, Doctors, Mercy, Mt. Carmel, St. Ann's and St. Anthony Hospitals. Construction of a 46-bed Neuropsychiatric Unit and Out-patient

BIG YEAR AHEAD

Milestone May Be Reached By Schools

By Dr. Harold M. Ribling
Superintendent Columbus Public Schools

The year 1961 may well become a milestone in the long history of the Columbus public school system. For 1961 is the final year of the three-year improvement program made possible by voters in November of 1958, when a 3.8-mill operating levy was passed by a large margin.

Impressive strides have been made by the Columbus Public Schools during the first two years of the life of this levy.

For example:

The services of the Columbus Public Schools have been expanded to accommodate approximately 7,700 more pupils.

Televised lessons have been added in English, science, art, physical education, and reading improvement.

The testing program has been expanded, with new tests being given in reading, arithmetic, language, health science, and American history.

Counseling services have been expanded in junior and senior high schools with the result that the number of pupils served by each counselor has been reduced from an average of approximately 2,900 to an average of approximately 643 pupils.

Opportunities for pupils having special capacity to learn or having special educational difficulties have been improved in a variety of ways.

Eastern Motor Dispatch, Inc., which opened three facilities in 1960, expects to increase its volume in 1961.

The Columbus-headquartered east-west truckline opened a new 40-door terminal in Elizabeth, N.J., early in 1960; added another modern facility in Pennsauken, N.J., two months ago, and completed a working arrangement with Economy Packing in Manhattan's Port Authority Building in the fall.

As a consequence Eastern Motor Dispatch is closing 1960 with an increase in tonnage over 1959.

H. H. Buel, president, reported recently the line expects to increase its volume in 1961.

"Our growth is bound to be its bit to increasing Columbus size and business volume 1961," he commented.

TAKES BIG STEPS IN 1960

Hirsch Organization Expanding

Gustav Hirsch Organization, Inc., internationally known electrical and communication engineers and contractors with headquarters at 1347 West Fifth-st, has embarked on a major expansion program during 1960.

The first acquisition was Eastmoor Electric Co., 500 N. Stanwood-av which operates primarily in the residential electrical construction and service field and school and commercial projects. W. Daryl Horne and Don L. Liston are in charge of the Eastmoor operation.

A branch office at 90 Clairton-blvd, Pittsburgh, Pa., was outfitted with a complete staff of superintendents, engineers, estimators, and draftsmen. The Pittsburgh office is operating projects at U.S. Steel Corp., Irvin Works; Weirton Steel Co., Weirton, W.Va.; Connellsville State Hospital, Johnstown Sewage Treatment Plant, Fox Chapel School, German Township School and other projects in the Pittsburgh area.

The operation is under the management of Allen C. Baker who was transferred from the headquarters office.

A new corporation — Gustav Hirsch Organization Of Alaska, Inc., was organized with headquarters in Anchorage. Approximately $3 million worth of work was contracted during 1960 in this office being headed by Mark Chisum and Jack Chisum.

Gustav Hirsch Organization, Inc., purchased controlling stock in Incore Electric Co., 1010 Richmond-st, Cincinnati, and the company was successful in obtaining an excellent backlog of work to be carried over into 1961.

A sizeable minority interest was also purchased in National Telecommunications Supply, Ltd. at Ottawa, Canada and Canadian Construction Company of Quebec.

The Canadian operation is similar to the Columbus operation with principal work in the communications and defense field. The Canadian operation is headed up by Carl W. Johnson of Kenora, Ontario and Dr. Hans J. von Baeyer, Chief Engineer at Ottawa.

The Madrid, Spain office, managed by John Van Bommel at Calle de Nunez De Balboa, continues to serve on U.S. Air Force projects in Spain.

Near the close of the year, two major projects — a transmission line crossing Turnagain Arm for Chugach Electric Association, Inc., at Anchorage, and Plattsburgh Missile project at Plattsburgh, N.Y., totaling over $4 million were contracted. Other projects at: Vandenberg AFB, Lompoc, Calif.; Warren AFB, Cheyenne, Wy.; Lowry AFB, Denver, Colo.; Ellsworth AFB, Rapid City, S.D.; Offutt AFB, Omaha, Neb., are in progress and will be completed in 1961.

In the Hirsch Organization's headquarters area, contracts in progress include the Detroit Steel Company, Portsmouth; Columbus Psychiatric Institute and Hospital, Columbus; Bishop Ready High School, Columbus; Upper Arlington High School, Columbus; Park Towers Apartments, Columbus; Law Center Building, Page Hall Library, Married Housing Project No. 2, and Pomerene Refectory at Ohio State University; Diamond Power Specialty Corp., Lancaster; Columbus Jewish Home for the Aged; Columbus; Muskingum College, New Concord; Denison University, Granville; NASA, Plum Brook Facilities, Sandusky.

Church—

at Grant Hospital on Sept. 12 in the person of Mrs. Dorothy Faust.

In April, a community Counselling Center was opened on a part-time basis, available with trained counsellors for pastors to refer people for services.

The Center operates on a limited schedule, but is one more opportunity which churches are developing.

A new development was recorded in religious services for retarded children. In addition to classes in the Retarded School, Sunday [illegible] have been instituted in churches.

At present classes are operating in four churches in various sections of the city, reaching 150 children.

Another service to youth was the first united Protestant Scout service held on Boy Scout Sunday, Feb. 7. This was a part of the 50th Anniversary of Scouting observed by the churches, and a second Protestant Scout rally will be held this coming Scout Sunday Feb. 12.

All Scouts who have achieved the church awards are especially honored.

Also, the first Chapel at Boy Scout Camp Lazarus was designed, erected and dedicated this past year on Sept. 17 under the promotion and supervision of the churches.

Church Expansion

The year was significant for church expansion. Nine new churches were dedicated as well as six new educational buildings.

In addition, allocations for five new churches in new and developing areas of the suburban communities were granted by the Survey and Comity Committee.

This means that within one or two years, these churches will be erected and dedicated.

Since the end of World War II, approximately (30) churches have been established.

This marks a growth of more than 25 per cent in the number of congregations.

A new activity this year will be a united service on World Day of Prayer, Feb. 17, at Veterans Memorial Auditorium. This will mark the 75th anniversary of the Day of Prayer and the 15th of the Council of Churches.

Many other events during 1961 will celebrate the anniversary of the council as the churches move forward in their growing program of community service.

tion department, the most significant activity of 1960 was the ratification of the new Articles of Agreement.

"This is a set-up in which both the cities and county contribute equally to finances," Merwin explained.

Staff members spent much time during 1960 in "communication" activities.

In addition to daily visits from citizens seeking information about specific cases, several telephone queries were handled daily.

Merwin concluded by saying, "How much we'll be able to do this year will depend on our sources of revenue."

Central Ohio: Most Progressive Area

Electric Co. Service Area Is Big Gainer

"Ohio's Most Progressive Area."—the 23 counties served by Columbus and Southern Ohio Electric Co. form one of the nations most rapidly growing sections.

In the 10-year census period, the United States population increased 18.5 per cent, the state of Ohio's gain was 22.1 per cent, and the Company's service area showed an increase of 25.7 per cent!

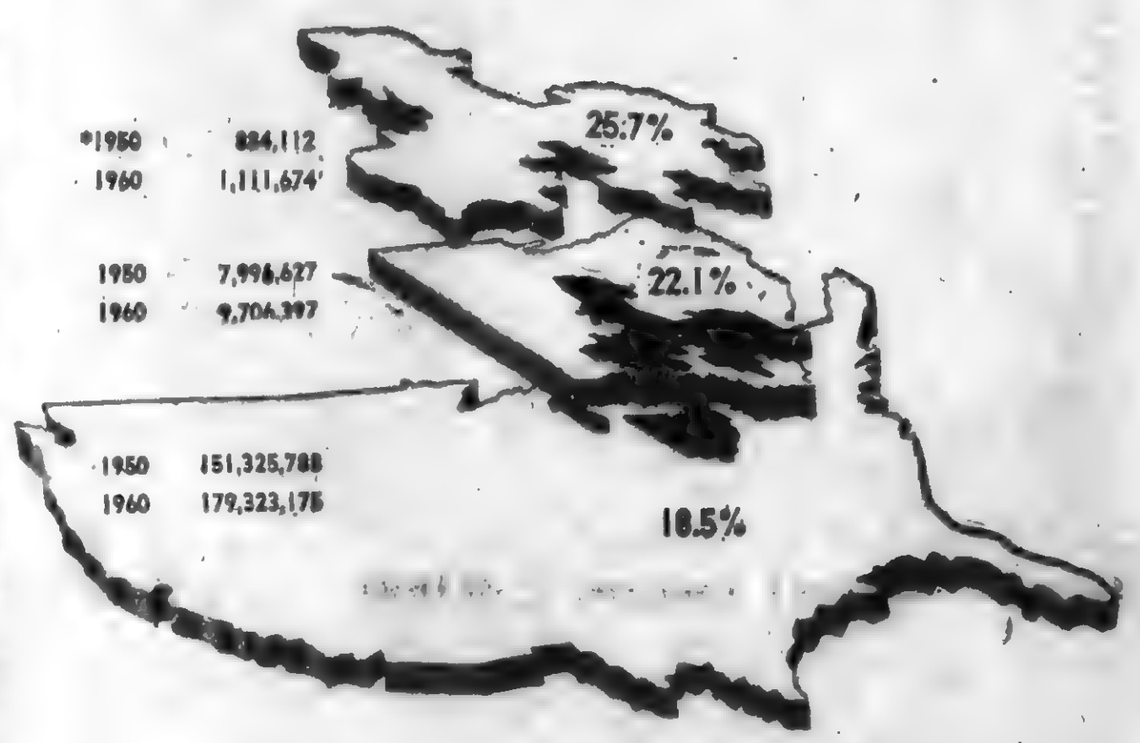
While this progress is an important physical attribute, more essential is the manner in which the area and the company have combined to provide better living for more persons in these communities.

In the same 10-year period, the company's facilities have been increased to not only keep pace with its customers' needs, but also to plan for their requirements for five, 10 and even 15 years in the future.

In its efforts to better service central and southern Ohio, Electric Company representatives have been working closely with central and southern Ohio communities to assist them in becoming more attractive to industry. As a result, new industries have been steadily selecting this area for their new manufacturing homes.

Since the nation's first responsibility is to its youth, the company has greatly expanded its services for schools in many ways.

This year, for the first time, the company offered competitive examinations for high school science students. Thirteen had scores on the tests high enough to qualify them for an all-expense trip to Chicago to attend the Second Youth Conference on the Atom.



A new science manual, "Living with Electricity," was produced and distributed as a supplemental text for high school science classes.

A series of 10 movies, "How We Live in America," produced nationally as an explanation of our economic heritage, is being continually used in all schools in the 23-county service area.

These are but a few on a long list of continuing activities planned to aid in the growth of today's young people. While the process of physical growth goes on and our power plants and facilities for distributing electric energy are constantly enlarged, we are matching this pace with ever-increasing "good neighbor" activities for customers of all ages.

GROWTH . . .

. . . is even nicer when planned!

*United States Census population and percentage figures

Our steadily increasing population has required The Electric Company to plan its growth years ahead. And, while we've planned expansion in plants and facilities to keep pace with our customers' needs, the Company is also planning more important kinds of growth.

The future of our 23-county service area, just as the promise of the nation, is dependent upon the enthusiastic productivity of our young people.

This year The Electric Company has engaged in its broadest program for youth. Science students took competitive examinations to qualify for a trip to Chicago for the Second Youth Conference on the Atom; the Company prepared a teaching supplement for classroom use on "Living with Electricity"; a series of movies, "How We Live In America," has been made available to all schools; the Home Service Department has sponsored Cherry Pie Baking contests for high school students . . these are but a few of our activities designed to better prepare the youth of today to become the useful citizens of tomorrow.

JET ENGINE PUMPS GAS—An aircraft-type jet engine installed recently at the Clementsville, Ky. compressor station of the Columbia Gas System, pumps millions of cubic feet of natural gas a day on its way from the big gas producing fields in the Southwest to homes, stores, and industries in Ohio.

Service Extended To 4,100 Homes In County By Ohio Fuel Gas Co.

Natural gas service was extended to more than 4,100 homes in Columbus and Franklin County by the Ohio Fuel Gas Co. during 1960, it was announced today by Wibur T. Collins, Central District manager for the Ohio Fuel Gas Co.

Ohio Fuel invested $2 million during the year to improve and expand gas service in the greater Columbus area. The gas company built more than 50 miles of new pipelines, and made a number of other improvements.

Along with construction expenditures, Ohio Fuel uses the latest scientific devices and techniques to bring the advantages of modern gas service to its customers, Collins said.

As a result, he said, Ohio Fuel now provides the comfort, convenience and economy of gas service to 180,000 homes, stores, and industries in the county.

Major pipeline projects completed this year included: North Linden area supply line, $96,000; relocation of a 20-inch diameter Fifth-av, feeder line, made necessary by the construction of the North-South Freeway, $44,000; extension of service to Winchester estates, and new Morse-rd, extension, serving Maize Meadows and nearby area, $41,000; new supply line to Pine Hill subdivision, $18,000.

In addition Collins, said, Ohio Fuel completed the installation of automatic gas-regulator controls at four company town border stations, where gas delivered to Columbus by Ohio Fuel's vast transmission system enters the city.

This automatic equipment, controlled from Ohio Fuel's district service building at 920 W. Goodale-blvd, makes it possible for Ohio Fuel to regulate deliveries of gas to Columbus customers merely by pushing a series of buttons on a central control panel.

Before, Collins said, when there was a change in the gas demands of the community, a workman had to be dispatched to each border station to make pressure adjustments manually.

Technology figured prominently in other phases of the gas company's operations during 1960, Collins said.

For example Ohio Fuel's parent corporation, the Columbus Gas System, recently became the first to successfully harness jet thrust for industrial needs. A jet aircraft-type engine installed at a new Columbia compressor station at Clementsville, Ky. now pumps millions of cubic feet of gas a day through a big transcontinental pipeline.

Ohio Fuel also continued to develop its underground storage facilities. Underground storage is the science of storing gas, delivered to Ohio from out-of-state, in former producing reservoirs located strategically throughout the state. The gas is stored in summer, when little gas is needed for heating, and withdrawn as needed in winter to help heat homes.

Underground storage, developed by Ohio Fuel at a cost of $61,000,000, makes it possible for the gas company to meet the tremendous winter gas needs of its customers. More than 93 per cent of Ohio Fuel's customers in the greater Columbus area use gas for heating.

Without storage, Collins said, Ohio Fuel would be unable to serve the tremendous volumes of gas needed today — at today's reasonable rates. He pointed out that residential gas rates in Ohio are among the lowest in the nation.

Collins added that Ohio Fuel and Columbia people are engaged in a continual search for more efficient and more economical methods of operation that will continue to assure customers of the best possible gas service at the lowest possible cost.

In addition to underground storage, automating town border stations, and the use of jet power at compressor stations, Collins cited the gas company's use of plastic and aluminum gas pipe, remote controlled transmission systems, automatic pipeline system analyzer, automatic billing equipment, and the use of compact cars for company travel. Each is contributing to increased efficiency, and economy, he said.

OPERATES IN FOUR STATES

Grange Mutual Insures 250,000

John C. Haaf

Grange Mutual Casualty Co., 671 S. High-st, nears the end of its 76th year of operation with the endorsement of 250,000 policyholders as its guide for the future.

Organized under the insurance laws of Ohio on March 28, 1935, the firm began writing automobile business the next month from its offices on the sixth floor of the Southern Hotel.

Growth followed immediately and the company moved to 80 S. Third-st and later purchased the six story building at the northeast corner of Town and High-sts.

In 1949, the premises at 671 S. High-st were purchased with four additions being added later.

A regional office in Orlando, Fla. was constructed in 1959 to handle the firm's business in that state plus Alabama and Georgia.

There are 250 employees in the two offices with 225 stationed in Columbus.

President of the firm since 1944 has been John C. Haaf, one of the founders. Other officials are Charles H. Haaf, executive vice president and general manager of the Florida region; Harry A. Caton, secretary of the National Grange, first vice president; Rodney B. Baldwin, attorney, second vice president and general counsel; John P. Kelser, secretary-treasurer; and Knox M. Stewart, counsel and assistant to the president.

The company has approximately 400 agents, who sell a full line of fire and casualty insurance.

Automobile property damage, automobile liability, automobile, comprehensive, automobile collision, comprehensive personal family liability, farmers comprehensive personal liability, general liability, garage, plate glass, burglary, personal accident, hospitalization, fire and extended coverage, homeowners, and inland marine.

The company had more than a 25 per cent gain in premiums written in 1960 over 1959, and is one of the fastest growing in Ohio. The company's aim is to give its policyholders the best coverage available at the lowest rate, to provide its policyholders with complete service, and to act as their partners in protection.

Since 1935, the firm has grown from 2,000 to 250,000 policyholders, has increased its coverage from four to 39 areas; has increased its net premiums from $61,874 to $6,500,000 and has grown in admitted assets from $52,044 to $20,500,000.

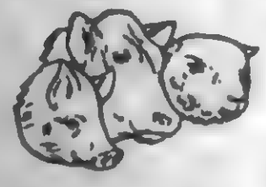
Chamber —

1,000 acres of land there.

Other projects are Kar-Mel Village by Hall Homes in the north Linden area. There are to be 350 homes to sell for $15,500 to $16,000. Virginia Homes is adding 500 more units on the near east side of the city.

Investment will be $6.8 million for a subdivision of singles, two-family and four-family units. Another large project on the north side is Salem Village being built by Jewel Homes.

The 350 brick homes, to sell for $14,600 to $18,350, are to cost $5.6 million. Two other smaller projects are planned. They are Worthington Woods by Karl Slabaugh, 40 homes to sell for $26,000 to $36,000, at a cost of over $1.25 million, and Lynn Homes on the east side which will have 184 units to sell for $14,500 to $19,000.



First Community Church has announced plans to invest $4.8 million in a Retirement Center in Upper Arlington to house 450 to 500 aged persons in apartment type units.

In addition to all these, the expressway program still moves along and eventually Col-Met will have a road system to be proud of.

All these plans have been prompted by earlier indications, but the clinching argument was the announcement of the results of the census of 1960 by the U.S. Department of Commerce, Bureau of the Census.

In this census of 1960, the bureau found that the population of Columbus had reached 471,316, an increase of 25.4 per cent since 1950, and that the population of the Col-Met area had grown by 35.7 per cent since 1950 to reach 682,962.

With these planned activities in mind, we anticipate a busy year in 1961.

Producers Livestock Association

Producers Livestock Inc. Term 1960 'Good Year'

Central Ohio farmers will mark down 1960 as a fairly good year for them, reports Producers Livestock Association.

The association in 1960, through its 18 branch markets and order buying company, handled approximately 2,500,000 head of livestock selling for more than $135,000,000.

Central Ohio markets operated by the cooperative at Columbus, Lancaster, Mt. Vernon and Marion, handled more than 700,000 head of livestock. Their 11-month total was 664,658 and the estimated December run would bring them well over 700,000.

In hog sales, Columbus led all of the 18 branch markets. Lancaster and Columbus were in the top three in cattle sales.

Columbus was second in sheep and third in veal calf numbers. Marion led all markets in sheep and lamb volume, and Mt. Vernon was among the leaders. Marion was near to top in cattle, calves and hogs.

Hog prices at the end of 1960 were about $6 higher than one year earlier, the association pointed out. Weights of 190-220 pounds sold through Producers on Dec. 30, at $18 to $18.50. The better fed cattle were selling at the year end about $1 or more above the close of 1959. Producers in the final week of 1960 sold prime steers up to $29.50, and choice from $25 to $28.60.

Veal calf prices were slightly lower at the end of 1960 than one year earlier, with prime up to $38, compared with some sales above $40 in 1960.

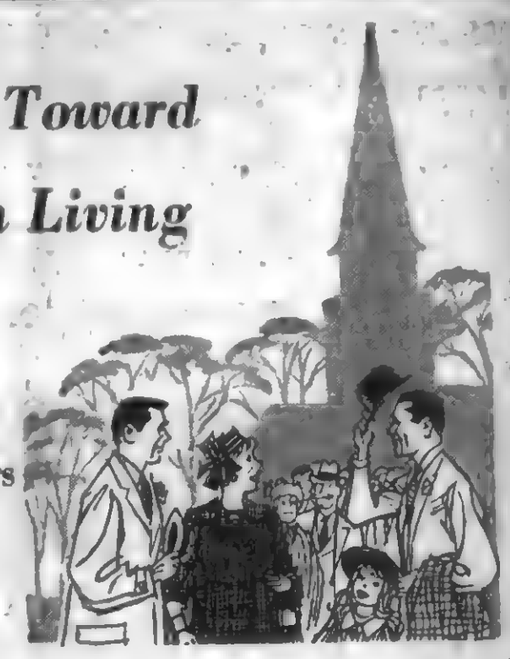
Choice lambs in the wool brought $17.50 to $19.20 at Producers auctions the final week of 1960. A year earlier they were somewhat higher, selling at $19 to $19.70. Lamb and veal calf prices, it should be noted, fluctuate more sharply than values on other species and therefore a single week's comparison is not as valid.

Producers Livestock Association is owned by its 75,000 members in Ohio, Indiana, Illinois, Pennsylvania and West Virginia.

Gerald L. Hiller of Columbus is the general manager, and Lester J. Utz, New Washington Ohio, is president.

Red Cross Aid Classes Begin

Raymond A. Jacobs, deputy director of the Columbus and Franklin County Civil Defense Department, has announced that Red Cross Standard first aid classes have begun.



The classes will start Wednesday, Jan. 11, from 7:30-10 p.m. and continue four weeks, Jan. 18, Jan. 25, Feb. 1 and Feb. 8, at Civil Defense Auditorium, 1045 S. High-st. Those interested may call the Columbus and Franklin County Civil Defense office at HI. 3-9444.

COLUMBIA GAS SYSTEM

Symbol of Quality Gas Service

The widespread operations and facilities of the Columbia Gas System and its subsidiary companies, like The Ohio Fuel Gas Company, have been designed to meet the ever increasing demands of existing customers and to provide the same top quality service to thousands of new customers.

Columbia is a leader in the development of new techniques and operating practices that assure its customers of getting the best, first. Ohio Fuel engineers, for example, perfected underground storage of gas, which enables Columbia companies to meet the tremendous winter demands for gas to heat homes.

Only recently, Columbia became the first in the gas industry to harness jet power, supplied by an aircraft type jet engine, to pump natural gas from the producing wells to market, more efficiently and more economically. Columbia people take pride in being able to provide their customers with the finest gas service in the world -- today and tomorrow.

BUT—what really "pays off" to an advertiser is their TOTAL READERSHIP

Reading a Hartley Newspaper is no "hit-skip" proposition. Crisp, fresh community news — seldom duplicated by any other media — keeps the readers interest all the way through a sizable, but not bulky, newspaper.

AND, WHAT'S MORE, the value of Hartley Newspapers "STAYING POWER" has been demonstrated over and over again. An independent survey brought out this fact: "Hartley Newspapers remain in the home an average of more than five days." This is many times longer than daily media, which proves beyond doubt the tremendous interest of readers in the contents of these newspapers, and their proximity to TOTAL READERSHIP.

If you're a business man seeking increased sales, investigate the possibility of using Hartley Newspapers to really reach into the heart of the home market.

School—

tary schools has been decreased slightly.

More than 150,000 new textbooks have been purchased.

Broadcasting activities of WCBE have been increased, and the supply of audio-visual materials has been expanded.

The staff of visiting teachers and the staff of school psychologists have been expanded; and the work year of school principals, departmental directors, and school clerks has been lengthened.

Looking Ahead

During 1961, we shall strive to expand and improve our instructional services even further. We shall bend all efforts toward the realization of the 12 goals which were set before the public when we asked for approval of the 3.8 mill levy in 1958.

The 1961 appropriation measure, which the board of education adopted last week, is designed to help us achieve these goals.

For example, the board appropriated sufficient funds to expand the services of Columbus schools to accommodate an additional 3,800 pupils next September.

The board also earmarked funds for a modest across-the-board salary increase, effective immediately, and took steps to improve the salary schedule for teachers with advanced training, effective at the beginning of the 1961-1962 school year.

Above and beyond requiring more teachers, more books, more desks, etc., the 3,800 additional pupils who enroll next next September will need more classrooms. For all of our existing schools are operating at or near capacity at the present time; some are even beyond capacity.

To house these additional pupils and to ease crowded conditions that now exist, the Columbus Board of Education plans to open eight new schools in September, 1961.

Two of these schools—Walnut Ridge Junior-Senior High School, and Whetstone High School — already are under construction.

Walnut Ridge, a 1500-pupil building, is being erected at Lattimer-rd and Livingston-av at a cost of $1,633,400. Whetstone, a 1200 pupil school, is being built at W. Henderson-rd and Scenic-dr at a cost of $1,430,876.

Also scheduled for construction between now and September are elementary schools at the following locations:

On the south side of Livingston-av near the proposed outerbelt;

On Watkins-rd between Bulen and Rhoads-av;

On Alum Creek-dr immediately north of the Terrace Garden Apartments;

Near the intersection of Sixth-av and Sixth-st;

Near the intersection of Walford and Northridge-av; and

On Calumet-st about half a block south of Olentangy-st.

The board also plans to begin construction on a senior high school between Karl and Maize-rds and just north of Cooke-rd. This school will not be occupied until 1962.

Additions are planned at nine schools, and remodeling projects are scheduled for seven schools during 1961.

Although all of these projects are included in our present plans, the actual decision to proceed with each project is subject to one more comprehensive review. We simply do not commit ourselves to undertake a construction project unless its necessity is absolutely established.

Departing momentarily from journalistic custom, I should like to take this opportunity to express thanks to the Hartley Publishing Co. for making this space available to me. I am always gratified to have an opportunity to communicate with the people of Columbus.

I should also like to express appreciation to the people living in the area served by Hartley Newspapers for their loyal support of our efforts to expand and improve educational services in Columbus.

Without the understanding and support of the people and the newspapers, my column would have had a grim tone.

Westlake—

ilton-av ($450,000); extension of Livingston-av from Latimer-dr to Noe-Bixby-rd ($300,000); rerouting of U.S. Route 32 from Berwick-av to Refugee-rd ($500,000).

One West Side project includes the purchase of land in the city and engineering for the extension of Wilson-rd from W. Broad-st to Sullivant-av. The city has allocated $45,000 for this improvement which will be made in cooperation with Franklin County since part of the land lays outside the municipal limits.

Rounding out the program is construction of the North leg of the innerbelt from the New York Central Railroad to Cleveland-av ($392,000) and elimination of the grade crossing at Morse-rd.

Mayor Westlake also has hopes of doing some initial work toward the extension of Grandview-av from McKinley-av to W. Broad-st. Just how far he will be able to go depends on the federal funds left over from the West freeway.

Other projects already underway which will be realized in the new year are construction of a $760,000 fire complex on Whittier-st and building of a women's workhouse across from the present workhouse.

The new fire complex will house the division's headquarters, communication, maintenance and training center freeing space at city hall. Space is important since court rooms must be made available for the three new municipal judges which the city recently was found entitled to add.

The Mayor is quick to point out that the training tower which will be built along with the fire complex will lower fire protection rates in Columbus.

All in all, 1961 shouldn't mark any slowdown as far as the city is concerned. For Mayor Westlake, the key word will be "ambition."

I would have written about emergency measures instead of growth and progress.

Ohio State School Of Cosmetology Holds International Reputation

One Ohio firm has an international reputation for good looks.

It's the Ohio State School of Cosmetology, located at 199½ S. High-st, which is directed by president, George A. Townsend.

Besides possessing an established reputation in producing cosmetologists, the school also has received credit for turning out competent, skillful and ingenuous operators in its other three fields: barbering, advanced hair design and the Harper method.

Principal assistants of Townsend are Mrs. Lelia Townsend, director of education, and Howard Evans, director of admissions for the Ohio State School of Cosmetology; Clair Parsons, director, and Bernard Boyd, manager of the Ohio State Barber College; and R. Clete Heck, styles director of the Ohio State Academy of Advanced Hair Design.

The fourth school qualifies about 75 students annually to use the Harper Method of Rochester with its complete services, line of tested beauty aids and established techniques.

The Ohio State School of Cosmetology, however, is the best known of the four courses of education.

Largest of its kind in the state, it ranks as among the nation's top ten, with students each year from several states and even internationally.

Inquiries about the course of instruction are received from all over the world. One in every six or seven students is a man.

The cosmetology school instructs about 500 students yearly in beauty theories and practical usage of those theories. Its next 6½ month term starts Jan. 16, although a few vacancies occur from month to month.

Instructors keep abreast of new trends by attending summer workshops at the university level.

The Ohio State Barber College offers a 32-week course to as many as 48 students at a time. The present class numbers 43, with one or more being graduated almost weekly.

The Academy of Advanced Hair Design trains cosmetology graduates in current styles, salon techniques, coloring, permanent waving and the like. Classes are limited to 15 students each.

Day and evening classes start Monday, Jan. 16, and Monday, Feb. 6. Information regarding enrollment may be obtained by calling or visiting the school.

McDonald's System To Build 125 New Drive-Ins Next Year

McDonald's System, Inc., announced plans recently to open 125 new drive-in restaurants during 1961 at a total investment in excess of $15 million.

Ray A. Kroc, president of the firm, reported this compares with opening of 83 new drive-ins during 1960.

Currently a total of 220 McDonald's drive-ins are operating and 41 more are under construction.

Operations of the McDonald's chain were extended to six new states in 1960—Delaware, Kansas, Massachusetts, Oklahoma, Oregon and Utah. The chain now operates in a total of 31 states.

Kroc reported that total sales volume in 1960 is expected to exceed $42 million, almost double the volume of 1959 which was $21,438,041. The McDonald's president estimated sales volume in 1961 will reach between $65 and $70 million.

"Our growth continued at the same remarkable pace in 1960 with no slackening of sales despite a softening of the economy," stated Kroc. "Perhaps the main reason is that we are a basic meat-and-potatoes business, offering the public a combination of quality, cleanliness and speed of service in selling hamburgers and French fries, perhaps as American a menu as can be found.

"We have resisted inflationary trends to keep our same basic 15-cent price for hamburgers by the simple expedient of increasing our sales volume."

McDonald's operates units in Columbus at 3643 S. High-st in the Great Southern Shopping Center and 45 S. Hamilton-rd in Whitehall.

Hospital—

Clinic is in progress at Mt. Carmel Hospital.

The new Riverside Methodist Hospital, located on Olentangy-River-rd near North Broadway, will provide accommodations for 412 patients. When Riverside is opened, White Cross Hospital at 700 North Park-st will be closed for renovation and major repairs after which it will be placed back in service as a general hospital.

The new Grant Hospital, a skyscraper in the heart of the city, will accommodate 400 patients and will have specially-designed emergency rooms to handle the many emergency cases originating in the downtown area. The Town-st Wing of the present Grant Hospital will be converted for use in the care of patients who are confined for longer periods.

With all facilities in operation, the hospital system is expected to serve nearly 2400 patients per day in the general hospitals with an additional 400 longer-stay patients at Alum-crest and Benjamin Franklin Hospitals. Planning has been based on an estimated occupancy rate of 83 percent which is regarded as ideal for the metropolitan area.

Hospital authorities say that maternity sections normally operate best at an occupancy rate of 65 to 75 percent while other sections should not exceed an average of 85 percent occupancy.

The Columbus Hospital Federation is continuing its study of in-patient facilities in an effort to assure the most efficient utilization of community resources and to keep plans flexible enough to meet the needs of the ever-increasing population.

H. G. Dill Co. Labeled 'Columbus' Consulters'

Back in 1951, four engineers merged ideas and planning in the formulation of a company.

Today, a decade later, the H. G. Dill Company, 2607½ N. High-st, employs between 50 to 75 persons on its rolls, and could rightfully be termed "consulting engineers for the City of Columbus."

The Dill Company has worked on such items as structural and sewer projects, subdivision developing, the Hudson and 5th-av grade crossing elimination, and, according to H. G. Dill, "most of the sanitary work for the city."

In addition, he said, his company has furnished the manpower for 80 per cent of the subdivision developing in the City of Columbus. Most of the subdivision work has taken place in the North end of town and in Newark, Dill said.

"Consulting engineers," defined Dill, "are the ones who conceive a workable project from its beginnings, then get down to details on the drafting board."

Dill, who was graduated from the Ohio State University and who was employed by the engineering firm of Burgess and Niple before branching out on his own, facetiously admitted that the "hardest part is getting a staff to do the work, so you don't have to."

He added however, that he did not have any trouble getting his business going.

Actually, Dill stated, there is very little that could be termed "new" in the field of engineering.

"Mostly," he outlined, "designs are variations of fundamental principles, the idea of getting down to practical application with modifications to bring a design 'up to date.'"

"College," he said, "helped me to work into the engineering field." But he feels that all good engineers do not necessarily have to have college degrees. His company holds classes in its office rooms for those who desire to enter the engineering field.

"I," he summarized, "would rather have a man in my company with a desire to learn, than a college graduate who is a know-it-all."

Business Novice Startles Experts With Bookstore's Success Record

By Betty Deff

"I've lived all over the world . . . Hawaii, Europe, Cuba, Canada, but Columbus is the most wonderful city I've ever known. I've found my deepest happiness right here."

And Mrs. Mildred Smith, who has made a fabulous success of her bookstore despite no training or experience in merchandising has, in the opinion of her host of friends, returned to the city's people far more happiness than she has received.

Counting the friendships she has made among business contacts as the true measure of her success Mrs. Smith has, in seven short years, built a business that has been recognized nationally as an outstanding achievement.

The thriving Christian Bookstore and Gift Shop, 179 S. High-st, now numbering more than 300 regular church accounts as well as an impressive list of regular customers, started with no accounts, no customers in 1953.

Mrs. Smith and her two young sons were left alone and frightened in a strange city when her husband, a naval pilot died shortly after the family's transfer to Port Columbus in 1950.

In her loneliness she accepted a job in a small bookstore "for two weeks, to close books. But, trying to forget my grief, I threw myself into learning the business and it stayed open for 18 months."

Finally, when it closed in 1953, she bought the business and rented a small storeroom on E. Gay-st.

The firm's move to its present location five years ago started its climb to real success. Mrs. Smith's achievement was recognized as outstanding by the National Booksellers Association two years ago, and was a chief topic for discussion at its convention.

Mrs. Smith's buying trips take her regularly to shows in New York, Chicago, St. Louis, Washington and Miami where she chooses personally the best available items.

Her store, stocked with religious books, records, greeting cards, sheet music, paintings, jewelry, art objects and ceramic novelties, is a far cry from its humble beginning in 1953, but the rule of conducting business is unchanged.

Rule of Business

"We try always for a personal touch," Mrs. Smith explained earnestly. "The store has never been merely a place for people to spend their money, but a place to make friends. We know all our customers by name, we're interested in them and most of them become our close friends."

Mrs. Hazel Armentrout, associated with Mrs. Smith in the business for the past six years, shares her enthusiasm and interest in the store. Part-time help is also employed during busy seasons.

Her two sons, both graduated from college and employed by insurance firms, are another great source of satisfaction for Mrs. Smith. Monroe is an underwriter for Travelers Insurance in Atlanta, and Karl is employed at Nationwide Insurance.

Mrs. Smith speaks thoughtfully of a growing trend in the past few years. "We have an increasing number of professional men as steady customers. Lawyers, judges, surgeons, executive heads of business come in regularly, buying books and records for themselves and as gifts.

"It may be world conditions, but I really believe the increasing pressures of daily living is causing more and more people to seek the serenity of another age. Persons with responsibilities have an especial need for strength and peace of mind."

SMILING PROPRIETOR—Mrs. Mildred Smith, owner of the Christian Book and Gift Store, 179 S. High-st, has found her belief that "customers are friends, not just people who spend money," resulting in a business success far beyond her hopes. The store has risen, under her direction, to a successful enterprise in seven short years.

MORE BOOKS FOR MORE PEOPLE

Columbus Public Library Takes Big Leaps Forward In Past Year

Besides continuing an unbroken 11-year trend of lending more books to more people, the Columbus Public Library System can look back on 1960 as a "significant leap forward" in capabilities to serve the future needs of increasingly-populous Franklin County.

Mrs. Margaret E. Carroll, chief librarian, said that while final statistics for the year have not been compiled as of this writing, it is evident that all records will have been broken in terms of book loans, reference services furnished, usage of library films and phonograph records, and the registration of card-carrying members.

Indications are that the book loan total will be approximately two and one-quarter million for the year. This is especially gratifying when it is considered that the library system first loaned one million books in a single year in 1954, she said.

Visible achievements in the year include the launching of a $870,000 addition and improvements program at the Main Library at 96 S. Grant-av, purchase of the fifth bookmobile, and the opening of the 13th neighborhood branch library.

The construction program at the Main Library, which got underway on Jan. 27 and is expected to be completed several weeks in advance of its May 1, 1961 deadline, is as significant to future generations as it is to the present in terms of good library service, Mrs. Carroll said.

The second major alteration to the Main Library since its opening in 1907, the construction program will result in some 15,000 square feet of mainly behind-the-scenes working space in a new brick, two-story and basement addition behind the old building's north wing, enlarged patron parking facilities, and the shifting of present book collections and departments to bring new public facilities and services.

A completely new heating system has been installed and attractive washroom facilities for the general public replaced outmoded facilities this past November.

As a result of progress in the "face-lifting" phase of the program it has been possible to shift the Children's Department of some 20,000 volumes for youngsters picture-book through ninth grade age to a newly-renovated ground level room. The move is part of an overall plan that will permit establishment of a new Teenage Room on the same floor. The latter will cater to the specialized needs and interests of youths approaching maturity.

Additional floor space also will permit the establishment in this year of a new Business and Technology Division of the Reference Department, thus making invaluable assistance available, with increased efficiency, to the "do-it-yourselfer," the skilled technician, and the businessman.

New work areas created by the construction will permit the shifting of administrative offices and the development of a "straight-line" method of new book processing and old book repair that will permit now overburdened facilities to handle the increasing future demands of library agencies operating away from the Main Library.

This paves the way for the opening of new neighborhood agencies as population demands indicate and assures future generations of steadily growing public library service, Mrs. Carroll said.

Placing in service of an enlarged trunkline telephone system at the Main Library last May ranks as a major convenience to local citizens who made some 50,000 telephone calls last year to utilize the free telephone information services or to inquire about books or other services. The new switchboard did much to eliminate the nuisance of the busy signal and is capable of further enlargement when usage demands.

The Bookmobile Service, with the addition of the fifth vehicle in September, is now able to remain additional hours at more than 100 selected service stops throughout the county. The new bookmobile, capable of carrying some 4300 volumes and costing $19,250, has already resulted in a sizeable gain in book lending by these green vans so familiar to children and adults in outlying communities.

Enlargement of garage facilities to house all the bookmobiles and other library vehicles was included in the construction program and is a vital factor in effective maintenance of the vehicles.

The Hilliard Branch Library, first opened for service on Oct. 3 at 174 Rome-Hilliard-rd, was the eighth branch of the system in a leased building and the first to be opened in a municipality not contiguous to Columbus. It replaces bookmobile service and offers full library facilities to the growing Hilliard community.

Opened with 18,000 volumes, Hilliard Branch Library will enlarge to 25,000 or more volumes in the near future. Community acceptance was so immediate that emergency measures were necessary in the first few weeks to provide additional books.

In this past year a continuing publicity program has utilized all press and broadcast media, as well as such varied media as billboards, exhibits, and booklists, to make an ever-growing percentage of the Franklin County populace aware of te delights and practical advantages of public library service.

Central YMCA Adult School Begins Its Second Decade

A session of forty classes beginning Jan. 16, will mark the beginning of the second decade of Central YMCA's Adult Informal Evening School.

The Informal Evening School has the distinction of offering more classes than any other YMCA in the Ohio-West Virginia area.

An innovation for the Adult Informal Evening School will be initiated Thursday, Jan. 19. Sewing and dressmaking, which have been popular at other adult education classes throughout the country, will now be offered in the morning from 10:30 a.m. to noon. This course will be for the beginner and advanced sewer, taught by Mrs. Carl Meglan of Beechworld Sewing Center.

In keeping with the spirit of the informal school to offer classes meeting the needs and interests of the YMCA members and community, a class in rapid reading and comprehension will be offered on Tuesday evening at 7 with Dr. Benjamin Center, doctor of optometry, and owner of the Reading and Preception Clinic, E. Town-st, as instructor.

Robert Sterling, an artist at Byer and Bowman Advertising Agency for four years, will teach a course in sketching.

A dancing class, consisting of a congenial group of men and women who are all in the same boat — just learning to dance, will be taught by Jim and Kathleen Lang.

Many aspects of the securities market will be discussed by Don Morris, an investment broker for Bache and Company. Morris will deal with individual problems of people who have already made some investments.

Other courses offered are astronomy, bowling, bridge, ceramics, chess, folk dancing, Latin American dancing, fencing, first aid, French, German, interior decorating, leather and jewelry making, personal finance, photography, practical arithmetic, public speaking, real estate, religion, Russian, Spanish, understanding human nature, and upholstering.

More information may be obtained by calling CA. 4-1131 for free brochure or by talking to Bob Mason at the Central YMCA.

Birds, which find an abundant supply of insects and seeds available during most of the year, encounter difficult times with the coming of freezing weather and snow.

New Facets Of Adventure Explored Each Thursday

By Charles Ramey

A new adventure series, set in the world around us will be seen each Thursday, at 9 p.m. on Channel 10.

Our everyday world has many unknown facets of excitement and danger. The program will attempt to capture the spirit of exploration of these.

Viewers will travel to the outer reaches of the atmosphere in a test-jet aircraft, go on a safari with nomadic Lapland tribes, and stand on the brink of lava at the world's greatest volcanic disaster.

Filmed entirely by professionals, segments of the show have been used on "Omnibus."

Some of the titles will serve to give an idea of the scope of the program: African Patrol, Roller Coaster, Death in the Arena, City Without Wheels, Aircraft Carrier, Everglades and Spelunking.

"Vanity Fair," starring Diane Cilento, Cathleen Nesbitt and Denholm Elliot will be presented on "Family Classics," Thursday, Jan. 12, at 7:30 on Channel 10.

The play is a study in contrast between two women in England's Georgian Age. One is a gentle and honorable woman, the other, a flirtatious adventuress who rises socially by a facile use of her feminine charms.

This week's Twilight Zone plot, seen Friday, Jan. 13, at 10:30 p.m. on Channel 10, calls for a retake of history.

A skeptical young man of modern times, convinced that it is impossible to go back in time and warn a nation that its president will be assassinated, panics when he learns otherwise.

College basketball this week will see N. Carolina State at Wake Forest at 2 p.m. Jan. 14 on Channel 6, followed by the Big Ten Game of the Week, Purdue at Minnesota at 4:30.

"Twentieth Century" will conclude its study of the prisoners of war with "The Road to Resistence," seen Saturday, Jan. 14, at 5:30 p.m. on Channel 10.

This show was filmed on location at Stead Air Force Base, near Reno, Nev., and shows how the United States Air Force Base flying personnel undergo an intensive three-week training course to help them in case they are captured by any future enemy.

Saturday night will also see the finish of the first two-part presentation of a Paladin story. Paladin, seen Saturdays at 10 p.m. on Channel 10 is one of the outstanding Western shows.

Carbon monoxide is a deadly enemy of the motorist, reminds the Columbus Auto Club. That is why it is important that a driver never run his car engine in a garage unless all the garage doors are open. Carbon monoxide is odorless and tasteless. When driving always leave at least one window partly open.

A new comedy series starring Ronnie Burns and Yvonne Lime makes its appearance on Friday, Jan. 13 on Channel 4 at 7:30.

The program is named for Happy, a talking baby, the son of the couple. Child psychology forms the basis of the first plot.

Also premiering the same night at 8 p.m. on Channel 4 will be "One Happy Family." Three generations of one family living under the same roof are shown. Newlyweds, parents and grandparents help make up the situation.

American Heritage seen Friday, Jan. 13, on Channel 6 will present "The Invincible Teddy" a dramatization of early events in the career of Theodore Roosevelt. George Peppart will play Teddy, and Thomas Mitchell is in the supporting cast.

Ernie Ford will be host to Shari Lewis and her puppet friends, Lamb Chop and Charlie Horse on the "Ernie Ford Show," Thursday, Jan. 12 at 9:30 on Channel 4.

Shari and her friends reveal that their greatest wish is to see Ernie play the fabled role of Prince Charming.

Council—

(Continued from Page 1)

fines the West Side neighborhood as "that portion of Columbus generally bounded by Central-av on the west, the Sciote River on the north and east, and Stimmel-rd on the south."

Al Wilder, director of Gladden Community House, has been delegated by the United Community Council to help in the formation of the neighborhood group. He holds the position of field worker.

Wilder pointed out that several times in years past there have been efforts to form a group to represent and serve the West Side. The work never got to charter stage. Current enthusiasm has been high and the organizers believe that this time they will succeed. About 75 persons, representing some 50 organizations, gave their support at a public discussion of the project in November.

Would Meet Bi-Monthly

Wilder outlined other important parts of the proposed constitution, drawn up by a committee headed by Marvin Wright. Provisions include:

Membership—Open to any interested person residing in, working in, or owning property in the area; also, open to any group or organization recognized and accepted by the council.

Meetings—To be held the second Thursday on odd-numbered months of the year. Executive committee to meet on the second Thursday of even-numbered months. An annual meeting to be held in January for election of officers.

Amendments—The constitution could be amended at regular council meeting by a two-thirds vote of those present. Proposed amendments to be submitted in writing at the previous meeting.

A series of by-laws provide procedures for meetings, elections, membership, amendments, and committee action.

Original membership of the council is to include those persons named on a roster published 60 days after adoption of the constitution and by-laws. A quorum of at least 20 council members would have to be present to transact business at regular meetings. Voting for officers will be by secret ballot.

On Double-Barreled Discipline—Home and School

"Unfortunately, we are passing through a period in which many parents who should know better and who want to 'be good to their children' forget their moral duty to rear their offspring, and confuse the gift of a motor scooter with the gift of good home training."

This was a statement made this past week by State School Board President Charlton Myers, who further was critical of over-emphasis on extra school activities and lack of discipline in the classroom.

Here is fine food for thought for parents. His emphasis on better discipline in the classroom is one that needs special attention from the teacher. It is a matter that every good parent should demand from the school system.

Good teachers want to be looked upon as something more than just good baby sitters. Parents need to insist on discipline while at school and back it up with proper discipline at home.

Future Looks Bright For Southeast Area

South-East Columbus is a blessing in disguise.

Generally regarded as a sore spot in the city development picture, the old Marion Township area has drawn its share of criticism for the drain on city funds required to service the huge annexed tract.

But looking to the future, all of Columbus may be thankful that Marion Township was absorbed by Columbus.

A lot of things are happening in the South-East. The city is constructing a water main along Steiner-rd from Hoover Dam to serve the area. Preliminary planning is underway for a new sewerage treatment plant to be constructed south of Lockbourne.

When these services are installed, the largely rural township will become highly attractive for industrial and commercial sites. Building of homes for workmen in these businesses will boom.

Since the city administration has made it clear that no line extensions will be made to supply services to new plants outside the corporation, old Marion Township becomes the logical place for industry to settle.

The area is already rezoned for industrial and commercial uses. A prospective builder would be able to move right in. This also adds to the lustre of the area.

Probably the biggest vote of confidence that the area has received was the recent announcement by Sears and Lazarus that they will jointly construct a huge shopping center at the corner of Refugee and Hamilton-rds.

West and Central High School auditoriums, a beehive of activity this week as final preparations are made for mid-year commencements, will be the scene of graduation for high school seniors next Tuesday evening, Jan. 24 at 8 p.m.

This year's bustle of make-ready is touched with nostalgia for school officials as they go through the familiar planning routine of January graduation, for the event will be repeated only once more in city schools.

Annual promotions will be in effect throughout the school system next year . . . January, 1962 commencement will be the last in Columbus.

Representing their class as speakers at commencement are Sally Parrish whose topic will be "Which Way?" and Ezel Donaldson, Jr., class president, who will speak on "Aren't You Glad You're Rich?"

Jan Greer will lead the pledge of allegiance. Rev. Harris B. Anthony of Warren Avenue Church of The Nazarene will give the invocation and the benediction.

Edward N. Sloan of the School Board will make the presentation of diplomas.

West High School Choir, led by Mrs. Edith White, will sing.

Rev. Sidney C. G. Everson, host pastor, will lead prayer and Earl E. Donaldson will present the Bible lesson.

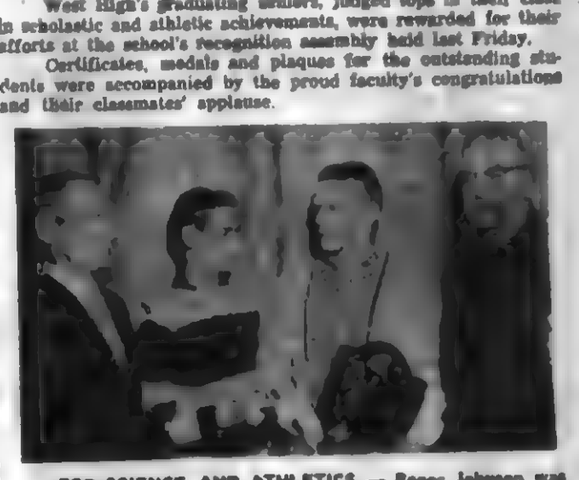
Martha Louise Weatherhead will lead the responsive reading followed by the "Gloria Patri" by class and audience.

Rev. Everson will preach on "The Hope of Glory," and the final prayer will be led by James Roger Johnson.

West High's Choir will sing two songs.

SENIOR PROM

Seniors will dance tonight, at the prom in West's gym from 9 p.m. to midnight to the music of Jack Dale's quartet, and then at the Holiday Inn.



The affair will end at dawn with a square dance and breakfast at the Hilltop YMCA.

Candidates for graduation at Central and West High School are pictured on page 9.

IN THE WEST SIDE

New Council Is Organized

People of the West Side have a neighborhood council. It's just one week old.

Fifty persons, representing nearly as many organizations, gathered at Gladden Community House last Thursday night and organized the long-sought council.

In an election that was remarkably close in most of the 10 offices, Sam N. Alford was picked to be the group's first president.

Alford, who operates Buckeye Finance Co., at 1259 W. Broad-st, has long been associated in West Side civic affairs. He grew up here and is still affiliated with West Park Methodist Church, and the Board of Trade. He resides at 4470 Dublin-rd.

In accepting his post Alford said he would devote much of his energy toward making the new organization a success. He pointed out that the council can do much to solve local problems and will give the West Side a stronger voice in city government. The meetings always will be open to all, he said.

Others elected and taking office Thursday were Walter Cunningham, 148 Hayden-av, of Capital Elevator Co., vice-president; Mrs. Donald Doust, Avendale EUB Church, secretary; and Al Linimen, owner of Pantagon Wholesale, treasurer.

Members-at-large are Fred

GETS APPROVAL—Three men who helped set the new council in motion look over the constitution which was given unanimous approval. Left to right are Marvin Wright, 2893 Dibblee-av fire inspector in the West Side, constitution chairman; Walter Cunningham, 148 Hayden-av, West Side Kiwanis club, vice-chairman of nominations; and Rev. Al Ross, 74 Haldy-av, Chicago Avenue Christian Church, temporary council chairman.

Spotlight's On Streets This Week

Local streets figured into the news in a number of ways this week.

City engineers sent a report to the Ohio General Assembly giving results of a survey of future needs. Included in the estimate was a $1½ million project to widen more of Sullivant-av to four lanes and connect with W. Rich-st; widening of W. Mound-st to four lanes in areas between Hague and Davis-av, $791,000; and widening of W. Town-st to four lanes, $483,000.

New Signals Up

City-wide revamping of traffic lights extended to local main arteries this week. New lights are being erected over the separate lanes of traffic, in keeping with national standards. Jack Gallagher, city traffic engineer, said the extra lights (1.) help drivers who cannot see around trucks (2.) help point out lanes and one-way streets

WEATHER BUREAU HONORS CAMPBELL

Ex-Hilltopper Praised For Hurricane Data

Lawrence H. Campbell, another Hilltopper-transplanted-to-Florida, has received special praise from weather officials in his state for outstanding work in relaying weather data during destructive Hurricane Donna.

Newspaper clippings, telling about his valuable on-the-spot reading and records at Marathon, Fla., have been received here by Mrs. Campbell's cousins H. L. Pfaltzgraf, 110 S. Roys-av, and Earl Pfaltzgraf, 3024 Stoney Bridge-ln. Other reprints from the Miami Herald appeared in "Chronicles," local Scottish Rite bulletin.

The supervisor of the weather bureau awarded a certificate to Campbell as a surprise before 150 members of the Key West Power Squadron. (Power squadrons are groups of boatmen organized to teach safety afloat). Campbell was praised for faithfully relaying his observations which aided greatly in preparing other residents for the blow. His data also will be used in forecasting future storms. The highest winds at Marathon reached 186 mph on Sept. 8, 1960. The storm completely destroyed the winter home of the Harold Cramers, 370 Wiltshire-rd, good friends of the Campbells.

Larry Campbell and his father Otto Eisennecher formerly operated a plumbing shop at 2301 Springmont-av. They sold it to O. E. Heselden in 1953, when Campbell was forced to retire because of a war injury. Here, Campbell had been past commander of Amvets and past master of West Gate Lodge of Masons.

In Florida he helped organize the Marathon Power Squadron, of which he is past president. He also headed the yacht club there.

WARN CHILDREN ABOUT STRANGERS

The walk between home and school should be a delightful daily adventure for most youths.

This seemingly harmless path, however, holds many dangers for the child who is not prepared to cope with problems which he may face. This particulary applies to the menace of sex offenders.

Not intending to unduly alarm anyone, Franklin County Prosecutor Earl Allison has warned:

"Although there is a natural tendency to play down these unpleasant matters, we parents must start thinking of our children, every one of whom is a potential victim."

Allison points out that during the 22 months he has been prosecuting attorney, 27 persons have been convicted of criminal assaults upon 31 girls and 16 boys.

To combat this danger and familiarize youngsters with methods of precaution, Allison is distributing free an educational pamphlet through PTA, church groups, service clubs and individuals.

A copy of the booklet is available by contacting him at the Franklin County Court House.

Although your family might never be affected, it behooves all to prepare their children against possible harm.

Area Lutheran Churches To Hold Mission Series

Three West area Lutheran churches are joining seven other United Lutheran Churches of greater Columbus and central Ohio in an area evangelism mission during the week of Feb. 5, according to an announcement by Rev. John E. Hydinger, general chairman of the program.

Churches are Hilltop, 2478 W. Broad-st, with Rev. Hydinger pastor; St. Timothy, 1034 Harrisburg-pk, Rev. K. Jay Bishop, pastor, and Our Saviour, meeting in the West Franklin Ele... The West area Lutheran Rev. Paul H. Buchholtz, pastor.

Each church will have its own series of services conducted by guest missioner pastors.

Missioner for Hilltop is Rev. E. Rudolph Walborn, DD secretary of the Synod of Ohio; St. Timothy's will be served by Rev. John R. Long of Mansfield, and Our Saviour's missioner is Rev. Carl Coad of Warren.

Missioners will present the messages Sunday morning, Feb. 5, and each evening, Sunday through Thursday of that week, at 8 p.m.

They will also cooperate with the congregation's evangelism committee and Church Council in perfecting a year-around program of witnessing, and will train callers to go out each evening to visit members and prospective members of the church before the 8 p.m. service each night.

Rev. Hydinger has emphasized that the public is cordially invited to all services of the mission.

A pinch of salt can really be improved by dropping it on a big chunk of steak.

Wichterman Gets State Group Nod

Veteran Franklin Township clerk Paul Wichterman has been nominated for the secretary-treasurer's post in the Ohio State Association of Township Trustees and Clerks.

The state group will elect new officers today (Thursday) at the start of its three-day convention in Columbus, Chester Hummel, executive secretary, said last Friday.

Also to be chosen by an expected 2000 delegates to the convention are a president and two vice presidents.

Edwin Strawser of Deer Park, president of the organization since 1951, has announced his retirement.

Hummel noted that the association has had only two presidents since its formation in 1928; Strawser and the late Joseph Thomas.

Fishing Expert Puts Know-How Into Print

INSIDE ON THE **Outdoors** By ROD COCHRAN

Columbusite Erwin A. Bauer has another fishing book on the market, "The Bass Fisherman's Bible," published by Doubleday. Known personally by many sportsmen in this area, Bauer is one of the nation's most prolific and authoritative outdoor writers.

This newest book packs many years of bass fishing experience and know-how into a single volume. Bauer says of himself, "I am probably the most widely traveled fisherman or fishing writer in the world. I have fished in every corner of the United States and Canada, Africa, Japan and from Argentina to Alaska." Most of the author's bass fishing, however, has occurred in Ohio, and much of the book tells of angling trips taken in Buckeyeland. You will recognize many pictures in the book, for they, too, were taken here at home.

Bauer mentions Hoover Reservoir as a good bass location, and comments, "Plenty of bass, but not too many bass fishermen here." As for central Ohio streams, he says "This is probably Ohio's best region for stream smallmouth fishing. Good waters include Big and Little Darby, Big Walnut, Whetstone, Deer and Blacklick creeks. Also the Olentangy and Licking rivers. The Kokosing and Mohican rivers are extremely fine float-trip rivers, with good camp sites along the way."

There are 18 chapters and an appendix in this well-illustrated book. The volume is planned for the beginning fisherman as well as the expert. Starting with explaining what bass are—the species and their family, the book then moves to fishing techniques. It tells about the different tackle used for bass and how to manipulate it.

Following are hints and tips on where to catch trophy bass, fishing at night, preparing and eating bass, live baits and artificial lures.

The rest of the book might be called the where-to-go section, and hot fishing spots are listed for each state within the ranges of largemouth and smallmouth bass.

While this book would be a valuable addition to any fisherman's library, it does contain errors in editing that are distracting to the reader. The headings have been switched on Ohio's northeastern and northwestern streams. It states that we have eight million resident anglers in Ohio, and I believe the author meant it to read 800,000. There are others similar to these.

Bauer is the author of "Bass in America" (Simon and Schuster, 1950) and regularly appears in such magazines as This Week, Outdoor Life, True, Sports Illustrated, Field and Stream, Argosy, etc. He is the former editor of The Ohio Conservation Bulletin. Bauer lives with his wife and two sons at 2150 Zollinger-rd, when not on fishing and hunting jaunts, that is.

BIBLE COMMENT

Bible Will Show How Words Fit

The word "brotherhood" has different meanings for different people.

For some the word has a more limited meaning than for others. Few can bring themselves to shake off their prejudices in a Christianlike manner to embrace — if only in thought — all men everywhere.

This is a big order for even the most devout Christian. As we are beset by troubles throughout our lifetime it is all too tempting to blame others for our own mistakes. Perhaps it is the people across the street, foreigners, those of other religions and races. Looking down on someone is always the easy way to believe others are looking up to us.

Thus, reacting to the pressures of our own frustrations and shortcomings, it becomes all too simple to put aside the words of Christ to his apostles: "Love one another."

There was no qualification. He did not say: "Love those you choose to love" or "Love only those who love you."

Just the opposite: Christians are instructed by the Divine Word itself to love even those who would be an enemy.

If each man, then, tailors "brotherhood" for himself the word becomes empty — no word at all. To find the meaning of "brotherhood" the Christian has no choice but to turn to the Bible and see how he fits the words of Christ, not how the words of Christ fit him.

"In some cases, when a woman makes a fool of a man, it's an improvement." — Franklin P. Jones.

Statistics show that more suburban families prefer the station wagon and the Poleitz family, including Randy, Frank Jr., Gina, Terry and Tony are one of these. Attendance records for one day at any previous local auto show were broken by last Sunday's crowd. In the first two days 29,476 people attended. The show runs through Sunday, Jan. 22.

LETTER TO THE EDITOR

Author Of Creed Revealed By Whitehall Reader

Yes, somewhere, in your rounds you picked up "My Creed" and it's great, as I have known it for a good many years.

You state that the author is unknown and if you do not mind, I will tell you the author is, "DEAN ALFANGE." You made just a few good minor changes in the actual Creed he wrote, but I like yours a little better.

As with God's help, which every human being needs and must have, more so today than at any time, I do think yours is tops.

In 1955, I was Chairman of the First Democratic Convention ever held in the City of Columbus, and although being semi-paralyzed organized this convention from my home and my telephone.

We expected only about 40 people, but there was closer to five hundred. The - Dispatch wrote it up under a heading reading "INSURGENT DEMS SET CONVENTION."

We were called the Democratic Reorganization Committee opposed to the County Chairman, Walter F. Heer, and I say again to all the peoples of Franklin County, "WE MUST HAVE AND GET A NEW DAY FOR THE DEMOCRAT PARTY IN FRANKLIN COUNTY.

I now live in Whitehall, and intend to back Lewis Bower for mayor, and everyone on the Democratic ticket in the spring primary and the fall election.

Being out of circulation as to really doing a job for the Democratic party, was for our Attorney General Mark McElroy. He will be the next governor of Ohio.

I and many others worked hard, true and honestly to elect Mr. Mark McElroy. WE WILL ELECT HIM AS OUR NEXT GOVERNOR, IF HE SO CHOOSES TO RUN, AND IF HE DOESN'T WE WILL HAVE ENOUGH NAMES AND PEOPLE TO MAKE HIM RUN.

Being formerly from Philadelphia, Penn., where Jack Kelly, Grace Kelly's father who just died a short time ago, was my teacher. I was a Committeeman and Ward Leader in that city.

In that City, WE NEVER HAD A CHANGE OF PARTY FOR OVER 50 YEARS, BUT NO NEWSPAPER OR ANYTHING OR ANYONE, EVER STATED OUR CITY NEED A CHANGE. It lasted until we Democrats, made that change.

No, I never lost an election to the Republicans even in Philadelphia for over 13 years and I had close to 75,000 votes in my area. For I was fighting for my people, as I did for Mayor Sensenbrenner. He should be the next mayor of Columbus. If he wants to run for City Council first, we still will and can elect him Mayor of Columbus.

Consumer Report

Food Market This Week

by ESTELLE B. FRANKS

THIS WEEK SHOP FOR:

Fruits—Grapefruit, oranges, tangerines, bananas, apples.

Vegetables—Cabbage, celery, lettuce, endive, potatoes, dry onions.

Meats and Poultry—Fryers, Boston butts, chuck roasts, picnics, liver.

January through March is the time to neglect the can opener and use citrus fruits fresh. It's the height of the citrus season—fruit is sweet and juicy and prices on the whole are the lowest of the year.

And what a wonderful selection you'll find this week. At one store we found pink and white grapefruit in a variety of sizes, juice oranges, Florida Temples, California navels, tangelos (cross between tangerine and grapefruit), stacks of easy-to-peel tangerines, lemon and limes. Most of the orange varieties were offered in at least two sizes.

Grapefruit particularly is a bargain, so enjoy a half for breakfast, minted grapefruit as an appetizer, grapefruit sections in salad, or broiled grapefruit for dessert. If you like grapefruit sweetened, try mild clover honey instead of sugar. Drizzle it over the fruit and let it stand in the refrigerator a short time before serving for a delightful blend of flavors.

WHAT'S THE PRICE AND SUPPLY SITUATION FOR CITRUS?

While fresh citrus prices are now at a seasonal low, they are above last year's. Why? Market supplies are a little lower and demand is strong. Fresh marketing and processing were both retarded in Florida because of late maturity and losses caused by the hurricane Donna. Marketings increased in December and prices declined, but they are generally above those of a year ago, and are expected to remain that way.

The 1960-61 crop of oranges is only about three per cent smaller than the 1959-60 crop. Grapefruit supplies are slightly lower—Florida estimates the crop is one half million boxes less than a year ago, but the Texas crop of Ruby Reds is the biggest in 10 years. The tangerine crop is 50 per cent larger. And partly because of the late start in harvest, remaining supplies are larger.

Then why are prices higher when more fruit is available? The answer lies with those little cans of frozen juice we like to use the year 'round. About one-third of the total citrus crop, and nearly one-half of the orange crop, are now consumed as frozen concentrate. Its growth has been phenomenal in the last 15 years and it continues to gain in popularity, especially frozen orange juice.

Stocks of frozen (and canned) citrus were low when the new crop came to market. So, when processors' stocks are low, all possible efforts are made to contract for enough fruit to meet the increased demand for the processed product. They paid high prices, especially for oranges, and this means that shippers of fresh fruit can also demand higher prices.

But the price increases are not great, so let's enjoy this "sunshine fruit" while it's at its peak.

HAPPY TASK—A. M. Pemberton, principal of Hilltonia Junior High School, signs certificates for 21 charter members of the school's chapter of the National Honor Society, with an assist from faculty committee member G. Ernest Little. The Honor Society emblem is the handwork of Bill Spratley, also a teacher on Hilltonia's staff.

Hilltonia To Produce 'The Wizard Of Oz'

A fully-costumed cast of Hilltonia Junior High School students will present the musical, "The Wizard Of Oz," at the school, 2345 W. Mound-st, Thursday, Friday and Saturday, Feb. 2, 3 and 4.

A matinee will be presented Thursday afternoon at 4 for elementary school children on the Hilltop, and evening performances are planned at 7:45 on Friday and Saturday.

Tickets are available at 75 cents each from members of the choir and dramatics department and at the school office.

A First For Hilltonia

The ambitious undertaking is the first attempt made by a junior high school to produce a Broadway musical, with a full orchestra in the pit, according to faculty producer, Robert C. Johnson.

Johnson will also serve as vocal director and two other Hilltonia teachers, Richard A. Murray and Robert W. Hicks, as dramatics and stage directors, and instrumental director, respectively.

Cast includes, Aunt Em, portrayed by Nancy Kuhn; Joe the farmhand, Jim Beachler; Uncle Henry, Allen Boehm; Dorothy, Kathy Hitte;

Munchkin Mayor, Jack Hatfield; Munchkin Farmer, Terry Elliott; Good Witch, Jan Sisson; Wicked Witch, Linda Sue Damron.

Scarecrow, Briane Horne; Tin Man, Steve Rutherford; Private, Richard Randle; General, Dwight Roederer; Old Lady, Barbara McCathern; Lord Growlie, Rick Conrad; Gloria, Penny Post, Wizard of Oz, Kenny Snider.

First Witch, Pam Campbell; second Witch, Betty Heisman, and Tibia, Cheryl Baughman.

Musical numbers include, "Over The Rainbow, Munchkinland, Ding Dong The Witch Is Dead, If I Only Had A Brain, If I Only Had A Heart, We're Off To See The Wizard.

"If I Only Had The Nerve, Jitterbug, The Merry Old Land Of Oz, Ding Dong and Over The Rainbow."

Gallagher said traffic surveys ordered in the West Side have been delayed because of bad weather. He said he hoped to have some of them finished by next Tuesday.

Traffic has been resumed on Highland-av, between Broad and Sullivant, where the Big Run sewer project was terminated.

Twenty-one charter members, each achieving a scholastic record of 3.5 or more, will be inducted into the organization Wednesday morning, Jan. 25, at 9.

Charter members are, Cheryl Baughman, Karen Born, Nancy Brown, Dianne Courter, Patricia Darby, Judith Doughty, Paula Gillogly, David Holdren, Brian Horne, Patricia Krizinski, Nancy Kuhn, Nora Latimer, Karen Longberry, Kathleen McGill, Judith Maggiore, Janet Mitchell, Pamela Murphy, Lois Preston, Roxann Reid, Pamela Schmidt and Diann Shaw.

Film Premiere Slated At Rally

Billy Graham's newest film, "Shadow Of The Boomerang," will have its Central Ohio premiere at the Columbus Youth For Christ rally Saturday, Jan. 21, 7:30 p.m. in the auditorium of Third Avenue Methodist Church, Third-av and N. High.

There will also be a Sunday showing at 3 p.m. on Jan. 22, in the same auditorium.

"Shadow Of The Boomerang" is an outdoor action picture.

Setting is Australia's "Outback", the continent's vast interior region where some of the world's largest cattle stations are located.

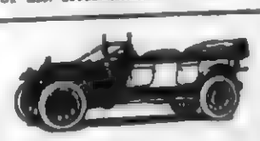
WEST TAGS CLASS GIFTS



PLATES NAME DONORS—Gifts, left to the school by each graduating class, have been identified at West High school with recently-installed plates, naming the donors. Two officers of the January, 1960 graduating class returned to West this week to inspect the plate on their class gift—the electric water fountain south of the main lobby. Beth Weatherhead, now enrolled at OSU, and Roger Street of Capital University, shine up the plate with Arthur Buchanan, senior adviser.

Man Guards Parking Lot At Central

A parking lot guard has been hired to keep outsiders from taking parking space from teachers and school pupils at Central High School.

He is Malcolm Hamlet, 1241 S. Champion-av, former city school bus driver. His hours will be 7 to 10 a.m. and 4 to 8 p.m. each school day. Parking violators will be reported to the city and prosecuted after the second offense.

City Attorney Russell Leach ruled that parking fees can be charged at the school lot only for events at Central that are not directly connected with the school. Downtown shoppers and persons attending Veterans Memorial are not subject to parking fees, he said.

Police Report Singles Out Crash Spots

Four intersections in this general area were high in the city's accident count during December.

The Spring-Sandusky Interchange accounted for eight accidents; Sandusky and Broad, five; Glenwood and Broad, four; and Greenlawn and High, four.

Police Chief George Scholer said the overall picture looked rather well, considering the weather conditions and holiday traffic.

However, he called on officers to step up enforcement in the future, in view of the fact that the city had 11 more traffic deaths than in 1959.

In his report the chief called special attention to Broad and Mound-sts during daylight hours. Highest violations were at stop signs, speeding and driving left of center.

Gladden Players Choose Comedy; Seek Helpers

Curtain's going up at Gladden Community House.

As its first production the Little Theatre group has selected the Broadway comedy "Time Out For Ginger." A speech, a daughter with ambition to play football with the high school varsity team, and an innate principal are some of the ingredients.

Tryouts are to be held at 7:30 p.m. Tuesday and Thursday, Jan. 17 and 19. Teenagers and adults are needed for the parts.

Others are needed to build scenery, collect props, set up lighting and help with make-up. Those willing to help in any of these areas should visit the center at Hawkes-av and Town-st or call GA. 1-7801.

Hilton Hotel Posts Go To Ex-West Men

Hawes Collins

Two graduates of West High and Ohio State University seem to be following each other's footsteps once again.

William M. Hawes, present assistant sales manager of the Deshler-Hilton, has just been named sales manager of the Shamrock-Hilton Hotel in Houston, Texas. Replacing Hawes as assistant sales manager of the Deshler-Hilton will be Kenneth P. Collins.

Both men joined the Hilton Corporation on sales representatives. Both men are graduates of West High. Hawes earned a degree from Ohio State University in 1952; Collins was graduated from OSU in 1957.

Both appointments became effective Jan. 15, announced Carl Prather, general manager of the Deshler-Hilton.

At the Shamrock-Hilton, Hawes will head a staff of 10 in soliciting convention business for the hotel and city of Houston. His staff also will be responsible for local meetings, banquets and permanent business and organization tenants of the Shamrock-Hilton.

Collins is working with Mark Mowrey, sales manager of the Deshler-Hilton.

Council—

(Continued from Page 1)

Staley, Avondale area; Don McCann, Bellows; Emmett Seely, Chicago; Robert McGuire, Dana; Ralph Oberlietner, Franklinton; and Mrs. Ruth Burke, Sullivant.

The latter group will act as representatives of the various neighborhoods to the council meetings.

After giving the constitution several minutes of study the group adopted it without change. It was announced that the council will meet at Glenden the second Thursday of every other month, the next session being Mar. 9. The executive committee (all 10 officers including field worker Al Wilder) will meet on the second Thursday of all even numbered months, starting with February.

While votes were being counted Thursday the audience seemed eager to tackle local issues from the start. Traffic problems dominated the discussion. None of the 50 persons present opposed one-way streets which are being studied for the area.

Several spoke up for a traffic light at Gift and Town or at Skidmore. Others cited the need for sidewalks on Cable-av; and an abandoned house in the same vicinity was called a fire-trap and hazard.

Marcus Orr, editor of the West Side News invited the council to use the community press to help sound out public opinion on local matters.

Gibson-Stewart Co.
3130 Valleyview Dr., Columbus 4, Ohio

TYPICAL PRODUCT—This 46,280-pound loader which can take four yards of gravel in one gulp is just one of the many machines sold, serviced and rented by Gibson-Stewart Co. The company at 3130 Valleyview-dr is now headquarters for operations in Columbus and Toledo.

IN SECOND YEAR HERE

Gibson-Stewart Is Important Supplier Of Heavy Equipment

Gibson-Stewart Co., 3130 Valleyview-dr, is a company that must think in terms of bigness. It sells services, and rents heavy equipment built to do big jobs for road builders, contractors and other industry.

The local installation is one of the three sales and service outlets in Cleveland, Toledo and Columbus, serving Ohio exclusively.

The Valleyview-dr site was chosen two years ago after the company's 28,000 square-foot garage at Oakland Park-av and Beulah-rd was routed by the freeway. It had been there since 1945.

Gibson-Stewart occupies two buildings on a three-and-a-half acre spot here and has expectations of expanding. An 11,000 square foot garage also encloses the sales offices and a $100,000 parts stock, and is separated from a paint shop by a storage yard.

Handles Big Variety

Under the big roof are found the products of at least 20 manufacturers. Such items as tractor dozers and scrapers, heavy shovels, loaders, pavers, cranes, spreaders, mixers, trailers and smaller items like blades, wire rope, hoists and compressors.

The company handles the biggest rubber-tired dozer made—a six-hundred horsepower unit weighing 104,000 pounds. This and the other machinery goes throughout Southern Ohio to road and construction firms and to quarries.

Machine shop work, including welding is done on the premises, or wherever needed by means of five trucks completely equipped with tools and welding apparatus.

Duesler Is Manager

Richard F. Duesler, 3500 Creecent-st, Hilliard, is manager of the local plant and another larger one that has just opened in Toledo. Headquarters for both will be held here.

The parent outlet is in Cleveland where it was established in 1940. Maintaining offices there are Milton Gibson, president, and W. H. Stewart, vice-president and general manager.

Energetic, 40-year-old Duesler is the company's second employe. His father was the first to join G-S in Cleveland, Richard joined after a stint in the air force. He heads a local staff of 12 people. His shop foreman is Jess R. Dobbins, 1760 Little-av.

C. W. Fullerton Is Appointed Vice-President Of Landmark

Appointment of Charles W. Fullerton, 268 S. Southampton-av, as one of two new vice-presidents of Landmark Farm Bureau Cooperative, 245 N. High-st, was announced by Kenneth N. Probasco, executive vice-president and general manager.

Fullerton is also director of finance. The other appointment went to Fred McLaughlin, Worthington, who is director of merchandising.

Fullerton has been associated with the Farm Bureau since 1941. He was graduated from West High School and the College of Commerce at Ohio State University.

He is a member of the Ohio Society of Certified Public Accountants, the American Institute of Certified Public Accountants and is past president of the National Society of Accountants for Cooperatives. He presently is serving as vice-president of Inter-Regional Securities Corporation and is treasurer of the Fifty States Mutual Fund.

Turf Or Twigs
In the early days of land tenure, a sale was accomplished by the seller and buyer going upon the land in question and there, in the presence of witnesses, the seller would take a clod of turf or twig from a tree and hand it over to the buyer as a symbol of the transfer. If you don't like selling turf or twigs, let us sell your home for you. Jim Rinehart, BE. 7-7763.

West Grows Up In Central Victory

By Bob Wilcox

West High's "youngsters" come of age . . .

This pretty well sums up the 1960-61 meeting of arch Westside rivals, West and Central, (this is their only meeting this season unless matched in tourney play) . . . played on West's court last Friday evening.

The contest was so reminiscent of the Buc-Cowboy clash at West last season . . . which saw a so-so Cowboy unit lead (by 10 points at times) a better than average Buc crew all the way until the last few seconds when Central caught up and the game ended regulation time in a tie.

The Pirates then managed to sneak off with the win in the overtime. For a while Friday evening the pattern . . . with Central appearing to catch up and maybe take over, seemed to follow . . . but the end result was a happier one for the hosts this time, West winning 72-69.

West's sharpshooting Charlie Castle got the Cowboys off to a fast 2-0 lead . . . and the Broncos were never headed. The margin was small for awhile (4-2, 5-3, 7-5, 9-7, 11-9) but then the Cowboys began to pull away . . . hold ing a 17-10 spread at the end of the first quarter. Castle led the way in the first period with seven markers while Central was led by Tom Randall's three.

Shortly into the second quarter, paced by George Gilchrest's six and Cordell Stewart's eight markers, the Bucs moved to within three of the Cowboys (21-18, 23-20) but that was it. Led by Castle's seven and Dwight Newman's eight points the Broncos "took off" again to hold a 36-27 halftime margin.

The Bucs managed to get within seven points of the Broncos (45-38, 47-40) in the third frame but Castle kept his blitz going pouring in eight more points . . . aided by Rich Neely's four . . . as the Cowboys led 55-44 going into the last eight minutes. However a 10-point scoring spree by Central's Roosevelt Coffey, aided by Al Foster's seven, kept Central within range.

The final period brought back memories of last year's "loss" in the dying moments after such a heroic effort on the Cowboys behalf . . . but this year, even though more inexperienced and lacking height that last year's Broncos had, the West lads were not to be denied.

Central opened the period, with six points before West scored. The Bucs pecked away at the West lead and finally came within their closest margin at 56-58 shortly into the period.

However the Cowboys regrouped their forces and kept a 3-5 point spread to the final buzzer. Castle again "showed" the way with five points followed by Lew Cole's four. Though the Cowboys' field goal accuracy fell off in this final frame their success at the free thrown line brought home the bacon.

In the latter category Newman connected on 7 for 8 for the evening, Castle 1 for 3, Terry Barnett 1 for 3 and Bill Bell 3 for 4.

Central was led in the final period drive by Randall's 10 markers. The loss of Coffey in the final period hurt Central tremendously . . . he had picked up three "quickies" in the first quarter.

This diminutive veteran guard, one of three starters that Central's coach Wayne Rittenhouse loses in a few days to mid-year graduation, is definitely going to be the Bucs' biggest loss. Coffey has been doing a bangup job for the Pirate varsity for at least two seasons now and is not only the floor leader and play maker . . . but a potent scoring punch. He definitely seemed to be "it" as far as the Bucs were concerned the other evening at West.

While getting help from Stewart at times, Coffey seemed to be the "gun" and inspiration that kept Central in the contest. His loss in the final quarter left a hole that the Bucs just couldn't seem to overcome.

Offensively for the victors it was all Castle. The little guard, collected a bunny and a couple of short shots and made a bundle from near to the mid-court line. Most were jumps, too, not the traditional long "sets."

He hit on 12-21 from the field for a sizzling 57 percent. He had at least two long fielders actually "hop" out of the bucket after seeming to be "in."

Overshadowed by Castle's point splurge was probably the best game of his career by center Newman. He contributed 19 points and 10 rebounds. Coles also finished in double figures with 12. Both Newman and McDaniel were rebounding and jumping "demons" off both boards.

McDaniel pushed in two nice long jumpers to keep the ball rolling in the first half as he broke a personal scoring drought. Prior to last Friday eve he had scored only one point in his last three outings.

This is the same boy who shot over 50 percent for an entire season last year for Barrett Jr. High to finish among the top three in the City.

In observing West now as compared to its first few clashes of the season, there's been a substantial change for the better. They've not only gained poise but self-confidence. To illustrate, Newman put in two of the most beautiful hook shots from the pivot you would ever want to see.

Many fans at the Linden game a week ago stated that the 20 point margin held by Linden at the end was no indication of the fine showing the Cowboys made. One official at that game also had the Linden affair, and he further collaborated that the "youngsters" looked surprisingly good. By District Tourney time . . . Central District beware . . . especially if West continues to knit themselves into a tight-team instead of five individuals on the floor.

There was evidence of this against Central . . . and that could be the secret for great future success for these "kids."

Statisticswise . . . West shot over 40 percent in every quarter except the final one.

Central got off to a somewhat frigid 25 percent for the first period but hit a sensational 56 percent in the second quarter.

Other team figures were . . . field goals—West 29-68-43 percent, Central—26-68-38 percent; fouls—West 14-27-52 percent, Central—17-30-57 percent; turnovers— West—13, Central—26. Rebounds—West, 38; Central 48.

West—Coles 6-0-12, Bell 0-3-3, McDaniel 2-0-4, Newman 6-7-19, Neely 2-0-4, Barnett 1-1-3, Castle 12-3-27. Totals: 29-14-72.

Central—Foster 4-2-10, Gilchrest 5-1-11, Stewart 4-7-15, Randall 4-5-13, Toland 1-0-2, Coffey 8-2-18, Walker 0-0-0, Taylor 0-0-0, Johnson 0-0-0. Totals: [illegible]

Schulze Quint Extends Win Streak Friday

Paced by Gary Jewell's 19 points, William Schulze's Marketmen extended their unbeaten season winning streak to seven games by trouncing Lenny's Pizza, 72-40, Friday evening in a Boys' Club League game.

Three quick buckets by playmaker Julian Brophy in the opening seconds of the game gave the Butchers a lead they never relinquished.

In other games, clutch baskets by Bill Haldy and Kenny Humphrey protected a Gift Street Lutheran team's 40-30 win over Exact Weight Scale and Connie's Place won a 2-0 forfeit win over Capital City Products.

Schulze and Gift Street Lutheran share the adult regular season lead with 2-0 marks.

Let's Speak Up For Rather Than Against

Just following Inauguration Day, it might be appropriate to quote from an article by the Minority Leader of the House, Rep. Charles A. Halleck of Indiana which appeared in the December issue of Tax Review:

". . . under the administration starting Jan. 20 we can have good government, sound government, responsible government . . . IF enough people in this country continue to make their voices heard as they did on election day.

"I am convinced, and Congressional election returns support this view, that the majority of this country stands for the principles of fiscal responsibility which President Eisenhower made of cardinal importance in his Administration.

"And remember this: all of the people who reject excessive Federal spending and abhor the concentration of more and more power in the Federal government are not necessarily members of the party I happen to represent. Many bear the other party's label, but they can be counted upon to put principle above partisanship when the welfare of our country is at stake!

"For those of us who so believe, our job, it seems to me, is to let the American people know what we are FOR, rather than what we are against . . ."

* * *

The Gay Philosopher says: "*Just to show you that money doesn't bring happiness, consider the man who has five million dollars. He isn't a bit happier than the man with four million.*"

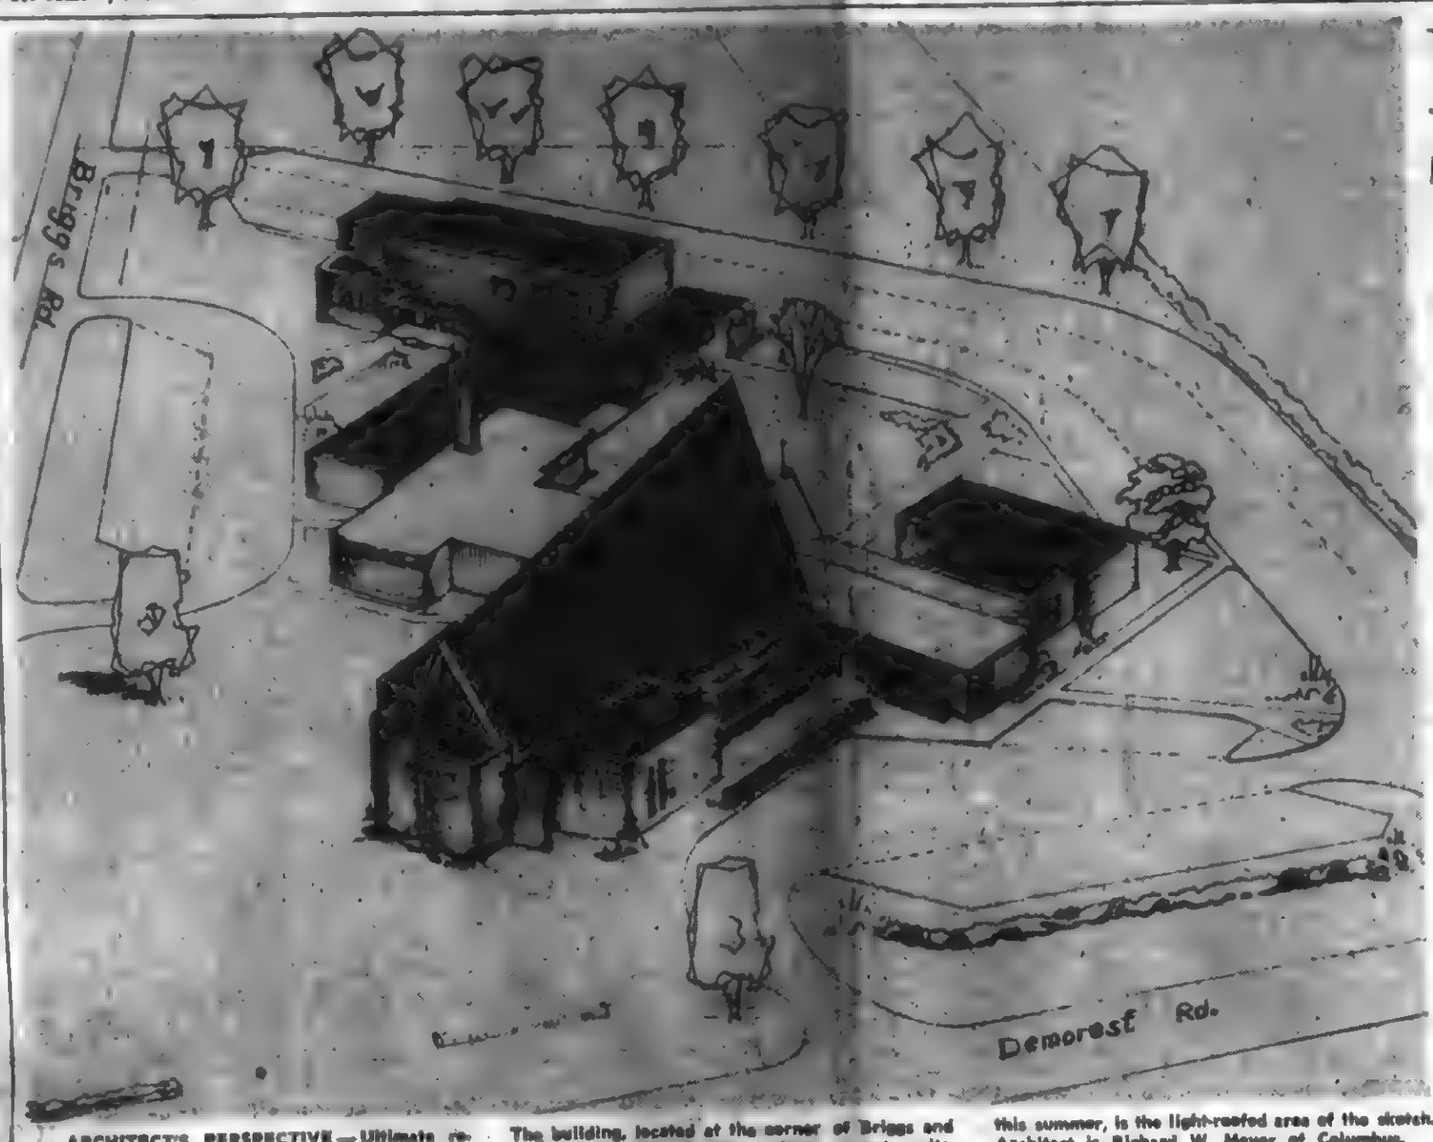
* * *

What's Ahead?

Commenting on the future of communications, Walter S. Sparling, president of the Ohio Bell Telephone Co., said last week, that he had heard the ultimate end explained like this:

"In the future when a baby is born, he will be given a telephone number. When someone calls and he doesn't answer, they'll know he is dead."

Exaggerated as it may seem, Sparling said communications may even go a step further.



"We will even be able to see you on the other end of the line," he predicted.

Brief Notes: The Okey L. Johnsons up N. Hague-av way, would like to learn of some congenial couple wishing to drive to Florida and willing to share driving and expenses . . . Thanks to Kenny Adams out at Firestone for the zinnia seeds (I'm going into the flower business) . . . Charley Page is now associated with the Union Central Life Insurance Co., following the last election . . . If your community paper is a little light this week, blame it on the electric power failure Tuesday.

ARCHITECT'S PERSPECTIVE — Ultimate result of the long-range building plan of Our Saviour Lutheran Church is shown in the architect's sketch. The building, located at the corner of Briggs and Demorest-rds, will be built in three separate units. First unit of the church, planned for construction this summer, is the light-roofed area of the sketch. Architect is Richard W. Meyer of Columbus.

Lutherans To Build This Spring

Our Saviour Church Charts Building Plans

Congregation of Our Saviour Lutheran Church Sunday approved final plans of its huge, long-range church building program.

Construction of the first unit is scheduled to be started in April and will be ready for occupancy by July. Two additional units will be added as they are needed.

Cost of the first unit, including the land, will be approximately $96,000, and a cost estimate of the complete, finished building is about $200,000.

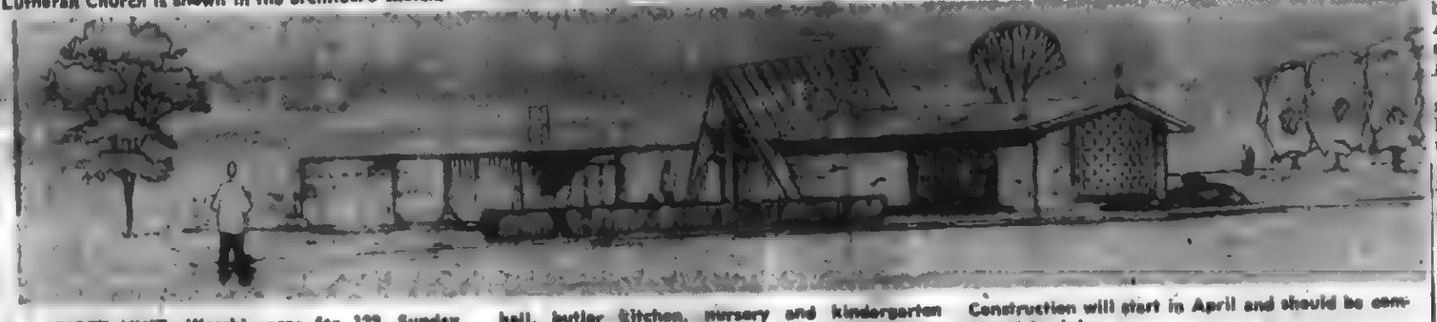
The new church will be constructed of cement block with stained glass at the entrance and large window, and an end wall finished in screened grid block.

When the ultimate, complete plant is finished, a cut-stone exterior finish will be added.

First unit will contain a worship area for 132 persons, nursery and kindergarten rooms, and classroom space.

Sunday School rooms, divided by folding doors, may be combined to provide a social area. A butler kitchen to serve such affairs as potluck suppers, will also be included.

A white frame building, now standing on the corner of the lot, will be retained at first for use as overflow Sunday School area and church group meetings.



The congregation, organized in April, 1957, now has a membership of 102 confirmed and 202 baptized. Services are held at West Franklin Elementary School.

Missioner and first pastor of the church was Rev. Edward Gard, now serving with the US Air Force in the Far East.

Rev. Paul H. Bucholtz is present pastor of Our Saviour.

The church's second annual building fund drive, planned in May, will help finance the building program.

Charles Raabe is chairman of the building committee and members are Robert Porter, Charles Parson, and Richard Winter.

FIRST UNIT—Worship area for 132, Sunday School rooms that may be converted into a social hall, butler kitchen, nursery and kindergarten rooms are included in the first unit of Our Saviour. Construction will start in April and should be completed in July.

Local Areas Hard Hit By Blackout

Hilltop and West Side areas were blacked out in checkerboard fashion Tuesday.

A fire in the municipal light plant blew out eight switches and cut the current to local homes, schools and businesses for as long as eight hours. The trouble started at 5:30 a.m. when a leaky roof shorted out the generating equipment. Some service was restored before noon, but elsewhere there was no "juice" until about 2 p.m.

Schools Dismissed

The resultant failure of heating plants in the sub-freezing weather forced the dismissal of the following local public schools: Starling, Avondale, Bellows, Burroughs, Chicago, Dana, Franklinton, Highland, West Broad, and Westgate. West and Central High schools were affected also but pupils were not present because of the semester break. Commencement exercises at both schools Tuesday night were not postponed, however.

In some dire emergency cases, especially at firehouses, special hookups were made with Columbus and Southern Ohio Electric lines which were operating normally.

Operation of traffic lights on the Hilltop was spotty. Most of those in the West Side were out. This posed a hazard to school children going home.

FIRST-YEAR SUCCESS

Westmoor Wins Freedoms Award

Westmoor Junior High students' interpretation of the American way of life has crowned their school's first-year achievement record with the coveted Freedoms Foundation Award.

The new Westmoor was in its first year of operation during the 1959-60 school year and the project was led by Donald Layton, in his first teaching post.

The award was one of two won by Columbus Schools. Seven were distributed in Ohio and 124 in the nation.

Layton and his 125 seventh and eighth grade students completed their assigned text book work last May, allowing three weeks' time for a project of their choosing.

A study of the five freedoms guaranteed Americans in the Bill of Rights was selected, and everyone had a hand in mapping the program.

More than 500 questionnaires, completed by adult friends and parents of each student, was the basic of study, with pupils contributing their ideas on the subject.

Mock trials, written and staged by students playing the roles of lawyers, judges and jury; essays and original plays were part of the project.

Layton, a graduate of Northwestern University with a BA degree, earned his BS degree from Ohio State University. He joined the Columbus School system in 1956.

He is now working on his master's degree at Ohio State University, and is a native of southern Ohio.

AWARD WINNERS—Westmoor Junior High is one of two Columbus Schools to merit a Freedoms Foundation award for a last year study project of the American way of life. Donald Layton, a teacher at Westmoor last year and now assigned to Medina Junior, led a group of 125 students in the program. Layton returned to Westmoor after winners were announced last week to exchange congratulations with students who participated, from left, Patti Buckler, 3215 Parkside-rd; Sandy Potts, 670 Savannah-dr, and Deward Watts, 92 N. Ogden-av.

SUPPORT THE MARCH OF DIMES

Nearly 260 million possible demands for health services and less than two million trained hands to meet them!

The New March of Dimes warns that any kind of an epidemic—poliomyelitis, influenza of the 1918 variety, or any other contagious or infectious disease — could spell disaster for the American people because of the critical shortage of health manpower.

Over 123 million are covered by hospitalization insurance and over 40 million are eligible for medical fringe benefits. There are only 133 doctors and 268 registered nurses for every 100,000 population. In a really big epidemic, an insurance policy or the right to medical benefits would be like having money to buy a long, cool drink in the middle of a desert.

For 20 years The National Foundation has urged its professional education program to overcome obstacles to research and patient care. The situation now has become so critical that it is almost impossible to find professional people who can spare the time to prepare themselves to conduct research or teach.

Since 1938, many Franklin County residents have received scholarships and fellowship for training as doctors, nurses and physical therapists through The National Foundation — totalling $477,248.00 in March of Dimes funds. The National Foundation initiated the Health Scholarship program in 1959 to add to the total number of trained people available for all Americans. If there are enough trained people, the patients — including polio, arthritis and birth defect patients — will get care.

More than 800 potential doctors, nurses, physical therapists, occupational therapists and medical social workers are in school with financial assistance from the New March of Dimes. By the time the first group graduates in the spring of 1963, an additional 1000 Health Scholarship winners are expected to be in school

The public is urged to "Please say YES to the New March of Dimes" to help itself to safe health care by assisting in the preparation of students.

"Welcome Back!"

BIBLE COMMENT:

Soft Answer Can Often End Wrath

Lest we think that psychology is something new, let's turn to the Book of Poverbs.

Remember Chapter 15:17 *"A soft answer turneth away wrath: But grevious words stir anger."*

Here are 11 words that could change your life. Although the ancient writer never heard of the psychologist's office, his advice could ease a thousand tensions of our 20th-century lives.

Perhaps this little piece of Christian psychology could work today for you.

Let us imagine that you are driving to the store after a strenous day at home, office or factory. The light at the corner is against you. You sense it is about to turn green and begin to roll forward.

A car coming through the intersection on the amber light is forced to slam on his breaks, stopping a few feet from your fender.

As he angrily cranks down his window you lean out to say: "Sorry, I didn't see you coming through."

Don't be surprised if he rejoins with: "Well, I guess I shouldn't have tried to make it. Sorry."

No matter what he says, he is sure to change his attitude — as you have changed yours.

Imagine what he could say if you had shouted: "Where did you get your driver's license?"

The 11 words of Proverbs 15:1 are as important today as they were when they were written.

The magician who saws a woman in half is not nearly so amazed as the husband who keeps his wife from flying to pieces.

Consumer Report

Food Market This Week

by ESTELLE B. FRANKS

THIS WEEK LOOK FOR:
Fruits—Grapefruits, Temple oranges, tangerines, bananas.
Vegetables—Broccoli, cabbage, cauliflower potatoes, turnips.
Meats and Poultry—Pork loins, Boston butts, chuck roasts, ground beef, liver, fryers.

PREPACKAGED FOODS NEED SPECIAL CARE AT HOME

How many of the fresh foods that go into your shopping cart this week are "prepackaged"? Prepacking and the supermarket go together. You no longer need to wait in line to be served, wait for purchases to be weighed, wait for the price to be marked or wrapped. You now serve yourself.

However, this advance in selling food has put a responsibility on the food shopper. She must know the package . . . its protection, its limitation! Packaged products sometimes need special care when they are stored in the home. Here are a few tips to help!

• Fruits and Vegetables—Loosen the wrapper. Allow fruit that is not ripe to ripen at room temperature and then store it in the refrigerator. Use it as soon as possible.

Potatoes and onions often are packaged in plastic bags. Open the bags before storing. The bags have air holes, but these holes do not allow enough ventilation when the products are stored for a long time.

How long fresh produce will keep depends upon its condition when bought, as well as the storage place and the temperature in the home. For greatest economy buy only amounts that can be stored and used properly.

• Packaged Meats and Poultry—Loosen the tight film in which fresh, unfrozen meat or poultry is wrapped before putting it in the refrigerator. It is better to remove both the film and the paperboard tray and cover it loosely with wax paper or foil before storing.

Chicken giblets are highly perishable. Remove them from the bag, cover them loosely with wax paper, and store them apart from the rest of the chicken.

If the unfrozen meat or poultry is tightly wrapped when stored, it is being kept in a moist atmosphere. This encourages the growth of micro-organisms and the development of off odors and tastes.

Unfrozen poultry or meat that is going into the home freezer needs a tighter and heavier wrap than the store wrap to protect it from drying out or "freezer burn." This heavier wrap prevents loss of moisture.

• Cheese—Do not unwrap cheese products until they are used. Keep cheese in the refrigerator, preferably in a covered container after the package has been opened. Cottage cheese is very perishable. Keep it tightly covered in the coldest part of the refrigerator, but not in the freezing compartment.

• Eggs—The best place to store eggs at home is in the refrigerator. Egg shells are porous and moisture can pass through the pores. So can odors from other foods. So, eggs should be covered—the carton in which you buy them makes a good container.

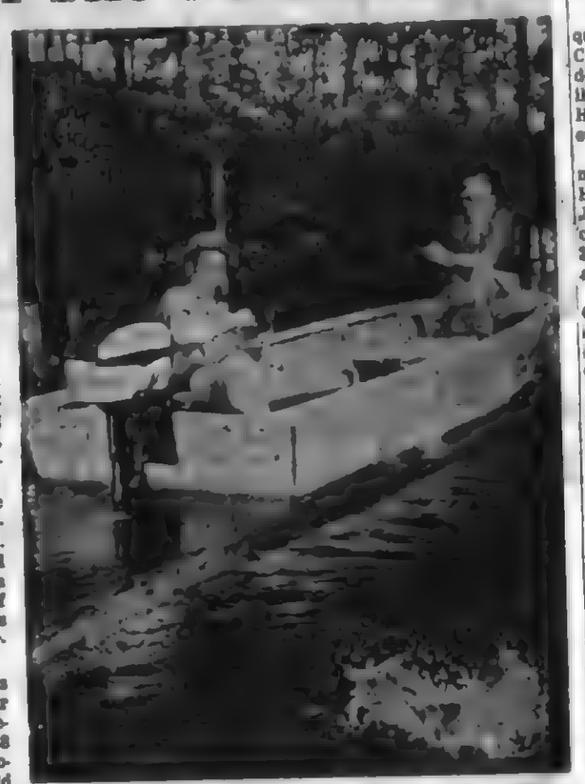
Careful Buying Now Can Save Dollars For The Outdoorsman

INSIDE ON THE **Outdoors** By ROB COCHRAN

This is the time of year for [illegible] sportsmanship, that is, talking about hunting and fishing and planning trips.



One of the most popular items of discussion is what new equipment and tackle is on the market. By the time the first spring peeper starts to sing, you can easily talk yourself into buying some new articles.

If an outboard motor is on your list for 1961, you might save plenty of dollars by getting a used one. Before you buy, look around for a tested, waterproved used motor.

The market is ideal for people whose boating plans are waterlogged by budget problems. With the race for bigger and bigger motors continuing at a merry clip, the number of scarcely broken-in outboards for sale is increasing proportionately.

A recent study among dealers revealed that a third of their new motor sales included trade-ins of motors less than 18 months old. Unlike most automobiles, even a five-year-old outboard motor may have years of reliable service left.

Prices vary widely, depending on the condition of the motor, season and demand. You can get a motor cheaper now than when the fishing rush is on next May. More important than price, however, is your care in making a selection.

FOR FISHERMEN—Constant Parade of new outboard motors on the market has created a large supply of used motors for fishermen like these.

• • •

Check Points Of Wear

If you decide to "buy used", take your time and look for a clean motor. A check-list completed and hung on the motor may indicate that it's been reconditioned and tested for resale. Examine the motor carefully. A loose or crooked shaft or a nicked propeller blade will affect performance. Look for worn control knobs, loose fittings or frayed pull rope; these may indicate the motor has had exceptionally rugged treatment.

Turn the flywheel against compression. If it turns easily, the motor may need an overhaul. With the motor running at about three-quarters throttle, listen for knocks and rattles. Strange clanking may mean trouble in the powerhead. Finally, if there is open water available at the time, take the motor for a demonstration spin.

If it performs well and meets your power needs, it is a good bet that you will get many years of satisfactory service.

SWITCH TO ALL NUMBER DIALING ON WAY

Ohio Bell Outlines Expansion Plan

Rapid expansion of telephone service in the outlying exchanges of Hilliard, Alton, Reynoldsburg, Gahanna and others was outlined by the Ohio Bell Telephone Co. last week.

Part of a $6,900,000 expansion program to improve service in the Columbus area, the local projects were explained by Ohio Bell President Walter S. Sparling, of Cleveland.

He said residential and business growth brought a demand for a large number of cable projects throughout the district this year.

Included in the program is the opening of a new exchange in the Lockbourne area.

Affecting all telephone subscribers in the Columbus area will be the introduction of "all number calling" March 1.

As of that date, all new subscribers and any present subscribers who may move to a new address or require a number having seven numerals and no letters.

cation, enabling users to dial long distance without reciting their own telephone number to the operator, will be installed in the Axminster, Belmont, Broadway, Capital, Clearbrook and Hudson telephone numbers.

Ohio Bell District Commercial Manager J.P. Gibbs said that as of the end of the year the company was serving 353,-000 telephones in the Columbus exchange area. The addition of the London exchange brings the total number of telephones in the Columbus District to 369,361.

During the next 12 months, Ohio Bell looks for a gain of 16,750 telephones in the Columbus District. Local calling in the Columbus area averaged about 1,618,160 calls a day and long distance calls averaged 31,784 on normal business days in 1960.

Eye-Opening Film To Be Shown Public

Franklin County Council, The American Legion, in cooperation with the local chapter of the John Burch Society, will present a special showing of the film, "Operation Abolition," Tuesday, Jan. 31, 8 p.m. in the small auditorium of Veterans Memorial. Admission is free and the public is urged to attend.

Council Commander Sam Toy said: "This film may well be one of the truly great films of our time because it lays to rest the all-too-common belief that the Communist Party, U.S.A. is just another political party! Every American who would preserve our democratic freedoms and the basic principle of government by just and reasoning law should see his film."

"Operation Abolition," said Toy, is a 'must' for those Americans who still feel that "it can't happen here."

CIVIL WAR SCRAPBOOK—

They Saw Shiloh, Gettysburg, Cold Harbor . . .

HERE A CENTURY—This year the snows of a hundred winters will have blanketed the Boys in Gray who sleep at Camp Chase Cemetery, 2900 Sullivant-av. It is here that 2260 soldiers of the Confederacy are buried. They represent about half those who died in the local prisoner of war camp during the Civil War. Relatives returned the rest to Southern ground. The tombstones read like a roll call of the Confederate Army . . . the 3rd Regiment of Alabama, the 16th of Virginia, the 7th of Texas, the 29th of Mississippi. Much of the credit for preserving the unique burial ground is due Col. William H. Knauss. An officer of the Union Army, he was badly wounded at Fredericksburg, in the late 1800's he gathered funds to keep up the cemetery. The soldier-erected monument, inscribed simply "Americans," was erected at that time. The Federal government now maintains the cemetery.

HE'S MORE OPEN THAN USUAL

CRASH CUSTOMER—Chubby Distelhorst, grocer at W. Broad-st and Eureka-av, took it lightly when an auto skidded and crashed into his corner display window Saturday morning. He immediately put up a sign saying "More Open than Usual," which he points out in this picture.
